Any request from a county to expand the capacity of a juvenile home, ranch, camp or forestry camp pursuant to this section shall certify that the facility to be expanded will continue to meet the minimum standards adopted and prescribed pursuant to Section 885 during the period of expanded capacity. The department shall approve any such request only after confirming by inspection of the facility sought to be expanded that the facility will comply with the minimum standards during its period of expanded capacity.

The Legislature finds and declares that the unique population pressures on juvenile detention facilities in Kern and Los Angeles Counties justify an authorization for limited term expansion, consistent with the safeguards set forth in this section, of the juvenile homes, ranches, camps and forestry camps in these two counties. Accordingly, the provisions of this section shall be applicable only to Kern and Los Angeles Counties.

The provisions of this section shall be operative only until January 1, 1986, and on that date are repealed unless a statute effective on or before that date extends or limits that date.

CHAPTER 247

An act to amend Section 2000 of the Corporations Code, relating to dissolution.

[Approved by Governor July 14, 1983. Filed with  
Secretary of State July 14, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2000 of the Corporations Code is amended to read:

2000. (a) Subject to any contrary provision in the articles, in any

suit for involuntary dissolution, or in any proceeding for voluntary dissolution initiated by the vote of shareholders representing only 50 percent of the voting power, the corporation or, if it does not elect to purchase, the holders of 50 percent or more of the voting power of the corporation (the "purchasing parties") may avoid the dissolution of the corporation and the appointment of any receiver by purchasing for cash the shares owned by the plaintiffs or by the shareholders so initiating the proceeding (the "moving parties") at their fair value. The fair value shall be determined on the basis of the liquidation value as of the valuation date but taking into account the possibility, if any, of sale of the entire business as a going concern in a liquidation. In fixing the value, the amount of any damages resulting if the initiation of the dissolution is a breach by any moving party or parties of an agreement with the purchasing party or parties may be deducted from the amount payable to such moving party or parties, unless the ground for dissolution is that specified in paragraph (4) of subdivision (b) of Section 1800. The election of the corporation to purchase may be made by the approval of the outstanding shares (Section 152) excluding shares held by the moving parties.

(b) If the purchasing parties (1) elect to purchase the shares owned by the moving parties, and (2) are unable to agree with the moving parties upon the fair value of such shares, and (3) give bond with sufficient security to pay the estimated reasonable expenses (including attorneys' fees) of the moving parties if such expenses are recoverable under subdivision (c), the court upon application of the purchasing parties, either in the pending action or in a proceeding initiated in the superior court of the proper county by the purchasing parties in the case of a voluntary election to wind up and dissolve, shall stay the winding up and dissolution proceeding and shall proceed to ascertain and fix the fair value of the shares owned by the moving parties.

(c) The court shall appoint three disinterested appraisers to appraise the fair value of the shares owned by the moving parties, and shall make an order referring the matter to the appraisers so appointed for the purpose of ascertaining such value. The order shall prescribe the time and manner of producing evidence, if evidence is required. The award of the appraisers or of a majority of them, when confirmed by the court, shall be final and conclusive upon all parties. The court shall enter a decree which shall provide in the alternative for winding up and dissolution of the corporation unless payment is made for the shares within the time specified by the decree. If the purchasing parties do not make payment for the shares within the time specified, judgment shall be entered against them and the surety or sureties on the bond for the amount of the expenses (including attorneys' fees) of the moving parties. Any shareholder aggrieved by the action of the court may appeal therefrom.

(d) If the purchasing parties desire to prevent the winding up and dissolution, they shall pay to the moving parties the value of their

shares ascertained and decreed within the time specified pursuant to this section, or, in case of an appeal, as fixed on appeal. On receiving such payment or the tender thereof, the moving parties shall transfer their shares to the purchasing parties.

(e) For the purposes of this section, "shareholder" includes a beneficial owner of shares who has entered into an agreement under Section 300 or 706.

(f) For the purposes of this section, the valuation date shall be (1) in the case of a suit for involuntary dissolution under Section 1800, the date upon which that action was commenced, or (2) in the case of a proceeding for voluntary dissolution initiated by the vote of shareholders representing only 50 percent of the voting power, the date upon which that proceeding was initiated. However, in either case the court may, upon the hearing of a motion by any party, and for good cause shown, designate some other date as the valuation date.

Any violation of the provisions of this section is a misdemeanor punishable by imprisonment in the county jail not exceeding six months, or by a fine not exceeding two thousand five hundred dollars (\$2,500), or by both.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or

SECTION 1. Section 6007 of the Business and Professions Code is amended to read:

6007. (a) When a member requires involuntary treatment pursuant to the provisions of Article 6 (commencing with Section 5300) of Chapter 2 of Division 5 of, or Part 2 (commencing with Section 6250) of Division 6 of the Welfare and Institutions Code, or under an order pursuant to Section 3051, 3106.5 or 3152 of the Welfare and Institutions Code he or she has been placed in or returned to inpatient status at the California Rehabilitation Center or its branches, or he or she has been determined insane or mentally incompetent and is confined for treatment or placed on outpatient status pursuant to the provisions of the Penal Code, or on account of his or her mental condition a guardian or conservator, for his or her estate or person or both, has been appointed, the board of governors or an officer of the State Bar shall enroll the member as an inactive member.

The clerk of the appropriate court concerned in any of the above proceedings shall immediately transmit to the board a certified copy of any determination, order, or adjudication for involuntary treatment or confinement or for the appointment of a guardian or conservator.

The clerk of the appropriate court concerned shall also transmit to the State Bar a certified copy of any notice of certification for intensive treatment filed with the court pursuant to Article 4 (commencing with Section 5250) of Chapter 2 of Division 5 of the Welfare and Institutions Code.

The State Bar of California may procure a certified copy of any determination, order, adjudication, appointment or notice when the clerk concerned has failed to transmit one or when the proceeding was had in a court other than a court of this state.

In the case of an enrollment pursuant to this subdivision, the State Bar shall terminate the enrollment when the member has had the fact of his or her restoration to capacity judicially determined, upon

the member's release from inpatient status at the California Rehabilitation Center or its branches pursuant to Section 3053, 3109 or 3151 of the Welfare and Institutions Code, or upon the member's unconditional release from the medical facility pursuant to Section 5304 or 5305 of the Welfare and Institutions Code; and on payment of all fees required.

When a member is placed in, returned to, or released from inpatient status at the California Rehabilitation Center or its branches, or discharged from the narcotics treatment program, the Director of Corrections or his or her designee shall transmit to the State Bar a certified notice attesting to such fact.

(b) The board shall also enroll a member of the State Bar as an inactive member in each of the following cases:

(1) A member asserts a claim of insanity or mental incompetence in any pending action or proceeding, alleging his or her inability to understand the nature of the action or proceeding or inability to assist counsel in representation of the member.

(2) The court makes an order assuming jurisdiction over the member's law practice, pursuant to Section 6180.5 or 6190.3.

(3) After notice and opportunity to be heard before the board or a committee, the board finds that the member, because of mental infirmity or illness, or because of the habitual use of intoxicants or drugs, is (i) unable or habitually fails to perform his or her duties or undertakings competently, or (ii) unable to practice law without danger to the interests of his or her clients and the public. No proceeding pursuant to this paragraph shall be instituted unless the board or a committee finds, after preliminary investigation, or during the course of a disciplinary proceeding, that probable cause exists therefor.

In the case of an enrollment pursuant to subdivision (b) the board shall terminate the enrollment upon proof that the facts found as to the member's disability no longer exist and on payment of all fees required.

(c) The pendency or determination of a proceeding or investigation provided for by this section shall not abate or terminate a disciplinary investigation or proceeding except as required by the facts and law in a particular case.

(d) No membership fees shall accrue against the member during the period he is enrolled as an inactive member pursuant to this section.

SEC. 2. Section 6180.12 of the Business and Professions Code is amended to read:

6180.12. A member of the State Bar appointed pursuant to Section 6180.5 shall serve without compensation. However, the member may be paid reasonable compensation by the State Bar in cases where the State Bar has determined that the member has devoted extraordinary time and services which were necessary to the performance of the member's duties under this article. All payments of compensation for time and services shall be at the

discretion of the State Bar. Any member shall be entitled to reimbursement from the State Bar for necessary expenses incurred in the performance of the member's duties under this article. Upon court approval of expenses or compensation for time and services, the State Bar shall be entitled to reimbursement therefor from the affected attorney or his or her estate.

353.1. If a person entitled to bring an action or other proceeding, which action or other proceeding has not been filed or otherwise instituted, is represented by an attorney over whose practice a court of this state has assumed jurisdiction pursuant to Section 6180 or Section 6190 of the Business and Professions Code, and the application for the court to assume jurisdiction is filed prior to the expiration of the applicable statute of limitation or claim statute, the person shall have six months from the date of entry of the order assuming jurisdiction within which to file or otherwise institute the matter, if the applicable statute of limitation otherwise would have expired.

SEC. 4. Section 473.1 is added to the Code of Civil Procedure, to read:

473.1. The court may, upon such terms as may be just, relieve a party from a judgment, order, or other proceeding taken against him or her, including dismissal of an action pursuant to Sections 581, 581a, or 583, where a court of this state has assumed jurisdiction, pursuant to Section 6180 or 6190 of the Business and Professions Code, over the law practice of the attorney for the party and the judgment, order or other proceeding was taken against the party after the application for the court to assume jurisdiction over the practice was filed. Application for this relief shall be made within a reasonable period of time, in no case exceeding six months, after the court takes jurisdiction over the practice. However, in the case of a judgment, order, or other proceeding determining the ownership or right to possession of real or personal property, without extending the six-month period, when a notice in writing is personally served within the state both upon the party against whom the judgment, order, or other proceeding has been taken, and upon the attorney appointed pursuant to Section 6180.5 of the Business and Professions Code to act under the court's direction, notifying the party and the appointed attorney that the order, judgment, or other proceeding was taken against him or her and that any rights the party has to apply for relief under the provisions of the section shall expire 90 days after service of notice, then application for relief must be made within 90 days after service of the notice upon the defaulting party or the attorney appointed to act under the court's direction pursuant to Section 6180.5 of the Business and Professions Code, whichever service is later. No affidavit or declaration of merits shall be required of the moving party.

### CHAPTER 3. FORMATION

#### Article 5. Preference for Materials

3400. (a) No agency of the state nor any political subdivision, municipal corporation, or district, nor any public officer or person charged with the letting of contracts for the construction, alteration, or repair of public works shall draft or cause to be drafted specifications for bids, in connection with the construction, alteration, or repair of public works, (1) in such a manner as to limit the bidding, directly or indirectly, to any one specific concern, or (2) except in those instances where the product is designated to match others in use on a particular public improvement either completed or in the course of completion, calling for a designated material, product, thing, or service by specific brand or trade name unless the specification lists at least two brands or trade names of comparable quality or utility and is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service. In applying this section, the specifying agency shall, if aware of an equal product manufactured in California, name such product in the specification. In those cases involving a unique or novel product application required to be used in the public interest, or where only one brand or trade name is known to the specifying agency, it may list only one. Specifications shall provide a period of time of at least 35 days after award of the contract for submission of data substantiating a request for a substitution of "an equal" item.

(b) Subdivision (a) shall not be applicable if the governing body of one of the entities named therein by resolution makes a finding which is included in the specifications that a particular material, product, thing, or service is designated by specific brand or trade name in order that a field test or experiment may be made to determine the product's suitability for future use.

SEC. 82. Article 3.6 (commencing with Section 20150) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 3.6.

20150. The provisions of this article shall apply to contracts by counties of 500,000 or less population as provided for in Part 2 (commencing with Section 25000) of Division 2 of Title 3 of the Government Code.

20150.1. Notwithstanding any other provision of law, every county, whether general law or charter, containing a population of

less than 500,000 shall employ bidding procedures on public projects as provided in this article. This article shall be liberally construed to effect its purposes. In the event of conflict with any other provision of law relative to bidding procedures, the provisions of this article shall apply.

20150.2. As used in this article, "public project" means:

(a) A project for the erection, improvement, and repair of public buildings and works.

(b) Work in or about streams, bays, waterfronts, embankments, or other work for protection against overflow, except maintenance, repair, or reconstruction work.

(c) Supplies and materials used in maintenance, repair, or reconstruction work in or about streams, bays, waterfronts, embankments; or other maintenance, repair, or reconstruction work for protection against overflow.

The provisions of this article shall not change existing law regarding inclusion or exclusion of labor or materials used for completion of the project.

Except for the erection, improvement and repair of public buildings, the construction of dams, reservoirs, powerplants and electrical transmission lines of 230,000 volts and higher, nothing in this article shall apply to a publicly owned water, power or waste disposal system.

20150.3. Expenditures for public projects shall not include the costs of:

(a) Equipment, supplies and materials acquired by a public agency to enable the timely completion of a public project as defined in subdivision (c) of Section 20150.2 let to a contractor.

(b) Plans, specifications, engineering and advertising required for public projects.

20150.4. Public projects between four thousand dollars (\$4,000) and ten thousand dollars (\$10,000) shall be let to contract by informal or formal bidding procedures.

Public projects of ten thousand dollars (\$10,000) and more shall, in all instances, be let to contract by formal bidding procedure.

20150.5. Each county shall adopt ordinances or regulations providing for formal and informal bidding procedures as required by this article for public projects conducted by such county.

20150.6. Ordinances or regulations establishing informal bidding procedures shall provide that the county shall, as soon as is practicable after the time for the renewal of contractors' licenses, notify each contractor of the county of the opportunity to register with the county to be subsequently notified of informal bidding proceedings. The list of such contractors shall be a public record.

20150.7. The notice inviting informal bids shall be by published notice and may, in addition, be supplemented by mailed notice to contractors registered pursuant to Section 20150.6. The county may cause the notice to be printed as display advertising in such form and style as it deems appropriate. The notice shall describe in general

terms the project to be done and state a closing date for submission of such informal bids. Publication of notice pursuant to this section shall be in a newspaper of general circulation printed and published within the jurisdiction of the county, or, if there is no such newspaper within the jurisdiction of the county, publication shall be made in a newspaper of general circulation which is circulated in the jurisdiction of the county, or, if there is no such publication, the notice shall be posted in at least three public places within the jurisdiction of the county as have been designated by ordinance or regulation of such county as places for the posting of its notices. Notice shall be published in accordance with Section 6061 of the Government Code and shall be completed at least 24 hours before the time scheduled for opening of the bids.

In addition to notice published in a newspaper of general circulation, mailed, or posted, pursuant to this section, the county may also publish notice inviting bids in a trade publication.

20150.8. The notices inviting formal bids shall state the time and place for the receiving and opening of sealed bids and distinctly state the project to be done. The first publication or posting of the notice shall be at least 10 days before the date of opening the bids. Notice shall be published at least twice, not less than five days apart, in a newspaper of general circulation, printed and published in the jurisdiction of the county, or, if there is no such newspaper within the jurisdiction of the county, publication shall be made in a newspaper of general circulation which is circulated in the jurisdiction of the county, or, if there is no such publication, the notice shall be posted in at least three public places within the jurisdiction of the county as have been designated by ordinance or regulation of such county as places for the posting of its notices.

In addition to notice published in a newspaper of general circulation, mailed, or posted, pursuant to this section, the county may also publish notice inviting bids in a trade publication.

20150.9. In its discretion, the county may reject any bids presented. If, after the first invitation for bids, all bids are rejected, after reevaluating its cost estimates of the project, the county shall abandon the project or shall readvertise for bids in the manner prescribed by this article. If after readvertising, the county rejects all bids presented, the county may proceed with the project by use of county personnel or may readvertise. If two or more bids are the same and the lowest, the county may accept the one it chooses. If no bids are received, the county may have the project done without further complying with this article.

20150.10. Notwithstanding the provisions of Section 20150.9, if, after the first invitation for bids, all bids are rejected, the county may, after reevaluating its cost estimates of the project, pass a resolution by a four-fifths vote of its board of supervisors declaring that the project can be performed more economically by county personnel, or that in its opinion a contract to perform the project can be negotiated at a lower price than that in any of the bids, or the

materials or supplies furnished at a lower price in the open market. Upon adoption of the resolution, it may have the project done in the manner stated without further complying with this article.

20150.11. It shall be unlawful to split or separate into smaller work orders or projects any public project for the purpose of evading the provisions of this article requiring public projects to be done by contract after bidding. Every person who willfully violates this provision of this section is guilty of a misdemeanor.

20150.12. The board of supervisors of the county shall adopt plans, specifications, and working details for all public projects the expenditure for which exceeds ten thousand dollars (\$10,000).

20150.13. All bidders on public projects which exceed ten thousand dollars (\$10,000) in cost, shall be afforded the opportunity to examine the plans, specifications, and working details for the project.

20150.14. The provisions of this article shall not apply to the construction of any public building used for facilities of juvenile forestry camps or juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2, Part 1, Division 2 of the Welfare and Institutions Code, if a major portion of the construction work is to be performed by wards of the juvenile court assigned to such camps, ranches, or homes; or to public projects employing prisoners pursuant to Section 25359 of the Government Code and public projects involving persons engaged in federal, state, or county job or work training programs.

SEC. 83. Article 6 (commencing with Section 20202.1) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 6.

20202.1. The provisions of this article shall apply to contracts by public utility districts as provided for in the Public Utility District Act pursuant to Division 7 (commencing with Section 15501) of the Public Utilities Code.

20202.2. A district may make contracts, employ labor, and do all acts necessary and convenient for the full exercise of its powers.

20202.3. A district may acquire, construct, own, operate, control, or use, within or without or partly within and partly without the district, works for supplying its inhabitants with light, water, power, heat, transportation, telephone service, or other means of communication, or means for the disposition of garbage, sewage, or refuse matter, and may do all things necessary or convenient to the full exercise of the powers granted in this article.

20202.4. A district may acquire, construct, own, complete, use, and operate a fire department, street lighting system, public parks, public playgrounds, golf courses, public swimming pools, public recreation buildings, buildings to be used for public purposes, and works to provide for the drainage of roads, streets, and public places,

including, but not limited to, curbs, gutters, sidewalks, and pavement of streets. For the purposes of the Public Utility District Act all of the foregoing projects shall be considered a public utility or public utility works.

20203.1. A district may construct works across or along any street or public highway, or over any land which is the property of the state, and has the same rights and privileges appertaining thereto as are granted to cities within the state.

20203.2. A district may construct its works across any stream of water or watercourse.

20203.3. A district using a street or highway shall restore it to its former state as near as may be, and shall not unnecessarily impair its usefulness.

20204.1. All bidders shall be afforded an opportunity to examine such plans and specifications, and the board shall award the contract to the lowest responsible bidder. The plans and specifications adopted shall be attached to and become part of the contract.

20204.2. The person or corporation to whom the contract is awarded shall execute a bond, to be approved by the board, for the faithful performance of the contract.

20205.1. In cases of great emergency, by the consent of at least two-thirds of its members, the board may at once do or cause to be done without notice all repair or replacement work necessary to meet the emergency.

20205.2. Nothing in this article prohibits the board from doing or causing to be done directly by the district, and without any contract, any or all work necessary or proper in or about the making of all current and ordinary repairs or in or about current and ordinary upkeep or maintenance.

20206.1. Upon the determination of the board by an affirmative vote of two-thirds of its members that all bids submitted are unsatisfactory or are excessive, the district may do any necessary and proper work and make any necessary and proper expenditures in lieu of contracting for the performance of such proposed work.

20206.2. Plans and specifications when once adopted shall not be altered or changed in any manner whereby the cost of the proposed work is increased, except by a vote of two-thirds of the board.

20206.3. A contract made under this article shall not be altered or changed in any manner, except when first ordered by a vote of two-thirds of the board, and with the consent of the contractor. The particular change or alteration shall be specified in writing and its cost agreed upon between the board and the contractor. In no case shall the board pay or become liable to pay for any extra work done or extra material furnished.

20206.4. Except as otherwise provided in this article, the board shall annually advertise for sealed bids for furnishing the district with goods, merchandise, stores, subsistence, printing, materials, and all other supplies, and advertising. The advertisement shall be published pursuant to Section 6062 of the Government Code in the

county in which the greater part of the district is situated.

20206.5. All bids shall be upon a schedule prepared by the clerk, showing all articles needed by the district and its several offices and stating separately the price of each article to be furnished. Any person may bid upon any article separately.

20206.6. Notices of proposals for furnishing articles shall mention the articles in general and shall state that the conditions and schedule may be found in the office of the clerk of the district and that the articles are to be delivered at such times, in such quantities, and in such manner as the board may designate.

20206.7. All proposals shall be accompanied with a certificate of deposit or certified check of 10 percent of the amount of the bid, drawn on a solvent bank within the district or the county in which the district is located, payable at sight to the order of the clerk of the district.

20206.8. If the bidder to whom the contract is awarded fails or neglects to enter into the contract and file the required bond for five days after the award, the clerk shall draw the money due on the certificate of deposit or check and pay it into the treasury of the district. Under no circumstances shall the certificate of deposit or check or the proceeds thereof be returned to the defaulting bidder.

20206.9. The clerk shall furnish printed blanks for all proposals, contracts, and bonds.

20207.1. In considering bids the board may accept or reject all or any of them, or may accept or reject part of a bid, preference being given to the lowest responsible bidder. The award as to each article shall in all cases be made to the lowest bidder for such article.

20207.2. All supplies furnished the district or its officers shall be furnished at a price no greater than is specified in the bid accepted by the board.

20207.3. All bids shall be opened by the board at an hour and place to be stated in the advertisements for proposals, in the presence of all bidders who attend, and the bidders may inspect the bids.

20207.4. All contracts shall be made with the lowest responsible bidder, who shall give bonds for the faithful performance of the contract.

20207.5. "Advertising" means the advertising and publication of all official reports, orders, ordinances, resolutions, notices inviting proposals, and all notices of every nature relating to work or business of the district. Advertising shall not be classified. No part or kind of advertising shall be charged or contracted for at a higher rate than any other part or kind is charged or contracted for, except in the case of the delinquent tax list. The advertising of the delinquent tax list shall be let to the lowest responsible bidder on a separate bidding from all other advertising. A square of advertising shall be 234 ems nonpareil.

20207.6. No officer or employee of the district shall order any article or make any publication which is not expressly authorized by

this division or by the board.

20207.7. Unless the amount involved in the purchase at any one time of any articles for which no contract has been entered into exceeds four thousand dollars (\$4,000), the board may purchase the articles without the necessity of advertising or letting contracts. Where the cost of any articles for which no contract has been entered into exceeds four thousand dollars (\$4,000), the board shall advertise for sealed bids for furnishing the district such articles. In the matter of advertising, opening and accepting bids, and the letting of contracts, the board shall proceed in all respects in the manner and form provided in the case of contracts for annual supplies.

SEC. 84. Article 41 (commencing with Section 20650) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 41.

20650. The provisions of this article shall apply to contracts by community college districts as provided for in Part 49 (commencing with Section 81000) of the Education Code.

20651. The governing board of any community college district shall let any contracts involving an expenditure of more than twelve thousand dollars (\$12,000) for work to be done or more than eighteen thousand dollars (\$18,000) for materials or supplies to be furnished, sold, or leased to the district, to the lowest responsible bidder who shall give such security as the board requires, or else reject all bids. This section applies to all materials and supplies whether patented or otherwise.

20652. Notwithstanding any other provisions of Sections 81640 to 81654, inclusive, of the Education Code, or of Sections 20651 to 20659, inclusive, of this code, the governing board of any community college district without advertising for bids may authorize by contract, lease, requisition or purchase order, any public corporation or agency within the county whose superintendent of schools has jurisdiction over such district, to lease data processing equipment, purchase materials, supplies, equipment, automotive vehicles, tractors and other personal property for the district in the manner in which such other public corporation or agency is authorized by law to make such leases or purchases. Upon receipt of any such personal property, provided the same complies with the specifications set forth in the contract, lease, requisition or purchase order, the community college district shall draw a warrant in favor of such other public corporation or agency for the amount of the approved invoice, including the reasonable costs to such other public corporation or agency for furnishing the services incidental to the lease or purchase of such personal property.

20653. Nothing in this code shall preclude the governing board of any community college district from purchasing materials, equipment or supplies through the Department of General Services pursuant to Section 14814 of the Government Code.

20654. In an emergency when any repairs, alterations, work or improvement is necessary to permit the continuance of existing college classes, or to avoid danger to life or property, the board may by unanimous vote, with the approval of the county superintendent of schools, make a contract in writing or otherwise on behalf of the district for the performance of labor and furnishing of materials or supplies for the purpose without advertising for or inviting bids.

20655. In each community college district, the governing board may make repairs, alterations, additions, or painting, repainting, or decorating upon school buildings, repair or build apparatus or equipment, make improvements on the school grounds, erect new buildings, and perform maintenance as defined in Section 20656 by day labor, or by force account, whenever the total cost of labor on the job does not exceed seven thousand five hundred dollars (\$7,500), or the total number of hours on the job does not exceed 350 hours, whichever is greater, provided that in any district having an average daily attendance of 15,000 or greater, the governing board may, in addition, make repairs to school buildings, grounds, apparatus, or equipment, including painting or repainting, and perform maintenance as defined in Section 20656, by day labor or by force account whenever the total cost of labor on the job does not exceed fifteen thousand dollars (\$15,000), or the total number of hours on the job does not exceed 750 hours, whichever is greater.

For purposes of this section, day labor shall include the use of maintenance personnel employed on a permanent or temporary basis.

20656. For purposes of Section 20655, "maintenance" means routine, recurring, and usual work for the preservation, protection and keeping of any publicly owned or publicly operated facility for its intended purposes in a safe and continually usable condition for which it was designed, improved, constructed, altered or repaired. "Facility" means any plant, building, structure, ground facility, utility system, or real property.

This definition of "maintenance" expressly includes, but is not limited to: carpentry, electrical, plumbing, glazing, and other craft work designed consistent with the definition set forth above to preserve the facility in a safe, efficient, and continually usable condition for which it was intended, including repairs, cleaning, and other operations on machinery and other equipment permanently attached to the building or realty as fixtures.

This definition does not include, among other types of work, janitorial or custodial services and protection of the sort provided by guards or other security forces.

It is the intent of the Legislature that this definition does not include painting, repainting, or decorating other than touchup, but instead it is the intent of the Legislature that such activities be controlled directly by the provisions of Section 20655.

20657. It shall be unlawful to split or separate into smaller work orders or projects any project for the purpose of evading the

provisions of this article requiring work to be done by contract after competitive bidding.

The district shall maintain job orders or similar records indicating the total cost expended on each project in accordance with the procedures established in the most recent edition of the California Community College Budget and Accounting Manual for a period of not less than three years after completion of the project.

Notwithstanding the provisions of Section 20651, informal bidding may be used on projects estimated by the district to cost up to and including the limits set forth in Section 20655. For the purpose of securing informal bids, the board shall publish annually in a newspaper of general circulation published in the district, or if there is no such newspaper, then in some newspaper in general circulation in the county, a notice inviting contractors to register to be notified of future informal bidding projects. All contractors included on the informal bidding list shall be given notice of all informal bid projects, in such manner as the district deems appropriate.

20658. The governing board of any community college district may by majority vote authorize its district superintendent, or such person as he or she may designate, to expend up to two hundred fifty dollars (\$250) per transaction for work done, compensation for employees or consultants, and purchases of equipment, supplies, or materials. Ratification by the governing board shall not be required with respect to transactions entered into pursuant to this section. In the event of malfeasance in office, the district official invested by the governing board with authority to act under this section shall be personally liable for any and all moneys of the district paid out as a result of such malfeasance.

20659. If any change or alteration of a contract governed by the provisions of this article is ordered by the governing board of the community college district, such change or alteration shall be specified in writing and the cost agreed upon between the governing board and the contractor. The board may authorize the contractor to proceed with performance of the change or alteration without the formality of securing bids, if the cost so agreed upon does not exceed the greater of:

- (a) The amount specified in Section 20651 or 20655, whichever is applicable to the original contract; or
- (b) Ten percent of the original contract price.

SEC. 85. Article 42 (commencing with Section 20670) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 42.

20670. The provisions of this article shall apply to contracts by public entities as provided for in Division 5 (commencing with Section 4000) of the Government Code.

20671. As used in this chapter:

- (a) "Public leaseback" means any lease by a public entity, as

lessee, of buildings, structures, or other facilities which are permanently attached to land, where the lease is between the public entity and a public leaseback corporation, as lessor, and the lease is executed before the buildings, structures, or facilities have been built.

(b) "Public entity" means any city, charter city, city and county, county, district, public corporation, or political subdivision of the state.

(c) "Public leaseback corporation" means any corporation or nonprofit corporation organized or controlled by a public entity which constructs or arranges for the construction of buildings, structures, or other facilities which are permanently attached to land for public leaseback.

(d) "Public projects" means the construction of buildings, structures, or other facilities which are permanently attached to land.

20672. Any public project by a public leaseback corporation in excess of three thousand dollars (\$3,000) shall be constructed under contract awarded to the lowest responsible bidder, and such contract shall require the payment of prevailing wages as determined by the public leaseback corporation in the manner and form provided in Article 2 (commencing with Section 1770) of Chapter 1 of Part 7 of Division 2 of the Labor Code.

20673. For the purpose of securing bids, the public leaseback corporation shall give notice of the time and place for opening bids to prospective bidders by publication once a week for two consecutive weeks in a newspaper of general circulation printed and published in the jurisdiction in which the land is located, or if located in more than one jurisdiction, in such a newspaper in a jurisdiction in which a major portion of the project is to be done. If there is no such newspaper, then publication shall be in a newspaper of general circulation circulating in the jurisdiction.

20674. All bids shall be presented under sealed cover. Any bid may be withdrawn at any time prior to the time fixed in the public notice for the opening of bids by written request for the withdrawal of the bid filed with the public leaseback corporation. The request shall be executed by the bidder or his duly authorized representative. The withdrawal of a bid does not prejudice the right of the bidder to submit a new bid. Whether or not bids are opened exactly at the time fixed in the public notice for opening bids, a bid shall not be received after that time.

20675. If the public leaseback corporation deems the acceptance of the lowest responsible bid is not in the best interests of the public entity the public leaseback corporation may reject all bids and advertise for other bids in the manner required by this chapter.

SEC. 86. Article 43 (commencing with Section 20680) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

## Article 43.

20680. The provisions of this article shall apply to contracts by community services districts as provided for in the Community Services District Law pursuant to Division 3 (commencing with Section 61000) of the Government Code.

20681. A district formed under this law may exercise the powers hereinafter granted for such of the following purposes as have been designated in the petition for formation of such district and for such others of the following purposes as the district shall adopt as hereinafter provided:

(a) To supply the inhabitants of the district with water for domestic use, irrigation, sanitation, industrial use, fire protection, and recreation.

(b) The collection, treatment or disposal of sewage, waste and storm water of the district and its inhabitants.

(c) The collection or disposal of garbage or refuse matter.

(e) Public recreation by means of parks, including, but not limited to, aquatic parks and recreational harbors, playgrounds, golf courses, swimming pools or recreation buildings.

(f) Street lighting.

(g) Mosquito abatement.

(h) The equipment and maintenance of a police department or other police protection to protect and safeguard life and property.

(i) To acquire sites for, construct, and maintain library buildings, and to cooperate with other governmental agencies for library service.

(k) The construction and improvement of bridges, culverts, curbs, gutters, drains, and works incidental to the purposes specified in subdivision (j), subject to the consent of the governing body of the county or city in which said improvement is to be made.

(l) The conversion of existing overhead electric and communication facilities to underground locations, which facilities are owned and operated by either a "public agency" or a "public utility," as defined in Section 20882, and to take proceedings for and to finance the cost of such conversion in accordance with the provisions of Chapter 28 (commencing with Section 5896.1) of Part 3 of Division 7 of the Streets and Highways Code, subject to the consent of the public agency or public utility responsible for the owning, operation and maintenance of such facilities. Nothing herein contained shall be construed as giving a district formed under this law the power to install, own or operate such facilities as are described in this subdivision.

(m) To contract for ambulance service to serve the residents of

the district as convenience requires, if a majority of the voters in the district, voting in an election thereon, approve.

20682. A district may perform any work of construction or operation under its own superintendence or may contract for the performance of such work by others.

20683. A district may construct any works along, under, or across any street, road, highway, or other property devoted to a public use subject to consent of the governing body in charge of such public use.

20684. A district may enter into an agreement with any public or private corporation whereby any work or improvement may be operated and maintained by the corporation. The power to make such an agreement is conditioned upon a finding by the board that the residents of the district would be better served by such operation and maintenance.

20685. All contracts for the construction of any unit of work, except as hereinafter provided, estimated to cost in excess of five thousand dollars (\$5,000) shall be let to the lowest bidder after competitive bidding. The board shall have the right to reject any and all bids, in which case the board may call for new bids. In the event no proposals are received or where the estimated cost of such work does not exceed the sum of five thousand dollars (\$5,000) or where the work consists of emergency work necessary in order to protect life and property, the board of directors may have said work done by force account. The district shall have the power to purchase in the open market without calling for bids, materials and supplies for use in any work therewith either under contract, or by force account; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds five thousand dollars (\$5,000), without calling for bids and awarding the contract therefor to the lowest responsible bidder.

20686. Whenever, in the opinion of the board, the public interest or convenience may require, it may order to be done in, under, or upon the whole or any portion of any one or more of the streets or public places of the district, or any property or rights-of-way owned by the district, any work or improvement which the district is authorized to do and provide that the cost thereof shall be assessed upon the lots and lands fronting on the streets or public places, or upon any district to be assessed therefor, which district need not be composed of lands contiguous to each other. The Improvement Act of 1911, the Municipal Improvement Act of 1913, and the Improvement Bond Act of 1915 are applicable to districts.

SEC. 87. Article 44 (commencing with Section 20690) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

## Article 44.

20690. The provisions of this article shall apply to contracts by county harbor commissions as provided for in Division 7 (commencing with Section 4000) of the Harbors and Navigation Code.

20691. Whenever funds necessary for any improvement, development, or protection for which bonds have been voted, are in the county treasury, the commission shall carry into effect the improvement, development, or protection of the harbor. The board of supervisors may sell only such portion of the authorized bonds as will provide funds as they are needed to carry on the work.

20692. The improvement, development, or protection of any harbor, and all work, labor, or service employed therein, shall be under the control and management of the commission.

20693. The commission may do all the work of improvement, development, or protection under one contract, or it may segregate it into separate parts or divisions, and let contracts for any one or more separate parts or divisions.

20694. Each contract for doing any part of the work shall be let after advertisement for bids by publishing notice for at least 10 days in one or more daily newspapers published in the county. If there is no daily paper published in the county, notice shall be given by three publications in a weekly paper published therein.

20695. Each contract shall be let to the lowest responsible bidder, who shall give such security as the commission requires for the full and faithful performance of the contract. The amount and kind of security required shall be stated in the advertisement for bids.

(c) The acquisition or construction of other improvements, works, or system for the collection, transmission, treatment, or disposal of sewage or industrial waste.

(d) The acquisition or construction of sewers, drains, pipelines, conduits, culverts, or ditches for the collection, transmission, or disposal of surface or storm water.

(e) The acquisition or construction of other improvements, works, or system for the purpose of surface or storm water drainage or for the purpose of flood control.

(f) The acquisition, construction or extension of waterworks, water systems or water distribution systems.

(g) The acquisition or construction of works or improvements appurtenant or related to any of the works, improvements, or systems described in subdivisions (a) to (f), inclusive, of this section.

(h) Additions to, or the reconstruction or improvement of, any of the works, improvements, or systems described in subdivisions (a) to (g), inclusive, of this section.

(i) The acquisition of any land, rights-of-way, capacity rights, rights of use, or other property needed for any of the works, improvements, or systems described in subdivisions (a) to (h), inclusive, of this section.

20822. In cities within a county of the 20th class, as defined in Section 28041 of the Government Code, improvement shall also mean the acquisition, construction, maintenance, and operation of any public buildings which would serve as a community center facility, including, but not limited to, an exhibition building, an auditorium, a stadium, and a sports arena; and the acquisition and improvement of any land, rights-of-way, rights of use, or other property needed for any of the improvements described in this section, or for offstreet parking facilities therefor.

For the purposes of this section, at the hearing held pursuant to Section 4611 of the Health and Safety Code, the governing body may exclude from the proposed district any territory the inhabitants of which would not be benefited by the proposed improvements as finally determined.

20823. Any contract for the construction of any improvement may be let and entered into as other contracts for similar work are let and entered into by the city. If the improvement includes the acquisition of any property, the city may acquire such property by purchase, gift, eminent domain, or otherwise.

20824. Instead of letting contracts for the improvement, the city may itself construct or complete the improvement, and buy the

necessary materials, and employ the necessary labor.

20825. The governing body of each city in which an improvement is being made or acquired pursuant to this chapter may make all needful rules and regulations for carrying out and maintaining the improvement, and may appoint all agents, superintendents, and engineers necessary properly to look after the construction and operation of the improvement. However, in any city operating under a charter framed pursuant to Sections 3 and 5 of Article XI of the Constitution of the state which has a board or department of public works, the powers and duties of the governing body which are stated in this section may be exercised and performed by the city board or department of public works.

20826. The city may contract with the federal government of the United States or any branch of it, or with any county, city and county, municipal corporation, district, or other public corporation, or with any person, firm, or corporation, for the joint acquisition or construction or use of any improvement to serve the district and such other area as may be designated in the contract, when, in the judgment of the governing body of the city, it is for the best interests of the district so to do. Any such contract may provide for the acquisition, construction, or maintenance of such improvement and for the payment by or for the parties to the contract of such proportionate part of the cost of such acquisition, construction, or maintenance as may be stated in the contract. The payments shall be made at such times and in such amounts as may be provided by said contract. Any such contract may provide for the joint use of any improvement upon such terms and conditions as may be agreed upon by the parties to the contract, and for the flowage, treatment, or disposal of sewage, industrial waste, surface water, or storm water from such area for each of the parties to the contract as may be described in the contract.

Any city which has acquired or constructed, or which proposes to acquire or construct, any improvement for the benefit of a district may contract with the federal government of the United States or any branch of it, or with any county, city and county, municipal corporation, district, or other public corporation, or with any person, firm, or corporation for the use of any such improvement by any such county, city and county, municipal corporation, district, or other public corporation, or for the flowage, treatment or disposal of sewage, industrial waste, surface water, or storm water from any area designated by such person, firm, or corporation so contracting, upon such terms and conditions as may be provided in the contract.

SEC. 98. Article 55 (commencing with Section 20830) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 55.

20830. The provisions of this article shall apply to contracts by highway lighting districts as provided for in the Highway Lighting

District Act pursuant to Part 4 (commencing with Section 19000) of Division 14 of the Streets and Highways Code.

20831. This part provides an alternative system for making the improvements authorized by this part, and the provisions of this part shall not apply to or affect any other provisions of this code. When any proceedings are commenced under this part, the provisions of this part and no others shall apply to all such proceedings.

20832. Within 10 days after the establishment of the district, the governing body shall advertise for bids for installing and maintaining the system and for servicing the same. The contract shall be awarded to the lowest responsible bidder. However, the rates to be paid shall not exceed the lawful rates applicable for the particular class of service and when necessary shall be those authorized by the Public Utilities Commission of the State of California. The contract for service shall be for a period not less than three years from and after the date electric energy and service is first delivered to the lighting district pursuant to such contract and shall be extended automatically thereafter for successive terms of one year each; provided, that the agreement may be terminated by either party upon not less than sixty (60) days' written notice prior to the expiration date of the original term or any extended term. The governing body shall reserve the right to abrogate the contract whenever service is offered to be supplied at two-thirds of the fixed contract price.

No advertising for bids or awarding of the contract based thereon shall be required when the proposed contract includes the furnishing of electric energy, and the entire area of the district is served, or will be so served, by a single public utility whose rates are subject to regulation by the Public Utilities Commission.

20833. Upon the receipt of a petition signed by owners of taxable property representing 60 percent or more of the total assessed valuation of all taxable property within an existing highway lighting district, or within a temporary zone requested to be established by the petition in the manner provided in Chapter 9.5 (commencing with Section 19165) of Part 4 of Division 14 of the Streets and Highways Code, the governing body of the district may replace an obsolete lighting system with a new modern county- or utility-owned lighting system where necessary for the proper operation of the district or of the portion thereof lying within such temporary zone.

20834. As an alternative to the petition procedure, the board of supervisors may, by a four-fifths vote, determine that the public safety and convenience require replacement of an obsolete system. The resolution may propose that a temporary zone be established, which zone will be benefited by the work, for the purpose of levying a special tax in the zone to finance the cost of the work.

The resolution shall contain that matter required by Section 20835. Notice and hearing of the resolution shall be substantially as required by Sections 19168 and 19169 of the Streets and Highways Code. If the board of supervisors determines at the hearing, by a four-fifths vote,

that it is just and equitable and in the public interest that the obsolete lighting be replaced and that the proposed temporary zone be formed, it shall fix and describe the boundaries of the proposed zone in such a manner as to exclude any territory which will not be benefited by inclusion in the zone; it shall declare the zone established; it shall designate the zone by a name or number; and it shall specify the duration and purposes of the zone, not to exceed 10 years from the beginning of the next ensuing fiscal year in which a special tax levy may be made in said zone.

Except as provided in this section, any zone formed under this section shall be subject to the provisions of Chapter 9.5 (commencing with Section 19165) of Part 4 of Division 14 of the Streets and Highways Code.

20835. A petition asking for the removal of obsolete lights and their replacement with modern county- or utility-owned lights pursuant to this chapter may request the board of supervisors to establish a temporary zone consisting solely of contiguous territory within the district which will be benefited by said replacement lights, for the purpose of levying a special tax therein to finance the cost of removal of the old lights and installation and temporary maintenance of the new lights. In such case the petition shall contain:

(a) A general description of the nature of the proposed replacement lights, together with a map showing the location thereof.

(b) An estimate of all costs or charges which will be incurred in connection with the removal of the old lights and the installation of the new lights, together with a statement as to the period of time, not to exceed three years, proposed for the payment of said costs or charges.

(c) An estimate of the average monthly cost of maintenance of the replacement lights.

(d) A description of the boundaries of the proposed temporary zone.

A proposal to form a temporary zone pursuant to this section shall be subject to the provisions of Chapter 3 of Title 6 of the Government Code to the same extent as a proposal to form a district.

SEC. 99. Article 56 (commencing with Section 20840) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 56.

20840. The provisions of this article shall apply to contracts by maintenance districts as provided for in the Improvement Act of 1911 pursuant to Division 7 (commencing with Section 5000) of the Streets and Highways Code.

20841. As used in this article, "maintenance district" means an assessment district which a county board of supervisors or the legislative body of a city has created pursuant to the provisions of Chapter 26 (commencing with Section 5821) of Part 3 of Division 7

of the Streets and Highways Code.

The provisions of that chapter, except Sections 5850 to 5853, inclusive, of the Streets and Highways Code shall be applicable to the creation of maintenance districts by, and maintenance districts created by, the legislative body of a city. For such purpose, the references in the provisions of that chapter or this article to a county or a county officer shall be deemed to refer, respectively, to a city or a city officer performing the same duties.

20842. All contracts shall be let to the lowest responsible bidder. The board shall advertise for two or more days in a newspaper of general circulation published in the county, inviting bids for furnishing labor, material or supplies before any contract is made therefor. The board may require such bonds as it may deem adequate from the successful bidder to secure the faithful performance of the contract and the payment of all claims for labor and materials, and may reject any and all bids. In an emergency, work found by a four-fifths vote of the board to be necessary to protect life or property from impending flood damage may be done by negotiated contract without advertising for bids therefor.

20843. A contract for installing, maintaining and servicing a system of lights in any maintenance district shall be awarded to the lowest responsible bidder. However, the rates to be paid shall not exceed the lawful rates applicable for the particular class of service and when necessary shall be those authorized by the Public Utilities Commission of the State of California. The contract for service shall be for a period not less than three years from and after the date electric energy and service is first delivered to the maintenance district pursuant to such contract and shall be extended automatically thereafter for successive terms of one year each; provided, that the agreement may be terminated by either party upon not less than 60 days' written notice prior to the expiration date of the original term or any extended term. The board of supervisors shall reserve the right to abrogate the contract whenever service is offered to be supplied at two-thirds of the fixed contract price.

20844. Nothing in this article shall be construed as prohibiting the county itself from maintaining and operating any or all of the improvements when ordered by the board of supervisors and from purchasing the materials and supplies and employing the labor necessary for such purpose.

20845. "Sewers" as used in this article includes lateral and collecting sewers, septic tanks and all other means of handling, gathering and disposing of sewage in the district.

20846. "Maintenance of sewers" as used in this article includes the extension and enlargement of sewers, within the district, and the acquisition or construction of other works or improvements useful in the proper operation of those sewers.

20847. "Maintenance" as used in this article in relation to lighting systems, includes the replacement of any obsolete equipment with new modern equipment found by the board of supervisors or

legislative body of a city to be necessary for the proper operation of the district. The replacement of any such obsolete equipment with any such new modern equipment, except for work done by a utility district or a private utility company under contract with the maintenance district, shall be subject to the provisions of Section 20842.

SEC. 100. Article 57 (commencing with Section 20850) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

Article 57.

20850. The provisions of this article shall apply to contracts by public entities as provided for in the Improvement Act of 1911 pursuant to Division 7 (commencing with Section 5000) of the Streets and Highways Code.

20851. Whenever any railroad track or tracks of any description exist upon any streets upon which the legislative body has ordered an improvement to be made, and has excepted the roadbed therefrom, the order, unless the legislative body shall by resolution theretofore passed have declared to the contrary, shall constitute a requirement that the person having the railroad track or tracks thereon shall improve the roadbed with improvements similar in all respects to, and with the same materials, under the same specifications and superintendence, and to the like inspection and satisfaction as, those ordered to be performed by the order ordering the work.

20852. When the legislative body acquires jurisdiction to order the improvement to be made, the person having the track or tracks on the streets to be improved shall notify in writing the superintendent of streets if such person elects to enter upon the direct performance of such work at its own charge and expense. The notice shall be delivered to the superintendent of streets within 10 days after the first publication of the notice of award of contract. The omission or neglect to make such election shall constitute the superintendent of streets the agent of the owner of the track or tracks, with authority to enter into a contract in accordance with the provisions of this part for making the improvements. The superintendent of streets shall advertise for bids for the improvement of the roadbed. The legislative body shall award the contract for the making of the improvements to the lowest regular responsible bidder. The bidding and awarding of contracts shall be made in the manner provided in Part 3 (commencing with Section 5100) of Division 7 of the Streets and Highways Code for the awarding of contracts for improvements except that no notice of award shall be published.

20853. Immediately upon the award of the contract, the superintendent of streets shall enter into a contract with the person to whom the contract was awarded for making the improvements

upon the portions of the streets described in the notice inviting bids, and at the price stated in the bid. The contractor shall execute bonds in the manner required by Section 5254 of the Streets and Highways Code.

20854. Upon the completion of the work and its acceptance, the street superintendent shall make a certificate of completion, together with a statement of the amount due under the terms of the contract for the performance of the work. The certificate shall be countersigned by the mayor and shall be recorded in the office of the superintendent of streets. The contractor thereupon shall be entitled to payment of the full amount of the contract price, and the recording of such certificate shall be sufficient notice to the owner of such track or tracks that the contract price is due and payable.

20855. If the contract price is not paid within 30 days from the date of the recording of the certificate, the contractor may file a sworn statement to that effect with the superintendent of streets, who shall record the same in his or her office in the book in which the certificate of acceptance has been recorded. The contractor shall thereupon have a cause of action against the person owning the tracks for the amount of the contract, together with a reasonable attorney's fee, and shall also have as security for the recovery of such amount, a first lien upon that portion of the track and franchises of the railroad, between whose rails or tracks the work has been performed, which is contained within the corporate limits of the city.

20856. In the action, the certificate of completion shall be and constitute prima facie evidence of the regularity of all proceedings and of the right of the contractor to recover judgment against the person owning the tracks. Execution may be taken out upon the entry of judgment, and levied upon any property of that person which is subject to execution.

20857. If the person files a written election to enter upon the direct performance of the work at its own cost and expense, no further proceedings shall be taken in the matter unless such person neglects or fails for 30 days, or for such further time as the legislative body may grant, to make the improvement. If the improvement of the portions of the street required to be improved by such person is not made with diligence or in all respects similar to the improvement of the rest of the street, or with the same materials or under the same specifications, and to the satisfaction of the superintendent of streets, the legislative body may, by resolution entered in its minutes, prescribe such terms and conditions as to it may seem fit and proper before permitting the said person to continue with the work.

20858. If the person shall, after three days' notice of the adoption of the resolution, fail to comply with the terms and conditions so prescribed, the legislative body may declare that person to have forfeited its privilege of performing such work under its own direction. Whereupon the street superintendent shall advertise for bids for the performance of the work, or such portion thereof as may remain uncompleted, and the contract therefor shall be awarded and

entered into in the manner provided for in this article for the awarding and execution of contracts where the person owning the track has not elected to make the improvements under its own direction.

20859. Upon the completion of the improvement, the contractor to whom the contract has been awarded, or his or her assigns, shall be entitled to a certificate of completion from the street superintendent, and shall have the right to collect from the person by suit, the amount specified in the certificate in all respects the same as provided in this article where the contract is let for such work in the first instance.

20860. The legislative body may, by ordinance, prescribe and enforce such additional regulations and penalties as it may deem necessary to compel the improvement in accordance with the provisions of this article of any portion of any street which is occupied by a railroad track or tracks.

20861. Whenever any railroad track or tracks of any description exist upon any street which has been paved, macadamized, graveled, capped, or oiled either for the whole or any portion of the width of the roadway thereof along or near the line of such railroad track or tracks, and the roadbed thereof has not been improved similar in all respects to and with the same materials as such street along the line of such track or tracks; or where any portion of such roadbed, whether so improved or not is out of repair or is not on the official grade of such street or has small hummocks or ridges or loose rock upon or along such roadbed or the materials composing such roadbed next to the rails of such track or tracks are not flush with the top of such rails or the sides thereof, the legislative body may, by resolution, require and order the person having or owning such railroad track or tracks to improve the roadbed thereof by making repairs or by bringing the roadbed to the official grade or removing the hummocks or ridges or loose rock upon or along such roadbed or making the roadbed and the materials thereof flush with the top or sides of the rails of such track or tracks.

20862. The legislative body may require and order any or all of the work designated in the resolution to be done in the manner therein designated.

20863. The legislative body may also require, by resolution, any such person to pave alongside of and contiguous to its rails with special type of brick or paving blocks or other material.

20864. The resolution to require and order the work shall be personally served upon the person having or owning such railroad track or tracks, or service thereof may be made upon any agent, representative or officer of such person. When served, the resolution shall constitute notice to that person of the intention to order the work designated in the resolution.

20865. The person served shall notify, in writing, the superintendent of streets of the city where such work is to be done if such person elects to enter upon the direct performance of such

work at his or her own charge or expense. The notice shall be delivered to the superintendent of streets within 10 days after the service of the resolution requiring the work.

20866. The omission or neglect to make such election by delivering the notice shall constitute the superintendent of streets the agent of the owner of the track or tracks with authority to enter into a contract made in accordance with this article for doing the work.

The superintendent of streets shall thereupon be vested with authority to and he or she shall advertise for bids for the work and fix in the notice the time for receiving bids which shall be not less than five days from the first publication thereof.

20867. The legislative body shall award the contract for doing the work to the lowest regular responsible bidder.

All bids offered shall be accompanied by a check or by a bond and shall be delivered, opened and award of contract made, all as provided by Chapter 9 (commencing with Section 5240) of Part 3 of Division 7 of the Streets and Highways Code, except that no notice of award shall be published.

Upon the award being made, the superintendent of streets shall enter into a contract with the person to whom the contract was awarded for doing the work described in the notice inviting bids, and at the price stated in the bid.

The contractor shall execute a bond in the manner required by Section 5254 of the Streets and Highways Code.

20868. Upon the completion of the work and its acceptance, the street superintendent shall make a certificate of completion, together with a statement of the amount due under the terms of the contract for the performance of the work. The certificate shall be countersigned by the mayor, and shall be recorded in the office of the superintendent of streets.

20869. When the certificate of completion has been recorded the contractor shall be entitled to payment for the full amount of the contract price, and the recording of the certificate shall be sufficient notice to the owner of such track or tracks that such amount is due and payable.

20870. If the contract price is not paid within 30 days from the date of the recording of the certificate of completion, the contractor may file a sworn statement to that effect with the superintendent of streets, who shall record the same in his or her office in the book in which the certificate of completion has been recorded. The contractor shall thereupon have a cause of action against the person owning the tracks for the amount of the contract, together with a reasonable attorney's fee, to be fixed by the court, and shall also have as security for the recovery of such amount, a first lien upon that portion of the track and franchises of that railroad which is contained within the corporate limits of the city.

20871. In the action, the certificate of completion shall be prima facie evidence of the regularity of all proceedings, and of the right

of the contractor to recover judgment against the person. Execution may be taken out upon the entry of judgment, and levied upon any property of that person which is subject to execution.

20872. If the person files a written election to enter upon the direct performance of such work at its own cost and expense, no further proceedings shall be taken in the matter unless such person neglects or fails for 30 days, or for such further time as the legislative body may, by resolution, grant, to make and complete the work.

20873. If the work is not done with diligence as in this article provided, the legislative body may, by resolution entered upon its minutes, prescribe such terms and conditions as it may see fit and proper before permitting the person to continue with the work. If the person shall, after three days' notice of the adoption of the resolution, fail to comply with the terms and conditions so prescribed, the legislative body may, at any time thereafter, declare the person to have forfeited its privilege of performing such work under its own direction. Whereupon the street superintendent shall advertise for bids for the performance of the work, or such portion thereof as may remain uncompleted, and the contract therefor shall be awarded and entered into in the manner provided for in this article for the awarding and execution of contracts where the person has not elected to make the improvements under its own direction.

20874. Upon the completion of the improvement, the contractor to whom the contract has been awarded, or his or her assigns, shall be entitled to a certificate of completion from the street superintendent, and shall have the right to collect from the person by suit the amount specified in the certificate in all respects the same as provided in this chapter where the contract is let for such work in the first instance.

20875. The legislative body may, by ordinance, prescribe and enforce such additional regulations and penalties as it may deem necessary to compel the doing of the work as provided in this article on any portion of any street occupied by any railroad track or tracks.

SEC. 101. Article 58 (commencing with Section 20880) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 58.

20880. The provisions of this article shall apply to contracts by public entities as provided for in the Improvement Act of 1911 pursuant to Division 7 (commencing with Section 5000) of the Streets and Highways Code.

20881. The Legislature finds that in many areas of the state landowners, cities, public agencies, and public utilities desire to convert existing overhead electric and communication facilities to underground locations by means of special assessment proceedings. The Legislature hereby declares that a public purpose will be served by providing a procedure to accomplish such conversion and that it

is in the public interest to provide for such conversion by proceedings taken pursuant to this article.

20882. As used in this article the following words and phrases (and any variants thereof) shall mean:

“Communication service” means the transmission of intelligence by electrical means, including, but not limited to, telephone, telegraph, messenger-call, clock, police, fire alarm and traffic control circuits, and circuits for the transmission of standard television or radio signals.

“Convert” or “conversion” means the removal of all or any part of any existing overhead electric or communication facilities and the replacement thereof with underground electric or communication facilities constructed at the same or different locations.

“Electric service” means the distribution of electricity for heat, light or power.

“Electric or communication facilities” means any works or improvements used or useful in providing electric or communication service, including, but not limited to, poles, supports, tunnels, manholes, vaults, conduits, pipes, wires, conductors, guys, stubs, platforms, crossarms, braces, transformers, insulators, cutouts, switches, capacitors, meters, communication circuits, appliances, attachments and appurtenances, other than those owned or used by, or provided for, any railroad or pipeline, and located upon or above the right-of-way of such railroad or pipeline. “Electric facilities” shall not include any facilities used or intended to be used for the transmission of electric energy at nominal voltages in excess of 35,000 volts.

“Overhead electric or communication facilities” means electric or communication facilities located, in whole or in part, above the surface of the ground.

“Underground electric or communication facilities” means electric or communication facilities located, in whole or in part, beneath the surface of the ground.

“Public agency” means any city, county, special district or public corporation (other than the one conducting the proceedings) that provides electric or communication service to the public by means of electric or communication facilities.

“Public utility” means any person or corporation that provides electric or communication service to the public by means of electric or communication facilities.

20883. In a proceeding for a conversion the city and any public utility or public agency supplying electric or communication service within the city may by agreement provide that, upon confirmation of the assessment, the public utility or public agency shall have legal title to the electric or communication facilities, which shall thereafter constitute part of a system of the public utility or public agency and be used, operated, maintained and managed by it as part of such system.

Subject to any rules, regulations or tariffs applicable to any such

public utility or public agency, such agreement may also provide, among other things, for any of the following: the supplying or approval by the public utility or public agency of plans and specifications; a contribution of labor, materials or money by the public utility or public agency; the performance by the public utility or public agency of all or any part of the work or improvement; payment to the public utility or public agency for any work or improvement performed or service rendered by it.

Any such agreement shall be made prior to the adoption of the resolution ordering the work. If the proceedings are abandoned, the agreement shall be given no further force or effect. To the extent that the agreement provides that all or any part of the work or improvement is to be performed by the public utility or public agency, the provisions of this article requiring competitive bidding and the award of the contract to the lowest responsible bidder shall be inapplicable.

Nothing contained in this article shall preclude the city or the public utility, in the event of disagreement regarding any provision of the proposed agreement, from seeking review of such disagreement by the California Public Utilities Commission.

20884. If the work or improvement consists solely of a conversion, and such work or improvement is performed by a public utility or public agency, the resolution of intention shall provide that (a) the warrant, assessment and diagram or (b) any bonds issued or to be issued to represent unpaid assessments, or both (a) and (b), shall be sold as the legislative body directs. The purchaser, and any successors, shall thereupon have the same rights and liens as the contractor to collect and enforce the assessments and all bonds issued to represent unpaid assessments. If the work and improvement consists, in part, of a conversion and, in part, of other types of work or improvement under this division, the legislative body may provide in the resolution of intention that the costs and expenses of conversion shall constitute part of the incidental expenses to be advanced to the city by the contractor and to be included in the assessment. Any payments made upon assessments, any proceeds from the sale of the warrant, assessment, and diagram or bonds, and any incidental expenses so advanced to the city may be used by the city for the purpose of making payments to a public utility or public agency pursuant to an agreement made under Section 20883.

20885. If the city furnishes electric or communication service by means of electric or communication facilities owned or operated by the city, the legislative body in the resolution ordering work may provide that the work or improvement of conversion shall be performed for the price or prices specified in the resolution by the city or any department, agency, commission or officer of the city having the duty of furnishing such service. To that extent, the provisions of this division requiring competitive bidding and the award of the contract to the lowest responsible bidder shall be inapplicable.

20886. Nothing in this chapter shall be deemed to relieve any city or public agency, if the work or improvement is to be performed by the city or public agency, from any competitive bidding requirements imposed, as to work performed by the city or public agency, by any charter or statutory provision applicable to it.

SEC. 102. Article 59 (commencing with Section 20890) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 59.

20890. The provisions of this article shall apply to contracts by public entities as provided for in the Tree Planting Act of 1931 pursuant to Part 1 (commencing with Section 22000) of Division 15 of the Streets and Highways Code.

20891. "Improvement" includes the planting, maintenance, or removal of trees, and any and all acts necessarily incident thereto.

20892. The city forester, under the direction of the board, shall do or cause to be done, all of the work ordered to be done by the city council under this article.

20893. The board may direct the city forester to let contracts for all or any part of any improvement ordered by the city council. The city forester shall let the said contracts to the lowest responsible bidder, after notice by publication in two successive issues of any daily, or in one issue of any weekly, newspaper published and circulated in the city, or if there is no such newspaper, by posting for five days at three public places in the city. The work so contracted for shall be done under the supervision of the city forester.

20894. If the contractor abandons the work, or fails to proceed with it as rapidly as required by the contract, the city forester may relet the work in the same manner as in the first letting, or complete or cause it to be completed in any other manner he deems advisable. The city forester may retain the amount of any expense incidental to the reletting, out of any funds due or to become due to the contractor, and may also hold the contract or and the sureties upon the contractor's bond responsible for any additional expenses and for any damages resulting from the abandonment or failure to complete the contract.

20895. The legislative body, by contract or otherwise, shall provide for the performance of all work ordered by it pursuant to this article, including the construction and installation of any improvements and the furnishing of maintenance or service for any improvements.

20896. All or any part of the improvements may be constructed, installed, or owned and all or any part of the maintenance and servicing of any of the improvements may be provided by one or any combination of any of the following:

- (a) The local agency conducting proceedings.
- (b) Any other public agency.

(c) Any public utility.

20897. The local agency, by contract made with another public agency or with a public utility, may provide for the construction, installation, or ownership of any improvements or for the furnishing of maintenance or service for any improvements. Any contract with another public agency shall be made in compliance with all laws applicable to the other public agency and to the local agency. Any contract with a public utility shall be made in compliance with and subject to all tariffs, rules, and rate schedules of the public utility on file with and approved by the Public Utilities Commission. Except as otherwise provided in this section, a contract may contain such provisions as may be agreed upon by the local agency and the other public agency or the public utility, as the case may be.

20898. Except for any work provided for by contract made pursuant to Section 20897, the legislative body shall provide for the construction or installation of all improvements and for the furnishing of maintenance and service for any improvements in accordance with and subject to all laws applicable to the local agency, including any laws requiring the letting of contracts after competitive bidding.

20899. The legislative body may (a) provide for the construction or installation of any improvements authorized by Part 1 (commencing with Section 22000) of Division 15 of the Streets and Highways Code by proceedings taken pursuant to any other special assessment law or, in the case of a charter city, any procedural ordinance of the city and, (b) provide for the maintenance or servicing of those improvements by proceedings taken pursuant to this article. The proceedings may be taken separately or combined. If combined, any of the several resolutions, reports, notices or other instruments provided for in this article may be combined with those provided for in the other special assessment law or procedural ordinance.

SEC. 103. Article 60 (commencing with Section 20910) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

#### Article 60.

20910. The provisions of this article shall apply to contracts by bridge and highway districts as provided for in the Bridge and Highway District Act pursuant to Part 3 (commencing with Section 27000) of Division 15 of the Streets and Highways Code.

20911. The district may acquire, or contract to acquire, and may construct under contract, or by its own employees, maintain, improve and operate bridges, abutments, rights-of-way, roads, tunnels, railroads, streetcar lines, interurban lines, telephone and telegraph lines, footpaths, viaducts, tollgates, tollhouses, subways, and all other forms of property necessary or proper for the successful prosecution of the project for which the district was organized, or

which may be authorized by the board of directors of the district under its powers, including all machinery or other property useful or necessary to construct, maintain, operate or otherwise make use of toll bridges and highways, and complete, add to, repair or otherwise improve any of such property acquired by it.

20912. The district may make contracts, employ labor, and all kinds of employees, whether skilled or unskilled, for the purpose of carrying on the business of the district.

20913. The work of constructing, repairing, relocating, or otherwise providing any of the highways or approaches composed of the structures or improvements mentioned in Part 3 (commencing with Section 27000) of Division 15 of the Streets and Highways Code or this article, may be done by any district in cooperation with a city, county, joint highway district, or other district formed for the improvement or building of roads, or in cooperation with the state.

For the purpose of doing such work or acquiring rights-of-way therefor, the board may authorize a contract to be entered into between the district and the political subdivision or agency of the state with which it proposes to cooperate, and full power and authority is granted to such city, county, joint highway or other district, or the Department of Transportation, to enter into such contracts for cooperative work, construction, or purchase of rights-of-way, in such manner and upon such apportionment of the cost thereof as may be agreed upon between them. For this purpose, the contracting parties may designate engineers, county surveyors, or other necessary officials or employees to take charge of the particular work, and provide for the payment of the cost of the work out of funds contributed by the contracting parties. The plans and specifications for such work shall be approved by both of the contracting parties, and the work may be carried out by either one of the contracting parties as the agent of the other, or it may be carried out under the joint management of both of the contracting parties.

Any such project, or any project, undertaken by a district alone, or in cooperation with any of the agencies mentioned, may be accomplished by federal aid under such rules as may be prescribed by the federal agencies involved.

Any such work may extend across, through, or within any city, county, joint highway district, or other district, if such work is an extension of an approach to a bridge operated by the district and connects the the bridge as a main or alternate route with state highways or other through routes leading to or from the bridge.

20914. The district shall advertise, pursuant to Section 6066 of the Government Code, for contracts for all vessel repair, maintenance, and alteration work whenever the estimated expenditure therefor is in excess of twenty thousand dollars (\$20,000), and for all other construction, repair, maintenance, and alteration work and all similar work, and for all insurance purchased by the district for any reason, except physical damage insurance, employee benefit

insurance, liability insurance, or worker's compensation insurance, whenever the estimated expenditure therefor is in excess of five thousand dollars (\$5,000), in (a) at least one newspaper and not more than three newspapers designated by the general manager, which are published in any one county or portion of a county within the district, and (b) by publication for two consecutive insertions in a trade paper of general circulation, published no more than one week apart either in the City of Los Angeles or the City and County of San Francisco, devoted primarily to the dissemination of contract news among contracting firms. The district shall publicly open the bids and award the contract to the lowest responsible bidder.

In case of emergency repairs necessitated by landslide, flood, storm or wind damage, accident, or other casualty, or any other condition which threatens imminent interruption of passenger transportation via district facilities, work may be contracted for a period of not to exceed 30 days after the occurrence or discovery of such emergency without advertising or competitive bidding.

20915. It shall be unlawful to employ any means to evade the provisions of this article requiring contracts to be awarded after advertising and competitive bidding, including the splitting of projects into smaller work orders, the amendment of existing contracts, or the approval of a subcontract or subcontracts let under existing contracts. Every person who willfully violates this section shall be guilty of a misdemeanor.

20916. All contracts in excess of twenty thousand dollars (\$20,000) entered into by the district for the hiring or purchase of equipment, supplies, or materials, are of no effect unless the district shall advertise pursuant to Section 6066 of the Government Code for bids for such contracts in at least one newspaper and not more than three newspapers designated by the general manager, which are published in any one county or portion of a county within the district, and unless the district shall award the contract to the lowest responsible bidder.

20917. If, after rejecting bids received under Section 20916, the board determines and declares by a two-thirds vote of all of its members that, in its opinion, the equipment, supplies, or materials may be purchased at a lower price in the open market, the board may proceed to purchase the equipment, supplies, or materials in the open market without further observance of the provisions requiring contracts, bids, or advertisement.

20918. In case of any great public calamity, such as an extraordinary fire, flood, storm, epidemic, or other disaster, the board may, by resolution passed by a two-thirds vote of all of its members, declare and determine that public interest and necessity demand the immediate expenditure of public money to safeguard life, health, or property, and thereupon proceed to expend or enter into a contract involving the expenditure of any sum needed in such emergency without observance of the provisions requiring contracts, bids, or advertisement.

SEC. 14. Section 19 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is amended to read:

Sec. 19. (1) Whenever the board of supervisors of the district determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement as herein authorized in any zone, the board may by resolution, passed by unanimous vote of the entire board, determine and declare the respective amounts of bonds in order to raise the amount of money necessary for each work or improvement, and the denomination and rate of interest of the bonds. The board shall cause a copy of the resolution, duly certified by the county clerk to be filed for record in the office of the recorder of the County of Riverside within five days after its issuance. From and after the filing, the board is vested with the authority to proceed with the bond election.

(2) After the filing for record of the resolution specified in subdivision (1), the board of supervisors may call a special election in the zone or zones at which shall be submitted to the qualified electors thereof the question, whether or not bonds shall be issued in the amount or amounts determined in the resolution for the purpose or purposes stated therein. The bonds, and the interest thereon, shall be paid from the revenue derived from annual taxes or assessments levied upon the property taxable by the district situated within the zone or zones, and all the taxable property shall be and remain liable to be taxed for those payments as provided in this act.

(3) The board of supervisors shall call the special election by

resolution and shall submit to the qualified electors of the zone or zones the proposition of incurring a bonded debt in the zone or zones in the amount and for the purposes stated in the resolution. The proposition shall recite the objects and purposes for which the indebtedness is proposed to be incurred, shall be sufficient to give a brief, general description of the objects and purposes, and shall refer to the resolution adopted by the board of supervisors and on file for particulars. The board of supervisors shall also state, in the resolution, the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on the indebtedness, and shall fix the date on which the special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on the indebtedness shall in no event exceed 10 percent per annum. For purposes of the election, the board of supervisors shall, in the resolution, establish election precincts by consolidating the precincts established for general election precincts in the district to a number not exceeding six for the bond election, and shall designate a polling place and appoint one inspector, one judge, and one clerk for each of the bond election precincts.

In all particulars not recited in the resolution, the election shall be held as nearly as practicable in conformity with the general election laws of the state.

The board of supervisors shall cause a map or maps to be prepared covering a general description of the work to be done, which map shall show the location of the proposed works and improvements, and shall cause the map to be posted in a prominent place in the county courthouse for public inspection for at least 30 days before the date fixed for the election.

The resolution calling for the election shall, prior to the date set for the election, be published in a newspaper of general circulation circulated in the zone or zones for six consecutive times if published in a daily newspaper of general circulation printed and published in the zone or zones, or two times if published in a weekly newspaper of general circulation printed and published in the zone or zones. The last publication of the resolution shall be at least 14 days before the election, and if there is no such newspaper, then the resolution shall be posted in five public places in the zone or zones for at least 30 days before the date fixed for the election. No other notice of the election need be given.

Any defect or irregularity in the proceedings prior to the calling of the election shall not affect the validity of the bonds. If at the election two-thirds of the votes cast are in favor of incurring the bonded indebtedness, the bonds of the district, zone, or zones for the amounts stated in the proceedings shall be issued and sold as provided in this act.

SEC. 15. Section 20 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is amended to read:

Sec. 20. The board of supervisors shall, subject to the provisions of this act, prescribe by resolution the form of the bonds, which shall include a designation of the participating zones, and of the interest coupons attached thereto. The bonds shall be payable annually or semiannually, at the discretion of the board, each and every year on a day or date, and at a place to be fixed by the board, and designated in the bonds, together with the interest on all sums unpaid on that date until all of the indebtedness has been paid.

The payment of the first installment of principal may be deferred for a period of not more than five years from the date of each issue or series of bonds.

The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this section. The board may fix a date, not more than five years from the date of issuance, for the earliest maturity of each issue or series of bonds. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series of bonds. The board may provide for call and redemption of all, or any part, of any issue or series of bonds before maturity at prices determined by the board. No bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect.

The bonds shall be issued in the denominations as the board determines, and shall be payable on the dates and at the place fixed in those bonds, and with interest at the rate specified in those bonds, which rate shall not be in excess of 10 percent per annum, and shall be made payable annually or semiannually, except that interest for the first year may be payable at the end of that year. The bonds shall be numbered consecutively and shall be signed by the chairperson of the board, and countersigned by the auditor of the district, and the seal of the district shall be affixed thereto. Either or both of the signatures may be printed, engraved, or lithographed. The interest coupons of the bonds shall be numbered consecutively and signed by the auditor by his or her printed, engraved, or lithographed signature. In case any officer whose signatures or countersignatures appear on the bonds or coupons ceases to be that officer before the delivery of the bonds to the purchaser, the bonds and coupons and signatures or countersignatures are nevertheless valid and sufficient for all purposes as if the officer had remained in office until the delivery of the bonds.

SEC. 16. Section 21 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is amended to read:

Sec. 21. The board of supervisors may issue and sell the bonds of the district zones previously authorized at par value or at a discount of not more than 10 percent below par value, and the proceeds of the sale of the bonds shall be placed in the treasury of the County of Riverside to the credit of the district for the uses and purposes of the

zone voting the bonds; and the proper record of the transactions shall be placed upon the books of the county treasurer, and the respective zone funds shall be applied exclusively to the purposes and objects mentioned in the resolution calling the special bond election, subject to the provisions in this act. Payments from the zone fund shall be made upon demands prepared, presented, allowed, and audited in the same manner as demands upon the funds of the County of Riverside.

SEC. 17. Section 25.1 is added to the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), to read:

Sec. 25.1. The board of supervisors may, upon complying with the requirements of Chapter 6.1 (commencing with Section 54701) of Part 1 of Division 2 of Title 5 of the Government Code, including obtaining the approval of the voters as required by Section 54717 of the Government Code, levy a benefit assessment within any zone or an improvement district of the district to pay principal and interest on bonds of the district, the zone or zones, or improvement district which are issued to finance the cost of any work of improvement, as authorized in this act, in the zone or zones or improvement district or the improvement of any existing facility therein, if the issuance of the bonds has also been approved by the voters at the same election at which the levying of the benefit assessment was approved. The bonds shall be authorized and issued as provided in Sections 19, 20, 21, and 22, and in the case of bonds for an improvement district, Section 23.1, of this act, except that, notwithstanding Section 19, if at the election a majority of the votes cast are in favor of incurring the bonded indebtedness, the bonds may be issued for the amount stated in the proposition voted upon. The proposition regarding the issuance and sale of the bonds may be combined with the proposition regarding the benefit assessment into a single proposition on the ballot. An improvement district of the district is an "area of benefit" for purposes of Section 54715 of the Government Code.

SEC. 18. Section 25.2 is added to the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), to read:

Sec. 25.2. In the case of a benefit assessment for the payment of principal and interest on the bonds of the district, a zone or zones, or an improvement district, the annual aggregate amount of the assessment shall, notwithstanding paragraph (2) of subdivision (a) of Section 54711 of the Government Code, not exceed the amount necessary to pay the interest on the bonds for the year and the portion of the principal thereof that will be due during the year.

After issuing any such bonds, the board of supervisors shall levy a benefit assessment pursuant to Chapter 6.1 (commencing with Section 54071) of Part 1 of Division 2 of Title 5 of the Government Code each year upon all taxable property in the zone or zones or improvement district of issuance sufficient to pay the interest upon the bonds for the year and the portion of the principal thereof which

will be due during the year.

SEC. 20. Section 26 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is repealed.

SEC. 21. Section 29 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is amended to read:

Sec. 29. All contracts for any improvement or unit of work, except as otherwise provided in this act estimated to cost in excess of fifteen thousand dollars (\$15,000) shall be let to the lowest responsible bidder in the manner provided in this act. The board of supervisors of the district shall advertise by three insertions in a daily newspaper of general circulation or two insertions in a weekly newspaper of general circulation printed and published in the district inviting sealed proposals for the construction of the improvement or work before any contract shall be made therefor, and may let by contract separately any part of the work or improvement. The board shall require the successful bidder to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material in connection therewith. The bonds shall contain the terms and conditions set forth in Sections 10223 and 10224 of the Public Contract Code and Section 3248 of the Civil Code and be subject to those sections. The board shall also have the right to reject any and all bids. If all proposals are rejected or no proposals are received pursuant to advertisement therefor, or where the estimated cost of the work does not exceed the sum of fifteen thousand dollars (\$15,000), or the work consists of channel protection, or maintenance work, or emergency work when necessary in order to protect life and property from impending flood damage, the board of supervisors may, without advertising for bids therefor, have the work done by force account. The district shall have the power to purchase in the open market, without advertising for bids therefor, materials and supplies for use in any improvement or unit of work either under contract or by force account.

SEC. 22. The territory annexed to zone one of the Riverside County Flood Control and Water Conservation District by the enactment of Section 3 of the Riverside County Flood Control and Water Conservation District Act by Section 2 of this act shall not be liable for the payment of principal and interest on the outstanding bonds on that zone and shall not be subject to the payment of taxes

or assessments levied to provide for the payment thereof.

"Owner" as used in this section means any person who is named

as an insured in such contract of insurance or document, or in a loss payable clause therein, and, whether or not he is named therein, the vendee, pledgor, or chattel mortgagor of a motor vehicle where insurance contracts subject to this section are procured with respect to the motor vehicle by or on behalf of either party to the purchase, pledge, or mortgage.

Every contract of insurance against hazards incident to ownership, maintenance, operation and use of motor vehicles shall be embodied in a document.

The original or true copy of such document shall be delivered to each owner. Where it is executed by an insurer, the insurer shall deliver the original or a true copy:

(a) To the agent or broker who negotiated the insurance, for delivery to each owner of the motor vehicle, or

(b) To each owner of the motor vehicle.

Any owner whose interest in the insured vehicle is for security purposes only may by written notice to the insurer waive delivery of such policy and in lieu thereof there shall be delivered to such owner a written certificate of insurance setting forth in brief form the matters specified in Section 381.

The agent or broker receiving such original or copy shall deliver one to each owner. Where coverage subject to this section is evidenced by a document executed by an agent licensed under Chapter 5 of Part 2 of this division, and not by an insurer, the agent and not the insurer is responsible for delivery of the original or a true copy to each owner.

The licenses of any agent or broker found by the commissioner after hearing to have violated this section may be suspended or revoked in accordance with the procedure provided in Article 13 of Chapter 5 of Part 2 of this division, or the certificate of authority of any insurer found by the commissioner after hearing to have violated this section may be suspended or revoked in accordance with the procedure provided in Section 704.

The purpose of this section is to prevent fraud or mistake in connection with the transaction of insurance covering motor vehicles and in furtherance of that purpose the commissioner may make reasonable rules and regulations therefor. Such rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

285.3. The court, upon the granting of a motion for withdrawal pursuant to Section 285.2, may toll the running of any statute of limitations, filing requirement, statute providing for mandatory dismissal, notice of appeal, or discovery requirement, for a period not to exceed 90 days, on the court's own motion or on motion of any party or attorney, when the court finds that tolling is required to avoid legal prejudice caused by the withdrawal of the legal service agency attorney.

The programs shall meet the criteria set forth in this section and in Sections 5458 and 5465. Nothing in this section shall be construed to waive any licensure requirement pursuant to the California Community Care Facilities Act (Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code) for any community care facility.

(a) A program for a short-term crisis residential alternative to hospitalization. The services in this program shall include, but not be limited to, provision of direct services to the family, specific linkages with the child's educational system and community educational resources, and development of a support system, including school and treatment referrals. The program shall be designed for children and adolescents who would otherwise be referred to a psychiatric inpatient unit. It shall be a 24-hour program, with an emphasis on stabilization and appropriate referral for further treatment or support services.

(b) A long-term residential treatment program. This program shall have an educational orientation and shall reflect the principle that education be available in the least restrictive environment. The program shall serve children and adolescents requiring an intensive support system for a period of six to 18 months, who would otherwise be at risk of periodic hospitalization. The program shall provide coordinated intervention with the child, family unit, and community education resources, and shall include aftercare services to the child and family unit to solidify gains and develop skills in linking with community services.

(c) A transitional residential program. This program may include group homes, foster homes, or homes adapted for preparing adolescents approaching majority to adjust to emancipation.

The services in this program shall include, but not be limited to, coordination with community education resources to meet the child's individual need, family services designed to strengthen the family unity of which the child is a part, and aftercare services to reinforce the gains brought about by the program and assist in community adjustment.

(d) A program for a semisupervised, independent but structured living arrangement. This program shall apply to older adolescents, who are either emancipated or who would not be returning home from out-of-home placement. Adult supervision shall be available 24-hours per day.

The services shall include, but not be limited to, prevocational and vocational linkages in the community, financial planning which may include rent subsidy assistance, and development of a social support system.

School sites or other noninstitutional settings are preferred for this program. A day treatment program for children shall offer a multidisciplinary approach and shall incorporate education, recreation, and rehabilitation activities. Services provided shall be age appropriate and age specific intensive remedial programs, including education, counselling, socialization, and recreational services. To the extent feasible, the client's family shall be included in these activities.

Day treatment services shall be designed to provide an alternative to residential placement, to provide preventive services in the early stages of family breakdown, and to reduce the need for more costly and lengthy treatment services. Aftercare services shall be available to maintain gains and prevent family regression.

(f) A socialization center program. This program shall provide a multidisciplinary approach and seek funding from a variety of agencies responsible for providing services, including, but not limited to, school districts and recreation departments. The services shall promote community acceptance of clients and the integration of their family units. Family involvement in planning activities and developing support system linkages shall be encouraged.

(g) An in-home treatment program. This program shall be designed to strengthen the child's ties with the family unit and with the greater community without removing the child from his or her home environment and community educational system.

Services provided shall include, but not be limited to, crisis intervention, direct family services, development of specific

treatment plans, development of ongoing plans utilizing available resources in the community educational system, and special programs which act as a support system for the child and family unit.

(h) Augmentation of crisis intervention program. This program shall provide specifically for evaluation, diagnosis, and disposition planning for children and adolescents in psychiatric crisis.

(i) Case management services program. This program shall emphasize prevention services and shall be designed to divert to noninstitutional programs children and adolescents at risk of involvement with traditional mental health institutions.

## CHAPTER 281

An act to amend Section 87833 of the Education Code, relating to education.

[Approved by Governor July 15, 1983. Filed with  
Secretary of State July 15, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 87833 of the Education Code is amended to read:

87833. Except as provided in Section 87834, the governing board of each community college district, when drawing an order for the salary payment due to a certificated employee of the district, shall with or without charge reduce the order by the amount which the board has been requested in a revocable written authorization by the employee to deduct for the purpose of paying the dues of the employee for membership in any local professional organization, or in any statewide professional organization, or in any other professional organization affiliated or otherwise connected with a statewide professional organization which authorizes the statewide organization to receive membership dues on its behalf and for the purpose of paying his or her pro rata share of the costs incurred by the district in making the deduction. No charge shall exceed the actual cost to the district of the dues deduction. Any revocation of a written authorization shall be in writing and shall be effective commencing with the next pay period.

Unless otherwise provided in an agreement negotiated pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the governing board shall, no later than the 10th day of each pay period for certificated employees, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the dues deductions made with respect to that organization for the previous pay period and shall transmit the total amount to that organization no later than the 15th day of each pay period for

certificated employees. When timely transmittal of dues payments by a county is necessary for a community college district to comply with the provisions of this section, the county shall act in a timely manner. If the employees of a district do not authorize the board to make a deduction to pay their pro rata share of the costs of making deductions for the payment of dues, the board shall deduct from the amount transmitted to the organization on whose account the dues payments were deducted the actual costs of making the deduction.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is a change in the amount required for the payment to the organization, the employee organization shall provide the employee with adequate and necessary data on the change at a time sufficiently prior to the effective date of the change to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the change at a time sufficiently prior to the effective date of the change to allow the employer an opportunity to make the necessary adjustments and with a copy of the notification of the change which has been sent to all concerned employees.

The governing board shall not require the completion of a new deduction authorization when a dues change has been effected or at any other time without the express approval of the concerned employee organization.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

Public postsecondary educational institutions and the Student Aid Commission shall develop a procedure to allow students to appeal decisions on whether the student has been part of an adverse home situation.

## CHAPTER 285

An act to amend Section 13000 of the Financial Code, relating to pension and retirement funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 15, 1983 Filed with  
Secretary of State July 15, 1983]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13000 of the Financial Code is amended to read:

13000. Notwithstanding any other provision of law, the administering body of any public pension or retirement fund shall give first priority to investing not less than 25 percent of all funds which become available in a fiscal year for new investments, in the following:

(a) Obligations secured by a lien or charge solely on residential realty, including rental housing, located in the state and on the security of which, commercial banks are permitted to make loans pursuant to Article 2 (commencing with Section 1220) of Chapter 10 of Division 1.

(b) Securities representing a beneficial interest in a pool of obligations secured by a lien or charge solely on residential realty located in the state.

(c) Certificates of deposit issued by savings and loan associations, if the savings and loan associations agree to make loans, or to fund tax-exempt notes or bonds issued by housing authorities, cities, or counties, on residential realty located in the state, including rental housing, in an amount equal to the amount of the deposit.

Funds subject to investment pursuant to this section include all moneys received as employer and member contributions, investment income, and the proceeds of redemption of debt securities and instruments with a maturity in excess of one year, reduced by the amount of benefit payments and withdrawals occurring during the fiscal year. In computing the amount of investment pursuant to this section, a dollar for dollar credit shall be given for residential realty investments described in this section which are contractually agreed to be made by a financial institution from which a public pension or retirement fund (in consideration thereof) purchases other such investments. In computing the amount of investment pursuant to this section, a public pension or retirement fund may elect to include the dollar amount of commitments to purchase mortgages from public revenue bond programs in the year the commitment is given; provided that such election may not exceed one-fifth of the total guideline amount.

Nothing in this division shall be construed to require the acquisition of any instrument or security at less than the market rate.

If the administering body of a fund subject to this section determines during any fiscal year that compliance with this section will result in lower overall earnings for the fund than obtainable from alternative investment opportunities that would provide equal or superior security, including guarantee of yield, the administering authority may substitute such higher yielding investments, to the extent actually available for acquisition, for the investments otherwise specified by this section. Additionally, if (and to the extent that) adherence to the diversification guideline specified in this

section would conflict with its fiduciary obligations in violation of Section 9 of Article I of the California Constitution or Section 10 of Article I of the United States Constitution, or would conflict with any standard for prudent investment of the fund as may be set forth in the California Constitution, the administering body may substitute alternative investments. In such case, the administering authority shall submit its resolution of findings and determinations, together with a description of the type, quantity, and yield of the investments substituted, to the Governor and to the Joint Legislative Audit Committee within 10 days following the conclusion of the fiscal year. Within 30 days thereafter, the Joint Legislative Audit Committee shall transmit the Auditor General's report to the Speaker of the Assembly and to the Senate Rules Committee for transmittal to affected policy committees.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Section 1360.2 of the Financial Code, to which Section 13000 refers, has been repealed, effective January 1, 1983. In order to fulfill the intent of the Legislature in enacting Section 13000, it is necessary for this act to go into immediate effect.

It is also the intent of the Legislature to reduce the administrative costs of justice system programs, to provide maximum flexibility in meeting local needs in the delivery of services, and to enhance justice system planning and coordination efforts at the state and local levels.

1806. (a) Commencing with fiscal year 1983-84, from any state moneys made available to it for the program, the Department of the Youth Authority shall provide funds to counties for the following purposes:

(1) To develop and maintain local programs for minors and adults who are eligible for commitment to the Department of Corrections or to the Department of the Youth Authority or who are considered to be at a high risk of becoming eligible for commitment.

(2) To maintain local programs for minors who have been found to be persons described by Section 602 and who are committed to a juvenile hall or to a juvenile home, ranch, camp, or forestry camp established pursuant to Sections 850 and 880.

(3) To develop and maintain programs to prevent crime and delinquency by persons who are not wards of the juvenile court or under court ordered probation supervision or serving a sentence as a result of a conviction in a court of criminal jurisdiction.

(4) To maintain programs or services required or authorized by Chapter 1071 of the Statutes of 1976.

(5) To provide funding for necessary county administrative expenses for the county justice system block grant program, including those attributable to the advisory group described in Section 1807.

(b) In utilizing funds for the purposes set forth in subdivision (a), counties shall give primary consideration to programs which are local alternatives to the commitment of minors and adults to the Department of Corrections or the Department of the Youth Authority.

(c) Funds granted to counties under this article shall not be used

for capital construction; for travel outside of the State of California; for law enforcement investigation or apprehension purposes; for the expense of prosecution or defense, except to the extent required by Chapter 1071 of the Statutes of 1976; or for the costs of confinement or detention in a jail, juvenile hall, or other secure lock-up prior to sentencing or disposition by the court.

1807. (a) Each county which intends to apply for a block grant under this article shall establish a county justice system advisory group, or may elect to substitute for that group an existing governmental entity so long as the existing entity includes or is expanded to include the officials and representatives listed in subdivision (b). The county justice system advisory group shall be responsible for making recommendations to the board of supervisors concerning the applicants to be selected for funding under this article.

(b) The county justice system advisory group shall be composed of the chief probation officer; the sheriff; the presiding judge of the superior court; the chairperson of the juvenile justice commission or of the delinquency prevention commission; the district attorney; the public defender; the county superintendent of schools; the county administrative officer; one chief of police of a city above the median population of cities within the county; one chief of police of a city below the median population of cities within the county; one representative of a private agency which provides services to juvenile offenders; one representative of a private agency which provides services to adult offenders; one public member who has never been employed by a law enforcement agency; and one representative from each of three private community-based adult or juvenile assistance agencies involved in the prevention or treatment of delinquency or criminal activity, each appointed by the board of supervisors. The board of supervisors may expand the membership as it deems necessary. Any member of the group may designate an alternate.

(c) In any county lacking two chiefs of police, a substitute member who is a representative of city government shall be selected by the board of supervisors to serve as a member of the group. In any county in which there is more than one eligible person for a position of membership designated in subdivision (b), the board of supervisors shall select one of them as a member of the group. In any county in which a position of membership designated in subdivision (b) does not exist, the board of supervisors shall select, to the extent possible, an equivalent substitute.

(d) In the case where the city and county are a single entity, the appointive members of the county justice system advisory group shall be appointed by the mayor subject to confirmation by the board of supervisors. The county justice system advisory group shall, pursuant to subdivision (f), submit the recommendations to the mayor and the board of supervisors. Any application for funding pursuant to subdivision (a) of Section 1808 shall be approved by the

mayor and by the board of supervisors prior to submission to the Department of the Youth Authority.

(e) The chairperson of the group shall be selected by its members. Reasonable and necessary expenses incurred by the group and its members in the performance of its duties may be paid by the county, and any application for funding under this article may include a provision for payment of these expenses as specified in Section 1806.

(f) The advisory group shall, to the extent necessary to carry out its responsibilities pursuant to subdivision (a), assess county justice system needs, evaluate alternative programs for meeting those needs, and make written recommendations to the board of supervisors regarding those needs. One or more public hearings shall be conducted by the group for purposes of receiving public testimony to assist it in its duties. The group shall consider the testimony in the formulation of its recommendations to the board of supervisors.

(g) The board of supervisors shall conduct one or more public hearings to review and consider the recommendations of the group as a part of its determination of the allocation of the county's block grant.

1808. (a) Applications for a block grant under this article shall be submitted to the Department of the Youth Authority on or before the date specified by the Department of the Youth Authority. The application shall consist of a resolution or order certified by the board of supervisors that the funds will be spent for the purposes set forth in subdivision (a) of Section 1806 and shall specify the amount of funds to be allocated to each of the five program purposes set forth in subdivision (a) of Section 1806.

(b) No county shall be entitled to receive funds under this article until the Department of the Youth Authority certifies to the Controller that the county's application complies with the provisions of subdivision (a).

1809. (a) The funding fiscal year entitlement of each county applying for funding under this article shall be determined in the following manner:

(1) Counties which received funds in the 1982-83 fiscal year under former Article 7 (commencing with Section 1805) of Chapter 1 of Division 2.5, as that article existed during fiscal year 1982-83, in an amount determined pursuant to former subdivision (b) of Section 1813, shall receive the same amount in the funding year, as adjusted pursuant to other provisions of this section. To the extent that the total appropriation for purposes of this article differs from the total appropriation for the former article for the 1982-83 fiscal year, the funding year entitlement of counties pursuant to this paragraph shall be increased or decreased proportionally.

(2) Counties which received funds in the 1982-83 fiscal year under former Article 7 (commencing with Section 1805) of Chapter 1 of Division 2.5, as that article existed during fiscal year 1982-83, in an amount determined pursuant to former subdivision (a) of Section

1813, shall receive the portion of the total appropriation for the funding year that remains after the counties described in paragraph (1) of subdivision (a) have been allocated their entitlements. The amount each county described in this paragraph shall be entitled to shall be determined on a per capita basis by dividing the total amount available for distribution to the counties by the total population of all such counties. The population data to be used for purposes of this paragraph shall be the estimated population as certified by the Department of Finance for July 1 of the year preceding the funding year; however, no county shall be considered to have a population of less than 20,000 persons.

(b) It is the intent of the Legislature that the amount appropriated for purposes of block grants to counties under this article shall continue during future funding fiscal years at no less than the amount available under former Article 7 (commencing with Section 1805) of Chapter 1 of Division 2.5 during the 1982-83 fiscal year, as adjusted by the annual cost increase percentages as the Legislature shall determine appropriate for other local assistance programs for which there is no statutory cost-of-living adjustment provision.

(c) The Legislature hereby declares that the annual appropriation for purposes of this article includes all reimbursements for the state-mandated costs of Chapter 1071 of the Statutes of 1976 and that any county electing to apply for funding under this article waives its entitlement under any other provision of law to those state-mandated costs.

(d) Each county's funding year entitlement distribution shall be made quarterly, in advance, in four equal payments. Each county shall, by September 30 of each year, submit a financial statement showing funds expended for each of the five program categories specified by subdivision (a) of Section 1806 during the preceding funding year.

(e) Any block grant funds, including any income earned on the funds, not used for actual expenditures for the purposes set forth in subdivision (a) of Section 1806 during the funding year or one subsequent fiscal year shall revert to the state, except that interest earned on block grant funds is available for use by the county for any purpose. All distributions and expenditures of funds under this article shall be subject to audit by the Controller.

1810. (a) If during any fiscal year in which a county receives funds under this article, the county reduces the capacity of its juvenile homes, ranches, camps, or forestry camps below the capacity for those facilities during fiscal year 1982-83, and if during the 12-month period subsequent to the month of the reduction, or any subsequent 12-month period, there is an increase of commitments from the county's juvenile court to the Department of the Youth Authority above the number of the commitments during the 1982-83 fiscal year, the county's entitlement to funding under this article shall be reduced by an amount equivalent to the actual

cost, as determined by the Department of the Youth Authority, of increasing capacity to the fiscal year 1982-83 level or by an amount equal to the increase in commitments from the juvenile court to the Department of the Youth Authority, whichever is less. However, if within 90 days of receiving notice from the department of the extent of the increase in commitments, the county increases its juvenile home, ranch, camp or forestry camp capacity for the rest of the current fiscal year in an amount equal to the reduction of that capacity, or in an amount equal to the increase in commitments from the juvenile court to the Department of the Youth Authority, whichever is less (except that the increases in capacity shall be in increments of 10 beds to the extent required to meet or surpass the required increase, but not in excess of the amount of the reduction of capacity), the funding shall not be reduced.

Any reduction shall be applied to the next payment or payments to which the county is otherwise entitled.

(b) Any commitment of funds or reduction in entitlement required under subdivision (a) shall not reduce the county's entitlement below the level of funding required to maintain the programs or services mandated by Chapter 1071 of the Statutes of 1976, as approved by the Board of Control for fiscal year 1977-78 and as increased by inflationary factors determined by the Department of Finance.

(c) A county that provides juvenile home, ranch, or camp space to another county pursuant to contract shall not have its entitlement reduced pursuant to this section if it reduces its capacity based on a reduction in the amount of space provided pursuant to contract.

(d) The provisions of this section shall not be applicable to a reduction in capacity occurring as a result of an act of God.

(e) As used in this section, "juvenile home, ranch, camp, or forestry camp" means those facilities as are established pursuant to Article 24 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2.

1811. (a) Except as provided in subdivision (b), any funds which were received by a county pursuant to former Article 7 (commencing with Section 1805) of Chapter 1 of Division 2.5 but were not expended prior to the repeal of the county justice system subvention program as enacted by Chapter 461 of the Statutes of 1978, shall revert to the state unless those funds are expended within the fiscal year subsequent to the year of distribution.

(b) Notwithstanding any other provision of law, any funds encumbered annually by a county pursuant to former Article 7 (commencing with Section 1805) of Chapter 1 of Division 2.5) for capital construction shall revert to the state unless those funds are expended by June 30, 1985.

(c) All expenditures made pursuant to this section shall be in accordance with the provisions of the county justice system subvention program as enacted by Chapter 461 of the Statutes of 1978.

1812. The Department of the Youth Authority shall adopt such rules and regulations as are necessary for the administration of this article.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent the state from being without a plan for distributing criminal justice subvention funds, it is necessary that this act take effect immediately.

[Approved by Governor July 15, 1983. Filed with  
Secretary of State July 15, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 43.7 of the Civil Code is amended to read:

43.7. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any member of a duly appointed mental health professional quality assurance committee that is established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code, for any act or proceeding undertaken or performed within the scope of the functions of any such committee which is formed to review and evaluate the adequacy, appropriateness, or effectiveness of the care and treatment planned for, or provided to, mental health patients in order to improve quality of care by mental health professionals if such committee member acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after such reasonable effort to obtain facts.

(b) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any member of a duly appointed committee of a state or local professional society, or duly appointed member of a committee of a professional staff of a licensed hospital (provided the professional staff operates pursuant to written bylaws that have been approved by the governing board of the hospital), for any act or proceeding undertaken or performed within the scope of the functions of any such committee which is formed to maintain the professional standards of the society established by its bylaws, or any member of any peer review committee whose purpose is to review the quality of medical, dental, dietetic, or

veterinary services rendered by physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, veterinarians, or psychologists which committee is composed chiefly of physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, veterinarians, or psychologists for any act or proceeding undertaken or performed in reviewing the quality of medical, dental, dietetic, or veterinary services rendered by physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, veterinarians, or psychologists or any member of the governing board of a hospital in reviewing the quality of medical services rendered by members of the staff if such committee or board member acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after such reasonable effort to obtain facts. "Professional society" includes legal, medical, psychological, dental, dental hygiene, dietetic, accounting, optometric, podiatric, pharmaceutical, chiropractic, physical therapist, veterinary, and engineering organizations having as members at least a majority of the eligible persons or licentiates in the geographic area served by the particular society.

(d) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any physician and surgeon or podiatrist who is a member of an underwriting committee of an interindemnity or reciprocal or interinsurance exchange or mutual company for any act or proceeding undertaken or performed in evaluating physicians and surgeons or podiatrists for the writing of professional liability insurance, or any act or proceeding undertaken or performed in evaluating physicians and surgeons for the writing of an interindemnity, reciprocal, or interinsurance contract as specified in Section 1280.7 of the Insurance Code, if such evaluating physician or surgeon or podiatrist acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after such reasonable effort to obtain such facts.

(e) This section shall not be construed to confer immunity from liability on any quality assurance committee established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code, professional society, or hospital. In any case in which, but for the enactment of the preceding provisions of this section, a cause of action would arise against a quality assurance committee established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code, hospital, or professional society, such cause of action shall exist as if the preceding provisions of this section had not been enacted.

SEC. 2. Section 43.95 of the Civil Code is amended to read:

43.95. (a) There shall be no monetary liability on the part of, and

no cause of action for damages shall arise against, any professional society or any nonprofit corporation authorized by such society to operate a referral service, or their agents, employees, or members, for referring any member of the public to any professional member of such society or service, or for acts of negligence or conduct constituting unprofessional conduct committed by a professional to whom a member of the public was referred, so long as any of the foregoing persons or entities has acted without malice, and the referral was made at no cost added to the initial referral fee as part of a public service referral system organized under the auspices of the professional society. Further, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society for providing a telephone information library available for use by the general public without charge, nor against any nonprofit corporation authorized by such society for providing a telephone information library available for use by the general public without charge. "Professional society" includes legal, psychological, architectural, dental, dietetic, accounting, optometric, podiatric, pharmaceutical, chiropractic, and engineering organizations having as members at least a majority of the eligible persons or licentiates in the area served by the particular society, or organizations with referral services which have been authorized by the State Bar of California and operated in accordance with its Minimum Standards for a Lawyer Referral Service in California, and organizations which have been established to provide free assistance or representation to needy patients or clients.

(b) This section shall not apply whenever the professional society, while making a referral to a professional member of such society, fails to disclose the nature of any disciplinary action of which it has actual knowledge taken by a state licensing agency against that professional member. However, there shall be no duty to disclose a disciplinary action in either of the following cases:

(1) Where a disciplinary proceeding results in no disciplinary action being taken against the professional to whom a member of the public was referred; or

(2) Where a period of three years has elapsed since the professional to whom a member of the public was referred has satisfied any terms, conditions, or sanctions imposed upon such professional as disciplinary action; except that if the professional is an attorney, there shall be no time limit on the duty to disclose.

SEC. 3. Section 1157 of the Evidence Code is amended to read:

1157. Neither the proceedings nor the records of organized committees of medical, medical-dental, registered dietitian, or veterinary staffs in hospitals having the responsibility of evaluation and improvement of the quality of care rendered in the hospital or medical or dental review or dental hygienist review or chiropractic review or veterinary review or registered dietitian review committees of local medical, dental, dental hygienist, dietetic, veterinary, or chiropractic societies shall be subject to discovery.

Except as hereinafter provided, no person in attendance at a meeting of any such committee shall be required to testify as to what transpired thereat. The prohibition relating to discovery or testimony shall not apply to the statements made by any person in attendance at such a meeting who is a party to an action or proceeding the subject matter of which was reviewed at such meeting, or to any person requesting hospital staff privileges, or in any action against an insurance carrier alleging bad faith by the carrier in refusing to accept a settlement offer within the policy limits.

The prohibitions contained in this section shall not apply to medical, dental, dental hygienist, dietetic, veterinary or chiropractic society committees that exceed 10 percent of the membership of the society, nor to any such committee if any person serves upon the committee when his own conduct or practice is being reviewed.

Secretary of State July 15, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 667 is added to the Probate Code, to read:

667. This section is declaratory of, and does not constitute a change in, existing law.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify that the declared homestead of a deceased person for the benefit of the spouse or minor child of the deceased is not terminated on the death of the deceased, and to assure that the existing allowable homestead exemption on the residence of the spouse is not invaded by preexisting creditors of the spouse of the deceased, the deceased, or minor children of the deceased at the earliest possible time, it is therefore necessary that this act take effect immediately.

SECTION 1. Section 120450 of the Public Utilities Code is amended to read:

120450. Violation of any ordinance, rule, or regulation enacted by the board relating to the nonpayment of a fare in any transit facility owned or controlled by the board shall be an infraction punishable by a fine not exceeding fifty dollars (\$50), except that such a violation by a person, after the second conviction under this section, shall be a misdemeanor punishable by a fine not exceeding five hundred dollars (\$500) or by imprisonment not exceeding six months, or by both such fine and imprisonment.

SEC. 2. Section 120450.5 is added to the Public Utilities Code, to read:

120450.5. *The people of the State of California do enact as follows:*

SECTION 1. Chapter 12.5 (commencing with Section 54985) is added to Part 1 of Division 2 of Title 5 of the Government Code, to read:

## CHAPTER 12.5. COUNTY FEES

54985. (a) Notwithstanding any other provision of law which prescribes an amount or otherwise limits the amount of a fee or charge which may be levied by a county, a county service area, or a county waterworks district governed by a county board of supervisors, a county board of supervisors shall have the authority to increase or decrease any fee or charge, which is otherwise authorized to be levied by another provision of law, in the amount reasonably necessary to recover the cost of providing any product or service or the cost of enforcing any regulation for which the fee or charge is levied. The fee or charge may reflect the average cost of providing any product or service or enforcing any regulation. Indirect costs which may be reflected in the cost of providing any product or service or the cost of enforcing any regulation shall be limited to those items that are included in the federal Office of Management and Budget Circular A-87 on January 1, 1984.

(b) If any person disputes whether a fee or charge levied pursuant to subdivision (a) is reasonable, the board of supervisors may request the county auditor to conduct a study and to determine whether such fee or charge is reasonable.

Nothing in this subdivision shall be construed to mean that the county shall not continue to be subject to fee review procedures required by Article XIII B of the California Constitution.

(c) This chapter shall not apply to any of the following:

(1) Any fee charged or collected by a court clerk pursuant to Section 26820.4, 26823, 26824, 26826, 26827, 26827.4, 26830, 72054, 72055, 72056, 72059, 72060, or 72061 of the Government Code or Section 10554 of the Health and Safety Code.

(3) Any standby or availability assessment or charge.

(4) Any fee charged or collected by a county agricultural commissioner.

(6) Any fee charged or collected by a county recorder or local registrar for filing, recording, or indexing any document, performing any service, issuing any certificate, or providing a copy of any document pursuant to Section 2103 of the Code of Civil Procedure, Section 27361, 27361.1, 27361.2, 27361.3, 27361.4, 27361.8, 27364, 27365, or 27366 of the Government Code, Section 10605 of the Health and Safety Code, or Section 9407 of the Uniform Commercial Code.

(7) Any fee charged or collected pursuant to Article 7 (commencing with Section 26720) of Chapter 2 of Part 3 of Division 2 of Title 3 of the Government Code.

54986. (a) Prior to either approving an increase in an existing fee or charge or initially imposing a new fee or charge pursuant to Section 54985, the board of supervisors shall hold at least one public meeting, at which oral or written presentations may be made, as part of a regularly scheduled meeting. Notice of the time and place of the meeting, including a general explanation of the matter to be considered, and a statement that the data required by this section is available, shall be mailed at least 14 days prior to the meeting to any interested party who files a written request with the clerk of the board of supervisors for mailed notice of the meeting on new or increased fees or charges. Any written request for such mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for such mailed notices shall be filed on or before April 1st of each year. The board of supervisors may establish a reasonable annual charge for sending those notices based on the estimated cost of providing that service. At least 10 days prior to the meeting, the board of supervisors shall make available to the public data indicating the amount of cost, or estimated cost, required to provide the product or service or the cost of enforcing any regulation for which the fee or charge is levied and the revenue sources anticipated to provide the product or service or the cost of enforcing any regulation, including general fund revenues.

(b) Any action by a board of supervisors to levy a new fee or charge or to approve an increase in an existing fee or charge shall be taken only by ordinance.

(c) Any costs incurred by a county, a county service area, or county waterworks district governed by a county board of supervisors in conducting the meeting or meetings required pursuant to subdivision (a) may be recovered from fees charged for the product or service or the cost of enforcing any regulation which were the subject of the meeting.

54987. (a) This chapter shall not be construed as granting any additional authority to levy any fee or charge which is not otherwise authorized by another provision of law nor shall its provisions be construed as granting authority to levy a new fee or charge when

other provisions of law specifically prohibit the levy of a fee or charge.

(b) This chapter shall not be construed as requiring counties, county service areas, or county waterworks districts governed by a county board of supervisors to review or revise any fee or charge which is in effect January 1, 1984.

## CHAPTER 298

An act to amend Sections 35014, 35150, and 35224.5 of, and to add Section 35142 to, the Government Code, relating to cities.

[Approved by Governor July 16, 1983. Filed with  
Secretary of State July 16, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 35014 of the Government Code is amended to read:

35014. (a) The authority to initiate, conduct, and complete any proceeding pursuant to Section 35013 shall not apply to any territory which, after January 1, 1978, became surrounded or substantially surrounded by the city to which annexation is proposed. The authority to initiate, conduct, and complete any proceeding pursuant to Section 35013 shall expire 10 years after January 1, 1978. The 10-year time limit specified in this section shall not include any period of time during which, in an action pending in any court, a local agency is enjoined from conducting proceedings pursuant to Section 35013. Upon final disposition of such case, the previously enjoined local agency shall be authorized to initiate, conduct and complete proceedings pursuant to Section 35013 for the same period of time as was remaining under the 10-year limit at the time the injunction commenced. However, if the remaining time is less than six months, such authority shall continue for six months following

final disposition of the action.

(b) No new proposal involving the same or substantially the same territory as a proposal initiated pursuant to Section 35013 after January 1, 1984, shall be initiated for two years after the date of adoption by the commission or by the conducting authority of a resolution terminating proceedings.

SEC. 2. Section 35142 is added to the Government Code, to read:

35142. Prior to submitting a resolution of application for the annexation of territory described in subdivision (f) of Section 35150 to the commission, the legislative body adopting the resolution shall conduct a public hearing on the resolution. Notice of the hearing shall be published pursuant to Sections 6060 and 6061. At the hearing, any landowner shall be given an opportunity to present his or her views on the resolution.

SEC. 3. Section 35150 of the Government Code is amended to read:

35150. The commission shall have the powers and duties set forth in Chapter 6.6 (commencing with Section 54773) of Part 1, Division 2, Title 5, and such additional powers and duties as are specified in this part, including the following:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally proposals for the incorporation of cities, for changes of organization of cities, and municipal reorganizations; provided, however, that a commission shall not have the power to disapprove an annexation, initiated by resolution, of contiguous territory which the commission finds is either (1) surrounded or substantially surrounded by the city to which the annexation is proposed or by such city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 35046, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city or, (2) located within an urban service area which has been delineated and adopted by a commission, which is not prime agricultural land, as defined in Section 35046, and is designated for urban growth by the general plan of the annexing city.

As a condition to the annexation of an area, which is surrounded or substantially surrounded by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this chapter, that the annexation include the entire island of surrounded or substantially surrounded territory.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city, or with regard to a proposal for municipal reorganization which includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or municipal reorganization, is inhabited or uninhabited. Such determination shall be based on the definitions of "inhabited territory" contained in Section 35038.

(c) With regard to a proposal for consolidation of two or more cities, to determine which city shall be the consolidated, successor city.

(d) To adopt standards and procedures for the evaluation of plans for providing municipal services submitted pursuant to Section 35102.

(e) To waive the restrictions of Section 35010, if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed as a result of incorporation or annexation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(f) To approve the annexation after notice and hearing, and authorize the conducting authority to order annexation of the territory without an election if the commission finds that the territory contained in an annexation proposal:

(1) Does not exceed 75 acres in area, such area constitutes the entire island, and such island does not constitute a part of an unincorporated area which is more than 100 acres in area.

(2) (A) Is surrounded or substantially surrounded by the city to which annexation is proposed or by such city and a county boundary or the Pacific Ocean; or

(B) Is surrounded by the city to which annexation is proposed and adjacent cities.

(3) Is substantially developed or developing.

(4) Is not prime agricultural land as defined in Section 35046.

(5) Will benefit from such annexation or is receiving benefits from the annexing city.

The finding required pursuant to paragraph (3) of this subdivision shall be based upon one or more factors, including, but not limited to:

(A) The availability of public utility services.

(B) The presence of public improvements.

(C) The presence of physical improvements upon the parcel or parcels within such area.

(g) To approve the annexation of unincorporated, noncontiguous territory not exceeding 160 acres in area, located in the same county as that in which the city is located, and which is owned by a city and used for municipal purposes; and to authorize the conducting authority to annex such territory without notice or hearing.

(h) Subject to the provisions of Section 35031, to designate in the resolution making determinations the conducting authority for proceedings.

(i) When a municipal reorganization includes the annexation of inhabited territory to a city and the assessed value of land within such territory equals one-half or more of the assessed value of land within the city, or the number of registered voters residing within such territory equals one-half or more of the number of registered voters residing within the city, to determine as a condition of the

reorganization that the reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of the city to which annexation is proposed.

(j) With respect to the incorporation of a new city, to determine the number of inhabitants or the number of registered voters residing within the proposed city.

Except as otherwise provided in this part, such powers and duties shall be exercised in accordance with the provisions of Chapter 6.6 (commencing with Section 54773) of Part 1 of Division 2 of Title 5. To the extent of any inconsistency between Chapter 6.6 and this part, the provisions of this part shall control.

This section shall remain in effect only until January 1, 1988, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends such date.

SEC. 4. Section 35224.5 of the Government Code is amended to read:

35224.5. (a) With respect to a proceeding initiated before January 1, 1981, when approved and authorized by the commission pursuant to subdivision (f) of Section 35150, the conducting authority shall, not later than 35 days after conclusion of the hearing, adopt a resolution ordering the annexation without an election or shall by resolution, terminate proceedings. The provisions of Sections 35225, 35226, 35227, 35228, and 35229 shall not apply to any annexation subject to the provisions of this subdivision.

(b) With respect to a proceeding initiated on or after January 1, 1984, when approved and authorized by the commission pursuant to subdivision (f) of Section 35150, the provisions of Sections 35225, 35226, 35227, and 35229 shall apply and the provisions of Section 35228 shall not apply.

(i) If the territory proposed to be annexed is inhabited, the conducting authority, not more than 30 days after conclusion of the hearing, shall adopt a resolution making a finding regarding the value of written protests filed and not withdrawn and shall either: (A) terminate proceedings if written protests have been filed and not withdrawn by 50 percent or more of the registered voters within the affected territory; or, (B) order the territory annexed without an election.

(ii) If the territory proposed to be annexed is uninhabited, the conducting authority, not more than 30 days after conclusion of the hearing, shall adopt a resolution which either: (A) terminates proceedings; or, (B) orders the territory annexed.

SEC. 5. (a) With respect to cities affected by this act, no appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

(b) With respect to local agencies other than cities affected by this act, no appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act will result in only minor costs being incurred by the affected local agencies.

(c) With respect to local agency formation commissions affected by this act, no appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the commissions possess authority to impose fees to recoup costs incurred by them pursuant to this act.

representative stating that the prisoner has, by express statement or action, indicated an intent not to appear at such proceeding.

In any other action in which a prisoner's parental or marital rights are subject to adjudication, an order for the prisoner's temporary removal from such institution and for the prisoner's production before the court may be made by the superior court of the county in which such action is pending, or by a judge thereof. A copy of the order shall be transmitted to the warden, superintendent, or other person in charge of such institution not less than 48 hours before the order is to be executed. The order shall be executed by the sheriff of the county in which it shall be made, whose duty it shall be to bring the prisoner before the proper court, to safely keep the prisoner and when the prisoner's presence is no longer required to return the prisoner to the institution from whence he or she was taken; the expense of executing such order shall be a proper charge against and shall be paid by, the county in which the order shall be made.

## CHAPTER 302

An act to amend Sections 663a and 1291 of the Code of Civil Procedure, and Sections 4363.2, 4512, 4550, 4554, and 4801 of the Civil Code, relating to statements of decisions.

[Approved by Governor July 16, 1983 Filed with  
Secretary of State July 16, 1983]

*The people of the State of California do enact as follows:*

SECTION 1. Section 663a of the Code of Civil Procedure is amended to read:

663a. The party intending to make the motion mentioned in the last section must file with the clerk and serve upon the adverse party a notice of his intention, designating the grounds upon which the motion will be made, and specifying the particulars in which the

legal basis for the decision is not consistent with or supported by the facts, or in which the judgment or decree is not consistent with the special verdict, either

1. Before the entry of judgment; or

2. Within 15 days of the date of mailing of notice of entry of judgment by the clerk of the court pursuant to Section 664.5, or service upon him by any party of written notice of entry of judgment, or within 180 days after the entry of judgment, whichever is earliest.

The provisions of Section 1013 of this code extending the time for exercising a right or doing an act where service is by mail shall not apply to extend the time above specified.

An order of the court granting such motion may be reviewed on appeal in the same manner as a special order made after final judgment.

SEC. 2. Section 1291 of the Code of Civil Procedure is amended to read:

1291. A statement of decision shall be made by the court, if requested pursuant to Section 632, whenever an order or judgment, except a special order after final judgment, is made that is appealable under this title.

SEC. 3. Section 4363.2 of the Civil Code is amended to read:

4363.2. (a) The provisions of this section shall govern any proceeding in which an employee pension benefit plan has been joined as a party. To the extent not in conflict with this section and except as otherwise provided by rules adopted by the Judicial Council pursuant to Section 4001, all provisions of law applicable to civil actions generally shall apply regardless of nomenclature to the portion of such proceeding as to which the plan has been joined as a party if they would otherwise apply to such proceeding without reference to this section.

(b) The employee pension benefit plan may, but need not, file an appropriate responsive pleading with its notice of appearance. If it does not, then all statements of fact and requests for relief contained in any pleading served on the plan shall be deemed controverted by the plan's notice of appearance.

(c) Either party or their representatives may notify the plan of any proposed property settlement as it concerns the plan prior to the interlocutory hearing. If so notified, the plan may stipulate to the proposed settlement or advise the representative that it will contest the proposed settlement.

(d) The employee pension benefit plan shall not be required to, but may, appear at any hearing in the proceeding. For purposes of the Code of Civil Procedure, the plan shall be considered a party appearing at the trial with respect to any hearing at which the interest of the parties in the plan is an issue before the court. Those provisions of any order entered at or as a result of a hearing not attended by the plan (whether or not the plan received notice of the hearing) which affect the plan or which affect any interest either the petitioner or respondent may have or claim under the plan, shall not

become effective until 30 days after the order has been served upon the employee pension benefit plan; provided, however, that the plan may waive all or any portion of the 30-day period. If within the 30-day period, the plan files in the proceeding a motion to set aside or modify those provisions of the order affecting it, such provisions shall not become effective until the court has resolved the motion.

If the provisions of the order affecting the plan are modified or set aside, the court, on motion by either party, may set aside or modify other provisions of the order related to or affected by the provisions affecting the employee pension benefit plan.

(e) At any hearing on a motion to set aside or modify an order pursuant to subdivision (d), any party may present further evidence on any issue relating to the rights of the parties under the employee pension benefit plan or the extent of the parties' community or quasi-community property interest in the plan. Any statement of decision issued by the court with respect to the order which is the subject of the motion shall take account of such evidence.

SEC. 4. Section 4512 of the Civil Code is amended to read:

4512. In actions for dissolution of the marriage, the court must file its decision and any statement of decision as in other cases, and if it determines that no dissolution shall be granted, final judgment must therefore only be entered accordingly. If it determines that a dissolution ought to be granted, an interlocutory judgment must be entered declaring that the parties are entitled to have their marriage dissolved. After the entry of the interlocutory judgment, neither party shall have the right to dismiss the action without the consent of the other.

SEC. 5. Section 4550 of the Civil Code is amended to read:

4550. A marriage may be dissolved by the summary dissolution procedure specified in this chapter when all of the following conditions exist at the time the proceeding is commenced:

(a) Either party has met the jurisdictional requirements of Sections 4530 and 4531 with regard to dissolution of marriage.

(b) Irreconcilable differences have caused the irremediable breakdown of the marriage and the marriage should be dissolved.

(c) There are no children of the relationship of the parties born before or during the marriage or adopted by the parties during the marriage, and the wife, to her knowledge, is not pregnant.

(d) The marriage is not more than five years in duration at the time the petition is filed.

(e) Neither party has any interest in real property wheresoever situated, with the exception of the lease of a residence occupied by either party, if it does not include an option to purchase, and if it terminates within one year from the date of the filing of the petition.

(f) There are no unpaid obligations in excess of four thousand dollars (\$4,000) incurred by either or both of the parties after the date of their marriage, excluding the amount of any unpaid obligation with respect to an automobile.

(g) The total fair market value of community property assets,

excluding all encumbrances and automobiles, is less than twelve thousand dollars (\$12,000) and neither party has separate property assets, excluding all encumbrances and automobiles, in excess of twelve thousand dollars (\$12,000).

(h) The parties have executed an agreement setting forth the division of assets and the assumption of liabilities of the community, and have duly executed any documents, title certificates, bills of sale, or other evidence of transfer necessary to effectuate the agreement.

(i) The parties waive any rights to spousal support.

(j) The parties, upon entry of final judgment of dissolution of marriage, irrevocably waive their respective rights to appeal and their rights to move for a new trial.

(k) The parties have read and understand the summary dissolution brochure provided for in Section 4556.

(l) The parties desire that the court dissolve the marriage.

On January 1, 1985, and on January 1 of each odd-numbered year thereafter, the amounts in subdivisions (f) and (g) shall be adjusted to reflect any change in the value of the dollar. The adjustments shall be made by multiplying the base amounts by the percentage change in the California Consumer Price Index as compiled by the Department of Industrial Relations, with the result rounded to the nearest thousand dollars. The Judicial Council shall compute and publish the amounts.

SEC. 6. Section 4554 of the Civil Code is amended to read:

4554. Entry of the final judgment shall constitute a final adjudication of the rights and obligations of the parties with respect to the status of the marriage and property rights and shall constitute a waiver of their respective rights to spousal support, rights to appeal, and rights to move for a new trial.

SEC. 7. Section 4801 of the Civil Code is amended to read:

4801. (a) In any judgment decreeing the dissolution of a marriage or a legal separation of the parties, the court may order a party to pay for the support of the other party any amount, and for any period of time, as the court may deem just and reasonable. In making the award, the court shall consider the following circumstances of the respective parties:

(1) The earning capacity of each spouse, taking into account the extent to which the supported spouse's present and future earning capacity is impaired by periods of unemployment that were incurred during the marriage to permit the supported spouse to devote time to domestic duties.

(2) The needs of each party.

(3) The obligations and assets, including the separate property, of each.

(4) The duration of the marriage.

(5) The ability of the supported spouse to engage in gainful employment without interfering with the interests of dependent children in the custody of the spouse.

(6) The time required for the supported spouse to acquire

appropriate education, training, and employment.

(7) The age and health of the parties.

(8) The standard of living of the parties.

(9) Any other factors which it deems just and equitable.

At the request of either party, the court shall make appropriate factual determinations with respect to the circumstances. The court may order the party required to make the payment of support to give reasonable security therefor. Any order for support of the other party may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. At the request of either party, the order of modification or revocation shall include a statement of decision and may be made retroactive to the date of filing of the notice of motion or order to show cause to modify or revoke, or to any date subsequent thereto.

(b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party.

(c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of the person terminates upon the happening of the contingency. If the party to whom payments are to be made fails to notify the person ordered to make the payments, or the attorney of record of the person so ordered, of the happening of the contingency and continues to accept support payments, the supported party shall refund any and all moneys received which accrued after the happening of the contingency, except that the overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make such payments, or his or her attorney of record, of the happening of the contingency.

(d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order retains jurisdiction.

(e) In any proceeding under this section the court may order a party to submit to an examination by a vocational training consultant. The order may be made only on motion, for good cause shown, and upon notice to the party to be examined and to all parties, and shall specify the time, place, manner, conditions, scope of the examination and the person or persons by whom it is to be made. The party refusing to comply with such an order shall be subject to the same consequences provided for failure to comply with an examination ordered pursuant to Section 2032 of the Code of Civil Procedure.

(f) For the purposes of this section, "vocational training consultant" means an individual with sufficient knowledge, skill, experience, training, or education relating to interviewing, the

testing and analysis of work skills, the planning of courses of training and study, the formulation of career goals, and the work market to qualify as an expert in vocational training under Section 720 of the Evidence Code.

SEC. 8. Section 4801.5 of the Civil Code is amended to read:

4801.5. (a) Except as otherwise agreed to by the parties in writing, there shall be a rebuttable presumption, affecting the burden of proof, of decreased need for support if the supported party is cohabiting with a person of the opposite sex. Upon a determination that circumstances have changed, the court may modify the payment of support as provided for in subdivision (a) of Section 4801.

(b) Holding oneself out to be the husband or wife of the person with whom one is cohabiting is not necessary to constitute cohabitation as the term is used in this section.

(c) Nothing in this section shall preclude later modification of support upon proof of change of circumstances.

SEC. 9. The changes made by this act in subdivisions (f), (g), and (l) of Section 4550 of the Civil Code are declaratory of existing law.

## CHAPTER 304

An act to amend Section 4600.5 of the Civil Code, relating to custody.

[Approved by Governor July 16, 1983. Filed with  
Secretary of State July 16, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4600.5 of the Civil Code is amended to read:  
4600.5. (a) There shall be a presumption, affecting the burden of proof, that joint custody is in the best interests of a minor child where the parents have agreed to an award of joint custody or so agree in open court at a hearing for the purpose of determining the custody of a minor child of the marriage.

(b) Upon the application of either parent, joint custody may be awarded in the discretion of the court in other cases. For the purpose of assisting the court in making a determination whether an award of joint custody is appropriate under this subdivision, the court may direct that an investigation be conducted pursuant to the provisions of Section 4602.

(c) Whenever a request for joint custody is granted or denied, the court, upon the request of any party, shall state in its decision the reasons for granting or denying the request. A statement that joint physical custody is, or is not, in the best interest of the child shall not be sufficient to meet the requirements of this subdivision.

(d) For the purposes of this part:

(1) "Joint custody" means joint physical custody and joint legal custody.

(2) "Sole physical custody" means that a child shall reside with and under the supervision of one parent, subject to the power of the court to order visitation.

(3) "Joint physical custody" means that each of the parents shall have significant periods of physical custody. Joint physical custody shall be shared by the parents in such a way so as to assure a child

of frequent and continuing contact with both parents.

(4) "Sole legal custody" means that one parent shall have the right and the responsibility to make the decisions relating to the health, education, and welfare of a child.

(5) "Joint legal custody" means that both parents shall share the right and the responsibility to make the decisions relating to the health, education, and welfare of a child.

(e) In making an order of joint legal custody, the court shall specify the circumstances under which the consent of both parents is required to be obtained in order to exercise legal control of the child and the consequences of the failure to obtain mutual consent. In all other circumstances, either parent acting alone may exercise legal control of the child. An order of joint legal custody shall not be construed to permit an action that is inconsistent with the physical custody order unless the action is expressly authorized by the court.

(f) In making an order of joint physical custody, the court shall specify the right of each parent to the physical control of the child in sufficient detail to enable a parent deprived of that control to implement laws for relief of child snatching and kidnapping.

(g) In making an order for custody with respect to both parents, the court may award joint legal custody without awarding joint physical custody.

(h) In making an order of joint physical custody or joint legal custody, the court may specify one parent as the primary caretaker of the child and one home as the primary home of the child, for the purposes of determining eligibility for public assistance.

(i) Any order for joint custody may be modified or terminated upon the petition of one or both parents or on the court's own motion if it is shown that the best interests of the child require modification or termination of the order. The court shall state in its decision the reasons for modification or termination of the joint custody order if either parent opposes the modification or termination order.

(j) Any order for the custody of a minor child of a marriage entered by a court in this state or any other state may, subject to the jurisdictional requirements set forth in Sections 5152 and 5163, be modified at any time to an order of joint custody in accordance with the provisions of this section.

(k) In counties having a conciliation court, the court or the parties may, at any time, pursuant to local rules of court, consult with the conciliation court for the purpose of assisting the parties to formulate a plan for implementation of the custody order or to resolve any controversy which has arisen in the implementation of a plan for custody.

(l) Notwithstanding any other provision of law, access to records and information pertaining to a minor child, including but not limited to medical, dental, and school records, shall not be denied to a parent because such parent is not the child's custodial parent.

## CHAPTER 305

[Became law without Governor's signature. Filed with

*The people of the State of California do enact as follows:*

2472. The certificate to practice podiatric medicine authorizes the holder to practice podiatric medicine.

As used in this chapter, "podiatric medicine" means the diagnosis, medical, surgical, mechanical, manipulative, and electrical treatment of the human foot, including the ankle and tendons that insert into the foot and the nonsurgical treatment of the muscles and tendons of the leg governing the functions of the foot.

The amendment of this section made at the 1983-84 Regular Session of the Legislature is intended to codify existing practice.

SEC. 2. Section 2473 is added to the Business and Professions Code, to read:

2473. A doctor of podiatric medicine may perform surgical treatment of the ankle, provided that the person is certified by the committee to perform that treatment. The committee shall require licensees who apply for the certification to demonstrate sufficient knowledge of surgical treatment of the ankle and related subject matter and to provide evidence of staff privileges at a licensed general acute care facility. The committee may accept successful completion of certification examinations administered by the American Board of Podiatric Surgery in lieu of any examination it may require. The committee shall establish a certification fee necessary for the regulation of this section. The certification fee shall not exceed one hundred fifty dollars (\$150) per applicant.

(b) All clients selected for inclusion in the Multipurpose Senior Services Program shall be certified or certifiable for placement in a skilled nursing facility or intermediate care facility based on criteria established by the Health and Welfare Agency and approved by the United States Department of Health and Human Services.

9403. "Multipurpose senior services" means a coordinated, integrated system of delivery of the following social and health services including but not limited to: recreation services, educational services, senior center programs, information and referral services, transportation, income maintenance counseling, housing services, outreach services, volunteer programs, legal services, home repair services, escort services, telephone reassurance services, friendly visiting services, health screening services, psychological screening services, nutrition services, home health services, preventive health services, mental health services, homemaker chore services, portable meals, day care services, adult day health care services, nonmedical respite care services, intermediate care, skilled nursing care, acute hospital care, and hospice care.

9404. The provisions of this chapter shall be administered by the Health and Welfare Agency. In addition to its other powers, the agency shall have the powers of a head of a department pursuant to Chapter 2 (commencing with Section 11150) of Part 1 of Division 3 of Title 2 of the Government Code.

To the extent permitted by federal law, each department within the agency, including departments designated as single state agencies for the programs described in Section 9403, shall waive regulations and general policies and make resources available which are necessary for the administration of this chapter, upon request of the agency.

The agency may designate a department under its jurisdiction to implement the provisions of this chapter.

9405. The agency shall formulate criteria for local multipurpose senior services program sites. The criteria shall include, but need not be limited to, the following:

(a) Specifications for a social and health review team to evaluate older persons and to assure that continuity of social, economic, and health services is provided to maintain older persons at the appropriate level of care.

(b) Development of social and health services necessary to maintain the older person at the appropriate level of care.

(c) Specifications for the quality of the social and health services to be provided.

(d) Coordination and integration of the social and health services described in Section 9407.

(e) The number of local sites shall be consistent with the moneys made available for purposes of this chapter.

(f) Coordination with local governmental agencies concerned with multipurpose senior services.

(g) Specifications for the evaluation of the proposals submitted for the new local sites and for the evaluation of the local sites. The evaluation of the local sites shall measure the effectiveness and the efficiency of the sites in:

(1) Identifying the health and social needs of the older persons and the coordination of the available services required to maintain persons at the appropriate level of care.

(2) Assuring that a continuity of social and health services is provided to maintain persons at the appropriate level of care.

The evaluation shall include, but not be limited to:

(1) A description of the social and economic characteristics of the older persons served by the local sites.

(2) The range of problems presented by the persons served, and the services provided in response to those problems.

(3) A description of those problems best handled by the local sites and a description of the problems least effectively handled by the program.

(4) The costs of the services required to maintain persons at the appropriate level of care under a continuity of care program compared with the costs of services for persons who have not received services as components of a continuity of care program.

9406. Individual Multipurpose Senior Services Program sites shall be selected for inclusion in the new program if the individual site demonstrates cost effectiveness.

9407. Nothing in this chapter is to preclude expansion of Multipurpose Senior Services Programs if cost effectiveness is demonstrated. The expansion shall be through increasing numbers of clients served in individual sites or through expansion of the number of sites to include additional geographic regions of the state. The Legislature further intends that any state or federal moneys unexpended by Multipurpose Senior Services Programs at the end of each fiscal year shall be used either to continue operations for the next fiscal year or to expand Multipurpose Senior Services Program services, pursuant to the intent stated in Section 9401.

9408. The agency shall do the following:

(a) Enter into agreements and negotiated contracts with any nonprofit organization or governmental entity to operate the local sites consistent with the criteria adopted pursuant to Section 9405. In letting these contracts, the agency shall not anticipate future appropriations.

(b) Make grants to local sites from available funds.

(c) Monitor local sites.

(d) Cause the pilot projects to be evaluated in accordance with the established criteria.

(e) Seek and utilize any available federal, state, or private funds

which may be available for carrying out the purposes of this chapter.

Notwithstanding any other provision of law, local sites established pursuant to this chapter may contract with the State Director of Health Services as Medi-Cal programs pursuant to Chapter 8 (commencing with Section 14200) of Part 3 of Division 9. Contracts with such local sites shall be deemed to be for the purposes specified in Section 14494, and may utilize funds appropriated from the Health Care Deposit Fund pursuant to Section 14157.

(f) Request and secure such waivers of single state agency requirements as are necessary under the Federal Intergovernmental Cooperation Act of 1968 (P.L. 90-577), and such other federal requirements as are necessary in order to utilize available federal funds for the purposes of this chapter.

(g) Assist in coordinating local site programs with local governmental programs and services for older persons.

(h) Submit to the Legislature and the Governor by each April 30 a report on the administration of this chapter. Such reports shall include information specified in subdivision (g) of Section 9405 and shall include information on the cost effectiveness of each individual local program site.

9409. This chapter shall remain in effect until the state establishes a new local long-term care delivery system pursuant to the Torres-Felando Long-Term Care Reform Act (Chapter 1453 of the Statutes of 1982) or until June 30, 1986, whichever comes first and as of that date is repealed unless a later enacted statute chaptered prior to that date extends or deletes that date.

SEC. 2. Section 9413 of the Welfare and Institutions Code is amended to read:

9413. On or after July 1, 1983, if the conditions specified in Section 9402, as added during the 1983-84 Regular Session are met, the provisions of this chapter shall no longer remain in effect, and as of the date the conditions are met, shall be repealed unless a later enacted statute chaptered prior to that date extends or deletes that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the continuation and expansion of the Multipurpose Senior Services Program, it is necessary that this act go into immediate effect.

## CHAPTER 307

An act to add Section 1916.1 to the Civil Code, relating to usury.

[Approved by Governor July 18, 1983. Filed with  
Secretary of State July 18, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1916.1 is added to the Civil Code, to read:  
1916.1. The restrictions upon rates of interest contained in Section 1 of Article XV of the California Constitution shall not apply to any loan or forbearance made or arranged by any person licensed as a real estate broker by the State of California, and secured, directly or collaterally, in whole or in part by liens on real property. The term "made or arranged" includes any loan made by a person licensed as a real estate broker as a principal or as an agent for others, and whether or not the person is acting within the course and scope of such license.

SEC. 2. The Legislature finds that the Legislature in adopting ACA 52 in 1979 (Res. Ch. 49, Stats. 1979), and the people in approving that measure as Proposition 2 in November of 1979, established an additional class exempt from interest rate limitations for persons licensed as real estate brokers by the State of California on the basis that real estate brokers are qualified by the state on the basis of education, experience, and examination, and that the licenses of real estate brokers can be revoked or suspended if real estate brokers perform acts involving dishonesty, fraud, or deceit with intent to substantially benefit themselves or others, or to substantially injure others.

CHAPTER 308

An act to amend Sections 1063.1, 1063.2, and 1063.14 of the Insurance Code, relating to insurance.

[Approved by Governor July 18, 1983. Filed with  
Secretary of State July 18, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1063.1 of the Insurance Code is amended to read:

1063.1. As used in this article:

(a) "Member insurer" means an insurer required to be a member of the association in accordance with the provisions of subdivision (a) of Section 1063, except and to the extent that the insurer is participating in an insolvency program adopted by the United States

government.

(b) "Insolvent insurer" means a member insurer for which a domiciliary or ancillary liquidator has been appointed in this state after the effective date of this article.

(c) (1) "Covered claims" means the obligations of an insolvent insurer, including the obligation for unearned premiums, (i) imposed by law and arising out of an insurance policy of the insolvent insurer; (ii) which were unpaid by the insolvent insurer; (iii) which are presented as a claim to the liquidator in this state or to the association on or before the last date fixed for the filing of claims in the domiciliary liquidating proceedings; (iv) which were incurred prior to, on, or within 30 days after the date the liquidator was appointed; (v) for which the assets of the insolvent insurer are insufficient to discharge in full; (vi) in the case of a policy of workers' compensation insurance, to provide workers' compensation benefits under the Workers' Compensation Law of this state and (vii) in the case of other classes of insurance if the policy is issued to a resident of this state or claim against an insured thereunder is made by a resident of this state.

(2) "Covered claims" shall not include any obligations arising from life, title, surety, disability, credit, mortgage, or mortgage guaranty insurance, nor arising from a policy of ocean marine insurance.

(3) "Covered claims" shall not include any obligations of the insolvent insurer arising out of any reinsurance contracts, nor any obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured's request or after the insurance policy has been canceled by the association as provided in this chapter, nor any obligations to any state or to the federal government.

(4) "Covered claims" shall not include any obligations to insurers, insurance pools, or underwriting associations, except as otherwise provided in this chapter.

(5) "Covered claims," except in the case of a claim for workers' compensation benefits, shall not include any claim in an amount of one hundred dollars (\$100) or less, nor the first one hundred dollars (\$100) of any claim in excess of one hundred dollars (\$100), nor that portion of any claim which is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(6) "Covered claims" shall not include that portion of any claim, other than a claim for workers' compensation benefits, which is in excess of five hundred thousand dollars (\$500,000).

(7) "Covered claims" shall not include (a) any claim to the extent it is covered by any other insurance of a class covered by the provisions of this article available to the claimant or insured nor (b) any claim by any person other than the original claimant under the insurance policy in his or her own name, his or her executor, administrator, guardian or other personal representative or trustee in bankruptcy and shall not include any claim asserted by an assignee

or one claiming by right of subrogation, except as otherwise provided in this chapter.

(8) "Covered claims" shall not include any obligations arising out of the issuance of an insurance policy written by the separate division of the State Compensation Insurance Fund pursuant to the provisions of Sections 11802 and 11803.

(9) "Covered claims" shall not include any obligations of the insolvent insurer arising from any policy or contract of insurance issued or renewed prior to the insolvent insurer's admission to transact insurance in the State of California.

(d) "Admitted to transact insurance in this state" means an insurer possessing a valid certificate of authority issued by the California Department of Insurance.

SEC. 2. Section 1063.2 of the Insurance Code is amended to read:

1063.2. (a) The association shall pay and discharge covered claims and in connection therewith pay for or furnish loss adjustment services and defenses of claimants when required by policy provisions. It may do so either directly by itself or through a servicing facility or through a contract for reinsurance and assumption of liabilities by one or more member insurers or through a contract with the liquidator, upon terms satisfactory to the association and to the liquidator, under which payments on covered claims would be made by the liquidator using funds provided by the association.

(b) The association shall be a party in interest in all proceedings involving a covered claim, and shall have the same rights as the insolvent insurer would have had if not in liquidation, including, but not limited to, the right to: (1) to appear, defend, and appeal a claim in a court of competent jurisdiction; (2) to receive notice of, investigate, adjust, compromise, settle, and pay a covered claim; and (3) to investigate, handle, and deny a noncovered claim. The association shall have no cause of action against the insureds of the insolvent insurer for any sums it has paid out, except as provided by this article.

(c) (1) If damages against uninsured motorists are recoverable by the claimant from his or her own insurer, such damages recoverable shall be a credit against a covered claim payable under this article. If damages against an insured who is not a resident of this state are recoverable by a claimant who is a resident of this state, in whole or in part, from any insolvency fund or its equivalent in the state where the insured is a resident, such damages recoverable shall be a credit against a covered claim payable under this article. A member insurer may recover in subrogation from the association only one-half of any amount paid by such insurer under uninsured motorist coverage for bodily injury or wrongful death (and nothing for a payment for anything else), in those cases where the injured person insured by such an insurer has proceeded under his or her uninsured motorist coverage on the ground that the tortfeasor is uninsured as a result of the insolvency of his or her liability insurer (an insolvent insurer as defined in this article), provided that such

member insurer shall waive all rights of subrogation against such tortfeasor. Any amount paid a claimant in excess of the amount authorized by this section may be recovered by action brought by the association.

(2) Any claimant having collision coverage on a loss which is covered by the insolvent company's liability policy shall first proceed against his or her collision carrier. Neither that claimant nor the collision carrier, if it is a member of the association, shall have the right to sue or continue a suit against the insured of the insolvent insurance company for such collision damage.

(d) The association shall continue coverage for covered claims under all insurance policies of the insolvent insurer that were in force on the date the liquidator was appointed until the insurance policy has expired in accordance with its terms, or has been replaced by the insured, or canceled at the insured's request, or has been canceled by the association as provided in this article.

(e) The association shall have authority to cancel insurance policies of the insolvent insurer by mailing or delivering to the insured at the last known address within this state a written notice of cancellation at least 10 days prior to the effective date of such cancellation, notwithstanding any statute or policy provision to the contrary.

(f) "Covered claims" shall not include any judgments against or obligations or liabilities of the insolvent insurer or the commissioner, as liquidator, or otherwise resulting from alleged or proven torts, nor shall any default judgment against the insolvent insurer, or against the insured of the insolvent insurer, be binding against the association.

(g) "Covered claims" shall not include any loss adjustment expenses, including adjustment fees and expenses, attorney fees and expenses, court costs, interest, and bond premiums, incurred prior to the appointment of a liquidator. The deductible provided for in paragraph (5) of subdivision (c) of Section 1063.1 shall apply to each person for each accident for which he makes a claim.

SEC. 3. Section 1063.14 of the Insurance Code is amended to read:

1063.14. (a) The plan of operation adopted pursuant to subdivision (c) of Section 1063 shall contain provisions whereby each member insurer is required to recoup over a reasonable length of time a sum reasonably calculated to recoup the assessments paid by the member insurer under this article by way of a surcharge on premiums charged for insurance policies to which this article applies. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax or agents' commission.

(b) The amount of any surcharge shall be separately stated on either a billing or policy declaration sent to an insured. Billings or declarations covering policies of insurance subject to the provisions of Section 660, including, but not limited to, the policies described in

subparagraphs (i) and (ii) of paragraph (2) of subdivision (a) of Section 660, or 675 need not separately state a surcharge. The association shall determine the rate of the surcharge and the collection period for each category and these shall be mandatory for all member insurers of the association who write business in those categories. Member insurers who collect surcharges in excess of premiums paid pursuant to Section 1063.5 for an insolvent insurer shall remit the excess to the association as an additional premium within 120 days after the end of the collection period determined by the association. The excess shall be applied to reduce future premium charges for that insurer in the appropriate category.

(c) The plan of operation may permit a member insurer to omit collection of the surcharge from its insureds when the expense of collecting the surcharge would exceed the amount of the surcharge. However, nothing in this section shall relieve the member insurer of its obligation to recoup the amount of surcharge otherwise collectible.

## CHAPTER 309

An act to amend Sections 226.5, 232, and 232.5 of the Civil Code, and to amend Sections 319, 321, 366.2,, 366.25, and 11401 of the Welfare and Institutions Code, relating to parent and child.

[Approved by Governor July 18, 1983 Filed with  
Secretary of State July 18, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 226.5 of the Civil Code is amended to read:

226.5. The State Department of Social Services or licensed county adoption agency shall interview the petitioners and all persons from whom consent is required and whose addresses are known as soon as possible and in the case of residents of California within 45 working days, excluding legal holidays, after the filing of the adoption petition. In order to facilitate these interviews, at the same time the petition is filed, the petitioner shall file with the district office of the State Department of Social Services or the licensed county adoption agency responsible for the investigation of the adoption, a copy of the petition together with the names, addresses, and phone numbers of all parties to be interviewed, if known.

SEC. 2. Section 232 of the Civil Code is amended to read:

232. (a) An action may be brought for the purpose of having any child under the age of 18 years declared free from the custody and control of either or both of his or her parents when the child comes within any of the following descriptions:

(1) The child has been left without provision for the child's identification by his or her parent or parents or by others or has been

left by both of his or her parents or his or her sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for the child's support, or without communication from the parent or parents, with the intent on the part of the parent or parents to abandon the child. The failure to provide identification, failure to provide support, or failure to communicate shall be presumptive evidence of the intent to abandon. If the parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by the parent or parents. In those cases in which the child has been left without provision for the child's identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

The fact that a child is in a foster care home, licensed under Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, shall not prevent a licensed adoption agency which is planning adoption placement for the child, from instituting, under this subdivision, an action to declare the child free from the custody and control of the child's parents. When the requesting agency is a licensed county adoption agency, the county counsel, and if there is no county counsel, the district attorney shall institute such action.

(2) Who has been neglected or cruelly treated by either or both parents, if the child has been a dependent child of the juvenile court under any subdivision of Section 300 of the Welfare and Institutions Code and the parent or parents have been deprived of the child's custody for one year prior to the filing of a petition pursuant to this section. Physical custody by the parent or parents for insubstantial periods of time shall not serve to interrupt the running of the one year period.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when these controlled substances are used as part of a medically prescribed plan, or are morally depraved, if the child has been a dependent child of the juvenile court, and the parent or parents have been deprived of the child's custody continuously for one year immediately prior to the filing of a petition pursuant to this section. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child. Physical custody by the parent or parents for insubstantial periods of time shall not interrupt the running of the one year period.

(4) Whose parent or parents are convicted of a felony, if the facts of the crime of which the parent or parents were convicted are of

a nature so as to prove the unfitness of the parent or parents to have the future custody and control of the child.

(5) Whose parent or parents have been declared by a court of competent jurisdiction wherever situated to be developmentally disabled or mentally ill, if, in the state or country in which the parent or parents reside or are hospitalized, the Director of Mental Health or the Director of Developmental Services, or their equivalent, if any, and the superintendent of the hospital of which, if any, the parent or parents are inmates or patients certify that the parent or parents so declared to be developmentally disabled or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are mentally disabled and are likely to remain so in the foreseeable future. As used in this subdivision "mentally disabled" means that a parent or parents suffer any mental incapacity or disorder which renders the parent or parents unable to adequately care for and control the child. The evidence of any two experts, each of whom shall be either a physician and surgeon, certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code, or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders, shall be required to support a finding under this subdivision. If, however, the parent or parents reside in another state or in a foreign country, the evidence required by this subdivision may be supplied by the affidavits of two experts each of whom shall be either a physician and surgeon who is a resident of that state or foreign country, and who has been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine, or by a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders and who is licensed in that state or authorized to practice in that country. If the rights of any parent are sought to be terminated pursuant to this subdivision, and the parent has no attorney, the court shall appoint an attorney for the parent pursuant to Section 237.5 whether or not a request for the appointment is made by the parent.

(7) Who has been in out-of-home placement under the supervision of the juvenile court, the county welfare department or other public or private licensed child-placing agency for a one-year period, if the court finds that return of the child to the child's parent or parents would be detrimental to the child and that the parent or parents have failed during that period, and are likely to fail in the future, to maintain an adequate parental relationship with the child, which includes providing both a home and care and control for the child.

The court shall make a determination that reasonable services have been provided or offered to the parents which were designed

to aid the parents to overcome the problems which led to the deprivation or continued loss of custody and that despite the availability of these services, return of the child to the parents would be detrimental to the child. The probation officer or social worker currently assigned to the case of the child shall appear at the termination proceedings.

Trial placement of the child in the physical custody of the parent or visitation of the child with the parent during the one-year period, when the trial placement or visitation does not result in permanent placement of the child with the parent, shall not serve to interrupt the running of the one year period.

(b) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

(c) A finding pursuant to this section shall be supported by clear and convincing evidence.

If the minor has been adjudged to be a dependent child of the court pursuant to Section 300 of the Welfare and Institutions Code, the court shall review and consider the contents of the juvenile court file in determining if the services offered were reasonable under the circumstances.

SEC. 3. Section 232.5 of the Civil Code is amended to read:

232.5. The provisions of this chapter shall be liberally construed to serve and protect the interests and welfare of the child. At all proceedings to declare a child free from parental custody and control, the court shall consider the wishes of the child, bearing in mind the age of the child, and shall act in the best interests of the child.

SEC. 4. Section 319 of the Welfare and Institutions Code is amended to read:

319. At the initial petition hearing the court shall examine such minor, the minor's parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the minor, the minor's parents or guardians or their counsel desires to present.

The probation officer shall report to the court on the reasons why the minor has been removed from the parent's custody, the need, if any, for continued detention, and on the available services and the referral methods to be used which would facilitate the return of the minor to the custody of the minor's parents or guardians. The court shall order the release of such minor from custody unless it finds any of the following:

(a) There is a substantial danger to the physical health of the minor or the minor is suffering severe emotional damage, and there are no reasonable means by which the minor's physical or emotional health may be protected without removing the minor from the parents' or guardians' physical custody.

(b) The minor has violated an order of the juvenile court or has escaped from the commitment of the juvenile court.

(c) The minor is a threat to the person or property of another or his or her parent or guardian or responsible relative is likely to flee

the jurisdiction of the court.

(d) The minor indicates an unwillingness to return home, if the minor has been sexually molested by a person residing in the home.

Whenever a court orders a minor detained, the court shall state the facts on which the decision is based.

When the minor is not released from custody the court may order that such minor be placed in an emergency shelter or other suitable licensed place or a place exempt from licensure designated by the juvenile court for a period not to exceed 15 judicial days.

SEC. 5. Section 321 of the Welfare and Institutions Code is amended to read:

321. When a hearing is held under the provisions of this article and no parent or guardian of such minor is present and no parent or guardian has had actual notice of the hearing, a parent or guardian of the minor may file an affidavit setting forth such facts with the clerk of the juvenile court and the clerk shall immediately set the matter for rehearing at a time within 24 hours, excluding Sundays and nonjudicial days from the filing of the affidavit. Upon the rehearing, the court shall proceed in the same manner as upon the original hearing.

If the minor, a parent or guardian or the minor's attorney or guardian ad litem, if either one or the other has been appointed by the court, requests evidence of the *prima facie* case, a rehearing shall be held within three judicial days to consider evidence of the *prima facie* case. If the *prima facie* case is not established, the minor shall be released from detention.

In lieu of a requested rehearing, the court may get the matter for trial within 10 days.

When the court ascertains that the rehearing cannot be held within three judicial days because of the unavailability of a witness, a reasonable continuance may be granted for a period not to exceed five judicial days.

SEC. 6. Section 366.2 of the Welfare and Institutions Code is amended to read:

366.2. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's custodian, and to counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on such persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.

(c) At least 16 days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services offered to the family, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her

parent or guardian, and make his or her recommendation for disposition. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 14 days before the hearing.

(d) At the review hearing, the court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing such detriment. The failure of the parent or guardian to participate in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing a proceeding pursuant to Section 232 of the Civil Code may be instituted.

SEC. 7. Section 366.25 of the Welfare and Institutions Code is amended to read:

366.25. (a) In order to provide stable, permanent homes for children, a court shall, if the minor cannot be returned home pursuant to subdivision (e) of Section 366.2, conduct a permanency planning hearing to make a determination regarding the future status of the minor no later than 12 months after the original placement and periodically, but no less frequently than once each 18 months, thereafter during the continuation of foster care. The permanency planning hearing may be combined with the six months' review as provided for in Section 366.

(b) Notice of the proceeding to conduct the review shall be mailed by the probation officer to the same persons as in an original proceeding, to the minor's present custodian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on such persons not earlier than 30 days, nor later than 15 days prior to the date the review is to be conducted.

(c) At the hearing the court shall first determine whether the minor should be returned to his or her parent or guardian, pursuant to subdivision (e) of Section 366.2. If the minor is not returned to the custody of his or her parent or guardian the court shall determine whether there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months. If the court so determines it shall set another review hearing for not more than six months, which shall be a permanency planning hearing.

(d) If the court determines that the minor cannot be returned to the physical custody of his or her parent or guardian and that there is not a substantial probability that the minor will be returned within six months, the court shall develop a permanent plan for the minor. In order to enable the minor to obtain a permanent home the court shall make the following determinations and orders:

(1) If the court finds that the minor is adoptable, according to the provisions of this article, the court shall order the county counsel, or if there is no county counsel, the district attorney, to initiate an action to declare the minor permanently free from the custody and control of his or her parents or guardians pursuant to Section 232 of the Civil Code unless the court finds that any of the following conditions exist:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing this relationship.

(B) A minor 12 years of age or older objects to termination of parental rights.

(C) The minor's foster parents are unable to adopt the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.

(2) If the court finds that the minor is not adoptable or that one of the conditions in subparagraph (A), (B), or (C) of paragraph (1) apply, but that one or more adults are available and eligible to become legal guardians for the minor, the court shall order the appropriate county department to initiate or facilitate guardianship proceedings, unless the minor's foster parents are unable to become legal guardians of the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.

(3) If the court finds that the minor is not adoptable and that there is not a suitable adult available to become the legal guardian of the child, the court shall order the county welfare department or probation department to facilitate the placement of the minor in a home environment that can reasonably be expected to be stable and permanent. When the minor is in a foster home and the foster parents are willing and capable of providing a stable and permanent environment, the minor shall not be removed from the home if the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the foster parents.

(e) Notwithstanding Section 1510 of the Probate Code, the proceeding for the appointment for a guardian for a minor under this

section shall be in the juvenile court. In such a case, the juvenile court shall have the power to appoint a guardian pursuant to the standards and procedures otherwise specified by the Probate Code.

(f) When an adoption of the minor has been granted, the court shall terminate its jurisdiction over the minor.

(g) Periodic reviews conducted by the court subsequent to the initial permanency planning hearing shall determine the appropriateness of the placement, the continuing appropriateness and extent of compliance with the permanent plan for the child, the extent of compliance with the case plan, and adequacy of services provided to the child.

(h) Physical custody of a minor by his or her parents or guardians for insubstantial periods during the 12-month period prior to a permanency planning hearing shall not serve to interrupt the running of such periods.

(i) Permanency planning hearings need not be held if (1) an action under Section 232 of the Civil Code has been commenced or (2) an action to establish a legal guardianship or appoint a legal guardian under the Probate Code has been commenced.

(j) Subsequent reviews shall be conducted every six months and be conducted by an administrative review board except when the court requires a court review or a court review is requested by the minor's parents or guardian or by the minor.

SEC. 8. Section 11401 of the Welfare and Institutions Code is amended to read:

11401. Aid in the form of AFDC-FC shall be provided under this chapter on behalf of any child under the age of 18, except as provided in Section 11403, who meets the conditions of subdivision (a), (b), or (c):

(a) The child has been relinquished, for purposes of adoption, to a licensed adoption agency, or the department, or the child has been declared free from the care, custody, and control of either or both of his or her parents after an action under the Civil Code has been brought by a licensed adoption agency or the department, provided that the licensed adoption agency or the department, if responsible for placement and care, provides to those children all services as required by the department to children in foster care.

(b) The child has been deprived of parental support or care due to any of the reasons set out under Section 11250, provided:

(1) The child has been removed from the physical custody of his or her parent or guardian.

(A) Has been adjudged a dependent child of the court on the grounds that he or she is a person described by Section 300.

(B) Has been adjudged a ward of the court on the grounds that he or she is a person described by Sections 601 and 602.

(C) Has been detained under a court order pursuant to Section 319 or 636 which remains in effect.

(2) The child has been voluntarily placed by his or her parent or guardian pursuant to Section 11401.1 or in a demonstration county,

pursuant to Chapter 5 (commencing with Section 16550) of Part 4 of this division.

(3) The child is living in the home of a nonrelated legal guardian.

(c) The child has been placed in foster care under the provisions of the federal Indian Child Welfare Act. The provisions of Sections 11402, 11404, and 11405 shall not be construed as limiting payments to Indian children, as defined in the federal Indian Child Welfare Act, placed in accordance with that act.

## CHAPTER 313

[Approved by Governor July 18, 1983. Filed with  
Secretary of State July 18, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25503.18 is added to the Business and Professions Code, to read:

25503.18. Nothing in this division shall prohibit the issuance or transfer of any retail offsale beer and wine license to any person with respect to premises which are an integral part of the operations of a school for professional chefs owned by, or operated by or on behalf of, the licensee notwithstanding that a manufacturer, winegrower, manufacturer's agent, California winegrower's agent, rectifier, distiller, bottler, importer, or wholesaler holds the ownership of any interest, directly or indirectly, in the premises or in the retail licensee, provided that each of the following conditions is met:

(a) The school is operated in conjunction with a bona fide eating place open to the public.

(b) The school has been in operation in a city with a population of less than one million for at least five years prior to the effective date of this section.

(c) The retail licensee shall purchase no beer or distilled spirits for sale in this state other than from a wholesale licensee, and the retail licensee shall purchase no alcoholic beverages for sale in this state from any wholesale licensee holding the ownership of any interest, directly or indirectly, in the premises or in the retail licensee.

The Legislature finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The Legislature further finds that the exception established by this section to the general prohibition against tied interests must be limited to its express terms so as not to undermine the general prohibition, and intends that this section be construed accordingly.

(a) The school is operated in conjunction with a bona fide eating place open to the public.

(b) The school has been in operation in a city with a population of less than one million for at least five years prior to the effective date of this section.

The Legislature finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The Legislature further finds that the exception established by this section to the general prohibition against tied interests must be limited to its express terms so as not to undermine the general prohibition, and intends that this section be construed accordingly.

## CHAPTER 317

An act to amend Section 76140 of the Education Code, relating to community college districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 19, 1983. Filed with  
Secretary of State July 19, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 76140 of the Education Code is amended to read:

76140. A community college district may admit and shall charge a tuition fee to nonresident students. The district may exempt from all or parts of the fee:

(a) All nonresidents who enroll for six or fewer units. Exemptions made pursuant to this subdivision shall not be made on an individual basis; or

(b) Any nonresident who is both a citizen and resident of a foreign country, provided that the nonresident has demonstrated a financial need for the exemption and not more than 10 percent of the nonresident foreign students attending any community college district may be so exempted. Exemptions made pursuant to this subdivision may be made on an individual basis.

A district may contract with a state, a county contiguous to California, the federal government, a foreign country, or an agency thereof, for payment of all or a part of a nonresident student's tuition fee.

Attendance of nonresident students shall not be reported as resident average daily attendance for state apportionment purposes, except as provided by statute in which case a nonresident tuition fee may not be charged.

The nonresident tuition fee shall be set by the governing board of each community college district not later than February 1 of each year for the succeeding fiscal year. Such fee may be paid in installments, as determined by the governing board of the district.

The fee established by the governing board pursuant to the preceding paragraph shall represent for nonresident students enrolled in 30 semester units or 45 quarter units of credit per fiscal year (a) the amount which was expended by the district for the current expense of education as defined by the California Community College Budget and Accounting Manual in the preceding fiscal year increased by the projected percent increase in the United States Consumer Price Index as determined by the Department of Finance for the current fiscal year and succeeding fiscal year and divided by the average daily attendance of all students (including nonresident students) attending in the district in the preceding fiscal year, or (b) the current expense of education in the

preceding fiscal year of all districts increased by the projected percent increase in the United States Consumer Price Index as determined by the Department of Finance for the current fiscal year and succeeding fiscal year and divided by the average daily attendance of all students (including nonresident students) attending all districts during the preceding fiscal year, or (c) an amount not to exceed the fee established by the governing board of any contiguous district. However, should the district's preceding fiscal year average daily attendance of all students attending in the district in noncredit courses be equal to or greater than 10 percent of the district's total average daily attendance of all students attending in the district, the district in calculating (a) above may substitute instead the data for current expense of education in grades 13 and 14 and average daily attendance in grades 13 and 14 of all students attending in the district.

The governing board of each community college district shall also adopt a tuition fee per unit of credit for nonresident students enrolled in more or less than 15 units of credit per term by dividing the fee determined in the preceding paragraph by 30 for colleges operating on the semester system and 45 for colleges operating on the quarter system and rounding to the nearest whole dollar. The same rate shall be uniformly charged nonresident students attending any terms or sessions maintained by the community college. The rate charged shall be the rate established for the fiscal year in which the term or session ends.

Any loss in district revenue generated by the nonresident tuition fee shall not be offset by additional state funding.

The provisions of this section which require a mandatory fee for nonresidents shall not apply to any district which borders on another state and has fewer than 500 average daily attendance.

SEC. 2. Notwithstanding the February 1 deadline imposed by subdivision (b) of Section 76140 of the Education Code, the governing board of a community college district may increase the nonresident tuition fee established on or before February 1, 1983, for the 1983-84 fiscal year by setting a new fee for that fiscal year on or before August 1, 1983, pursuant to the other provisions of Section 76140.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit this act to become operative as early as possible in the 1983-84 fiscal year, and, by so doing, facilitate the orderly administration of the California Community Colleges, it is necessary that this act take effect immediately.

If the person certified is incapable of making this designation at the time of certification, he or she shall

be asked to designate a person as soon as he or she is capable.

SEC. 3. Section 5254 of the Welfare and Institutions Code is amended to read:

5254. The person delivering the copy of the notice of certification to the person certified shall, at the time of delivery, inform the person certified that he or she is entitled to a certification review hearing, to be held within seven days of the initial detention of the person in accordance with Section 5256 unless judicial review is requested, to determine whether or not probable cause exists to detain the person for intensive treatment related to the mental disorder or impairment by chronic alcoholism. The person certified shall be informed of his or her rights with respect to the hearing, including the right to the assistance of another person to prepare for the hearing or to answer other questions and concerns regarding his or her involuntary commitment or both.

SEC. 4. Section 5256 of the Welfare and Institutions Code is amended to read:

Licensed psychologists, licensed clinical social workers, and registered nurses who serve as certification review hearing officers shall have had a minimum of five years experience in mental health. Certification review hearing officers shall be selected from a list of eligible persons unanimously approved by a panel composed of the local mental health director, the county public defender, and the county counsel or district attorney designated by the county board of supervisors. No employee of the county mental health program or of any facility designated by the county and approved by the State Department of Mental Health as a facility for 72-hour treatment and evaluation may serve as a certification review hearing officer.

The location of the certification review hearing shall be compatible with, and least disruptive of, the treatment being provided to the person certified. In addition, hearings conducted by certification review officers shall be conducted at an appropriate place at the facility where the person certified is receiving

treatment.

SEC. 6. Section 5256.7 of the Welfare and Institutions Code is amended to read:

5256.7. The person certified shall be given oral notification of the decision at the conclusion of the certification review hearing. As soon thereafter as is practicable, the attorney or advocate for the person certified and the director of the facility where the person is receiving treatment shall be provided with a written notification of the decision, which shall include a statement of the evidence relied upon and the reasons for the decision. The attorney or advocate shall notify the person certified of the certification review hearing decision and of his or her rights to file a request for release and to have a hearing on the request before the superior court as set forth in Article 5 (commencing with Section 5375). A copy of the decision and the certification made pursuant to Section 5250 shall be submitted to the superior court.

SEC. 7. Section 5259.3 of the Welfare and Institutions Code is amended to read:

5259.3. The professional person in charge of the facility providing intensive treatment, his or her designee, the attorney or advocate representing the person, the court-appointed commissioner or referee, the certification review hearing officer conducting the certification review hearing, and the peace officer responsible for the detainment of the person shall not be held civilly or criminally liable for any action by a person released at or before the end of 14 days pursuant to this article.

SEC. 8. Section 5263 of the Welfare and Institutions Code is amended to read:

5263. Copies of the second notice of certification for imminently suicidal persons, as set forth in Section 5262, shall be filed with the court and personally delivered to the person certified. A copy shall also be sent to the person's attorney, to the district attorney, to the public defender, if any, and to the facility providing intensive treatment.

The person certified shall also be asked to designate any person who is to be sent a copy of the certification notice. If the person certified is incapable of making such a designation at the time of certification, he or she shall be asked to designate such person as soon as he or she is capable.

[Approved by Governor July 21, 1983 Filed with  
Secretary of State July 21, 1983]

I object to the following sections contained in Assembly Bill No 223

SEC 97 5 -- I am eliminating the \$1 million reappropriation contained in this section for the purpose of funding a mental health program in private industry for displaced workers

I believe that mental health services for displaced workers should be funded as a part of legislation implementing such a program

SEC 149 3 -- I am eliminating this section which contains controlling language of appropriation and a specific appropriation

I believe the Budget Act appropriation which provides funding for the Driver Training Program from the Motor Vehicle Account is appropriate for the 1983-84 fiscal year

SEC. 149.41. -- I am eliminating the language contained in the section which would appropriate additional funds to the City of Avenal.

There is no indication that this city should receive special treatment at a time when all levels of government in California face serious fiscal constraints.

SEC 149 42 -- I am eliminating the language contained in this section which would appropriate additional funds to the City of Southgate

There is no indication that this city should receive special treatment at a time when all levels of government in California face serious fiscal constraints

SEC 151 14 -- I am eliminating the language contained in this section which would maintain funding for the Graduate Field Research Training Program in Ethnic/Minority Communities at the University of California at its 1982-83 fiscal year level for the 1983-84 fiscal year

While the program is effective and is expected to be continued by the University, I have eliminated the section because it limits flexibility of the University administration to allocate limited resources, and because it mandates state assumption of a program which the federal government may discontinue

SEC 151 5 -- I am eliminating this section. It would require that the Calaveras Fire Center be operated only as a joint fire center by the Department of Forestry and the California Conservation Corps

Funding for the Calaveras Fire Center has been eliminated from Item 3340-001-001. The California Conservation Corps no longer requires the use of this camp. In addition, the provision unnecessarily restricts the flexibility of other state agencies performing comparable fire suppression activities

SEC. 151 23 -- I am eliminating the language contained in this section which would reduce the appropriation for support of the Department of Finance if support for the Agricultural Labor Relations Board is reduced

I am eliminating this section because it abridges my constitutional authority to eliminate or reduce an item of appropriation.

SEC 151.28 -- I am eliminating the allocation of federal Jobs Bill money contained in this section

This section duplicates items in the 1983-84 Budget Act and is included here solely to limit my constitutional authority to reduce or eliminate items of appropriation. Since this language constitutes an appropriation I eliminate it

SEC 151.35 -- I am eliminating the claim of Beatrice Carrico Wood contained in this section

Claims against the State should be carefully reviewed before funds are appropriated. This claim should be resubmitted as part of the normal claims bill process or as a separate bill

SEC. 151 36 -- I am eliminating the appropriation for the 48th District Agricultural Association contained in this section.

This section provides a request for appropriation at some time in the future. Financial needs of the 48th District should be compared against competing demands for limited State resources. This request should be funded through the normal budgetary process

With the above deletions, I hereby approve Assembly Bill No 223

GEORGE DEUKMEJIAN, Governor

*The people of the State of California do enact as follows:*

SECTION 1. Section 1531 of the Code of Civil Procedure is amended to read:

1531. The Controller need not publish any name the publication of which is not likely to give notice to the apparent owner.

(b) Each published notice shall be entitled "notice of names of persons appearing to be owners of unclaimed property," and shall contain the names in alphabetical order.

(c) Each published notice shall also contain a statement that information concerning the amount or description of the property may be obtained by any persons possessing an interest in the property by addressing any inquiry to the Controller.

(d) The Controller is not required to publish in such notice any item of less than fifty dollars (\$50) unless the Controller deems the publication to be in the public interest.

(e) Within 120 days from the final date for filing the report required by Section 1530, the Controller shall mail a notice to each person having an address listed therein who appears to be entitled to property of the value of twenty-five dollars (\$25) or more escheated under this chapter.

(f) The mailed notice shall contain:

(1) A statement that, according to a report filed with the Controller, property is being held to which the addressee appears entitled.

(2) The name and address of the person holding the property and any necessary information regarding changes of name and address of the holder.

(3) A statement that, if satisfactory proof of claim is not presented by the owner to the holder by the date specified in the published notice, the property will be placed in the custody of the Controller and all further claims must be directed to the Controller.

(g) This section is not applicable to sums payable on travelers checks, money orders, and similar written instruments that escheat under subdivision (c), (d), or (e) of Section 1513.

(e) An annual license fee which shall be set by the bureau at not more than three hundred dollars (\$300) for an employment agency license, except that the annual license fee for an employment agency engaged exclusively in the business of procuring babysitting employment for others shall be set by the bureau at not more than seventy-five dollars (\$75).

(f) An annual license fee which shall be set by the bureau at not more than one hundred fifty dollars (\$150) for license of each branch office, except that the annual license fee for each branch office license for an employment agency engaged exclusively in the business of procuring babysitting employment for others shall be set by the bureau at not more than thirty-eight dollars (\$38).

(g) An interim employment agency license fee which shall be set by the bureau at not more than one hundred fifty dollars (\$150).

(h) A reinstatement fee of twenty-five dollars (\$25), in addition to the current renewal fee, to reinstate a license revoked or suspended.

No fees shall be prorated for the unexpired portion of the license year.

The fees shall be set by the bureau within the limits prescribed by this section in such amounts as it determines will be reasonably necessary to provide only sufficient revenue for the administration and enforcement of this chapter.

No change in the fees to be charged pursuant to this section shall be effective unless a public hearing is held at least 90 days prior to the proposed effective date of the change in fees. Notice of any proposed change in the fees to be charged pursuant to this section shall be provided in conformance to the provisions of subdivisions (a), (b), and (c) of Section 11346.4 of the Government Code at least 120 days prior to the effective date of the change in fees.

SEC. 1.55. Section 18632 of the Business and Professions Code is amended to read:

18632. (a) All moneys received by the commission under the provisions of this chapter shall be accounted for and reported by detailed statements furnished by the commission to the Controller at least once a month, and at the same time such moneys shall be remitted to the Treasurer and, except for money received pursuant to Article 10 (commencing with Section 18800), which shall be deposited in the General Fund to accounts created therein, shall be deposited in the Athletic Commission Fund in the State Treasury.

(b) The Athletic Commission Fund is hereby created in the State Treasury.

(c) The Director of Finance may allocate a loan from the General Fund to the Athletic Commission Fund which shall not exceed the amount appropriated in the Budget Act and other legislation in any fiscal year, to be repaid with interest upon such terms and conditions for repayment as may be prescribed by the Department of Finance. The loan shall be repaid by June 30 of each fiscal year.

(d) The commission shall have the right to the services of the Attorney General without charge for the 1983-84 fiscal year.

Such club shall also, within the same time, pay to the commission a tax, exclusive of any federal taxes paid thereon, of one cent (\$0.01) for each twenty cents (\$0.20), or fraction thereof, of the amount paid for admission to such contest, match, or exhibition, and of the gross price as described above for the sale, lease, or other exploitation of broadcasting or television rights thereof, except that in no case shall such tax be less than fifty dollars (\$50). 19610.5. (a) In addition to the amounts required to be paid as license fees under any other provision of this chapter, every association, except an association conducting a racing meeting pursuant to Section 19612.6, shall pay 1 percent of its exotic parimutuel pools to the state as an additional license fee.

(b) In addition to the amounts required to be paid as license fees under subdivision (a) or any other provision of this chapter, every association conducting a racing meeting between August 1, 1983, and July 1, 1984, that deducts 17.75 percent of the total amount handled in exotic parimutuel pools pursuant to Section 19610 shall pay 1 percent of the exotic parimutuel pool to the state as an additional license fee.

SEC. 2.1. Section 23095 of the Business and Professions Code is amended to read:

23095. (a) Whenever a decision of the department suspending a license for 30 days or less becomes final, whether by failure of the licensee to appeal the decision or by exhaustion of all appeals and judicial review, the licensee may, before the operative date of the suspension, petition the department for permission to make an offer in compromise, to be paid into the Alcohol Beverage Control Fund, consisting of a sum of money in lieu of serving the suspension. Upon the receipt of the petition, the department may stay the proposed suspension and cause any investigation to be made which it deems desirable and may grant the petition if it is satisfied (a) that the public welfare and morals would not be impaired by permitting the licensee to operate during the period set for suspension and that the payment of the sum of money will achieve the desired disciplinary purposes; (b) that the books and records of the licensee are kept in such a manner that the loss of sales of alcoholic beverages which the licensee would have suffered had the suspension gone into effect can be determined with reasonable accuracy therefrom. The offer in compromise shall be the equivalent of 20 percent of the estimated gross sales of alcoholic beverages for each day of the proposed suspension, and the offer in compromise shall be not less than seven hundred fifty dollars (\$750) or more than six thousand dollars (\$6,000).

(b) Notwithstanding any other provision of this division, the department may accept an offer in compromise from a retail licensee in the equivalent of 20 percent of the estimated gross sales of alcoholic beverages for each day of a proposed suspension and the offer in compromise shall be not less than three hundred dollars (\$300) or more than one thousand five hundred dollars (\$1,500) provided the petitioning retailer has had no other accusation filed against him by the department during the prior three years from the date of the petition which has resulted in a final decision to suspend or revoke the retail license concerned.

This subdivision does not affect the provisions of Section 24755.1.

(c) Notwithstanding the provisions of subdivision (a), the offer in compromise for nonretail licensees shall be the equivalent of 20 percent of the estimated gross sales of alcoholic beverages for each day of the proposed suspension, and the offer in compromise shall not exceed ten thousand dollars (\$10,000) unless the nonretail licensee has violated Section 25500, 25502, 25503, or 25600 by giving to any licensee illegal inducements, secret rebates, or free goods

amounting to more than ten thousand dollars (\$10,000) in value, in which case the offer in compromise shall be equal to the value of the illegal inducements, secret rebates, or free goods given. All moneys collected as a result of penalties imposed under this subdivision shall be deposited directly in the General Fund in the State Treasury, rather than the Alcoholic Beverage Control Fund as provided for in Section 25761.

SEC. 2.2. Section 23954.5 of the Business and Professions Code is amended to read:

23954.5. An applicant for an original on-sale general license shall, at the time of filing the application for the license, accompany the application with a fee of six thousand dollars (\$6,000). At the time of filing an application for a license, an applicant for an original on-sale general license for seasonal business shall accompany the application with a fee of four thousand five hundred dollars (\$4,500). An applicant for an original on-sale beer and wine license shall accompany the application with a fee of three hundred dollars (\$300). An applicant for an original on-sale beer license shall accompany the application with a fee of two hundred dollars (\$200). An applicant for an original off-sale general license shall, at the time of filing the application for the license, accompany the application with a fee of six thousand dollars (\$6,000). An applicant for an original off-sale beer and wine license or an original license not specified in this section, shall accompany the application with a fee of one hundred dollars (\$100).

“Original on-sale general license,” “original on-sale general license for seasonal business,” “original on-sale beer and wine license,” “original on-sale beer license,” “original off-sale general license,” and “original off-sale beer and wine license,” as used in this division, does not include a license issued upon renewal or transfer of a license.

All money collected from the fees provided for in this section shall be deposited directly in the General Fund in the State Treasury, rather than in the Alcohol Beverage Control Fund as provided in Section 25761.

SEC. 2.3. Section 24012 of the Business and Professions Code is amended to read:

24012. Upon receipt by the department of a petition for a license in proper form, the petition shall be set for hearing, as provided in Section 24017.

SEC. 2.4. Section 24013 of the Business and Professions Code, as amended by Section 4 of Chapter 1189 of the Statutes of 1982, is amended to read:

24013. Protests may be filed at any office of the department at any time within 30 days from the first date of posting the notice of intention to engage in the sale of alcoholic beverages at the premises.

The department may reject protests, except protests made by a public agency or public official or protests made by the governing body of a city or county, if it determines the protests are false, vexatious, or without reasonable or probable cause at any time before

hearing thereon, notwithstanding the provisions of Section 24016 or 24300. The department shall also reject any protests against an off-sale beer and wine retail alcoholic beverage license which are based on evidence, information or conditions resulting from operation of the premises, such as operating hours, parking availability or operating noise, not resulting solely from the sale of alcoholic beverages. If the department rejects a protest as provided in this section and issues a license, a protestant whose protest has been rejected may, within 10 days after the issuance of the license, file an accusation with the department alleging the grounds of protest as a cause for revocation of the license and the department shall hold a hearing as provided in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and as provided in Section 24017.

Nothing in this section shall be construed as prohibiting or restricting any right which the individual making the protest might have to a judicial proceeding.

This section shall remain in effect until January 1, 1984, and as of that date is repealed.

SEC. 2.5. Section 24013 of the Business and Professions Code, as added by Section 5 of Chapter 1189 of the Statutes of 1982, is amended to read:

24013. Protests may be filed at any office of the department at any time within 30 days from the first date of posting the notice of intention to engage in the sale of alcoholic beverages at such premises.

The department may reject protests, except protests made by a public agency or public official or protests made by the governing body of a city or county, if it determines the protests are false, vexatious, or without reasonable or probable cause at any time before hearing thereon, notwithstanding the provisions of Section 24016 or 24300. If the department rejects a protest as provided in this section and issues a license, a protestant whose protest has been rejected may, within 10 days after the issuance of the license, file an accusation with the department alleging the grounds of protest as a cause for revocation of the license and the department shall hold a hearing as provided in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and as provided in Section 24017.

Nothing in this section shall be construed as prohibiting or restricting any right which the individual making the protest might have to a judicial proceeding.

This section shall take effect January 1, 1984.

24017. (a) Any person requesting a hearing pursuant to Sections 24011 to 24016, inclusive, shall deposit seven hundred fifty dollars (\$750) with the department. Notwithstanding any other provision of law, the department shall not set the matter for hearing until the

deposit is made, except as provided in subdivision (d).

(b) If a proposed decision upholding the person requesting a hearing is subsequently filed with the department by the hearing officer conducting the hearing, the department shall refund the full amount deposited.

(c) If a proposed decision not upholding the person requesting the hearing is filed with the department by the hearing officer conducting the hearing and the department subsequently finalizes that decision, and:

(1) The actual costs to the department for the filing fee, hearing officer, and reporter or recorder, as determined by the Office of Administrative Hearings, are less than the amount deposited, the excess of the amount deposited shall be refunded; or

(2) The actual costs to the department for the filing fee, hearing officer, and reporter or recorder, as determined by the Office of Administrative Hearings, are more than the amount deposited, the losing party shall pay to the department the difference.

(d) The department may waive any or all of the fees required by this section in any case where it determines that imposition of the fees would impose a financial hardship, or where it determines that the administrative costs of collecting the fee would be prohibitive.

(e) The department shall deposit all fees collected pursuant to this section in the General Fund.

(f) The department may adopt such rules as it determines to be necessary for the administration of this section.

SEC. 2.7. Section 24045 of the Business and Professions Code is amended to read:

24045. All retailer's on-sale licenses, except on-sale general licenses for seasonal businesses and daily on-sale general licenses issued pursuant to Section 24045.1, shall be issued on a calendar-year basis, except that the department may issue and renew on-sale beer licenses and on-sale beer and wine licenses on a quarterly basis for the remainder of the calendar year where the privilege of such licenses is exercised only a portion of each year; provided, however, that the department may issue special licenses for the sale of beer or wine on a temporary basis for premises temporarily occupied by the licensee for a picnic, social gathering, or similar occasion at a fee not to exceed fifteen dollars (\$15) per day as determined by the department. All other licenses shall be issued on the basis of a fiscal year, commencing July 1st and ending June 30th.

recorder, as determined by the Office of Administrative Hearings, in addition to any other penalties or fees assessed under any other provision of law.

(b) If the fees required by this section are not paid within 30 days of the adoption of the final decision by the department, the license is automatically suspended indefinitely. The license may be reactivated by the department only:

(1) Upon the payment of all fees due the department under this section, plus a penalty fee equal to 10 percent of the amount due and

(2) In accordance with rules promulgated by the department.

(c) The department shall deposit all fees collected pursuant to this section in the General Fund.

SEC. 2.9. Section 24310 is added to the Business and Professions Code, to read:

24310. Any person requesting a transcript of a department hearing shall pay to the department the actual cost of that transcript, as determined by the Office of Administrative Hearings. The department shall deposit all fees collected pursuant to this section in the General Fund.

SEC. 5. Section 2558 of the Education Code is amended to read:

2558. Notwithstanding any other provision of law, for the 1979–80 fiscal year and each fiscal year thereafter, the Superintendent of Public Instruction shall apportion state aid to county superintendents of schools pursuant to the provisions of this section.

(a) The Superintendent of Public Instruction shall total the amounts computed for the fiscal year pursuant to Sections 2550, 2551, 2551.3, 2552, 2554, 2555, and 2557. For the 1979–80 fiscal year and for purposes of calculating the 1979–80 fiscal year base amounts in succeeding fiscal years, the amounts in Sections 2550, 2551, 2552, 2554, 2555, and 2557, as they read in the 1979–80 fiscal year, shall be multiplied by a factor of 0.994. For the 1981–82 fiscal year and for purposes of calculating the 1981–82 fiscal year base amounts in succeeding fiscal years, the amount in this subdivision shall be multiplied by a factor of 0.97.

(b) For the 1983–84 fiscal year and each fiscal year thereafter, the amount computed in subdivision (a) shall be reduced by the amount of the decreased contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982. For the 1983–84 fiscal year and each fiscal year thereafter, the decreased contributions shall be based on the 1982–83 salaries of employees participating in the Public Employees' Retirement System during the 1982–83 fiscal year. For the purposes of this subdivision, no reduction shall be made for decreased contributions for positions that were funded totally from federal funds during the 1982–83 fiscal year.

(c) The Superintendent of Public Instruction shall also subtract from the amount determined in subdivision (a) the sum of: (1) local property tax revenues received pursuant to Section 2573 in the then current fiscal year, and tax revenues received pursuant to Section

2556 in the then current fiscal year, (2) state and federal categorical aid for the fiscal year, (3) district contributions pursuant to Section 52321 for the fiscal year, and other applicable local contributions and revenues, and (4) any amounts that the county superintendent of schools was required to maintain as restricted and not available for expenditure in the 1978-79 fiscal year as specified in the second paragraph of subdivision (c) of Section 6 of Chapter 292, Statutes of 1978, as amended by Chapter 51, Statutes of 1979.

(d) The remainder computed in subdivision (c) shall be distributed in the same manner as state aid to school districts from funds appropriated to Section A of the State School Fund.

(e) If the remainder determined pursuant to subdivision (c) is a negative amount, no state aid shall be distributed to that county superintendent of schools pursuant to subdivision (d), and an amount of funds of that county superintendent equal to such negative amount shall be deemed restricted and not available for expenditure during the current fiscal year. In the next fiscal year, such amount shall be considered local property tax revenue for purposes of the operation of paragraph (1) of subdivision (c) of this section.

SEC. 5.5. Section 8263 of the Education Code is amended to read:

8263. (a) The Superintendent of Public Instruction shall adopt such rules and regulations on eligibility, enrollment, and priority of services as needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family shall be (A) a current aid recipient, (B) income eligible, or (C) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited; and

(2) A family shall need the child care service because the child is identified by a legal, medical, or social service agency as being (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, or (iii) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

(b) Priority for state and federally subsidized child development services shall be as follows:

(1) First priority shall be given to recipients of child protective services for children who are neglected or abused, or at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(c) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that such medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed such letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(d) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The Superintendent of Public Instruction shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(e) The Superintendent of Public Instruction shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter. AFDC and SSI/SSP grants shall be considered as part of gross income for the purpose of determining the fees to be paid by a family utilizing child care and development services pursuant to this chapter. Insofar as federal funds are utilized, this fee schedule shall conform to that allowed by the federal social service regulations as designated in the California State Plan for Social Services.

(f) The Superintendent of Public Instruction shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(g) No public funds shall be paid directly or indirectly to any agency which does not pay at least the minimum wage to each of its employees.

SEC. 6. Section 8279.1 is added to the Education Code, to read:

8279.1. (a) The Legislature recognizes that child care programs have made valuable contributions towards ensuring that public assistance recipients will be able to accept and maintain employment

or employment-related training. Therefore, it is the intent of the Legislature that the Superintendent of Public Instruction ensure that counties comply with the requirements of Section 8279.

(b) The Superintendent of Public Instruction shall ensure each county's compliance with Section 8279 by doing all of the following:

(1) The Superintendent of Public Instruction shall not issue funds to a local child care contractor within a county until the Superintendent of Public Instruction has received written certification from that county that the level of expenditure for child care services provided by the county has been maintained at the 1970-71 fiscal year level pursuant to Section 8279. Funding provided by a county to a local child care contractor shall not adversely affect the reimbursement received by the agency from the Superintendent of Public Instruction pursuant to Section 8265, 8265.5, 8266, or 8266.5.

SEC. 6.5. Section 10106 of the Education Code is amended to read:

The commission shall, upon request, assist school districts in the recruitment of these teachers.

SEC. 9. Section 18024 of the Education Code is amended to read:

18024. (a) A fund is hereby created in the State Treasury to be known as the Public Library Fund.

(b) The Controller shall transfer on January 1, 1984, from the General Fund to the Public Library Fund the amount necessary to meet the state's obligations under this chapter for the remainder of the 1983-84 fiscal year.

(c) The Controller shall transfer on July 1, 1984, and on July 1 of each year thereafter, from the General Fund to the Public Library Fund the amount necessary to meet the state's obligation under this chapter for that particular fiscal year.

SEC. 13. Section 24701 of the Education Code is amended to read:

24701. (a) Annual cost-of-living adjustments for retirants, disabilitants, and beneficiaries in excess of the 2-percent adjustment authorized by Section 22131 may be included as a General Fund appropriation in the annual Budget Act. In the annual budget submitted to the Legislature, the Governor shall include a budget item equal to 5 percent of the average annualized statewide increase in payroll for certificated personnel over the three previous school years among school districts, county offices of education, and community college districts.

The amount submitted in the Budget Act pursuant to this section shall be considered as part of the overall budget allocations to the public schools and community colleges.

(b) The annual appropriation shall be made to the State Teachers' Retirement System on July 1, and shall be placed in a segregated account called the Retirees' Purchasing Power Protection Account.

The proceeds of that account are continuously appropriated and shall be distributed annually in quarterly payments commencing on September 1 to retirants, disabilitants, and beneficiaries as follows:

(1) The proceeds shall be allocated among those retirants, disabilitants, and beneficiaries whose allowances, after applying the 2-percent adjustment authorized by Section 22131, have the lowest purchasing power percentage, based on the amount that would be paid had the original allowance been increased by increases in the index then being used by the Department of Finance to measure changes in the cost of living, increasing those allowances to a common minimum purchasing power level. In any year in which the purchasing power of the allowances of all retirants, disabilitants, and beneficiaries equals not less than 75 percent and additional funds remain from the allocation authorized by this section, those funds shall be allocated by the board to general accounts to reduce the unfunded actuarial liability of the fund.

(2) The board may deduct from the annual appropriation an amount necessary for administrative expenses to implement this section.

(c) The board shall inform each recipient of benefits under subdivision (b) that the increases are not cumulative, not part of the base retirement allowance, and will be available only as appropriated annually in the state Budget Act.

(d) The adjustments authorized by this section shall not be included in the base allowance for purposes of calculating the 2-percent adjustment authorized by Section 22131.

SEC. 16. Section 42238 of the Education Code is amended to read:

(b) For the 1980-81 fiscal year, each district with a revenue limit per unit of average daily attendance computed for the 1979-80 fiscal year pursuant to paragraph (2) of subdivision (b) of Section 42237, shall receive the maximum inflation adjustment if that revenue limit is less than the following amounts:

For computation of revenue limits for the 1982–83 fiscal year and each fiscal year thereafter, the amounts specified in paragraphs (1) through (6) shall be cumulatively increased by the amount of the maximum inflation adjustment for the preceding fiscal year.

(e) For the 1981–82 fiscal year, each district with a revenue limit per unit of average daily attendance computed for the 1980–81 fiscal year pursuant to this section shall receive the minimum inflation adjustment if that revenue limit is more than the following amounts:

All funds recovered from the federal government to offset statewide indirect costs shall be transferred to the unappropriated surplus of the General Fund in a manner prescribed by the Department of Finance, unless expenditure of the funds is authorized by the Department of Finance. No authorization may become effective sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the

Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. If in the judgment of the Director of Finance, a state agency has not transferred the funds on a timely basis, the director may certify to the Controller the amount which the agency should have transferred to the General Fund, and the Controller shall transfer the funds to the General Fund.

13332.03. Whenever an appropriation has not been made to provide for recovery of general administrative costs pursuant to Sections 11270 through 11277, inclusive, a sufficient sum for that purpose shall be transferred from each affected fund by the Controller to the unappropriated surplus of the General Fund. The Controller shall make transfers pursuant to this section only upon order of the Director of Finance.

13332.04. Approvals by the Department of Finance to the creation of deficiencies pursuant to Section 11006 and approvals to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall be made in writing and filed with the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee. The notices shall state the reason for and amount of the deficiency and shall be filed prior to approval whenever possible and in no case shall they be filed more than 10 days after approval.

13332.05. No funds may be encumbered for paying a civil service employee a salary which is above the maximum of the salary range of the employee's present classification for a period of more than 90 calendar days following termination of a career executive assignment appointment. The intent of the Legislature in permitting payment above the maximum of the salary range for the 90-day period is to facilitate the employee's adjustment to a lower salary level. The provisions of this section shall not apply with respect to an employee who accepted any career executive assignment appointment on or after June 20, 1976, and before July 1, 1977, and any employee meeting that requirement, who is otherwise eligible, shall receive a salary rate pursuant to the provisions of Rule 548.25, adopted by the State Personnel Board on May 18, 1976, based upon the highest career executive assignment level held by the employee during that period.

13332.06. The Director of General Services may not approve an agreement for the leasing of an office copy machine, unless not less than 30 days prior to its approval, or whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine, the director submits in writing to the chairperson of the committee, or his or her designee, notification of his or her intent to approve the lease and an explanation as to why the copier should be leased rather than purchased.

13332.07. No funds shall be used to purchase furnishings for any

house, mobilehome, or apartment of three or more rooms other than a dormitory which is rented to a state employee. This provision shall not apply to the purchase of refrigerators, heaters, air-conditioning equipment, stoves, linoleum, or equipment normally furnished in the construction of a house, as may be determined by the State Board of Control. It is the intent of the Legislature that furnishings are not to be provided by the state, and that no moneys shall be paid from any appropriation for their replacement or repair, except in connection with the disposal thereof.

13332.08. (a) No funds shall be used, either directly or by supplementing any other appropriation, to purchase rugs or carpets for any state office except for offices used by elective officers, the President of the University of California, a chancellor of the University of California, the Chancellor of the California State University, a president of a state university or college, department heads, and for other facilities or areas under the control of the agencies financed by the Budget Act in accordance with standards issued by the Director of General Services. The Director of General Services shall furnish a detailed report annually to the Joint Legislative Budget Committee of all rugs or carpets purchased for state facilities under this section.

Approval of the Director of General Services shall be obtained prior to procurement and installation of rugs or carpets. The Director of General Services may authorize the use of carpeting in other specialized facilities not meeting the established standards not sooner than 30 days after notification in writing of the proposal with justification therefor to the Joint Legislative Budget Committee.

(b) The Director of General Services shall prepare and submit to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, a cost-benefit analysis of open-office landscape proposals in either existing or new buildings not less than 30 days prior to implementing any open-office landscape proposal.

13332.09. No purchase order or other form of documentation for acquisition or replacement of motor vehicles shall be issued against any appropriation until the Department of General Services has investigated and established the necessity therefor. No surplus mobile equipment may be acquired from any source by any state agency for program support until the Department of General Services has investigated and established the necessity therefor.

All passenger-type motor vehicles purchased for state officers and employees, except constitutional officers, shall be American-made vehicles of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements, including, but not limited to, use by the California Highway Patrol, which would justify the need for a motor vehicle of a heavier class.

No general use mobile equipment having an original purchase price of twenty-five thousand dollars (\$25,000) or more shall be rented or leased from a nonstate source and payment therefor made

from any appropriation for the use of the Department of Transportation, without the prior approval of the Department of General Services after a determination that comparable state-owned equipment is not available, unless obtaining approval would endanger life or property, in which case the transaction and the justification for not having sought prior approval shall be reported immediately thereafter to the Department of General Services. For purposes of this section, "general use mobile equipment" means equipment that is listed in the Mobile Equipment Inventory of the State Equipment Council and which is capable of being used by more than one agency, and shall not be deemed to refer to equipment having a practical use limited to the controlling agency only. Section 575 of the Vehicle Code shall have no application to this section.

13332.10. The Director of General Services may not enter into a lease agreement between the state and another entity, public or private, in which the state is lessee if the agreement is to be for the lease of a building or building space, or both, which will be for the occupancy of any agency or agencies of the state with a firm lease period of five years or longer and an annual rental in excess of ten thousand dollars (\$10,000), unless not less than 30 days prior to entering into the lease the Director of General Services notifies the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or his or her designee, in writing of the director's intention to enter into the agreement, or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. No funds appropriated in any Budget Act may be encumbered or expended for any lease entered into on or after July 1, 1979, for office space in the County of Sacramento unless all solicitations for leases for office space in the County of Sacramento under the above-described conditions contain the statement, "The state is anticipating capital construction in the City of Sacramento and intends to eventually reduce the use of space on a leased basis."

13332.11. (a) No funds appropriated for capital outlay may be expended by any state agency, including the University of California, the California State University, and the community colleges, until the Department of Finance and the State Public Works Board have approved preliminary plans for the project to be financed from the appropriation for capital outlay, except that community college approvals by the State Public Works Board shall apply only to the allocation of state capital outlay funds appropriated heretofore and hereafter by the Legislature, including land acquisition and equipment funds.

This subdivision shall not apply to any of the following:

- (1) Amounts for acquisition of land or other real property.
- (2) Amounts needed for equipment or minor projects.
- (3) Amounts appropriated specifically for preliminary surveys, studies, and planning.

(b) Any appropriated amounts for working drawings or construction where the working drawings or construction have been started by any state agency prior to approval of the preliminary plans by the State Public Works Board, and all amounts not approved by the board under this section shall be reverted to the fund from which the appropriation was made. If the Director of Finance or his or her authorized representative requests review of working drawings, no major project for which an appropriation is made shall be put out to bid until the working drawings therefor have been approved by the Department of Finance. No substantial change shall be made from the preliminary plans or working drawings as approved by the State Public Works Board and the Department of Finance without written approval by the Department of Finance. Any proposed construction bid alternates shall be approved by the Department of Finance.

(c) No more than two thousand dollars (\$2,000) of funds appropriated may be spent for any single unit of equipment until prior approval for the purchase of the equipment has been given by the Department of Finance.

(d) The State Public Works Board shall defer all augmentations in excess of 20 percent of the amount appropriated for each capital outlay project until the Legislature makes additional funds available for the specific project.

(e) Augmentations in excess of 10 percent of the amount appropriated for each capital outlay project shall be reported to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, 20 days prior to board approval, or not sooner than whatever lesser time the chairperson, or his or her designee, may in each instance determine. Any augmentation of construction projects shall be limited to the amounts appropriated for construction contract costs.

(f) Prior to State Public Works Board action on any capital outlay appropriation, the Department of Finance shall certify, in writing, to the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the respective fiscal committees, and the legislative members of the board that the requested action is in accordance with the legislatively approved scope and cost. If, pursuant to the other provisions of this section, the Department of Finance approves changes to the approved scope or cost, or both, the department shall report the changes and associated cost implications. The reports shall also include all proposed or potential augmentations in excess of 10 percent of the amount appropriated for construction contract costs related to capital outlay projects.

(g) The State Public Works Board shall defer action with respect to approval of any portion of an acquisition project, or approval of preliminary plans, when it is determined that the estimated cost of the total acquisition project, or construction project, approved by the Legislature is in excess of 20 percent of the amount appropriated, unless, in the case of acquisition projects, it is determined that a lesser portion of the property is sufficient to meet the objectives of the

project approved by the Legislature, and the Chairperson of the Joint Legislative Budget Committee, or his or her designee, is provided a 20-day prior notification of the proposed reductions in the acquisition project, or whatever lesser period the chairperson, or his or her designee, may in each instance determine.

(h) Nothing in this section shall be construed to limit or control the Department of Transportation in the expenditure of all funds appropriated to the department for capital outlay purposes.

13332.12. (a) Any acquisition of land or other real property authorized in any appropriation, except an appropriation from the California Water Fund and an appropriation to the Department of Transportation for capital outlay purposes, shall be subject to the provisions of the Property Acquisition Law. Nothing in this section shall be construed as exempting the California Coastal Commission from this section.

(b) All property acquisitions, including those exempted pursuant to subdivision (a), shall be reported to the State Public Works Board.

13332.13. The Controller may not disburse funds from any appropriation for acquisition made to the Department of Parks and Recreation to pay for any property rights, however secured or received, until the State Public Works Board has approved the transaction. In addition, the Attorney General and the Department of General Services shall inform the State Public Works Board of every action in inverse condemnation served upon either or both of them, which pertains to any acquisition for the state park system, by placing an item on the board's agenda.

13332.14. No expenditures for park furnishings shall be made unless the Department of Parks and Recreation has made reasonable efforts to acquire the furnishings on a consolidated procurement basis or through California Conservation Corps labor.

13332.15. No appropriation may be combined or used in any manner to avoid budgeting the salary or operating expenses of any position or to achieve any purpose which has been denied by any formal action of the Legislature.

13332.16. This article shall not apply to appropriations to the Legislature, the Legislative Counsel Bureau, the California Commission on Uniform State Laws, or the California Law Revision Commission.

SEC. 45. Section 13336.5 of the Government Code is amended to read:

13336.5. (a) The department, on or before January 31st, after the budget is submitted, shall submit a plan, and annually report, to the Legislature on the methods and procedures used in establishing budget priorities as follows:

(1) The bases used in establishing budget targets and the process used in ascertaining which programs and levels of service are to be continued within the base, including an analysis performed to substantiate maintaining such programs and levels of service within the base.

(2) The process used in identifying low priority programs and analysis provided where programs are proposed for elimination or adjustment.

(3) The process used in developing proposals for new programs or improved levels of service, including analyses provided to substantiate the need for program changes.

The plan shall include a schedule of implementation for some state agencies, including at least four of the agencies and departments listed in Section 12016, commencing with the budget for the 1984-85 fiscal year and for all other state agencies on or before the 1986-87 fiscal year.

(b) The department shall deliver a report to the chairman of each fiscal committee and the Joint Legislative Budget Committee on or before August 31, 1983, of the plan for the establishing of budget priorities developed pursuant to this section and shall provide a detailed implementation schedule specifying the time when each state agency will be utilizing the plan.

(c) The report, with respect to the plan and the analysis which substantiates the need for program changes, shall be submitted to the chairmen of the fiscal committees of the Legislature and to the Legislative Analyst. The background data used in formulating the analysis shall also be made available upon request. The Legislative Analyst shall utilize such information in the analysis of the budget bill and shall include an evaluation of the implementation of this section by department.

(d) It is the intent of the Legislature, in enacting this section, to increase governmental efficiency at the state level by eliminating ineffective and low priority programs, to increase program effectiveness evaluation of all programs and evaluation of alternatives, and to generally review efficiency, effectiveness, and prioritization of programs.

It is further the intent of the Legislature that the department coordinate the implementation of budget priorities review with the implementation of the improvements in the state's accounting and budgeting system required by this article.

SEC. 45.1. Section 13340 of the Government Code is amended to read:

13340. On and after July 1, 1984, no moneys in any fund which, by any statute other than a Budget Act, is continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

SEC. 45.5. Section 14669 of the Government Code is amended to read:

14669. (a) The director may hire, lease, lease-purchase, or lease with the option to purchase any real or personal property for the use of any state agency, including the Department of General Services, if he deems the hiring or leasing is in the best interests of the state.

(b) The director shall not enter into a lease-purchase agreement, or a lease with an option to purchase with an initial option purchase price over two million dollars (\$2,000,000), either of which involves office space, unless specifically authorized to do so by the Legislature. Except for a renewal of an existing lease to include an option to purchase, the director shall solicit written bids for any lease-purchase or lease with option to purchase which involves office space in a newspaper of general circulation in the county in which the project is located. All bids received shall be publicly opened and the lease awarded to the lowest responsible bidder. If the director deems the acceptance of the lowest responsible bid is not in the best interest of the state, he or she may reject all bids.

(c) The director shall not enter into a lease with an option to purchase with another entity, public or private, which involves office space which has an initial option price of two million dollars (\$2,000,000) or less, unless not less than 30 days prior to its execution, the director notifies the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee of each house of the Legislature which considers appropriations in writing of the director's intention to execute such a lease, or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or a designee, may in each case determine.

SEC. 46. Section 15202 of the Government Code is amended to read:

The Controller shall not reimburse any county for costs that exceed the State Board of Control's standards for travel and per diem expenses. The Controller may reimburse extraordinary costs in unusual cases if the county provides sufficient justification of the need for such expenditures.

The University of California or the state agency to which money has been allotted shall perform such work or cause it to be performed in the manner provided by law.

State agencies are authorized to incur obligations, to be met during the fiscal year following the year of a project completion, for the purchase of equipment related to capital outlay projects for which the Legislature has appropriated construction funds. However, no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of three million dollars (\$3,000,000) in estimated costs.

- (a) The nature of the project and the public purpose to be served.
- (b) The location of the project.
- (c) The minimum number of days following assurance of funding required to begin onsite labor on the project.

SEC. 53. Section 16113 of the Government Code is amended to read:

16113. (a) Each county auditor shall file a claim with the Controller on or before the last day of August of each year for reimbursement to local governmental agencies for the tax loss attributable to property on the unsecured roll by reason of the reduced assessment ratio of commercial passenger fishing vessels provided for in subdivision (c) of Section 227 of the Revenue and Taxation Code.

(b) Each county auditor shall file a claim with the Controller on or before October 31 of each fiscal year for reimbursement to local governmental agencies for the tax loss attributable to property on the secured roll by reason of the reduced assessment ratio of commercial passenger fishing vessels provided for in subdivision (c) of Section 227 of the Revenue and Taxation Code.

(c) For the 1980-81 fiscal year, and fiscal years thereafter, the amount the state shall reimburse local governmental jurisdictions for revenue loss by reason of the exemption for business inventories provided for in Section 219 of the Revenue and Taxation Code, and for livestock as provided for in Section 5523 of that code, shall be computed as follows:

(1) For the 1980-81 fiscal year, the sum of the reimbursements for all local governmental jurisdictions within a county shall equal twice the amount of money that would have been allocated for the 1979-80 fiscal year to the jurisdictions if the inventory exemption

reimbursement had been predicated on the jurisdictions' share of the proceeds from a countywide property tax rate of four dollars (\$4) per one hundred dollars (\$100) of assessed valuation including the amount these jurisdictions would have received if that amount had not been subtracted pursuant to the provisions of Section 16117, plus 170 percent of the livestock exemption reimbursement for the 1979-80 fiscal year, with the resulting total sum to be increased by a percentage equal to the State Reimbursement for Inventory Tax Factor.

(2) For the 1981-82 fiscal year the sum of the reimbursements for all local governmental jurisdictions within a county shall be equal to the reimbursement computed for the prior fiscal year, multiplied by 1.0292.

(3) For the 1982-83 fiscal year and each fiscal year thereafter, the sum of the reimbursements for all local governmental jurisdictions within a county shall be equal to the reimbursement computed for the prior fiscal year.

(d) (1) With respect to the 1980-81 fiscal year and each fiscal year thereafter, each county auditor shall file a claim with the Controller on or before October 31 of each fiscal year for reimbursement to local jurisdictions for the amount computed pursuant to subdivision (c).

(2) Proceeds received from the Controller pursuant to these claims shall be apportioned by the auditor to local governmental jurisdictions as property tax revenues pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(e) For purposes of this section, "State Reimbursement for Inventory Tax Factor" means:

(1) For cities, counties, and special districts: the percentage change in cost of living (as determined pursuant to Section 2212 of the Revenue and Taxation Code) plus the percentage change in the population of the city, county, or special district (as determined pursuant to Section 2227 or 2228 of the Revenue and Taxation Code). The percentage change in the population of a redevelopment agency shall be the percentage change in the population of the city or county in which the redevelopment agency is located.

(2) For school districts, county superintendents of schools and community college districts: the percentage change in the cost of living (as determined pursuant to Section 2212 of the Revenue and Taxation Code) plus the percentage change in the ADA of the school district or community college district.

(f) For the 1982-83 fiscal year, the claim filed pursuant to this section shall not include any reimbursement for any special district identified as an enterprise special district in the State Controller's Annual Report on 1979-80 Financial Transactions of Special Districts, except for districts which provide transit services or operate an airport. The amounts to be allocated by the auditor to local jurisdictions other than these districts shall equal the amounts allocated to those jurisdictions for the 1981-82 fiscal year.

(g) (1) For the 1983-84 fiscal year and each fiscal year thereafter, the payment made pursuant to this section shall not include any reimbursement attributable to property taxes supporting enterprise-related activities of any special district identified as an enterprise special district in the most recent Controller's Annual Report on Financial Transactions of Special Districts, except for districts which provide transit services or operate an airport.

(2) Notwithstanding the provisions of paragraph (2) of subdivision (d), for the 1983-84 fiscal year, the amounts paid as reimbursement pursuant to this section to be allocated by the auditor to local agencies, as defined by Section 95 of the Revenue and Taxation Code, other than enterprise special districts, as defined in paragraph (1) of this subdivision, shall be in proportion to the amounts allocated to those agencies for the prior fiscal year, as determined by the Director of Finance, adjusted pursuant to paragraph (3) of subdivision (c). The auditor shall adjust the allocation of these amounts, if necessary, to reflect agreements entered into pursuant to Section 99, 99.1, or 99.2 of the Revenue and Taxation Code. No reimbursement shall be made pursuant to subdivision (c) to school entities, as defined by Section 95 of the Revenue and Taxation Code, for the 1983-84 fiscal year.

(3) This subdivision shall be inapplicable to redevelopment agencies.

SEC. 55.5. Section 16114 of the Government Code is amended to read:

16114. (a) For the 1980-81 fiscal year, for the purpose of computing assessed valuation for the purposes of Section 33670 of the Health and Safety Code, there shall be added to the actual assessed valuation as shown on the assessment roll, an amount equal to the assessed valuation of business inventories in the project area in the 1979-80 fiscal year multiplied by the quotient derived by dividing four dollars (\$4) by the tax rate applicable within the project area, with the resulting amount to be increased by a percentage equal to the State Reimbursement for Inventory Tax Factor.

(b) For the 1981-82 fiscal year and each fiscal year thereafter, for the purpose of computing assessed valuation for the purpose of Section 33670 of the Health and Safety Code, there shall be added to the actual assessed valuation shown on the assessment roll an amount equal to the assessed valuation of business inventories in the project area computed for the prior fiscal year, pursuant to subdivision (a), increased by a percentage equal to the State Reimbursement for Inventory Tax Factor.

(c) Notwithstanding the provisions of subdivision (b), for the 1983-84 fiscal year only, the assessed valuation shall be reduced by 75 percent of the amount determined pursuant to subdivision (b) and shall not be increased by the State Reimbursement for Inventory Tax Factor. The auditor shall reduce the claim for reimbursement pursuant to subdivision (c) of Section 16113 by the amount by which allocations to redevelopment agencies are reduced due to this

assessed valuation adjustment. The auditor shall also adjust the allocation of property tax revenue to local jurisdictions so that the net effect of the adjustment upon any local jurisdiction, other than a redevelopment agency, shall be zero.

SEC. 56. Section 16115.5 is added to the Government Code, to read:

16115.5. Notwithstanding Sections 16111, 16113, 16113.6, and 16113.7, an application for replacement revenues or a claim for reimbursement by the county auditor pursuant to those provisions shall not be made to the Controller for the 1983-84 fiscal year and fiscal years thereafter.

Notwithstanding Section 16115, the Controller shall make payments to each county for reimbursements pursuant to Sections 16111, 16113, 16113.6, and 16113.7 on or before the 15th day of each month in 12 equal installments based on the amounts authorized to be provided by those provisions and the amount appropriated by Section 16100 or by the Budget Act for the particular purpose for any fiscal year.

SEC. 56.5. Section 16183 of the Government Code is amended to read:

16183. (a) From the time a payment is made pursuant to Section 16180, the amount of that payment shall bear interest at a rate (not compounded), determined as follows:

(1) For the period ending June 30, 1984, the rate of interest shall be 7 percent per annum.

(2) The Controller shall establish an adjusted rate of interest for the purpose of this subdivision not later than July 15th of any year if the effective annual yield of the Pooled Money Investment Account for the prior fiscal year is at least a full percentage point more or less than the interest rate which is then in effect. The adjusted rate of interest shall be equal per annum to the effective annual yield earned in the prior fiscal year by the Pooled Money Investment Account rounded to the nearest full percent, and shall become effective for new deferrals, beginning on July 1, 1984, and on July 1 of each immediately succeeding year.

(3) The rate of interest provided pursuant to this subdivision for the first fiscal year commencing after payment is made pursuant to Section 16180 shall apply for that fiscal year and each fiscal year thereafter until these postponed property taxes are repaid.

(b) The interest provided for in subdivision (a) shall be applied beginning the first day of the month following the month in which that payment is made and continuing on the first day of each month thereafter until such amount is paid. In the event that any payments are applied, in any month, to reduce the amount paid pursuant to Section 16180, the interest provided for herein shall be applied to the balance of that amount beginning on the first day of the following month.

(c) In computing interest in accordance with this section, fractions of a cent shall be disregarded.

(d) For the purpose of this section, the time a payment is made shall be deemed to be the time a certificate of eligibility is countersigned by the tax collector or the delinquency date of the respective tax installment, whichever is later.

(e) The Controller shall include on forms supplied to claimants pursuant to Sections 20621, 20630.5, 20640.9, and 20641 of the Revenue and Taxation Code, a statement of the interest rate which will apply to amounts postponed for the fiscal year to which the form applies.

SEC. 58. Section 16422 of the Government Code is amended to read:

16422. The fund is under the control of the Department of General Services and is available for expenditure for the payment of rent; the cost of maintaining, operating, and insuring building space; the purchase and sale of materials, supplies, and equipment; the rendering of services to state and other public agencies and, in connection therewith, for the employment and compensation of necessary personnel and expenses; all expenses for the support of the Office of State Printing; and the purchase of machinery or equipment, including motor vehicles, needed in the operation or administration of the Office of State Printing.

On or before September 30 of each fiscal year, the Controller shall transfer to the General Fund any cash surplus, as determined by the Director of Finance and reported to the Joint Legislative Budget Committee, in the fund as of the preceding June 30.

SEC. 58.1. Section 17281 of the Government Code is amended to read:

17281. On or after the date on which the budget for any fiscal year has been adopted, the state may borrow money pursuant to this chapter, and the borrowing shall be represented by notes or other short-term instruments issued pursuant to this chapter. 90.5. (a) It is the policy of this state to vigorously enforce minimum labor standards in order to ensure employees are not required or permitted to work under substandard unlawful conditions, and to protect employers who comply with the law from those who attempt to gain competitive advantage at the expense of their workers by failing to comply with minimum labor standards.

(b) In order to ensure minimum labor standards are adequately enforced, the Labor Commissioner shall establish and maintain a field enforcement unit, which shall be administratively and physically separate from offices of the division which accept and determine individual employee complaints. The unit shall have offices in Los Angeles, San Francisco, San Jose, San Diego, Sacramento, and such other locations as the Labor Commissioner deems appropriate. The unit shall have primary responsibility for administering and enforcing those statutes and regulations most effectively enforced through field investigations, including Sections 226, 226.2, 1021, 1021.5, 1193.5, 1193.6, 1194.5, 1197, 1198, 1771, 1776, 1777.5, 2651, 2673, 2675, and 3700, in accordance with the plan adopted by the Labor Commissioner pursuant to subdivision (c). Nothing in this section shall be construed to limit the authority of this unit in enforcing any statute or regulation in the course of its investigations.

(c) The Labor Commissioner shall adopt an enforcement plan for the field enforcement unit. The plan shall identify priorities for investigations to be undertaken by the unit which ensure the available resources will be concentrated in industries, occupations, and areas in which employees are relatively low paid and unskilled, and those in which there has been a history of violations of the statutes cited in subdivision (b).

(d) The Labor Commissioner shall annually report to the Legislature, not later than March 1, concerning the effectiveness of the field enforcement unit. The report shall include, but not be limited to, all of the following:

(1) The enforcement plan adopted by the Labor Commissioner pursuant to subdivision (c), and the rationale for the priorities identified in the plan.

(2) The number of establishments investigated by the unit, and the number of types of violations found.

(3) The amount of wages found to be unlawfully withheld from workers, and the amount of unpaid wages recovered for workers.

(4) The amount of penalties and unpaid wages transferred to the General Fund as a result of the efforts of the unit.

The fact that an application has been made shall be confidential and the contents of the application shall be confidential. Upon receipt of an application, a judge of the court, other than the trial judge presiding over the capital case in question, shall rule on the reasonableness of the request and shall disburse an appropriate amount of money to defendant's attorney. The ruling on the reasonableness of the request shall be made at an in camera hearing. In making the ruling,

the court shall be guided by the need to provide a complete and full defense for the defendant.

(d) Whenever an authorized request for state summary criminal history information pertains to a person whose fingerprints are on file with the Department of Justice and the department has no criminal history of that person, and the information is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying such request for information, if any, may be stamped "no criminal record" and returned to the person or entity making the request.

In addition, the Department of Justice may add a surcharge to the fee to fund maintenance and improvements to the systems from which the information is obtained. Notwithstanding any other provisions of law, any person or entity required to pay a fee to the department for information received under this section may charge the applicant a fee sufficient to reimburse the person or entity for such expense. All moneys received by the department pursuant to this section, Section 12054 of the Penal Code, and Section 13588 of the Education Code shall be deposited in a special account in the General Fund to be available for expenditure by the department to offset costs incurred pursuant to such sections and for maintenance and improvements to the systems from which the information is obtained when appropriated by the Legislature therefor.

that the funding provided by this subdivision is needed to stimulate the development and utilization of ocean and coastal resources by working constructively with private sector firms and individuals. Nothing in this subdivision shall be construed to preclude the application for funding of any project which would be eligible for funding under the terms of the National Sea Grant College and Program Act of 1966.

(e) To the Capital Outlay Fund for Public Higher Education for the fiscal year 1980-81, the amount necessary to provide for an unencumbered balance available for appropriation on July 1, 1980, of one hundred twenty-five million dollars (\$125,000,000), and for each fiscal year thereafter, the amount necessary to provide for an unencumbered balance available for appropriation on July 1 of each such year of one hundred twenty-five million dollars (\$125,000,000).

30400. It is the intent of the Legislature to minimize duplication and conflicts among existing state agencies carrying out their regulatory duties and responsibilities

In the absence of a specific authorization set forth in this division or any other provision of law or in an agreement entered into with the commission, no state agency, including the Office of Planning and Research, shall exercise any powers or carry out any duties or responsibilities established by this division or by the Federal Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.) or any amendment thereto. The Director of the Office of Planning and Research shall, in carrying out his or her duties as set forth in Section 30415, ensure that the provisions of this section are carried out.

SEC. 70. Chapter 2.5 (commencing with Section 401) of Part 1 of Division 1 of the Public Utilities Code is repealed.

SEC. 71. Chapter 2.5 (commencing with Section 401) is added to Part 1 of Division 1 of the Public Utilities Code, to read:

## CHAPTER 2.5. PUBLIC UTILITIES COMMISSION REIMBURSEMENT FEES

### Article 1. Collection and Disposition of Fees

401. (a) The Legislature finds and declares that the public interest is best served by a commission that is appropriately funded and staffed, that can thoroughly examine the issues before it, and that can take timely and well-considered action on matters before it. The Legislature further finds and declares that funding the commission by means of a reasonable fee imposed upon each common carrier and business related thereto and each public utility that the

commission regulates helps to achieve those goals and is, therefore, in the public interest.

(b) The Legislature intends, in enacting this chapter, that the fees levied and collected pursuant thereto produce enough, and only enough, revenues to fund the commission with (1) its authorized expenditures for each fiscal year to regulate common carriers and businesses related thereto and public utilities, less the amount to be paid from special accounts except those established by this article, reimbursements, federal funds, and the unencumbered balance from the preceding year; (2) an appropriate reserve; and (3) any adjustment appropriated by the Legislature.

(c) For purposes of this chapter, an "appropriate reserve" means a reserve in addition to the commission's total authorized annual budget to regulate common carriers and related businesses and public utilities, to be determined by the commission based on its past and projected operating experience.

402. The Public Utilities Commission Utilities Reimbursement Account is hereby continued in existence. All fees collected by the commission pursuant to Section 431 shall be transmitted to the Treasurer at least quarterly for deposit in the account.

403. There is hereby created the Public Utilities Commission Transportation Reimbursement Account in the General Fund. All fees collected by the commission pursuant to Section 421 shall be transmitted to the Treasurer at least quarterly for deposit in the account.

404. (a) All fees paid pursuant to this chapter, exclusive of any penalties for delinquency, shall be allowed by the commission in a separate order as an ordinary operating expense for purposes of establishing rates or charges. The commission shall authorize each person or corporation subject to Section 421 or 431 to annually adjust its rates or charges for intrastate services so as to collect from its customers and subscribers an amount sufficient to pay the amount of the fee required by Section 421 or 431 together with the costs of collecting the fee from each customer or subscriber.

(b) Each person or corporation subject to Section 421 or 431 may identify separately, on the bill of each customer or subscriber, the amount to be paid by each customer or subscriber for purposes of funding the commission pursuant to this chapter.

(c) Persons or corporations subject to Section 421 or 431 shall pay the fee in accordance with Section 423 or 433 after collection from their customers or subscribers.

405. If any person or corporation subject to this chapter is in default of the preparation and submission of any report or the payment of any fee required by this chapter for a period of 30 days or more, the commission may suspend or revoke the certificate of public convenience and necessity, permit, or other operating authority of the person or corporation or order the person or corporation to cease and desist from conducting all operations subject to the jurisdiction of the commission, and the commission

may estimate from all available information the appropriate fee and may add to the amount of that estimated fee a penalty not to exceed 25 percent of the amount on account of the failure, refusal, or neglect to prepare and submit the report or to pay the fee, and the person or corporation shall be estopped to complain of the amount of the commission's estimate.

Upon payment of the fee so estimated and penalty, if applicable, the certificate, permit, or other operating authority of the person or corporation suspended in accordance with this section shall be reinstated or the order to cease and desist revoked. The commission may grant a reasonable extension of the 30-day period to any person or corporation upon written application and a showing of the necessity of the extension.

Upon revocation of any certificate, permit, or other operating authority or issuance of an order to cease and desist pursuant to this section, all fees in default shall become due and payable immediately.

406. The commission may bring an action, in its own name or in the name of the people of the state, in any court of competent jurisdiction, for the collection of delinquent fees estimated under Section 405, or for an amount due, owing, and unpaid to it, as shown by report filed by the commission, together with a penalty of 25 percent for the delinquency.

407. The commission shall authorize refunds of the fees provided for in this chapter when the fees were collected in error.

408. Notwithstanding any other provision of law, all fees and charges collected by the commission pursuant to this code from each common carrier and related business subject to Section 421 and from interstate or foreign highway carriers registered pursuant to the Interstate and Foreign Highway Carriers' Registration Act (Chapter 2 (commencing with Section 3901) of Division 2), shall be deposited in the Public Utilities Commission Transportation Reimbursement Account, in addition to the fee authorized by Section 421.

409. Notwithstanding any other provision of law, all fees and charges collected pursuant to this code by the commission from each public utility subject to Section 431 shall be deposited in the Public Utilities Commission Utility Reimbursement Account, in addition to the fee authorized by Section 431.

410. The commission may establish rules and regulations that it deems necessary to carry out the provisions of this chapter.

## Article 2. Common Carriers and Related Businesses

421. The commission shall annually determine a fee to be paid by every passenger stage corporation, charter-party carrier of passengers, pipeline corporation, for-hire vessel operator, common carrier vessel operator, and commercial air operator and every other common carrier and related business subject to the jurisdiction of the commission, except as otherwise provided in Article 3 (commencing

with Section 431) of this chapter and Chapter 6 (commencing with Section 5001) of Division 2.

The annual fee shall be established to produce a total amount equal to the amount established in the authorized commission budget for the same year, including adjustments appropriated by the Legislature and an appropriate reserve, to regulate common carriers and related businesses, less the amount to be paid from special accounts or funds pursuant to Section 403, reimbursements, federal funds, other revenues, and unencumbered funds from the preceding year.

421.5. This article shall not apply to any of the following:

(a) Any interstate or foreign highway carrier registered pursuant to the Interstate and Foreign Highway Carriers' Registration Act (Chapter 2 (commencing with Section 3901) of Division 2) who does not otherwise hold any operating authority from the commission to operate in intrastate commerce.

(b) Any railroad corporation.

422. The commission shall establish the fee pursuant to Section 421 with the approval of the Department of Finance and in accordance with the following:

(a) In its annual budget request, the commission shall specify, at a minimum, both of the following:

(1) The amount of its budget to be financed by the fee.

(2) The dollar allocation of the amount of its budget to be financed by the fee by each class of carrier and related business subject to the fee. Each class of carrier and related business subject to this article shall pay fees sufficient to support the commission's regulatory activities for the class from which the fee is collected and to establish an appropriate reserve.

(b) The commission may establish different and distinct methods of assessing fees for each class of carrier and related business, if the revenues collected are consistent with paragraph (2) of subdivision (a).

(c) Within each class of carrier and related business subject to the fee, the commission shall allocate, among the members of the class, the amount of the commission's budget to be financed by the fee based on the ratio that each member's gross intrastate revenues bears to the total gross intrastate revenues of the class.

(d) Any carrier or related business which is a member of more than one class of carrier or related business shall be subject to the fee for each class of which it is a member.

(e) For every carrier and related business having annual gross intrastate revenues of one hundred thousand dollars (\$100,000) or less, the commission shall annually establish uniform fees, which shall be not less than a minimum annual fee, to be paid by each such carrier and related business, if the revenues collected are consistent with paragraph (2) of subdivision (a). Every carrier and related business paying fees pursuant to this subdivision shall show proof of eligibility at the time of payment in a form the commission may

specify.

(f) The commission shall annually establish a uniform fee, which shall be not less than a minimum annual fee, to be paid by every commercial air operator and for-hire vessel operator, if the revenues collected are consistent with paragraph (2) of subdivision (a).

423. Except as provided in Section 404, every carrier and related business subject to Section 421 shall make the payments of the required fee in accordance with the following schedule:

(a) Every carrier and related business with annual gross intrastate revenues of one hundred thousand dollars (\$100,000) or less, commercial air operator, and for-hire vessel operator shall make payment of the fee to the commission on an annual basis on or before January 15.

(b) Every other carrier and related business not subject to subdivision (a) shall make payment of the fee on a quarterly basis between the first and 15th days of July, October, January, and April.

(c) Each carrier and related business subject to subdivision (b) shall, at that time, prepare and transmit a report, in the form the commission may specify, showing the gross operating revenue of the carrier or related business for the calendar quarter covered by the report together with the fee established pursuant to Section 421.

442. The Legislative Analyst shall prepare and submit a report to the Legislature on or before January 1, 1988, including, but not limited to, an evaluation of the effectiveness of funding the commission pursuant to this chapter and a recommendation as to whether this chapter shall be continued in effect, amended, or repealed.

443. Notwithstanding Section 40031 of the Revenue and Taxation Code, the State Board of Equalization shall establish the surcharge on the consumption of electricity in this state at the maximum rate authorized by Section 40032 of the Revenue and Taxation Code.

SEC. 73. Section 100.5 of the Revenue and Taxation Code is amended to read:

100.5. (a) For the 1982-83 fiscal year, if the total of General Fund revenues and transfers for fiscal year 1982-83 plus the amount of General Fund surplus available for appropriation as of June 30, 1982, as estimated on June 10, 1982, by the organization, is more than one hundred million dollars (\$100,000,000) less than the base amount, then the amount of local assistance funds for fiscal year 1982-83 shall be reduced by an amount equal to the difference between the base amount and the amount of the organization's estimate, which difference shall be known as the deflator amount.

(b) For the 1982-83 fiscal year and each fiscal year thereafter, the Governor's Budget for the prior fiscal year shall contain a base amount for the next succeeding fiscal year determined pursuant to paragraph (2) of subdivision (g). This amount may be changed by the Legislature in the Budget Act for the prior fiscal year, in which case this revised amount shall become the base amount for purposes of this section.

(c) Commencing in 1983, the organization shall, on June 10 of each year, determine the difference between the base amount, as determined pursuant to subdivision (b), and the amount of available resources, as defined in paragraph (3) of subdivision (g), and if the amount of available resources is more than one hundred million dollars (\$100,000,000) less than the base amount, then the amount of local assistance funds for the next fiscal year shall be reduced by the amount of the difference, which difference shall be known as the deflator amount.

(d) Notwithstanding any other provision of law, the Controller shall deduct 50 percent of the deflator amount from local assistance funds for local agencies in the next fiscal year, to the extent these funds are available, and 50 percent shall be deducted from local

assistance funds for school entities, to the extent these funds are available. However, the deduction for all school entities statewide shall not exceed the deduction for all local agencies statewide.

(e) The reductions provided for in subdivision (a) or (c) for local agencies shall be made in the following manner:

(1) The Controller shall total the local assistance funds for local agencies based on the amounts estimated for the next fiscal year in the Governor's Budget for that fiscal year.

(2) The Controller shall then calculate a factor derived by dividing 50 percent of the deflator amount by the amount determined in paragraph (1).

(3) If the factor determined in paragraph (2) is less than 1.0, then this factor shall be multiplied by the amount of funds for each individual source of local assistance funds for local agencies. The resulting amount shall be the amount of funds retained by the state from each individual source of local assistance funds for local agencies. The remaining funds from each source of amounts shall be allocated in accordance with the statutes cited in paragraph (1) of subdivision (g).

(4) If the factor determined in paragraph (2) is equal to or greater than 1.0, then no funds from any source of local assistance funds for local agencies shall be allocated to any local agency.

(f) The reductions provided for in subdivision (a) or (c) for school entities shall be made in proportion to the amount each local educational agency's apportionment pursuant to subdivision (f) of Section 41301 or subdivision (a) of Section 84728 of the Education Code bears to 50 percent of the deflator amount provided for in subdivision (a) or (c). However, no educational agency shall receive less than one hundred twenty dollars (\$120) per unit of average daily attendance from all state sources. For each fiscal year thereafter, "base amount" means the base amount for the prior year, adjusted annually by the estimated percentage change from the next fiscal year over the current fiscal year in the total state appropriations subject to limitation for purposes of Article XIII B of the California Constitution.

(3) "Available resources" means the total of General Fund revenues and transfers under current law for the next fiscal year, plus the amount of General Fund surplus available at the end of the current fiscal year, less any amounts of General Fund expenditures estimated by the organization on June 10 to be required in the next fiscal year as a replacement for federal government funding cuts in programs during the 1981-82 fiscal year.

(i) The reductions provided by this section shall be effective for any fiscal year unless a provision stating a contrary finding is enacted by the Legislature on or before June 30 of each year in the Budget Act.

(j) Notwithstanding any other provision of law, the transfer authority in subdivision (c) of Section 14002 and subdivision (d) of Section 14020 of the Education Code shall have no force or effect if the provisions of subdivision (f) are implemented.

(k) Notwithstanding any other provision of this section, no reduction shall be made pursuant to this section for the 1982-83 fiscal year.

(l) Notwithstanding any other provision of this section, no reduction shall be made to school entities pursuant to this section for the 1983-84 fiscal year.

(m) Notwithstanding any other provision of this section, no reduction shall be made to local agencies pursuant to this section for the period of July 1, 1983, to September 30, 1983.

This amount shall then be reduced by the sum of the amounts which would have been received by the county from state subventions in the 1981-82 fiscal year pursuant to Section 25761 of the Business and Professions Code, Section 4306 of the Public Utilities Code, and subdivision (c) of Section 26483 of the Revenue and Taxation Code, had those provisions been effective for 1981-82.

Each distributor shall prepare and file with the board on forms prescribed by the board a return showing the total number of gallons of motor vehicle fuel distributed by him within this State during each calendar month, or such monthly period ended during that calendar month as the board may authorize, the amount of license tax due for the month covered by the return, and such other information as the board deems necessary for the proper administration of this part. The distributor shall file the return on or before the 15th day following the monthly period to which it relates, together with a remittance payable to the Controller for the amount of license tax due for that period less whatever amounts may have been paid theretofore for the same period because of returns and payments made on a weekly basis.

SEC. 78. Section 8353 of the Revenue and Taxation Code is amended to read:

8353. By the 28th day of each calendar month, the balance remaining to the credit of the Motor Vehicle Fuel Account at the close of business on the 23rd day of the same month, after payments of refunds and administration and enforcement, as provided for in Section 8352.1, shall, on order of the Controller, be transferred to the Highway Users Tax Account in the Transportation Tax Fund.

SEC. 79. Section 8751 of the Revenue and Taxation Code is amended to read:

8751. The excise tax imposed by this part is due and payable monthly on or before the 15th day of the month following each calendar month in which a taxable use of fuel occurs.

SEC. 79.1. Section 10753 of the Revenue and Taxation Code is amended to read:

10753. (a) For the purposes of this part, on all vehicles the department shall determine the market value of the vehicle on the basis of the cost price to the purchaser as evidenced by a certificate of cost, but not including California sales or use tax or any local sales or other local tax.

(b) In the event any vehicle is modified or additions are made to the chassis or body at a cost of two hundred dollars (\$200) or more, but not including any change of engine of the same type or any cost of repairs to a vehicle, the owner of such vehicle shall report any such modification or additions to the department and the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.2, taking into consideration the increase in the market value of the vehicle due to such modifications or additions, and any reclassification resulting in increase in market value shall be based on the cost to the consumer of such modifications or additions. In the event any vehicle is modified or altered resulting in a decrease in the market value thereof of two hundred dollars (\$200) or more as reported to and determined by the department, the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.2.

The foregoing provisions of this subdivision shall not apply in the event: (1) the cost of any modification or additions to the chassis or body of a vehicle is less than two hundred dollars (\$200), (2) the cost is for modifications or additions necessary to incorporate a system approved by the State Air Resources Board as meeting the emission standards set forth in subdivisions (a) and (b) of former Section 39102 and former Section 39102.5 of the Health and Safety Code as they read on December 31, 1975, or (3) the cost is for modifications which are necessary to enable a disabled person to use or operate such vehicle.

(c) This section is also applicable to a system specified in subdivision (b) approved by the State Air Resources Board as meeting the emission standards specified in subdivisions (a) and (b) of former Section 39102 and former Section 39102.5 of the Health and Safety Code as they read on December 31, 1975, for vehicles 6,001 pounds or less, manufacturer's gross vehicle weight, controlled to meet exhaust emission standards when sold new, when such a system is used in any vehicle over 6,001 pounds or any vehicle 6,001 pounds or less not controlled to meet exhaust emission standards.

(d) The temporary attachment of any camper, as defined in Section 243 of the Vehicle Code, to a vehicle is not a modification or addition for the purposes of subdivision (b).

(e) The attachment to a vehicle of radiotelephone equipment furnished by a telephone corporation, as defined in Section 234 of the Public Utilities Code, is not a modification or addition for the purpose of subdivision (b), when such equipment is not owned by the owner of the vehicle.

SEC. 79.2. Section 10753.2 of the Revenue and Taxation Code is amended to read:

10753.2. (a) After determining the cost price to the purchaser, as provided in this article, the department shall classify every vehicle in its proper class according to the classification plan set forth in this section.

(b) For the purpose of this part, a classification plan is established consisting of the following classes: a class from no dollars (\$0) to and including forty-nine dollars and ninety-nine cents (\$49.99); a class from fifty dollars (\$50) to and including one hundred ninety-nine dollars and ninety-nine cents (\$199.99); and thereafter a series of classes successively set up in brackets having a spread of two hundred dollars (\$200), consisting of such number of classes as will permit classification of all vehicles.

(c) The market value of a vehicle for each registration year, starting with either the year the vehicle was first sold to a consumer as a new vehicle or the year the vehicle was first purchased or assembled by the person applying for original registration in this state, shall be as follows: for the first year, 85 percent of a sum equal to the middle point between the extremes of its class as established in subdivision (b) of this section; for the second year, 85 percent of such sum; for the third year, 70 percent of such sum; for the fourth year, 55 percent of such sum; for the fifth year, 40 percent of such sum; for the sixth year, 30 percent of such sum; for the seventh year, 25 percent of such sum; for the eighth year, 15 percent of such sum; for the ninth year, 10 percent of such sum; and for the 10th year and each succeeding year, 5 percent of such sum; provided, however, that the minimum tax shall be the sum of one dollar (\$1). Notwithstanding the provisions of this subdivision, the market value of a trailer coach first sold on and after January 1, 1966, which is required to be moved under permit as authorized in Section 35790 of the Vehicle Code, shall be determined by the schedule in Section 10753.3.

SEC. 79.3. Section 11005 of the Revenue and Taxation Code is amended to read:

11005. After payment of refunds therefrom and after making the deductions authorized by Section 11003 and reserving such amount as is determined by the Pooled Money Investment Board to be necessary to meet the transfers ordered or proposed to be ordered pursuant to Section 16310 of the Government Code, 100 percent of the balance of all motor vehicle license fees and any other money appropriated by law for expenditure pursuant to this section and deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and remaining unexpended therein at the close of business on the last day of the calendar month shall be allocated by the Controller by the 10th day of the following month in the following manner:

(a) Fifty percent thereof shall be paid to the cities and cities and counties of this state in the proportion that the population of each

city or city and county bears to the total population of all cities and cities and counties in this state, as determined by the population research unit of the Department of Finance. For the purpose of this subdivision, the population of each city or city and county is that determined by the last federal decennial or special census, or a subsequent census validated by the population research unit of the Department of Finance or subsequent estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code. In the case of a city incorporated subsequent to the last federal census, or census validated by the population research unit of the Department of Finance, or in the case of an inhabited unincorporated territory being annexed to a city subsequent to the last federal census, or a subsequent census validated by the population research unit of the Department of Finance, the Controller shall ascertain the population of the city, or the annexed territory, by multiplying the number of registered electors therein by three. In the case of uninhabited unincorporated territory being annexed to a city subsequent to the last federal census, or a subsequent census validated by the population research unit of the Department of Finance, the Controller shall ascertain the population of the annexed territory by the use of any federal decennial or special census, or estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code, or, if no such other estimate or census was made, by multiplying the number of registered electors therein by three two years after the completion of annexation proceedings or at such earlier time as the legislative body may request. In the case of the consolidation of one city with another subsequent to the last federal census, or a subsequent census validated by the population research unit of the Department of Finance, the population of the consolidated city, for the purpose of this subdivision, is the aggregate population of the respective cities as determined by the last federal census, or a subsequent census or estimate validated by the population research unit of the Department of Finance.

(b) Fifty percent thereof shall be paid to the counties and cities and counties of the state in the proportion that the population of each county or city and county bears to the total population of all the counties and cities and counties of the state, as determined by the population research unit of the Department of Finance. For the purpose of this subdivision, the population of each county or city and county is that determined by the last federal census, or subsequent census validated by the population research unit of the Department of Finance, or as determined by Section 11005.6.

(c) Money disbursed by the Controller pursuant to this section may be used for county or city purposes and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

Population changes based on a federal special census or a subsequent census validated by the Department of Finance shall be accepted by the Controller only if certified to him at the request of

the city, city and county, or county for which the census was made and shall become effective on the first day of the month following receipt of such certification.

(d) Notwithstanding the provisions of subdivisions (a), (b), and (c), for the 1983-84 fiscal year only, the moneys transferred to this account pursuant to subdivision (n) of Section 100.5 and subdivision (f) of Section 100.7 shall be allocated by the Controller for the purposes specified in 9100-101-064 of the Budget Act of 1983.

SEC. 82.5. Section 17038 of the Revenue and Taxation Code is amended to read:

17038. (a) For purposes of this part, unless expressly otherwise provided, for taxable years beginning before January 1, 1984, references to the California Consumer Price Index shall mean the California Consumer Price Index for All Urban Consumers (old series).

(b) For taxable years beginning on or after January 1, 1984, references to the California Consumer Price Index shall mean the California Consumer Price Index for All Urban Consumers as modified for rental equivalence homeownership (new series).

SEC. 83. Section 17052.4 of the Revenue and Taxation Code, as amended by Chapter 327 of the Statutes of 1982, is amended and renumbered to read:

17052.8. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in subdivision (h)), an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars (\$1,500) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the energy conservation tax credit for any or all energy conservation measures installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state income tax return for the taxable year in which the energy conservation measures were installed. However, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for

energy conservation measures, the original purchaser of the new dwelling on which the energy conservation measures are installed may claim the credit in the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the taxable year in which the energy conservation measure was installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that tax year.

(3) With regard to premises in California which are owned by the taxpayer, other than dwellings, on which the cost of the measures (as defined in paragraph (7)) exceeds six thousand dollars (\$6,000), the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measures.

(4) (A) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the energy conservation measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost.

(B) In the case of a taxpayer who qualifies for a refund provided for under this subdivision, whose credits exceed tax liability computed under this part, minus all other credits provided for in this part, except the credits provided in Sections 17053.5, 17061, and 18551.1, such taxpayer shall be allowed a credit to the extent of the taxpayer's tax liability plus a refund in excess of that amount up to, or combined credit and refund equal to, the credit otherwise provided in this section. For the purposes of this subdivision, a taxpayer qualified for a refund means an individual taxpayer whose adjusted gross income is less than fifteen thousand dollars (\$15,000) and married taxpayers filing joint returns whose adjusted gross income is less than thirty thousand dollars (\$30,000), in the taxable year in which the credit provided in this section is claimed. This subparagraph shall not apply to taxable years beginning on or after January 1, 1982.

(5) Taxpayers who partially own and partially lease on premises in California energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. Such

credit shall not exceed one thousand five hundred dollars (\$1,500) for each premises.

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (7)) incurred by the lessor exceeds six thousand dollars (\$6,000), the credit provided by this paragraph shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purposes of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures, but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any energy conservation measure for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which energy conservation measures are installed, each owner shall be eligible to receive the energy conservation tax credit in proportion to his or her ownership interests in the premises. In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(d) The tax credit provided by this section shall not apply to trusts or estates subject to tax under this part.

(e) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds such "net tax" may be carried over to the "net tax" in succeeding taxable years, with respect to which this section shall remain in effect for purposes of carrying over excess credit until such credit is used. The credit shall be applied first to the earliest years possible. With regard to energy conservation measures installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 taxable year. The remaining portion of the credit shall be carried over to succeeding

taxable years until such credit is used.

(f) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(g) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent or 35 percent, as provided in paragraph (2) of subdivision (a), of such costs, notwithstanding the carryover provisions of subdivision (e).

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraphs (2) and (3) of subdivision (a) shall be reduced by the amount of such federal credit.

(h) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Net tax" means the tax imposed under either Section 17041 or 17048 minus all credits except the credits provided by Section 17061 (relating to excess state disability insurance withheld), Section 18555.1 (relating to income tax withheld), and Section 17053.5 (relating to the renters' credit).

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(4) "Premises" means land, buildings, or mobilehomes.

(5) "Dwelling" means a building used for residential purposes, and includes single-family residences, mobilehomes, and individual units of apartments, condominiums, cooperatives, or other similar multiple dwellings.

(6) "Energy conservation measure" means any item with a useful life of not less than three years of one of the following generic categories which meets the minimum standards as specified pursuant to subdivision (f):

(A) Ceiling insulation.

(B) Weatherstripping of all doors and windows which lead to unheated or uncooled areas so as to effectively and reliably limit air infiltration.

(C) An external water heater insulation blanket.

(D) Low flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

(F) Insulation of all accessible supply and return heating and cooling system ducts and plenums which are located in unheated or uncooled areas and sealing of all duct and plenum joints with pressure-sensitive tape or mastic.

(G) Covers for swimming pools or hot tubs which transmit the sun's radiation energy into the water or reduce heat loss or water evaporation.

(H) For existing dwellings, such other measures or devices as may be designated "residential energy conservation measures" approved and adopted as part of an appropriate operational Residential Conservation Service Plan pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206) and recommended as the result of an audit conducted under the auspices of such a plan. This generic category includes, but is not limited to:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights;

(ii) Devices modifying the openings of heating and cooling systems which achieve increased efficiency;

(iii) Storm or thermal windows or doors for the exterior of dwellings, ventilation cooling, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling;

(v) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting;

(vi) Insulation for floors and walls.

(I) For existing dwellings where there is no operational Residential Conservation Service (RCS) Plan certified in accordance with this section or in regions where such a plan does not provide energy audits, and for premises, other than dwellings:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights;

(ii) Devices modifying the openings of restaurant food preparation appliances or heating and cooling systems so as to achieve increased energy efficiency;

(iii) Storm or thermal windows or doors for the exterior of dwellings, ventilation cooling, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes which substantially reduce the energy needed for space heating and cooling, and glazing materials (other than doors and windows), controls or automatic switching devices for effective use of natural light to replace electric interior lighting which result in a net energy savings.

(iv) Heat pumps and water heating heat pumps (including those which use air, water or earth as a source or sink of heat) which replace electric resistance heaters, or are used in conjunction with a solar energy system.

(v) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(viii) Water heating heat pumps which replace electric resistance water heaters.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F) installed in multifamily dwelling units shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1985.

Energy conservation measures in the generic categories of subparagraphs (H), (I), and (J) shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1985.

(7) The energy conservation tax credit provided by this section

shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(8) "Operational Residential Conservation Service Plan" means a Residential Conservation Service (RCS) Plan, developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such a RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January, 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(i) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17208.7. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(j) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the taxable year in which the energy conservation measure was installed or for any prior taxable year.

(k) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars (\$10).

(l) (1) Except as provided in paragraph (2) of this subdivision, the tax credit provided by this section shall not apply to energy conservation measures required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding the provisions of paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (G) of paragraph (6) of subdivision (h).

SEC. 84. Section 17052.5 of the Revenue and Taxation Code is amended to read:

17052.5. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in subdivision (i)), an amount equal to the amount determined in paragraph (2), (3), or (6).

(2) Except as provided in subparagraph (D) of this paragraph and paragraphs (3) and (6), the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on or after

August 1, 1983, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (h) shall be 50 percent. The credit shall not exceed three thousand dollars (\$3,000) per solar energy system as defined in paragraph (6) of subdivision (i).

(A) The owner of the premises on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

(B) The solar energy tax credit shall be claimed in the state income tax return for the taxable year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new dwelling on which the system is installed may claim the credit in the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the dwelling.

(C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems pursuant to this paragraph, so long as the total amount of the credit claimed under the 55-percent formula does not exceed three thousand dollars (\$3,000).

(D) With regard to recreational or therapeutic solar energy water heating systems, the amount of the credit allowed by this section shall be 45 percent of the cost of the system for systems installed between January 1, 1981, and December 31, 1981, 35 percent of the cost (as defined in paragraph (7)) of the system for systems installed between January 1, 1982, and December 31, 1982, and 25 percent of the cost of the systems installed after January 1, 1983, and before August 1, 1983. Such credit shall not exceed three thousand dollars (\$3,000). No credit shall be allowed pursuant to this section with regard to recreational or therapeutic solar energy water heating systems installed on or after August 1, 1983.

(3) With regard to premises in California which are owned by the taxpayer, other than dwellings, on which the cost (as defined in paragraph (7)) of the system exceeds twelve thousand dollars (\$12,000), the amount of the credit allowed by this section shall be 25 percent of the cost of the solar energy system.

A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for

additions to the system or additional systems by the amount prescribed by this paragraph.

(4) If a solar energy system serves two or more dwellings, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost.

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who partially own and partially lease on premises in California a solar energy system from a municipal utility or any lessor granted a permit from a municipal solar utility established by ordinance of the local jurisdiction prior to January 1, 1983, shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in paragraph (7)) of the purchased portion, and 55 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the solar tax credit terminates, whichever occurs first. That credit shall not exceed three thousand dollars (\$3,000) for each system. For any solar energy system installed on or after August 1, 1983, the percentage specified by this subparagraph shall be 50 percent.

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (7)) incurred by the lessor exceeds twelve thousand dollars (\$12,000), the credit shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion

and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the solar tax credit terminates, whichever occurs first.

(7) The compensation paid to the owner of burdened property in connection with the acquisition of a solar easement as defined in Section 801.5 of the Civil Code, and the fees for the recording of such an easement shall be considered part of the cost of the solar energy systems, and shall be eligible for the tax credit.

In addition, for purposes of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of a system which is leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the solar energy system, but does not include interest charges, sales taxes, or maintenance expenses.

(8) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public entity for such system.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and any grant provided by a utility or public entity for such solar energy system. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which a solar energy system is installed, each owner shall be eligible to receive the solar energy tax credit in proportion to his or her ownership interests in the premises. In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(d) The tax credit provided by this section shall not apply to trusts or estates subject to tax under this part.

(e) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds such "net tax" may be carried over to the "net tax" in succeeding taxable years, until such credit is used. The credit shall be applied first to the earliest years possible. With regard to solar energy systems installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 taxable year. The remaining portion of the credit shall be carried over to succeeding taxable years until such credit is used.

(f) In the case of a taxpayer who qualifies for a refund provided for under this subdivision, whose credits exceed tax liability computed under this part, minus all other credits provided for in this part, except the credits provided in Sections 17061, 18551.1 and

17053.5, the taxpayer shall be allowed a credit to the extent of the taxpayer's tax liability plus a refund in excess of that amount up to, or a combined credit and refund equal to, the credit otherwise provided in this section. For the purposes of this subdivision, a taxpayer qualified for a refund means an individual taxpayer whose adjusted gross income is less than fifteen thousand dollars (\$15,000) and married taxpayers filing joint returns whose adjusted gross income is less than thirty thousand dollars (\$30,000) in the taxable year in which the credit provided in this section is claimed. This subdivision shall not apply to taxable years beginning on or after January 1, 1982.

(g) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. Such guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(h) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of solar energy systems, then to the extent such credit is allowed or allowable for a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) shall be reduced so that the combined effective credit shall not exceed 55 percent of such costs, notwithstanding the carryover provisions of subdivision (e). For any solar energy system installed on or after August 1, 1983, the percentage specified by this subdivision shall be 50 percent.

(i) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

- (ii) Space conditioning;
- (iii) Production of electricity;

- (vi) Wind energy for the production of electricity or mechanical work.

The term "solar energy system" shall include, but is not limited to, passive thermal systems, semipassive thermal systems, active thermal systems, photovoltaic systems and wind-driven systems.

(B) Eligible solar energy systems shall have a useful life of not less than three years.

(7) "Solar device" means the equipment associated with the collection, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(8) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, or distribution of solar energy for heating or cooling.

(9) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living space to provide for collection, storage, or distribution of solar energy for heating or cooling.

(10) "Semipassive thermal system" means a system which utilizes the structure of a building or is augmented by mechanical components to provide for collection, storage, or distribution of solar energy for heating or cooling.

(j) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17208. In addition, the taxpayer may take depreciation pursuant to that section for the cost of a solar energy system in excess of the amount of the tax credit claimed under this section.

(k) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(l) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars (\$10).

(m) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However,

any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.

SEC. 84.5. Section 17054 of the Revenue and Taxation Code is amended to read:

17054. In the case of individuals computing their tax under Section 17041 or Section 17048, the following credits for personal exemption may be deducted from the tax imposed.

(a) In the case of a single individual, or a married individual making a separate return a credit of twenty-five dollars (\$25).

(b) In the case of a head of household, a surviving spouse (as defined in Section 17046), or a husband and wife making a joint return, a credit of fifty dollars (\$50). If one spouse was a resident for the entire taxable year and the other spouse was a nonresident for all or any portion of the taxable year, the personal exemption shall be divided equally and the portion deductible by the nonresident shall be determined under Section 17055. The preceding sentence shall not apply to a nonresident active member of the armed forces of the United States or any auxiliary branch thereof and his or her spouse.

(c) Except as provided in subdivision (e) of Section 17057, a credit of eight dollars (\$8) for each dependent (as defined in Section 17056)—

(1) Whose gross income for the calendar year in which the taxable year of the taxpayer begins is less than one thousand dollars (\$1,000), or

(2) Who is a child of the taxpayer and who (A) has not attained the age of 19 at the close of the calendar year in which the taxable year of the taxpayer begins, or (B) is a student.

(3) No exemption shall be allowed under this subdivision for any dependent who has made a joint return with his spouse under Section 18402 for the taxable year beginning in the calendar year in which the taxable year of the taxpayer begins.

(e) A credit for personal exemption of eight dollars (\$8) for the spouse of the taxpayer if a separate return is made by the taxpayer, and if the spouse is blind and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer.

(f) For the purposes of this section, an individual is blind only if either: his central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or his visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

(g) For taxable years beginning after December 31, 1977 and before January 1, 1979, the twenty-five dollars (\$25) specified in subdivision (a) shall be one hundred dollars (\$100) instead of twenty-five dollars (\$25), and the fifty dollars (\$50) specified in subdivision (b) shall be two hundred dollars (\$200) instead of fifty dollars (\$50). If the taxpayer has more than one taxable year beginning after December 31, 1977 and before January 1, 1979, such taxpayer shall be allowed the increased exemption provided by this subdivision only with respect to the taxable year which covers the most number of months.

(h) For each taxable year beginning on or after January 1, 1979, and ending on or before November 30, 1984, the Franchise Tax Board shall compute the credits prescribed in this section. Such computation shall be made as follows:

(1) The California Department of Industrial Relations shall transmit annually to the Franchise Tax Board the percentage change in the California Consumer Price Index for all items from June of 1978 to June of the current calendar year, no later than August 1 of the current calendar year.

SEC. 84.6. Section 17204 of the Revenue and Taxation Code, as amended by Section 2 of Chapter 502 of the Statutes of 1982, is amended to read:

17204. (a) Except as otherwise provided in this section and Section 17205, the following taxes and assessments shall be allowed as a deduction for the taxable year within which paid or accrued:

(5) Taxes computed as an addition to, or as a percentage of, taxes which are not deductible under this section.

(7) Taxes on real property, to the extent that Section 17205

requires such taxes to be treated as imposed on another taxpayer.

(8) Taxes imposed by Sections 4971–4975 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) (relating to excise taxes on prohibited transactions and contributions).

For purposes of this clause, “monthly transit passes” means any single purchase of transit rides that entitles the purchaser to 40 or more rides per month (whether at a discount or at the base fare rate) within this state where evidence of purchase is furnished to the purchaser. SEC. 89. Section 23601 of the Revenue and Taxation Code is amended to read:

23601. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (6).

(2) Except as provided in subparagraph (D) of this paragraph and paragraphs (3) and (6), the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in paragraph (8)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on or after August 1, 1983, the percentage specified by this paragraph, subparagraph (C), paragraph (6) (A), and subdivision (e) shall be 50 percent. Such credit shall not exceed three thousand dollars (\$3,000) per solar energy system as defined in paragraph (5) of subdivision (f).

(A) The owner of the premises on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the solar energy tax credit for any or all systems installed on

new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

(B) The solar energy tax credit shall be claimed in the state return for the income year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new dwelling on which the system is installed may claim the credit in the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the dwelling.

(C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the formula in this paragraph, so long as the total amount of the credit claimed under the 55 percent formula, does not exceed three thousand dollars (\$3,000).

(D) With regard to recreational or therapeutic solar energy water heating systems, the amount of the credit allowed by this section shall be 45 percent of the cost (as defined in paragraph (8)) of the system for systems installed between January 1, 1981, and December 31, 1981, 35 percent of the cost of the system for systems installed between January 1, 1982, and December 31, 1982, and 25 percent of the cost of the systems installed after January 1, 1983, and before August 1, 1983. Such credit shall not exceed three thousand dollars (\$3,000). No credit shall be allowed pursuant to this section with regard to recreational or therapeutic solar energy water heating systems installed on or after August 1, 1983.

(3) With regard to premises in California which are owned by the taxpayer, other than a dwelling, on which the cost (as defined in paragraph (8)) of the system exceeds twelve thousand dollars (\$12,000), the amount of the credit allowed by this section shall be 25 percent of the cost of the solar energy system.

A taxpayer, who claimed the solar energy tax credit on the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

(4) If a solar energy system serves two or more dwellings, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (8)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost.

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who partially own and partially lease on premises in California a solar energy system from a municipal utility or any lessor granted a permit from a municipal solar utility established by ordinance of the local jurisdiction prior to January 1, 1983 shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in paragraph (8)) of the purchased portion, and 55 percent of the principal recovery portion (as defined in paragraph (8)) of the lease payments for the first three years of operation or until the solar energy tax credit terminates, whichever occurs first. That credit shall not exceed three thousand dollars (\$3,000) for each system. For any solar energy system installed on or after August 1, 1983, the percentage specified by this subparagraph shall be 50 percent.

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (8)) incurred by the lessor exceeds twelve thousand dollars (\$12,000), the credit shall equal 25 percent of the cost (as defined in paragraph (8)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (8)) of the lease payments for the first three years of operation or until the solar energy tax credit terminates, whichever occurs first.

(7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public entity for such system.

(8) For the purposes of computing the credit provided by this

section, "cost" shall include installation charges, but shall exclude interest charges. In the case of a system which is leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the solar energy system, but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and grant provided by a utility or public entity for such solar energy system. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years until such credit is used. The credit shall be applied first to the earliest years possible. With regard to solar energy systems installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 income year. The remaining portion of the credit shall be carried over to succeeding income years until such credit is used.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. Such guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(e) If federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of solar energy systems, then to the extent such credit is allowed or allowable for a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) shall be reduced so that the combined effective credit shall not exceed 55 percent of such costs, notwithstanding the carryover provisions of subdivision (c). For any solar energy system installed on or after August 1, 1983, the percentage specified by this subdivision shall be 50 percent.

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person

purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means the principal stationary location in California where the installed system is to be used and includes land, buildings or portions thereof, or mobilehomes.

(4) "Dwelling" means a building used for residential purposes, and includes single-family residences, mobilehomes, and individual units of apartments, condominiums, cooperatives, or other similar multiple dwellings.

(5) (A) "Solar energy system" means the use of solar devices for the individual function of:

- (i) Domestic, recreational, therapeutic, or service water heating;
- (ii) Space conditioning;
- (iii) Production of electricity;
- (iv) Process heat;
- (v) Solar mechanical energy; and
- (vi) Wind energy for the production of electricity or mechanical work.

The term "solar energy system" shall include, but is not limited to, passive thermal systems, semipassive thermal systems, active thermal systems, photovoltaic systems and wind-driven systems.

(B) Eligible solar energy systems shall have a useful life of not less than three years.

(6) "Solar device" means the equipment associated with the collection, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(7) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, or distribution of solar energy for heating or cooling.

(8) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living space to provide for collection, storage, or distribution of solar energy for heating or cooling.

(9) "Semipassive thermal system" means a system which utilizes the structure of a building and is augmented by mechanical components to provide for collection, storage, or distribution of solar energy for heating or cooling.

(g) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take a depreciation pursuant to Section 24349. Also, the taxpayer may take depreciation pursuant to that section for the cost of a solar energy system in excess of the amount of the tax

credit claimed under this section.

(h) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(i) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars (\$10).

(j) Any order of the Public Utilities Commission requiring the implementation of programs to demonstrate or evaluate methods of financing solar water heating devices shall evaluate, among other matters, whether some methods of financing may accelerate utilization of such devices more rapidly than tax credits alone.

(k) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.

SEC. 90. Section 23601.5 of the Revenue and Taxation Code is amended to read:

23601.5. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars (\$1,500) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the energy conservation tax credit for any or all measures installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit, provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state return for the income year in which the energy conservation measures were installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit

in the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the year in which the energy conservation measures were installed, may in any subsequent year claim energy conservation measures installed in that year.

(3) With regard to premises in California which are owned by the taxpayer, other than a dwelling, on which the cost of the measures (as defined in paragraph (7)) exceeds six thousand dollars (\$6,000), the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measure.

(4) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost.

(5) Taxpayers who partially own and partially lease on premises in California energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. Such credit shall not exceed one thousand five hundred dollars (\$1,500) for each premises.

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (7)) incurred by the lessor exceeds six thousand dollars (\$6,000), the credit provided by this paragraph shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purposes of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost"

shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years, with respect to which this section shall remain in effect for purposes of carrying over excess credit until such credit is used. The credit shall be applied first to the earliest years possible. With regard to energy conservation measures installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayers "net tax" for the 1983 income year. The remaining portion of the credit shall be carried over to succeeding income years until such credit is used.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(e) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent or 35 percent, as provided in paragraph (2) of subdivision (a), of such costs, notwithstanding the carryover provisions of subdivision (c).

(2) If a federal income tax credit is enacted for costs incurred by

a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraphs (2) and (3) of subdivision (a) shall be reduced by the amount of such federal credit.

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings, or mobilehomes.

(4) "Dwelling" means a building used for residential purposes, and includes single-family residences, mobilehomes and individual units of apartments, condominiums, cooperatives, or other similar multiple dwellings.

(5) "Energy conservation measure" means any item with a useful life of not less than three years of one of the following generic categories which meets the minimum standards as specified pursuant to subdivision (d):

(A) Ceiling insulation.

(B) Weatherstripping of all doors and windows which lead to unheated or uncooled areas so as to effectively and reliably limit air infiltration.

(C) An external water heater insulation blanket.

(D) Low flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

(F) Insulation of all accessible supply and return heating and cooling system ducts and plenums which are located in unheated or uncooled areas and sealing of all duct and plenum joints with pressure-sensitive tape or mastic.

(G) Covers for swimming pools or hot tubs which transmit the sun's radiation energy into the water or reduce heat loss or water evaporation.

(H) For existing dwellings, such other measures or devices as may be designated "residential energy conservation measures" approved and adopted as part of an appropriate operational Residential Conservation Service Plan pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act and

recommended as the result of an audit conducted under the auspices of such a plan. This generic category includes, but is not limited to:

- (i) Electrical or mechanical furnace ignition systems which replace gas pilot lights;
- (ii) Devices modifying the openings of heating and cooling systems which achieve increased efficiency;
- (iii) Storm or thermal windows or doors for the exterior of dwellings, ventilation cooling, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling;
- (iv) Heat pumps and water heating heat pumps (including those which use air, water or earth as a source or sink of heat) which replace electric resistance heaters, or are used in conjunction with a solar energy system;
- (v) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting;
- (vi) Insulation for floors and walls.

(I) For existing dwellings before there is an operational Residential Conservation Service (RCS) Plan certified in accordance with this section or in regions where such a plan does not provide energy audits, and for premises, other than dwellings:

- (i) Electrical or mechanical furnace ignition systems which replace gas pilot lights;
- (ii) Devices modifying the openings of restaurant food preparation appliances or heating and cooling systems so as to achieve increased energy efficiency;
- (iii) Storm or thermal windows or doors for the exterior of dwellings, ventilation cooling, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes which substantially reduce the energy needed for space heating and cooling, and glazing materials (other than doors and windows), controls or automatic switching devices for effective use of natural light to replace electric interior lighting which result in a net energy savings.
- (iv) Heat pumps and water heating heat pumps (including those which use air, water or earth as a source or sink of heat) which replace electric resistance heaters, or are used in conjunction with a solar energy system.
- (v) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.
- (vi) Insulation of floors and walls.

(J) For newly constructed dwellings:

- (i) Storm or thermal windows or doors for the exterior of dwellings.
- (ii) Ventilation cooling.
- (iii) Heat absorbing or heat reflective glazed windows and door

materials.

- (iv) Exterior shading devices.
- (v) Movable insulation such as shutters or thermal drapes.
- (vi) Load management devices.
- (vii) Insulation of floors and walls.
- (viii) Water heating heat pumps which replace electric resistance water heaters.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F) installed in multifamily dwelling units shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1985.

Energy conservation measures in the generic categories of subparagraphs (H), (I), and (J) shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1985.

(6) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(7) "Operational Residential Conservation Service Plan" means a Residential Conservation Service (RCS) Plan, developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such a RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January, 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(g) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 24349.7. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(h) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the income year in which the energy conservation measure was installed or any prior income year.

(i) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars (\$10).

(j) (1) Except as provided in paragraph (2) of this subdivision, the tax credit provided by this section shall not apply to any energy conservation measure required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding the provisions of paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (G) of paragraph (5) of subdivision (f).

SEC. 90.2. Section 23701 of the Revenue and Taxation Code is amended to read:

23701. Organizations which are organized and operated for nonprofit purposes within the provisions of a specific section of this article, or are subject to Section 23701m, are exempt from taxes imposed under this part, except as provided in this article or in Article 2 (commencing with Section 23731) of this chapter, if:

(a) An application for exemption is submitted in the form prescribed by the Franchise Tax Board; and

(b) A filing fee of twenty-five dollars (\$25) is paid with each application for exemption filed with the Franchise Tax Board after December 31, 1969; and

(c) The Franchise Tax Board issues a determination exempting the organization from tax.

This section shall not prevent a determination from having retroactive effect and does not prevent the issuance of a determination with respect to a domestic organization which was in existence prior to January 1, 1970, and exempt under prior law without the submission of a formal application or payment of a filing fee. For the purpose of this section, the term "domestic" means created or organized under the laws of this state.

The Franchise Tax Board may issue rulings and regulations as are necessary and reasonable to carry out the provisions of this article.

SEC. 90.3. Section 23772 of the Revenue and Taxation Code is amended to read:

23772. (a) For the purposes of this part—

(1) Except as provided in paragraph (2) every organization exempt from taxation under Section 23701 and every trust treated as a private foundation because of Section 4947(a)(1) of the Internal Revenue Code shall file an annual return, stating specifically the items of gross income, receipts, and disbursements, and such other information for the purpose of carrying out the laws under this part as the Franchise Tax Board may by rules or regulations prescribe, and shall keep such records, render under oath such statements, make such other returns, and comply with such rules and regulations as the Franchise Tax Board may from time to time prescribe. The return shall be filed on or before the 15th day of the fifth full calendar month following the close of the income year.

(2) Exceptions from filing—

(A) Mandatory exceptions—Paragraph (1) shall not apply to—

(i) Churches, their integrated auxiliaries, and conventions or association of churches,

(ii) Any organization (other than a private foundation as defined in Section 23709), the gross receipts of which in each taxable year are normally not more than ten thousand dollars (\$10,000), or

(iii) The exclusively religious activities of any religious order,

(B) Discretionary exceptions—The Franchise Tax Board may permit the filing of a simplified return for organizations based on either gross receipts or total assets or both gross receipts and total assets, or may permit the filing of an information statement (without fee), or may permit the filing of a group return for incorporated or unincorporated branches of a state or national organization where it determines that an information return is not necessary to the efficient administration of this part.

(3) An organization that is required to file an annual information return shall pay a filing fee of ten dollars (\$10) on or before the due date for filing the annual information return (determined with regard to any extension of time for filing the return) required by this section. In case of failure to pay the fee on or before such due date unless it is shown that such failure is due to reasonable cause, the filing fee shall be twenty-five dollars (\$25). All collection remedies provided in Chapter 23 (commencing with Section 26131) of this part shall be applicable to collection of the filing fee. However, the filing fee shall not apply to the organization described in paragraph (4).

(4) Paragraph (3) shall not apply to: (A) a religious organization exempt under Section 23701d; (B) an educational organization exempt under Section 23701d, if such organization normally maintains a regular faculty and curriculum and normally has a regularly organized body of pupils or students in attendance at the place where its educational activities are regularly carried on; (C) a charitable organization, or an organization for the prevention of cruelty to children or animals, exempt under Section 23701d, if such organization is supported, in whole or in part, by funds contributed by the United States or any state or political subdivision thereof, or is primarily supported by contributions of the general public; (D) an organization exempt under Section 23701d, if such organization is operated, supervised, or controlled by or in connection with a religious organization described in subparagraph (A).

(b) Every organization described in Section 23701d which is subject to the requirements of subdivision (a) shall furnish annually information, at such time and in such manner as the Franchise Tax Board may by rules or regulations prescribe, setting forth—

(1) Its gross income for the year,

(2) Its expenses attributable to such income and incurred within the year,

(3) Its disbursements within the year for the purposes for which it is exempt,

(4) A balance sheet showing its assets, liabilities, and net worth as of the beginning of such year,

(5) The total of the contributions and gifts received by it during

the year, and the names and addresses of all substantial contributors,

(6) The names and addresses of its foundation manager (within the meaning of Section 4946 of the Internal Revenue Code) and highly compensated employees,

(7) The compensation and other payments made during the year to each individual described in paragraph (6), and

(8) In the case of an organization with respect to which an election under Section 23704.5 is effective for the taxable year, the following amounts for such organization for such taxable year:

(A) The lobbying expenditures (as defined in Section 23704(c)(1)).

(B) The lobbying nontaxable amount (as defined in Section 23740(c)(2)).

(C) The grassroots expenditures (as defined in Section 23740(c)(3)).

(D) The grassroots nontaxable amount (as defined in Section 23740(c)(4)). For purposes of this paragraph, if Section 23740(f) applies to the organization for the taxable year, such organization shall furnish the amounts with respect to the affiliated group as well as with respect to such organization.

(c) In addition to the above annual return any organization which is required to file an annual report under Section 6056 of the Internal Revenue Code will furnish a copy of the report to the Franchise Tax Board at the time the annual return is due.

(d) For the purposes of this part—

(1) In the case of a failure to file a return required under Section 23772 (relating to returns by exempt organizations) on the date and in the manner prescribed therefor (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the exempt organization or trust failing so to file, five dollars (\$5) for each month or part thereof during which such failure continues, but the total amount imposed hereunder on any organization for failure to file any return shall not exceed forty dollars (\$40).

(2) The Franchise Tax Board may make written demand upon a private foundation failing to file under paragraph (1) of this subdivision or subdivision (c) specifying therein a reasonable future date by which such filing shall be made, and if such filing is not made on or before such date, and unless it is shown that failure so to file is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the person failing so to file, in addition to the penalty prescribed in paragraph (1), a penalty of five dollars (\$5) each month or part thereof after the expiration of the time specified in the written demand during which such failure continues, but the total amount imposed hereunder on all persons for such failure to file shall not exceed twenty-five dollars (\$25). If more than one person is liable under this paragraph for a failure to file, all such persons shall be

jointly and severally liable with respect to such failure. The term "person" as used herein means any officer, director, trustee, employee, member, or other individual who is under a duty to perform the act in respect of which the violation occurs.

(e) The reporting requirements and penalties shall be applicable for income years beginning after December 31, 1970, except that the provisions of subparagraph (B) of paragraph (2) of subdivision (a) shall apply to income years ending after December 31, 1970.

SEC. 93.5. Section 25904 of the Revenue and Taxation Code is repealed.

SEC. 93.7. Section 9614 is added to the Unemployment Insurance Code, to read:

9614. Notwithstanding any other provisions of law, the department shall annually issue the following reports:

(a) An evaluation of the Work Incentive program, Employment Preparation program, Supported Work program, California Welfare Skills Training Act, and the California Job Tax Credit program. This report shall be issued by February 1 of each year.

(b) An evaluation of the Job Agent program and the Service Center program. This report shall be issued by December 1 of each year.

(c) An evaluation of the Demonstration Project Training or Retraining Benefits program, the Regional Employment Assessment, Job Search Assistance, and Placement Services for Displaced Workers Act, and the Displaced Worker Education and Training Act program. This report shall be issued by November 1 of each year.

SEC. 93.75. Section 13021 of the Unemployment Insurance Code is amended to read:

13021. (a) Every employer required to withhold any tax under Section 13020 shall for each calendar quarter, whether or not wages are paid in the quarter, file a withholding return in a form prescribed by the department, and pay over the taxes so required to be withheld. Except as provided in subdivisions (b), (c), and (d) of this section, the employer shall file a withholding return and remit the total amount of income taxes withheld during the calendar quarter on or before the last day of the month following the close of the calendar quarter.

(b) The employer shall remit the total amount of income tax withheld during each first or second month of each calendar quarter, on or before the 16th day of the second calendar month or within three banking days of the 19th day of the third calendar month, respectively, if the income tax withheld for that month is more than three hundred fifty dollars (\$350).

(c) The employer shall remit the total amount of income tax withheld from the first through the 19th calendar day of the third month of each calendar quarter, within three banking days of the 19th day of the third month if the income tax withheld for that period is more than two hundred twenty-two dollars (\$222).

Notwithstanding Section 1112, no interest or penalties shall be assessed against any employer who remits at least 95 percent of the amount required by this subdivision provided that the failure is not willful and any remaining amount due is paid with the next payment.

(d) Notwithstanding subdivision (b) or (c), whenever for federal income tax purposes under Section 6302 of the Internal Revenue Code, and regulations adopted thereto, the employer is required to remit the total amount of income tax withheld within three banking days following the close of each eighth-monthly period (first through third day, fourth through seventh day, eighth through 11th day, 12th through 15th day, 16th through 19th day, 20th through 22nd day, 23rd through 25th day, and 26th through last day of month), the employer shall remit the total amount of income tax withheld for state income tax purposes for each eighth-monthly period within three banking days following the close of each eighth-monthly period. The director may allow any employer to submit the amounts due from multiple locations upon a showing of necessity in order to comply with the provisions of this subdivision.

(e) The department may, if it believes such action is necessary, require any employer to make the return required by this section and pay to it the tax deducted and withheld at any time, or from time to time but no less frequently than provided for in subdivision (a).

(f) For the purpose of this section, payment is deemed complete when it is placed in a properly addressed envelope, bearing the correct postage, and it is deposited in the United States mail.

(g) The amendment to this section made by the act adding this subdivision shall become operative on and after January 1, 1984.

SEC. 109.5. Section 5705.1 of the Welfare and Institutions Code is amended to read:

5705.1. (a) The Director of Mental Health shall establish, by regulation, rates and methods of reimbursement based on provider-specific costs for local mental health services specified in the approved county Short-Doyle plans.

(b) In establishing rates, no rate shall exceed the lower of each individual provider's actual cost or 125 percent of the statewide weighted average of the cost of services provided in accordance with the approved county Short-Doyle plans as reflected in the most recently completed cost reports. This shall not prohibit the adjustment of the rates for cost-of-living increases appropriated by the Legislature. This subdivision shall not apply to prepaid health plans.

(c) The Director of Mental Health, subject to the availability of funds, may approve a waiver of the 125 percent limitation set forth in subdivision (b) requested by the board of supervisors of a county if the county demonstrates that the imposition of the 125 percent

limitation will result in a substantial inability to provide mental health services. The Department shall report annually to the Legislature as to the factors justifying waivers granted by it.

(d) Notwithstanding the provisions of this section, in the event that a health facility has entered into a negotiated rate agreement pursuant to Article 2.6 (commencing with Section 14081) of Chapter 7 of Part 4 of Division 9, the facility's rates shall be governed by such agreement.

(e) The State Department of Mental Health shall promulgate regulations implementing the provisions of this article. This program shall be known as the "State-only AFDC-U program." Eligibility under this program shall be limited to three months in any 12 consecutive months, except that for those families who receive aid pursuant to Section 11250.5, eligibility under this program shall be limited to two months in any 12 consecutive months.

(b) Families who receive payment under subdivision (b) of Section 11201 for June 1982, if otherwise eligible, shall be qualified for three months of aid commencing on July 1, 1982. Notwithstanding the provisions of Section 11455, families who enter the program on or after July 1, 1982, shall be eligible for aid as provided in subdivision (a) commencing on the beginning date of aid.

(c) For the purposes of this section, if neither parent has a connection to the labor force, as defined by federal law, the family may designate the primary wage earner.

SEC. 112.5. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) For each needy family which includes one or more needy children, not to include unborn children, qualified for aid under this chapter, there shall be paid, notwithstanding minimum basic standards of adequate care established by the department under Section 11452, an amount of aid each month which when added to his income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (e) or Section 11453.1, is equal to the sums specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453:

<i>Number of eligible needy persons in the same home</i>	<i>Maximum aid</i>
1 .....	\$ 258
2 .....	424
3 .....	526
4 .....	625
5 .....	713
6 .....	802
7 .....	880
8 .....	959
9 .....	1,036
10 or more .....	1,114

If, when and during such times as the United States government increases or decreases its contributions in assistance of needy

children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to such increase or decrease by the United States government, provided that no such increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother in the amount which would otherwise be paid to one person as specified in subdivision (a) from the date of verification of pregnancy if the mother, and child if born, would have qualified for aid under this chapter.

(c) The amount of seventy dollars (\$70) per month shall be paid to pregnant mothers qualified for aid under subdivisions (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If such payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month period immediately prior to the month in which delivery is anticipated, if the mother, and the child if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under the provisions of this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which when added to the child's income is equal to the rate specified in Section 11461, 11462, 11462.1, 11462.5, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) (1) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. Such recurring special needs shall include but not be limited to special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars (\$10) by the number of recipients in the family who are eligible for assistance.

(2) A family shall also be entitled to receive an allowance for nonrecurring special needs caused by sudden and unusual circumstances beyond the control of the needy family; provided, however, that such needs shall not be taken into consideration in determining the eligibility of the family for aid.

(3) The department shall establish rules and regulations assuring

the uniform application statewide of the provisions of this subdivision.

(f) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a) of this section.

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

SEC. 113. Section 11452 of the Welfare and Institutions Code is amended to read:

11452. Minimum basic standards of adequate care shall be distributed to the counties and shall be binding upon them. The standards are determined on the basis of the schedule set forth in this section, as adjusted for cost-of-living increases or decreases pursuant to Section 11453, which schedule is designed to insure:

(1) Safe, healthful housing.

(2) Minimum clothing for health and decency.

(3) Low-cost adequate food budget meeting recommended dietary allowances of the National Research Council.

(4) Utilities.

(5) Other items including household operation, education and incidentals, recreation, personal needs, and insurance.

(6) Allowance for essential medical, dental, or other remedial care to the extent not otherwise provided at public expense.

The schedule of minimum basic standards of adequate care is as follows:

Number of needy persons in the same family	Minimum basic standards of adequate care
1.....	\$ 258
2.....	424
3.....	526
4.....	625
5.....	713
6.....	802
7.....	880
8.....	959
9.....	1,040
10.....	1,130

plus nine dollars (\$9) for each additional needy person.

The department shall establish rules and regulations assuring the uniform application statewide of the provisions of this section.

SEC. 114. Section 11453 of the Welfare and Institutions Code is amended to read:

11453. The amounts set forth in Section 11452 and subdivision (a) of Section 11450 shall be adjusted annually by the department to reflect any increases or decreases in the cost of living occurring after December 1982, so that the first such adjustment becomes effective

July 1, 1984, and subsequent adjustments shall take effect each July 1 thereafter. The cost of living adjustment shall be calculated by the Commission on State Finance based on the changes in the California Necessities Index, which as used in this section means the weighted average changes for food, clothing, fuel, utilities, rent, and transportation for low income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(a) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food .....	\$1,832
Clothing (Apparel and Upkeep) .....	298
Fuel and other utilities .....	264
Rent, residential .....	2,303
Transportation .....	1,026
<hr/>	
Total .....	\$5,723

(b) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(c) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(d) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in subdivision (b) and (2) dividing the sum by 100.

(e) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in subdivision (d).

(f) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in subdivision (d) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

The overall adjustment factor determined by the preceding computation steps shall be multiplied by the schedules established pursuant to Section 11452 and subdivision (a) of Section 11450 as are in effect during the month of June preceding the fiscal year in which the adjustments are to occur and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules which shall be filed with the Secretary of State.

SEC. 114.2. Section 11460 of the Welfare and Institutions Code is amended to read:

11460. (a) It is the intent of the Legislature that foster care providers shall be paid a rate determined in accordance with Section 11461, 11462, 11462.1, or 11463 in return for the care and supervision of the AFDC-FC child placed with them.

(b) The department is designated the single organizational unit whose duty it shall be to administer a state system for establishing rates in the AFDC-FC program. State functions shall be performed by the department or by delegation of the department to county welfare departments.

SEC. 115.3. Section 11461 of the Welfare and Institutions Code is amended to read:

11461. (a) For children placed in a licensed or approved family home with a capacity of six or less, or in an approved home of a relative or nonrelated legal guardian, the rates in the following table shall be in effect, beginning July 1, 1982, subject to the availability of funds:

Age	Basic rate
0-4 .....	\$ 269
5-8 .....	292
9-11 .....	312
12-14 .....	346
15-20 .....	377

In the event sufficient funds are not available to implement these rates, the department shall determine the amounts by which county basic rates below these levels shall be raised.

(b) Effective July 1, 1983, the amounts in the above table shall be adjusted annually for cost-of-living increases or decreases in accordance with the procedures in Section 11453, subject to the availability of funds.

(c) (1) Any county that, as of June 30, 1982, has in effect a basic rate that is at or below the levels set forth in subdivision (a) shall receive state participation in the new level.

(2) Any county that, as of June 30, 1982, has in effect a basic rate that exceeds the new levels in subdivision (a) shall receive increases in state participation of up to 70 percent of the cost-of-living increases provided in accordance with Section 11453, during the first year that such cost-of-living increases are provided. In each subsequent year, such counties shall receive increases in state

participation of up to one-half of the cost-of-living increases provided in accordance with Section 11453 until cost-of-living adjustments to the new schedule eliminate the difference between the new basic rates and the state participation level.

(d) As used in this section, "specialized care rate" means an amount paid on behalf of a foster child requiring specialized care to a home listed in subdivision (a) in addition to the basic rate. The department, with the advice and assistance of the counties, shall develop and implement a ratesetting system for specialized care rates by July 1, 1984. No county shall be reimbursed for any percentage increases in specialized care payments which exceed the percentage cost-of-living increase provided in any fiscal year beginning with the 1982-83 fiscal year to persons eligible for aid under subdivision (a) of Section 11450. Existing criteria for establishing these specialized care rates shall be frozen until a new rate system for specialized care is implemented. During the interim period between July 1, 1982, and implementation, the following procedures shall apply:

(1) A child receiving foster care at the basic rate as of July 1, 1982, shall not receive care at the specialized care rate unless he or she is reclassified as needing specialized care in a home other than the one in which he or she is residing. A child shall be reclassified as needing specialized care without a change in placement only when movement would cause the child physical or emotional harm and the agency documents that the child's foster parent has the skills necessary to meet the increased needs of the child.

(2) A child receiving care at a specialized care rate as of July 1, 1982, shall continue to receive care at this rate unless the needs of the child are determined to justify the reduction or elimination of the specialized care rate or to justify additional specialized care in a home other than the one in which the child is residing. A child shall be reclassified as needing additional specialized care without a change in placement only when movement would cause the child physical or emotional harm and the child's foster parent has the skills necessary to meet the increased needs of the child.

(3) A child entering the foster care system after July 1, 1982, who requires specialized care, shall receive a rate based on the county's specialized care system.

(e) This section shall remain in effect only until December 31, 1985, and as of that date is repealed, unless a later enacted statute chaptered prior to that date extends or deletes that date.

SEC. 115.4. Section 11462.1 is added to the Welfare and Institutions Code, to read:

11462.1. (a) Notwithstanding Section 11462, for a child receiving AFDC-FC under the provisions of this chapter who would otherwise be placed in the California Youth Authority, except for the child's placement in a group home which is licensed and located outside of this state, the rate shall be the group home rate established by the rate-setting authority of the state in which the facility is located.

(b) The department may perform audits of all group homes which receive funds, pursuant to subdivision (a), on behalf of children receiving assistance under the AFDC-FC program.

(c) The placing agency shall determine the group home rate paid to the facility by the state in which the facility is located, and shall notify the department of the rate.

SEC. 115.5. Section 12200 of the Welfare and Institutions Code is amended to read:

12200. An aged, blind or disabled applicant or recipient shall be paid an amount of aid which when added to his or her federal benefit received under Part A of Title XVI of the Social Security Act and other nonexempt income and resources, equals the following:

(a) For a blind applicant or recipient, the sum of five hundred sixteen dollars (\$516) per month and for a married couple both qualifying for benefits under this chapter as blind, the sum of one thousand dollars (\$1,000) per month.

(b) For a married couple, both qualifying for benefits under this chapter, and one of whom is blind, the sum of nine hundred forty-four dollars (\$944) per month.

(f) For a disabled minor under 18 living with a parent or guardian or relative by blood or marriage, the sum of three hundred sixty-eight dollars (\$368) per month.

(g) For a recipient in a nonmedical out-of-home care facility, the sum of five hundred twenty dollars (\$520) per month.

(h) For the personal and incidental needs of a person receiving care in a medical facility under the Medi-Cal Act, the sum of twenty-five dollars (\$25) per month.

(i) In the case of any individual or couple whose federal benefit received under Part A of Title XVI of the Social Security Act is reduced in accordance with Section 1612(a) (2) (A) of Public Law 92-603 because he lives in another person's household and receives support and maintenance-in-kind from such person, the appropriate grant level set forth in subdivision (a), (b), (c), or (d) of this section shall be reduced by the amount of the reduction in the federal benefit, subject to the provisions in Section 12204.

This subdivision shall be operative only during such time that such in-kind support and maintenance, under federal law, is treated as

providing the basis for a lower payment standard rather than being treated as the receipt of unearned income.

This section shall only remain in effect until January 1, 1984, and as of that date is repealed, unless a later enacted statute chaptered prior to that date extends or deletes that date.

SEC. 115.7. Section 12200 is added to the Welfare and Institutions Code, to read:

12200. An aged, blind or disabled applicant or recipient shall be paid an amount of aid which when added to his or her federal benefit received under Part A of Title XVI of the Social Security Act and other nonexempt income and resources, equals the following:

(a) For a blind applicant or recipient, the sum of five hundred thirty-five dollars (\$535) per month and for a married couple both qualifying for benefits under this chapter as blind, the sum of one thousand forty-one dollars (\$1,041) per month.

(b) For a married couple, both qualifying for benefits under this chapter, and one of whom is blind, the sum of nine hundred eighty-two dollars (\$982) per month.

(c) For an aged or disabled applicant or recipient, the sum of four hundred seventy-seven dollars (\$477) per month.

(d) For a married couple both qualifying for benefits under this chapter as aged or disabled, the sum of eight hundred eighty-six dollars (\$886) per month.

(e) For an aged or disabled applicant or recipient under subdivision (c) or for a married couple under subdivision (d) whose living arrangement prevents preparation of his or her or their meals at home shall be entitled to an allowance of fifty-one dollars (\$51) per month for an individual and one hundred three dollars (\$103) per month for a married couple in addition to any other amount he or she is entitled to under this chapter.

(f) For a disabled minor under 18 living with a parent or guardian or relative by blood or marriage, the sum of three hundred seventy-eight dollars (\$378) per month.

(g) For a recipient in a nonmedical out-of-home care facility, the sum of five hundred thirty-nine dollars (\$539) per month.

(h) For the personal and incidental needs of a person receiving care in a medical facility under the Medi-Cal Act, the sum of twenty-five dollars (\$25) per month.

(i) In the case of any individual, or couple, whose federal benefit received under Part A of Title XVI of the Social Security Act is reduced in accordance with Section 1612(a) (2) (A) of Public Law 92-603 because he lives in another person's household and receives support and maintenance-in-kind from such person, the appropriate grant level set forth in subdivision (a), (b), (c), or (d) of this section shall be reduced by the amount of the reduction in the federal benefit, subject to the provisions in Section 12204.

This subdivision shall be operative only during such time that such in-kind support and maintenance, under federal law, is treated as providing the basis for a lower payment standard rather than being

treated as the receipt of unearned income.

This section shall become effective on January 1, 1984.

SEC. 115.8. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. The payment schedules to go into effect January 1, 1985, and on January 1 of each year thereafter, shall be the amounts set forth for January 1, 1984, in Section 12200, as adjusted to reflect any increases or decreases in the cost of living occurring after December 31, 1982. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(a) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food .....	\$1,832
Clothing (apparel and upkeep) .....	298
Fuel and other utilities .....	264
Rent, residential .....	2,303
Transportation .....	1,026
<hr/>	
Total .....	\$5,723

(b) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period which ends twelve months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(c) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(d) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in subdivision (b) and (2) dividing the sum by 100.

(e) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year

by the applicable category adjustment factor determined in subdivision (d).

(f) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in subdivision (d) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the month of December preceding the calendar year in which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

The department shall adjust any amounts of aid under this chapter to insure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

SEC. 116. Section 12201.5 of the Welfare and Institutions Code is amended to read:

12201.5. Notwithstanding the provisions of Section 12200, the amount applicable under that section to a disabled minor residing in a nonmedical out-of-home facility with a nonrelative guardian shall be the amount specified in subdivision (g) of that section, as adjusted for cost-of-living pursuant to Section 12201.

SEC. 116.1. Section 12205 of the Welfare and Institutions Code is amended to read:

12205. Increases in federal benefits under Part A of Title XVI of the Social Security Act for reasons other than cost of living which are not accompanied by an increase in federal benefits under Title II of the Social Security Act shall be added to the payment schedules as set forth in Section 12200, excluding subdivision (h), in accordance with the following method: The amount of the increase in the federal monthly benefit level shall be multiplied by the number of recipients who will benefit therefrom and the resultant amount divided by the total number of recipients eligible for assistance under the provisions of this chapter at the time the increases are to go into effect, and the quotient rounded to the nearest dollar. This amount shall determine the increase in the aforementioned payment schedules.

Subsequent to the first increase pursuant to this section, each additional increase in the Title XVI federal benefit levels added to the payment schedules of Section 12200, excepting subdivision (h), shall be based on the difference between the federal benefit levels

immediately applicable prior to an increase thereto and the federal benefit levels immediately applicable thereafter.

The director shall notify the Secretary of the United States Department of Health, Education and Welfare of the amount of the increases to be added pursuant to this section to the payment schedules in Section 12200, no later than 15 working days following the date on which the director is notified by the secretary in writing of the amounts of the increases to federal benefits.

This section shall be suspended for the period from July 1 through December 31, 1983, and on January 1, 1984, shall become operative again.

SEC. 116.5. Section 12300.2 is added to the Welfare and Institutions Code, to read:

12300.2. In any in-home supportive services action concerning the amount of in-home supportive services to be provided, the department shall send a notice of the action to each recipient. The recipient shall also receive a description of each specific task authorized and the number of hours allotted. In the case of reassessment, the recipient shall receive an identification of hours for tasks increased or reduced and the difference from previous hours authorized.

SEC. 116.7. Section 12301 of the Welfare and Institutions Code is amended to read:

12301. The intent of the Legislature in enacting this article is to provide supplemental or additional services to the social and rehabilitative services in Article 6 (commencing with Section 12250) of this chapter. The Legislature further intends that necessary in-home supportive services shall be provided in a uniform manner in every county based on individual need consistent with the appropriation provided for such services in the annual Budget Act and the provisions of this chapter, in the absence of alternative in-home supportive services provided by an able and willing individual or local agency at no cost to the recipient, except as required under Section 12304.5. An able spouse who is available to assist the recipient shall be deemed willing to provide at no cost any services under this article except nonmedical personal services and paramedical services. When a spouse leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of such provider to provide supportive services may result in inappropriate placement or inadequate care, the spouse shall also be paid for accompaniment when needed during necessary travel to health-related appointments and protective supervision.

If the amount appropriated by the annual Budget Act is insufficient to meet all service needs, program reductions shall occur. The department shall notify counties and the Joint Legislative Budget Committee whenever the department's estimate of the cost of providing all the service needs exceed the amount appropriated in the Budget Act.

The following priorities are established to direct counties and the department on how to implement needed program reductions:

(a) Reduction in the frequency with which nonessential services are provided.

(b) Elimination of nonessential-service categories.

(c) Termination or denial of eligibility to persons requiring only domestic services.

(d) Termination or denial of eligibility to persons who, in the absence of services, would not require placement in a medical out-of-home care facility.

(e) Per capita reduction in the cost of services authorized.

Any program reductions shall be implemented so as to avoid, to the extent feasible within budgetary constraints, out-of-home placements.

The counties and the State Department of Social Services shall utilize these options in the order of their appearance. In no event shall services be terminated or denied to any eligible person who in the absence of services would require medical out-of-home care. In no event shall services be terminated or denied to any eligible person who in the absence of such services would become unemployed.

Nonessential services are routine mending, ironing, heavy cleaning, domestic services, yard hazard abatement except for snow removal, teaching and demonstration, and any other services specified by the department. Restrictions on nonessential services shall be excepted on a case by case basis when denial or termination of such services would result in placement in a medical out-of-home facility or in a loss of employment, in a life threatening situation in conditions which present a substantial threat to health or safety, or in any other condition specified by the department. Essential services shall at a minimum include those services listed in subdivision (e) of Section 12304.

SEC. 116.8. Section 12301.2 of the Welfare and Institutions Code is amended to read:

12301.2. A time for task guideline may be used only if it is appropriate in meeting the individual's particular circumstances. Counties shall not use time for task guidelines in assessing the need of eligible individuals for the services described in subdivision (e) of Section 12304.

SEC. 117. Section 12303.5 of the Welfare and Institutions Code is amended to read:

12303.5. Except as provided in Section 12304, no one individual recipient shall receive services under this article, the total cost of which exceeds six hundred four dollars (\$604) in any one month. The six hundred four dollars (\$604) maximum specified under this section shall be adjusted annually to reflect cost-of-living changes occurring subsequent to January 1, 1983. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and

transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(a) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food .....	\$ 1,832
Clothing (apparel and upkeep) .....	298
Fuel and other utilities .....	264
Rent, residential.....	2,303
Transportation .....	1,026
<hr/>	
Total .....	\$ 5,723

(b) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(c) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(d) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in subdivision (b) and (2) dividing the sum by 100.

(e) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in subdivision (d).

(f) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in subdivision (d) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

The overall adjustment factor determined by the preceding computational steps shall be multiplied by the maximum payment in effect during the month of June preceding the fiscal year in which the adjustments are to occur, and, notwithstanding Section 11017.1, the product rounded down to the nearest dollar. The resultant

amount shall constitute the new maximum payment.

SEC. 118. Section 12303.7 of the Welfare and Institutions Code is amended to read:

12303.7. Any aged, or disabled applicant or recipient who is eligible for assistance under this article, whose disabilities prevent the use of cooking facilities at home, shall be given the option to receive an allowance of forty-nine dollars (\$49) per month for an individual and ninety-eight dollars (\$98) per month for a married couple in lieu of the appropriate in-home food preparation and consumption services. The allowance under this section shall be in addition to any amount that the applicant or recipient is entitled to under this chapter. This allowance shall not have the effect of exceeding the total cost maximum of Sections 12303.5 and 12304. Nothing in this section shall be construed to limit the applicant's or recipient's right to receive the allowance under this section and all other homemaker and chore services.

The State Department of Social Services shall adjust the amount of the allowance under this section on July 1, 1984, and each year thereafter to reflect cost-of-living changes subsequent to January 1, 1983, as provided under Section 12303.5.

SEC. 119. Section 12304 of the Welfare and Institutions Code is amended to read:

12304. (a) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500) who is in need, as determined by the county welfare department, of at least 20 hours per week of the services specified in subdivision (e), shall be eligible to receive services under this article, the total cost of which does not exceed eight hundred seventy-two dollars (\$872) per month, plus adjustments reflecting cost-of-living changes subsequent to January 1, 1983, as determined under Section 12303.5. Increases in the maximum amount payable under this section shall not be construed to mean automatic increases in the amounts payable under this article.

(b) An individual who is eligible for services subject to the maximum amount specified in subdivision (a) and who is capable of handling his or her own financial and legal affairs shall be given the option of hiring and paying his or her own provider of in-home supportive services. For this purpose the individual shall be entitled to receive a monthly cash payment in advance not to exceed the maximum amount specified in subdivision (a), which is in addition to his or her grant, if any. An individual who is not capable of handling his or her own financial and legal affairs shall be entitled to receive the cash payment through his or her guardian, conservator, or protective payee.

(c) In no event shall the maximum total cost for services and advance cash payment for one individual recipient under subdivisions (a) and (b) exceed the maximum of eight hundred seventy-two dollars (\$872) per month, as adjusted pursuant to subdivision (a).

(d) The county welfare department shall inform in writing any individual who is potentially eligible for services under this section of his or her right to the services.

(e) For purposes of this section, a recipient who is eligible for services subject to the maximum amount specified in subdivision (a) is one who requires in-home supportive care of at least 20 hours per week to carry out any or all of the following:

(1) Routine bodily functions, such as bowel and bladder care and respiration assistance.

(2) Dressing, oral hygiene, and grooming.

(3) Preparation and consumption of food and meal cleanup for individuals who require assistance with the preparation and consumption of food.

(4) Moving into and out of bed, other assistance in transferring, turning in bed, and other repositioning.

(5) Bathing, routine bed baths, and washing.

(6) Ambulation and care and assistance with prostheses.

(7) Rubbing of skin to promote circulation.

(8) Paramedical services.

(9) Any other function of daily living as determined by the director.

This determination of need shall be supported by a medical report when requested and shall be prepared at the expense of the State Department of Social Services.

SEC. 120. Section 13004 of the Welfare and Institutions Code, as amended by Chapter 10 of the Statutes of 1983, First Extraordinary Session, is repealed.

SEC. 121. Section 13004 is added to the Welfare and Institutions Code, to read:

13004. Counties, in expending the allocation for other county social services, shall provide (a) protective services for children and foster care services pursuant to Chapters 5 (commencing with Section 16500), 5.3 (commencing with Section 16525), and 5.5 (commencing with Section 16550) of Part 4, (b) protective services and foster care services for adults pursuant to Section 12251, (c) In-Home Supportive Services administration, (d) information referral services, and (e) transportation to and from health care facilities, or the location of other health care providers, when there is an urgent need for health care and transportation which is not otherwise available from other resources. These transportation services shall be maintained at least at the level provided by counties, as part of health-related services as provided for in Section 12251, on September 30, 1981.

SEC. 124.5. Section 14005.7 of the Welfare and Institutions Code is amended to read:

14005.7. The following medically needy individuals are eligible for health care service under Section 14005:

(a) A medically needy person whose monthly income in excess of the amount required for maintenance established pursuant to

Section 14005.12 (exclusive of any amounts considered exempt as income under Chapter 3 (commencing with Section 12000) of this part) is not sufficient to provide for the costs of health care or coverage less any amount by which the value of his other resources exceeds the value established in accordance with Section 14006, or a reasonable portion of such value thereof as may be determined in accordance with standards established by the director; or

(b) A medically needy family person whose monthly family income in excess of the amount required for maintenance established pursuant to Section 14005.12, by family size (exclusive of any amounts considered exempt as income under Chapter 2 (commencing with Section 11200) of this part), is not sufficient to provide for the costs of health care or coverage less any amount by which the value of the family's other resources exceeds the value established in accordance with Section 14006, or a reasonable portion of such value thereof as may be determined in accordance with standards established by the director.

In determining the monthly income of a medically needy person residing in a licensed community care facility, any amount paid to the facility for residential care and support that exceeds the maintenance need level shall be deemed unavailable for the purposes of this chapter.

SEC. 124.6. Section 14005.12 of the Welfare and Institutions Code is amended to read:

14005.12. (a) For the purposes of Sections 14005.4, and 14005.7, the department shall establish the income levels for maintenance need at the lowest levels that reasonably permit medically needy persons to meet their basic needs for food, clothing, and shelter, and for which federal financial participation will still be provided under Title XIX of the federal Social Security Act. It is the intent of the Legislature that the income levels for maintenance need for medically needy aged, blind, and disabled adults, in particular, shall be based upon amounts that adequately reflect their needs.

(b) In the case of a single individual, the amount of the income level for maintenance per month shall be 80 percent of the highest amount that would ordinarily be paid to a family of two persons, without any income or resources, under subdivision (a) of Section 11450, multiplied by the federal financial participation rate.

(c) In the case of a family of two adults, the income level for maintenance per month shall be the highest amount that would ordinarily be paid to a family of three persons without income or resources under subdivision (a) of Section 11450, multiplied by the federal financial participation rate.

(d) For the purposes of Sections 14005.4 and 14005.7 for a person in long-term care the amount considered as required for maintenance per month shall be computed pursuant to regulations which provide for the following purposes:

- (1) Personal and incidental needs while a patient.
- (2) The upkeep and maintenance of the home.

(3) The support and care of his spouse, minor dependents and any disabled relative for whose support he has contributed regularly.

(4) If federal requirements permit such a person to own an automobile of greater value than is permitted in the case of recipients of aid under Chapter 3 of this part, the department shall adopt the more liberal allowance in its rules and regulations.

(e) The income levels for maintenance per month, except as specified in subdivisions (b) through (d), shall be equal to the highest amounts that would ordinarily be paid to a family of the same size without any income or resources under subdivision (a) of Section 11450, multiplied by the federal financial participation rate.

(f) The "federal financial participation rate," as used in this section, shall mean 1331/3 percent, or such other rate set forth in Section 1903 of the Social Security Act, or its successor provisions.

(g) The income levels for maintenance per month shall not be decreased to reflect the presence in the household of persons receiving forms of aid other than Medi-Cal.

(h) When family members maintain separate residences, but eligibility is determined as a single unit under Section 14008, the income levels for maintenance per month shall be established for each household in accordance with subdivisions (b) to (g), inclusive. The total of these levels shall be the level for the single eligibility unit.

(i) The income levels for maintenance per month established pursuant to subdivisions (b) through (h) shall be calculated on an annual basis, rounded to the next higher multiple of one hundred dollars (\$100), and then prorated.

SEC. 124.7. (a) Any provision of Section 14005.7 or 14005.12 of the Welfare and Institutions Code that is in conflict with any federal statute or regulation shall be inapplicable to the extent of such conflict, but the provision and the remainder of the provisions shall be unaffected to the extent no conflict exists.

No provision of Section 14005.7 or 14005.12 of the Welfare and Institutions Code shall be considered to be in conflict with any federal statute or regulation until after a final determination of the Secretary of the United States Department of Health and Human Services, made pursuant to Section 1116(a) (3) of the Federal Social Security Act, finding such a conflict.

(b) In the event of an initial determination by the Secretary of the United States Department of Health and Human Services that any provision of this act is in conflict with any federal statute or regulation, the State Department of Health Services shall take all available and necessary steps to obtain a final determination reversing that decision. In the event of a final determination finding a conflict with federal law, the State Department of Health Services shall immediately request the State Attorney General to seek judicial review of the determination, and shall immediately notify the appropriate policy and fiscal committees of both houses of the Legislature.

(c) In the event of a final determination finding that any provision of this act conflicts with federal law, the State Department of Health Services shall adopt emergency regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, if necessary to avoid withholding of federal reimbursement. The department shall further seek a federal waiver to permit implementation of the provision fund to be in conflict with federal law, and shall continue to implement all provisions of this act which are unaffected by the final determination.

(d) The State Director of Health Services shall adopt regulations implementing the provisions of Sections 14005.7 and 14005.12 of the Welfare and Institutions Code as emergency regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the Department of Health Services in order to implement the provisions Sections 14005.7 and 14005.12 of the Welfare and Institutions Code shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

(e) If any provision of Section 14005.7 or 14005.12 of the Welfare and Institutions Code, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of these sections that can be given effect without the invalid provision or application, and to this end the provisions of these sections are severable.

SEC. 124.8. Section 14006 of the Welfare and Institutions Code is amended to read:

14006. (a) For the purposes of Sections 14005.4 and 14005.7, the term "other resources" means the real or personal property, or any combination of both, held by a medically needy or medically indigent individual or family.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable: (1) during any absence, the individual intends to return to the home; (2) the individual lives in a skilled nursing or intermediate care facility and can reasonably be expected to return home; (3) the individual's spouse or a dependent relative of the individual continues to reside in the home; (4) the individual does not have the right, authority, power, or legal capacity to

liquidate the property, but a bona fide effort is being made to attain the right, authority, power, or legal capacity to liquidate the property; (5) the property cannot readily be converted to cash but a bona fide effort is being made to sell the property; (6) if it is a multiple-dwelling unit, one unit of which is occupied by the applicant or recipient, any unit not occupied by the applicant or recipient is producing income for the individual or family reasonably consistent with its value; or (7) it is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a skilled nursing or intermediate care facility. The state shall have a lien against the property, to the extent permitted by federal law, for the cost of medical services. The lien shall be recorded, and from the date of recording shall have force, effect, and priority of a judgment lien.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported.

(c) The amount of other resources is limited to not more than one thousand five hundred dollars (\$1,500) for an aged, blind or disabled individual, or not more than three thousand dollars (\$3,000) for an aged, blind or disabled individual and his spouse. For a medically needy family person or for a medically indigent person or family, this limit shall be established at not less than one thousand five hundred dollars (\$1,500) and not more than three thousand dollars (\$3,000), in accordance with family size. In addition, a medically needy or medically indigent person or family may retain: (1) Other property in accordance with the provisions of Sections 11158 and 12152 of this code; (2) Real property other than the principal residence, up to a value of six thousand dollars (\$6,000) provided it is producing income for the individual or family reasonably consistent with its value; (3) The principal residence; (4) Any additional resources allowed under the provisions of Title XVI of the Social Security Act.

(d) The director, to meet the requirements of the Federal Social Security Act and to insure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser

which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that the only method of adequately utilizing the property is sale, and the property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a bona fide and continuous effort is being made to sell the property.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars (\$6,000) and it is obtained by the applicant or recipient, or in combination with his spouse, through the sale of such real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his own earnings, he shall immediately report such acquisition, and the anniversary date shall become the date of such acquisition.

SEC. 125.2. Section 14021.5 of the Welfare and Institutions Code is amended to read:

14021.5. (a) Notwithstanding any other provision of law, rates for reimbursing Short-Doyle mental health and drug services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries under the Short-Doyle program shall continue to be based on the upper limits allowable under federal law and regulations for services provided prior to July 1, 1980, on the lower of reasonable cost and customary charges for services provided July 1, 1980, through June 30, 1982, and on the lowest of reasonable cost, customary charges, and rates paid by the Short-Doyle program for services provided July 1, 1982, through June 30, 1984.

(b) The Legislature hereby states and declares that this section does not constitute a change in, but is declaratory of, existing law and that rates for reimbursing Short-Doyle mental health and drug

services to Medi-Cal beneficiaries under the Short-Doyle program in previous fiscal years were based upon the lower of reasonable costs or customary charges.

(c) The State Department of Health Services, after consulting with the State Department of Mental Health and the State Department of Alcohol and Drug Programs, in regard to their respective programs, shall promulgate emergency regulations relating to claims submission and establishing rates and a rate-setting methodology for determining reimbursement of Short-Doyle mental health and drug services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries under the State Department of Mental Health and the State Department of Alcohol and Drug Programs' programs respectively. Such methodology and rates shall reflect the most recently completed cost reports and shall be effective commencing July 1, 1984.

SEC. 125.4. Section 14023.7 is added to the Welfare and Institutions Code, to read:

14023.7. Any provider of service seeking payment for health care services for a person eligible for these services under this chapter shall first seek to obtain payment from any private or public health insurance coverage to which the person is entitled, where the provider is aware of this coverage and to the extent the coverage extends to these services, prior to submitting a claim to the department for the payment of any unpaid balance for these services. In the event that a claim submitted to a private or public health insurer has not been paid within 90 days of billing by the provider, a claim may be submitted to the department.

SEC. 125.5. Section 14087.2 of the Welfare and Institutions Code is amended to read:

14087.2. It is the intent of the Legislature that for the 1982-83 and 1983-84 fiscal years, children's hospitals and charitable research hospitals as defined in Section 10178 of the Insurance Code, need not contract under the provisions of this article. Services provided by such hospitals shall be reimbursed according to the state plan. Children's hospitals are defined as those hospitals where 30 percent of the infants and children served by the single institution qualify for Medi-Cal payment systems and the institution serves primarily children.

If such a hospital elects to contract pursuant to this article in the 1982-83 or 1983-84 fiscal year, the negotiator shall give consideration to the special services provided in such hospitals, such as those services provided to children. The California Medical Assistance Commission shall continue to extend such consideration to such hospitals following the 1983-84 fiscal year. By February 1, 1984, the commission shall report to the Legislature on the feasibility of concluding hospital negotiations with these hospitals.

SEC. 126.5. Section 14165 of the Welfare and Institutions Code is amended to read:

14165. There is hereby created in the Governor's Office the

California Medical Assistance Commission, for the purpose of contracting with health care delivery systems for provision of health care services to recipients under the California Medical Assistance program.

SEC. 127.5. Section 15200 of the Welfare and Institutions Code, as amended by Section 16 of Chapter 977 of the Statutes of 1982, is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting available federal funds, the following sums:

(a) To each county for the support and maintenance of needy children, 89.2 percent of the sums specified in subdivision (a), and paragraphs (1) and (2) of subdivision (e) of Section 11450.

(b) To each county for the support and maintenance of pregnant mothers, 89.2 percent of the sums specified in subdivisions (b) and (c) of Section 11450.

(c) To each county for the support and maintenance of needy children, 95 percent of the sum necessary for the adequate care of each child pursuant to subdivision (d) of Section 11450 for the period July 1, 1979, to December 31, 1985.

(d) To each county for the support and care of hard-to-place adoptive children, 100 percent of the nonfederal share of the amount specified in Section 16121.

(e) This section shall remain in effect only until December 31, 1985, and as of such date is repealed, unless a later enacted statute, which is chaptered before December 31, 1985, deletes or extends such date.

SEC. 127.6. Section 15200 of the Welfare and Institutions Code, as amended by Section 17 of Chapter 977 of the Statutes of 1982, is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting federal funds available, the following sums

(a) To each county for the support and maintenance of needy children, 89.2 percent of the sums specified in subdivision (a), and paragraphs (1) and (2) of subdivision (e), of Section 11450.

(b) To each county for the support and maintenance of pregnant mothers, 89.2 percent of the sum specified in subdivisions (b) and (c) of Section 11450.

(c) To each county for the adequate care of each child pursuant to subdivision (d) of Section 11450 the following amounts:

(1) The sum necessary for the adequate care of each child but not to exceed in any month the product of one hundred twenty dollars (\$120) multiplied by the number of children in each county receiving foster care. The state shall pay 67.5 percent and the county shall pay 32.5 percent of the aid furnished for the adequate care of such children.

(2) The state shall reimburse counties for the nonfederal costs of providing an additional twelve dollars and fifty cents (\$12.50) a

month per eligible child to foster parents. In addition the state may, at its discretion, pay on a pro rata basis from funds specifically appropriated in the Budget Act additional aid for the adequate care of foster children receiving aid under subdivision (d) of Section 11450.

The financial benefit accruing from the additional funds available under this paragraph shall be passed on to foster parents in order to more adequately reimburse foster parents for their expense, and to enable counties to more readily recruit and retain a selection of homes suited to the diversified needs of the individual child, and the counties shall not substitute the additional state funds received under this paragraph for county funds being expended for foster care at the time when this section takes effect.

(d) To each county for the support and care of hard-to-place adoptive children, 100 percent of the nonfederal share of the amount specified in Section 16121.

(e) This section shall become operative on January 1, 1986.

SEC. 131.1. Section 16704 of the Welfare and Institutions Code is repealed.

SEC. 131.2. Section 16704 is added to the Welfare and Institutions Code, to read:

16704. Funds from the County Health Services Fund shall be allocated to the governing body of each county, the City of Berkeley, and each existing local health district annually in accordance with the following procedures:

(a) The allocation of the amount determined in subdivision (a) of Section 16702 shall be made to each governing body of each county upon submission of the plan and budget as required by Section 16700. These funds shall be expended for county health services.

(b) The allocation of the amounts up to the maximum determined in subdivisions (b), (c), and (d) of Section 16702 shall be made upon application by the governing body of each local jurisdiction and upon signing of an agreement between the governing body and the State Director of Health Services. In the agreement, (1) all local jurisdictions shall agree to expend funds in an aggregate amount at least equal to the total amount designated in the plan and budget submitted pursuant to Section 16700; (2) counties shall agree to net county costs for county health services of county funds in the same amount as the funds requested under this paragraph pursuant to subdivision (b) of Section 16702; (3) counties shall agree to expend one dollar (\$1) of county funds for every three dollars (\$3) of state funds requested pursuant to subdivision (d) of Section 16702; and (4) cities shall agree to expend three dollars (\$3) of city funds for every one dollar (\$1) of state funds requested pursuant to paragraph (2) of subdivision (c) of Section 16702; and (5) all local health districts shall agree to expend two dollars (\$2) of district funds for every one dollar (\$1) of state funds requested pursuant to paragraph (3) of subdivision (c) of Section 16702. Funds requested pursuant to subdivision (d) and paragraph (3) of subdivision (c) of Section 16702

shall be expended only for public health services.

(c) (1) The allocation of funds appropriated pursuant to subdivisions (c) and (d) of Section 16703 shall be made upon application by the county board of supervisors. The application shall be in a form and in accordance with procedures and format established by the department. The board shall assure that it will expend such funds only for the health services specified in Sections 14132 and 14021 provided to persons certified as eligible for such services pursuant to Section 17000 and shall assure that it will incur no less in net costs of county funds for county health services in any fiscal year than the amount required to obtain the maximum allocation under Section 16702. These assurances shall be incorporated in the agreement specified in subdivision (b) of this section. In no event shall such funds be expended for costs of services specified in county Short-Doyle plans which are in excess of the 125 percent limitation specified in Section 5705.1.

(2) A county may reduce the amount of net costs of county funds for county health services required pursuant to paragraph (1) of subdivision (c) to the extent such reduction has been permitted pursuant to the provision of Section 16705 or 16705.5, provided that for fiscal year 1982-83 only, the provisions of Section 16705 shall not be operative, except for counties which received approval for reduction pursuant to this section in prior fiscal years.

(3) Any person whose income and resources meet the income and resource criteria for certification for services pursuant to Section 14005.7 other than for the aged, blind, or disabled, shall not be excluded from eligibility for services to the extent that state funds are provided. Such persons may be held financially liable for these services based upon the person's ability to pay. A county may not establish a payment requirement which would deny medically necessary services. This section shall not be construed to mandate that a county provide any specific level or type of health care service or to preclude a county from utilizing its own forms for the purpose of identifying persons eligible for county health care services. The Board of Control shall not honor any claims by a local agency for reimbursement of costs under this section. The provisions of this paragraph shall become inoperative if a court ruling is issued which decrees that the provisions of this paragraph mandates that additional state funds be provided and which requires that additional state reimbursement be made to counties for costs incurred under this paragraph. This paragraph shall be operative only until June 30, 1985, unless a later enacted statute extends or deletes that date.

(d) The agreement shall provide for reports of expenditures and information and shall constitute a contractual obligation. The State Director of Health Services shall not have the authority to disapprove the county health services plan or to require the additional expenditure of county, city, or district funds for health services beyond that required by this section and Section 16707.

(e) The local jurisdiction shall act in general accordance with the

plan and budget submitted pursuant to Section 16700.

SEC. 131.5. Section 16706 of the Welfare and Institutions Code is amended to read:

16706. (a) The distribution of funds pursuant to subdivision (b) of Section 16704 shall be made prospectively on a quarterly basis in accordance with regulations of the department. The distribution of funds pursuant to paragraph (1) of subdivision (c) of Section 16704 may be made in advance of the executed standard agreement on a monthly basis on or about the 15th of the month in accordance with regulations of the department. The director shall make adjustments in succeeding fiscal years for failure to comply with the terms of the agreement.

(b) The department may make adjustments to the monthly payments made to each county pursuant to paragraph (1) of subdivision (c) of Section 16704 if the county fails to expend such funds as specified in the agreement. The department shall recover any unexpended funds and may recover any funds not expended in accordance with the agreement.

(c) Each local jurisdiction receiving funds pursuant to Section 16704 shall submit the following reports to the department in the form and according to the guidelines and regulations established by the department:

(1) A report of estimated actual expenditures, revenues, and net county costs for the services provided in accordance with the county health services plan and budget for the fiscal year for which the agreement with the local jurisdiction was in effect. This report shall be provided by November 15 of the fiscal year following the close of the fiscal year for which the agreement with the local jurisdiction was in effect, unless an extension of this date is formally granted by the department, and shall serve as the initial basis for recovery of funds not expended in accordance with the agreement. The department shall review the report to determine whether or not the local jurisdiction has reported only expenditures, revenues, and net county costs specifically allowed pursuant to department guidelines and regulations and may disallow reported expenditures, revenues, and net county costs that are inaccurate or are not allowable. After reviewing the report and making disallowances, if any, the department shall recoup to the extent feasible by March 15 of the fiscal year following the fiscal year for which the agreement with the local jurisdiction was in effect.

(2) A report of actual expenditures, revenues, and net county costs for the services provided in accordance with the county health services plan and budget for the fiscal year for which the agreement with the local jurisdiction was in effect. This report shall be provided by November 15 of the second fiscal year following the close of the fiscal year for which the agreement with the local jurisdiction was in effect, unless an extension of this date is formally granted by the department, and shall serve as the final basis for recovery of funds not expended in accordance with the agreement, unless modified by

actual audit findings officially adopted by the state. The department shall review the report to determine whether or not the local jurisdiction has reported only expenditures, revenues, and net county costs specifically allowed pursuant to department guidelines and regulations and may disallow reported expenditures, revenues, and county costs that are inaccurate or are not allowable. After reviewing the report and making disallowances, if any, the department shall recoup to the extent feasible by March 15 of the second fiscal year following the fiscal year for which the agreement with the local jurisdiction was in effect and may make an adjustment to the recoupment amount if actual audit findings modify the report.

(d) The director shall withhold, in part or in whole, payment of county health services funds to a local jurisdiction, until the reports specified in subdivision (c) have been submitted to the department in the form and according to the guidelines and regulations established by the department.

SEC. 131.8. The Legislature finds and declares that state-funded services provided by local health departments are vitally important in maintaining the health and welfare of the people of California, and that some state funds appropriated for public health purposes are not fully expended each year.

The Legislature further finds and declares that with proper legislative direction, these otherwise unexpended funds can improve the public health by responding to emergencies, aiding distressed county hospitals, supporting refugee health services, computerizing local information systems, facilitating county/community clinic coordination, and assisting elderly care programs.

SEC. 132. Section 16707 of the Welfare and Institutions Code is amended to read:

16707. Savings that occur in the County Health Services Fund due to a lack of applications for funds or for failure of local jurisdictions to expend funds as required to qualify for funding under this part may be appropriated to the State Department of Health Services by the Legislature in the annual Budget Act. To the extent that savings are available, the Department of Health Services shall allocate these funds pursuant to priority categories established by the Legislature in the annual Budget Act. The funds shall be available to local jurisdictions for one-time projects upon application by the governing body of the jurisdiction. The funds shall only be expended if a local jurisdiction agrees to net expenditures of local jurisdiction funds in the same amounts. However, the State Director of Health Services may waive or reduce the matching requirement when funds are needed for a public health emergency if the director determines either that (a) due to financial constraints, a local jurisdiction is unable to incur net expenditures of local jurisdiction funds in the same amount as funds provided, or (b) the interest of the state would best be served by the waiver or reduction of the matching requirement.

The categories established may include any of the following:

(a) Public health emergencies: unforeseen events that pose an immediate threat to the public health, such as an impending outbreak of encephalitis, plague, or other infectious disease.

(b) Distressed county hospitals: facilities in danger of closure due to deterioration, age, or lack of compliance with code standards and which would, in the opinion of the State Department of Health Services, be likely to stay open if certain identifiable improvements are made. No expenditure in this category shall exceed one hundred fifty thousand dollars (\$150,000).

(c) Computerization of county information systems: equipment or software, or both, that would help county health departments' accounting revenue recovery, collections and billings, patient records, management information, and birth certification systems; or help provide the Legislature with information to better enable it to assess the impact and effectiveness of state funds used for public health and medically indigent care services, or both.

(d) Refugee health programs: projects that address the unique public health problems posed by the influx of refugees into California, such as tuberculosis testing, parasitic disease control, and nutrition education.

(e) County-clinic coordination: projects that facilitate effective utilization of private nonprofit clinics to reduce costs and improve access to primary care and public health services in medically underserved areas. Such funds shall not be used for capital financing.

(f) Elderly care projects:

(1) Development of adult day health care centers: projects for developing adult day health care councils, plans, and new centers, and assisting centers which have been licensed in the prior two years.

(2) Development of previously nonexistent programs for the elderly: projects establishing new programs, such as cervical and breast cancer education and detection, public health nursing programs specifically for seniors, addition of case management components to existing programs, and audio/visual nutrition education programs.

The Legislature may also appropriate these funds for any public health purpose it deems necessary in the annual Budget Act.

The amount of savings which may be utilized pursuant to this section shall be limited to two million dollars (\$2,000,000) in fiscal year 1982-83. For each fiscal year thereafter, the amount of savings which may be utilized pursuant to this section shall be limited to an amount equal to one quarter of one percent of the total amount of funds appropriated to the County Health Services Fund in that fiscal year. Any funds in excess of that amount which are savings from allocations made pursuant to Section 16702 shall revert to the General Fund. Any funds in excess of that amount in a county which did not contract with the State Department of Health Services pursuant to Section 16709 for the fiscal year and which are savings from allocations made from the Medically Indigent Services Account pursuant to subdivision (b) of Section 16703 shall be deposited in the

Local Health Capital Expenditure Account and shall be available for the purposes specified in Section 16715. For fiscal year 1983-84, funds shall not be available for projects until two million three hundred sixty-five thousand dollars (\$2,365,000) have been reverted to the General Fund.

The director shall report annually to the Legislature on the prior year's distribution of funds under this section.

The Department of Health Services is authorized to utilize funds that accumulate in the County Health Services Fund for administration of this program so long as these costs are authorized through the regular budget process.

SEC. 132.3. Section 16709 of the Welfare and Institutions Code is amended to read:

16709. (a) The board of supervisors of a county with a population under 300,000, as determined in accordance with the 1980 decennial census, may enter into a contract with the department and the department may enter into a contract with such county under which the department agrees to administer the program responsibilities for specified health services to county residents certified eligible for such services by the county. Any county may also elect to act jointly on a regional basis with other counties in assuming the program responsibilities and claim state funds on a joint basis.

(b) For the period from January 1, 1983, to June 30, 1983, each county intending to contract with the department pursuant to this section shall submit to the department a notice of intent to contract adopted by the board of supervisors no later than November 15, 1982. For each fiscal year thereafter a notice adopted by the board of supervisors shall be submitted no later than April 1 of the fiscal year preceding the fiscal year for which the agreement will be in effect in accordance with procedures established by the department.

(c) A county contracting with the department pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) The department shall establish a separate account in the County Health Services Fund. The following amounts may be deposited in the account: (1) moneys allotted under subdivisions (c) and (d) of Section 16703 to each county electing to contract with the department under this section; (2) any interest earned upon money deposited in the account; (3) any other additional moneys provided by participating counties or appropriated by the Legislature to the account.

(e) Moneys in the account specified in subdivision (d) of this section shall be used by the department to (1) pay for health care services provided to the county residents meeting the eligibility criteria established pursuant to subdivision (i) of this section; and (2) defray the department's administrative costs incurred in implementing the provisions of this section. Costs for administering the provisions of this section shall be borne by the participating counties out of the account specified in subdivision (d). For costs of

the initial implementation of the provisions of this section, which are incurred prior to signing contracts with the counties, the department is authorized to transfer up to five hundred thousand dollars (\$500,000) from Item 4260-101-001 (b) to Item 4260-101-001 (c) to fund fiscal intermediary changes and to Item 4260-001-001 to fund additional staff. The funds shall be repaid from the account specified in subdivision (d) to the General Fund by June 30, 1984. Any change order to the Medi-Cal fiscal intermediary contract that is required to carry out this section of this act shall be exempted from the 30-day notice to the Legislature required by the Budget Act of 1982, Section 2, Item 4260-101-001, Provision 22. Such change order shall be exempt from the Department of General Services review and approval. The funds shall be repaid by funds specified in subdivision (e) to the General Fund by June 30, 1984. Transfer of funds shall be subject to Department of Finance approval and legislative notification.

(f) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from such investment shall be deposited in this fund, notwithstanding Section 16305.7 of the Government Code.

(g) At the end of the 1982-83 fiscal year, any savings in the account which accrue from contracts, once all service liabilities are liquidated, shall be transferred to an operating reserve for purposes of this section.

(h) At the end of the 1983-84 fiscal year and thereafter, at the end of each fiscal year, any savings in the account which accrue from contracts, once all service liabilities are liquidated, shall revert to the General Fund. The Governor may use these funds so reverted to establish an operating reserve for purposes of this section. If the Governor seeks to establish an operating reserve, the use of these funds shall be included in a separate line item in the Governor's Budget.

(i) Moneys appropriated pursuant to subdivision (c) and (d) of Section 16703 for counties electing to contract with the department pursuant to this section shall be deposited monthly as provided in subdivision (b) of Section 16706 in the account specified in subdivision (d) of this section after execution of the contract specified in subdivision (a). The Department of Finance may accelerate the deposit of such funds when necessary to meet cash flow requirements.

(j) The state shall be at risk for any amount over and above the amount deposited in the account specified in subdivision (d) of this section only until June 30, 1983. As a condition of the state assuming this risk, the department may require uniform eligibility criteria and benefits to be provided which shall be mutually established by

participating counties in conjunction with the department. The department in consultation with the counties may revise these eligibility criteria and benefits or reduce rates of payment during the fiscal year in order to assure that sufficient funds are available for health services to county residents certified as eligible for such services. For fiscal year 1983-84 and subsequent years, the counties shall be collectively at risk for any amount over and above that amount. Counties and the department shall work collectively to ensure that expenditures do not exceed the funds available in the account and may adjust eligibility and benefit criteria and payments accordingly.

(k) The Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Contracts under this section shall be exempt from the provisions of Chapter 6 (commencing with Section 14780) of Part 5.5 of Division 3 of the Government Code. Contracts shall have no force and effect unless approved by the Department of Finance.

(l) The state shall not incur any liability except as specified in this section.

For each fiscal year thereafter a notice adopted by the board of supervisors shall be submitted no later than April 1 of the fiscal year preceding the fiscal year for which the agreement will be in effect in accordance with procedures established by the department.

(c) A county contracting with the department pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) The department shall establish a separate account in the County Health Services Fund. The following amounts may be deposited in the account: (1) moneys allotted under subdivisions (c) and (d) of Section 16703 to each county electing to contract with the department under this section; (2) any interest earned upon money deposited in the account; (3) any other additional moneys provided by participating counties or appropriated by the Legislature to the account.

(e) Moneys in the account specified in subdivision (d) of this section shall be used by the department to (1) pay for health care services provided to the county residents meeting the eligibility criteria established pursuant to subdivision (i) of this section; and (2) defray the department's administrative costs incurred in implementing the provisions of this section. Costs for administering the provisions of this section shall be borne by the participating counties out of the account specified in subdivision (d). For costs of the initial implementation of the provisions of this section, which are incurred prior to signing contracts with the counties, the department is authorized to transfer up to five hundred thousand dollars (\$500,000) from Item 4260-101-001 (b) to Item 4260-101-001 (c) to fund fiscal intermediary changes and to Item 4260-001-001 to fund additional staff. The funds shall be repaid from the account specified in subdivision (d) to the General Fund by June 30, 1984. Any change order to the Medi-Cal fiscal intermediary contract that is required to carry out this section of this act shall be exempted from the 30-day notice to the Legislature required by the Budget Act of 1982, Section 2, Item 4260-101-001, Provision 22. Such change order shall be exempt from the Department of General Services review and approval. The funds shall be repaid by funds specified in subdivision (e) to the General Fund by June 30, 1984. Transfer of funds shall be subject to Department of Finance approval and legislative notification.

(f) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. (h) At the end of the 1983-84 fiscal year and thereafter, at the end of each fiscal year, any savings in the account which accrue from contracts, once all service liabilities are liquidated, shall revert to the General Fund. The Governor may use these funds so reverted to establish an operating reserve for purposes of this section. If the Governor seeks to establish an operating reserve, the use of these funds shall be included in a separate line item in the Governor's Budget.

(i) Moneys appropriated pursuant to subdivision (c) and (d) of Section 16703 for counties electing to contract with the department pursuant to this section shall be deposited monthly as provided in subdivision (b) of Section 16706 in the account specified in subdivision (d) of this section after execution of the contract

specified in subdivision (a). The Department of Finance may accelerate the deposit of such funds when necessary to meet cash flow requirements.

(j) The state shall be at risk for any amount over and above the amount deposited in the account specified in subdivision (d) of this section only until June 30, 1984. As a condition of the state assuming this risk, the department may require uniform eligibility criteria and benefits to be provided which shall be mutually established by participating counties in conjunction with the department. The department in consultation with the counties may revise these eligibility criteria and benefits or reduce rates of payment during the fiscal year in order to assure that sufficient funds are available for health services to county residents certified as eligible for such services. For fiscal year 1984-85 and subsequent years, the counties shall be collectively at risk for any amount over and above that amount. Counties and the department shall work collectively to ensure that expenditures do not exceed the funds available in the account and may adjust eligibility and benefit criteria and payments accordingly.

(k) The Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Contracts under this section shall be exempt from the provisions of Chapter 6 (commencing with Section 14780) of Part 5.5 of Division 3 of the Government Code. SEC. 132.5. Section 16709.1 is added to the Welfare and Institutions Code, to read:

16709.1. If the department negotiates a reimbursement rate of less than 100 percent of the Medi-Cal rate for providers for care of medically indigent adults in small counties with contracts with the state for the 1983-84 fiscal year, the department shall submit documentation to the Joint Legislative Budget Committee and the Joint Committee on Medi-Cal Oversight which describes the fiscal necessity and the program impact at this reimbursement rate.

This section shall remain in effect only until July 1, 1984, and on that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 133. Section 16715 of the Welfare and Institutions Code is amended to read:

16715. (a) The Local Health Capital Expenditure Account is hereby created in the County Health Services Fund. Moneys in the Local Health Capital Expenditure Account shall be expended by the State Department of Health Services, as specified in this section, to (1) provide financial assistance to local jurisdictions to fund capital expenditures for local health facilities and equipment thereof, including new facilities and equipment and the replacement or modernization of existing facilities and equipment, and (2) defray

the department's administrative costs in providing technical assistance to local jurisdictions relative to financing these capital improvements, for which purpose the department shall establish a special personnel unit. Moneys in the Local Health Capital Expenditure Account shall be available for encumbrance without regard to fiscal year. Except for those funds appropriated to support the department's costs in administering the Local Health Capital Expenditure program, the following amounts shall be deposited in the General Fund: (1) interest or any other increment resulting from investment of funds, (2) loan repayments, and (3) funds allocated to counties for capital projects which are not spent.

As used in this section, "local health facility" means any facility owned or operated by a local jurisdiction for the provision of county health services.

(b) The State Department of Health Services shall provide financial assistance to local jurisdictions pursuant to this section in the form of direct loans or grants. Any grant under this section shall not exceed 50 percent of the cost of the project to be financed. The remainder of the cost of the project may be financed with any moneys available to the local jurisdiction for this purpose, including a loan or other financing method.

Loans under this section may be made for an amount not exceeding 80 percent of the project costs, for a term not exceeding 40 years, and shall bear interest on the unpaid principal balance at a rate to be computed annually, which shall be the same as the average rate returned by the Pooled Money Investment Board for the past five fiscal years immediately preceding the year in which the loan payment is made. The State Department of Health Services shall not require loans under this section to be secured or insured, but shall require as a condition of making a loan that there be a feasible plan for repayment.

The extent to which state assistance under this section shall be in the form of grants or loans, and the discretionary terms of this assistance, shall be established by the State Department of Health Services, as will best serve the needs of each health service area in improving the availability or quality of county health care services. It is the intent of the Legislature that, in providing financial assistance under this section, the State Department of Health Services shall endeavor to equalize the availability of this assistance on the basis of need throughout all geographic areas of the state. In allocating financial assistance, the amount of effort being made by a local jurisdiction to serve all its residents in a comprehensive and efficient manner shall also be considered.

(c) Any local jurisdiction desiring assistance for financing an eligible project under this section shall submit an application to the State Department of Health Services and concurrently transmit a copy thereof to the area health planning agency for the health service area in which the applicant local jurisdiction is located. The area health planning agency shall hold one or more public hearings

on the application and shall transmit its recommendation to the State Director of Health Services, who shall make the final decision.

(d) The State Department of Health Services shall develop criteria for use by the department and area health planning agencies in reviewing applications for assistance under this section. The criteria shall be developed in consultation with area health planning agencies, the Office of Statewide Health Planning and Development, the California Conference of Local Health Officers, the County Supervisors' Association of California, and the California Hospital Association, and shall include, but not be limited to, the following:

(1) Consistency of the proposed project with the county health services plan and with the local jurisdiction's long-range development plan.

(2) Consistency of the proposed project with the health systems plan and annual implementation plan developed for the area pursuant to federal Public Law 93-641, as amended.

(3) The extent to which the project will facilitate access of county indigents to health care services, particularly primary health services.

(4) The immediate and long-term financial feasibility of the project, taking into consideration all forms of assistance proposed to be obtained for the project.

(5) In the case of modernization projects, the extent of physical deterioration of the facilities or equipment to be improved, remodeled, or replaced.

(6) The adequacy of the county health services plan in meeting basic public health needs and the personal health needs of indigents.

(7) The extent to which the local jurisdiction is moving towards a more organized or efficient system of health care delivery.

(8) The extent to which the project is required to eliminate or prevent imminent safety hazards, as defined by federal, state, or local laws or regulations, or to comply with state licensure standards, or to comply with accreditation standards.

(9) The extent to which funds from the Local Health Capital Expenditure Account will be utilized to attract other sources of capital funding for county health facilities.

(e) The State Department of Health Services shall disburse financial assistance under this section pursuant to a contract with the recipient local jurisdiction, which shall specify the conditions of the grant or loan. These conditions may include provisions which assure compliance with the health care objectives for which the application was approved or given priority.

SEC. 133.5. Section 18969 of the Welfare and Institutions Code is amended to read:

18969. There is hereby created in the State Treasury a fund which shall be known as the State Children's Trust Fund. The fund shall consist of funds received from a county pursuant to Section 18968, funds collected by the state pursuant to subdivision (b) of Section 10605 of the Health and Safety Code, grants, gifts, or bequests made

to the state from private sources to be used for child abuse and neglect prevention and money appropriated to the fund for this purpose by the Legislature. The State Registrar may retain a percentage of the fees collected pursuant to Section 10605 of the Health and Safety Code, not to exceed 10 percent, in order to defray the costs of collection. Money in the State Children's Trust Fund shall be appropriated to the State Department of Social Services and administered by the Office of Child Abuse Prevention for the purpose of funding child abuse and neglect prevention and intervention programs focused on the needs of infants under the age of two years, as provided by the Legislature in the annual Budget Act. SEC. 134. Section 19350 of the Welfare and Institutions Code is amended to read:

19350. The Legislature reaffirms its intent that habilitation services for adults with developmental disabilities should be planned and provided as a part of a continuum and that habilitation services should be available to enable persons with developmental disabilities to approximate the pattern of everyday living available to nondisabled people of the same age. The Legislature further intends that habilitation services shall be provided to adults with developmental disabilities as specified in this chapter in order to guarantee the rights stated in Section 4502. If the funds appropriated in the Budget Act of 1983 for habilitation services are insufficient to permit the purchase of services for all persons who may need them, and it becomes necessary to reduce expenditures, the Department of Rehabilitation shall not exceed the amount appropriated therefor, and shall make appropriate reductions with respect to the level of services purchased for individuals in a manner that protects the rights stated in Section 4502. Decisions respecting reductions in the level of habilitation services for individuals shall be made jointly by regional center case managers and case-responsible persons of work activity programs in consultation with habilitation specialists. It is the intent of the Legislature that, if it becomes necessary to reduce the level of services, these services shall be planned and continuous, both for persons in need of these services, and for eligible applicants for services within the program and fiscal constraints of the provider agency, and in accordance with accreditation standards. If the regional center case manager and the case-responsible person at the work activity center cannot agree on these decisions, the department's habilitation specialist shall make the final decision, subject to the client's right to appeal. The department shall contract with work activity programs for a specified maximum number of reimbursable service days to extend through June 30, 1984. The department may terminate funding for habilitation services for any individual who is prepared for vocational rehabilitation services or competitive employment, as determined by the department's habilitation specialist, in consultation with the regional center case

manager and case-responsible person, subject to the client's right of appeal. Funding for habilitation services shall continue until either the client has been determined by the department's vocational rehabilitation counselor to be able to benefit from vocational rehabilitation services, or the client refuses an available job opening.

The department shall adopt one-year emergency regulations following consultation with the State Council on Developmental Disabilities, the Organization of Area Boards, the Association of Regional Center Agencies, the California Association of Rehabilitation Facilities, and the Association for Retarded Citizens—California and others, as deemed appropriate, to establish all of the following:

(a) The procedures by which it will enter into contracts with work activity programs for a specified maximum number of reimbursable service days.

(b) The procedures relating to joint decisions requiring reductions in the level of services to individuals made by regional center case managers and work activity program case-responsible persons in consultation with the department's habilitation specialist, and, in cases of disagreement, decisions made by the habilitation specialists.

(c) The criteria that shall apply to all decisions respecting reductions in the level of services to individuals eligible for, and in need of, habilitation services.

(d) The records the department shall maintain on the levels of service reductions in terms of client service day equivalents which shall be included in the development of budget estimates for subsequent years.

(e) The procedures and criteria that will apply with respect to the determinations for the termination of funding for habilitation services when persons are prepared for funded vocational rehabilitation services or to enter available competitive employment.

These emergency regulations shall be adopted pursuant to the Administrative Procedure Act contained in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For purposes of the Administrative Procedure Act, the adoption of these emergency regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety or general welfare for purposes of subdivision (b) of Section 11346.1 of the Government Code. This section and the emergency regulations required to be adopted by this section shall remain in effect only until July 1, 1984, and as of that date are repealed unless a later enacted statute, which is chaptered before July 1, 1984, deletes or extends that date. Notwithstanding any other provision of law, if the Office of Administrative Law orders the repeal of any part of these emergency regulations pursuant to Section 11349.6 of the Government Code, the emergency regulations affected by any order of repeal shall remain

in effect for 30 days following the date of the order of repeal.

SEC. 135.2. Section 19353 of the Welfare and Institutions Code is amended to read:

(a) The person is an adult who has been diagnosed as having a developmental disability.

(b) The disability is so severe that he or she does not presently have potential for competitive employment.

(c) The degree of the person's disability has been determined by the Department of Rehabilitation to be too severe to allow the person to benefit from vocational rehabilitation services.

SEC. 137. Section 19355 of the Welfare and Institutions Code is amended to read:

19355. The department shall purchase those habilitation services which it determines to be necessary in the habilitation component of the individual program plan for eligible adults with developmental disabilities from accredited community nonprofit work activity programs. Habilitation services shall continue as long as progress is being made toward achieving objectives of the individual program plan and as long as these services are determined jointly by the regional center case manager and the habilitation specialist to be necessary to maintain the current level of functioning of the person.

SEC. 138. Section 19356 of the Welfare and Institutions Code is amended to read:

19356. The department shall promulgate regulations to establish rates, after consulting with the State Department of Developmental Services and subject to the approval of the Department of Finance.

The regulations shall provide for an equitable ratesetting procedure in which each specific allowable service, activity, and provider administrative cost comprising an overall habilitation service, as determined by the department, reflects the reasonable cost of service. Reasonable costs shall be determined annually by the department and subject to audit at the discretion of the department.

SEC. 151.4. It is the intent of the Legislature that all items of appropriation be subject to annual review. The Legislature and the Governor recognize, however, that the public good may be best

served by allowing certain items of appropriation to be continuously appropriated. Continuous appropriation status in no way removes the revenue or expenditures in these funds from annual adjustment in the Budget Act.

The following criteria for which items should be continuously appropriated shall be used by the Legislature and the Executive Branch in the future in determining which items should be exempt from being continuously appropriated:

(a) Bond funds and funds which derive revenues from the proceeds of bond sales may be continuously appropriated without regard to fiscal year for the purpose of payment of principal and interest.

(b) Each local plan area shall report to the county superintendent of schools the number of instructional personnel services units to which the local plan area is entitled, but which it will not utilize in any fiscal year. The county superintendent may redistribute those units for the fiscal year in which they were reported to other local plan areas within the county according to the following priorities:

(1) Units needed as a result of increased numbers of individuals with exceptional needs placed in licensed children's institutions and foster homes within a local plan area.

(2) Units needed due to increased enrollment within the local plan area.

The redistribution of units among local plan areas within a county shall be reported as transfer units and shall be subject to the provisions of Section 56828 of the Education Code.

SEC. 151.7. Notwithstanding any other provisions of law, the Superintendent of Public Instruction shall recalculate the 1980–81 revenue limit of any school district which had a positive correction in that year for the prior fiscal year and because of the minimum guarantee calculation did not receive the full amount of that correction. SEC. 151.10. There shall be established by July 1, 1983, a California Committee on Emergency Food Distribution. SEC. 151.11. Section 1 of Chapter 523 of the Statutes of 1982 is amended to read:

Section 1. The Legislature finds and declares the following:

(a) The dismissal of various state civil service employees and employees of the California State University and the University of California during the wartime years of World War II was based largely on fear and suspicion rather than on factual justification therefor.

(b) Various dismissals resulted directly or indirectly from the enactment of Senate Concurrent Resolution 15 (Res. Ch. 49, Stats. 1941-42, 1st Ex. Sess.), which called into question the loyalty of state employees, particularly those with dual citizenship, and their children, and called for the dismissal of those persons from, or prevented them from obtaining, state employment based upon their disloyalty.

(c) It is fair and just that reparations should be made to those employees who were terminated from state civil service, the California State University, and the University of California during the wartime years as a result of the enactment of SCR 15.

(a) 10-Aeronautics from \$1,812,000 to \$1,780,000

This reduction of \$32,000 includes \$11,000 for merit salary adjustments that can be funded through existing resources, and \$21,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 2660-001-042—For support of the Department of Transportation I reduce this item from \$627,404,400 to \$614,736,400 by reducing

(a) 20-Highway Transportation from \$627,300,400 to \$614,632,400 and

(a) (1) 20-Total Highway Transportation from \$726,225,000 to \$713,362,000 and by eliminating

(a) (5) Amount payable from the Motor Vehicle Account (Item 2660-001-044) (—\$195,000)

I am reducing this item by \$12,668,000 This reduction includes \$3,016,000 for merit salary adjustments that can be funded through existing resources, and \$8,178,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Also included is a reduction of \$1,474,000 related to intercity projects for the Office of Bicycle Facilities This adjustment will result in concentrating bicycle transportation efforts where most of the demand appears to be, specifically, intracity bicycle systems.

I am further modifying this item by reducing \$195,000 from Program 20-Highway Transportation and eliminating Schedule (a) (5) which reflects the transfer of these funds from Item 2660-001-044 I believe that the Department can provide administrative support for the traffic light synchronization project from available resources.

Item 2660-001-044—For support of the Department of Transportation, for transfer to Item 2660-001-042. I eliminate this item

I am eliminating this legislative augmentation of \$195,000 because the department has adequate staff and funds within budgeted resources to provide administrative support for the liquid fuel conservation research (traffic light synchronization) activity without an augmentation

Item 2660-001-046—For support of the Department of Transportation I reduce this item from \$25,784,000 to \$24,861,000 by reducing

(a) 30-Mass Transportation from \$20,302,000 to \$19,573,000,

(a) (1) 30-Total Mass Transportation from \$90,316,000 to \$89,587,000,

(b) 40-Transportation Planning from \$5,482,000 to \$5,288,000 and

(b) (1) 40-Total Transportation Planning from \$7,428,000 to \$7,234,000

This reduction of \$923,000 includes \$69,000 for merit salary adjustments that can be funded through existing resources, and \$854,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 2660-006-046—For support of the Department of Transportation I eliminate this item.

I am eliminating this \$5,216,000 legislative augmentation for the "Spirit of

California" because ridership for this Sacramento-Los Angeles passenger rail service is below statutory level. Under existing law, this route is required by June 30, 1984 to recover 55 percent of its operating costs through fares. However, fare-box recovery for this route in the 1982-83 fiscal year is only 34 percent. Furthermore, a recent Amtrak projection indicates that the 1983-84 fiscal year fare-box recovery will further decline to 29 percent.

Item 2660-007-046—For support of Department of Transportation I eliminate this item.

I eliminate this \$285,000 legislative augmentation to fund a study evaluating the ability of the Department of Transportation to deliver capital outlay projects included in the 1983 State Transportation Improvement Plan (STIP). Both the California Transportation Commission and the Department of Transportation will be monitoring staffing required to meet the 1983 STIP.

Item 2660-301-042—For capital outlay, Department of Transportation. I reduce this item from \$182,110,000 to \$181,460,000 by reducing:

- (a) 20-Highway Transportation from \$182,110,000 to \$181,460,000 and
- (a) (1) 20-Total Highway Transportation from \$874,660,000 to \$874,010,000

I am reducing this item by \$650,000. This adjustment will result in concentrating bicycle transportation efforts where most of the demand appears to be, specifically, intracity bicycle systems. It should be noted that all funds saved as a result of this action will become available for high priority transportation projects.

Item 2660-301-046—For capital outlay, Department of Transportation. I eliminate State funds from this item in the amount of \$100,000 by reducing:

- (a) 30-Mass Transportation from \$58,950,000 to \$58,850,000 and by eliminating the attendant control language.

I am eliminating from this item a \$100,000 legislative augmentation which would have established a new passenger rail station for the "San Joaquins" rail service in the Corcoran area. Inasmuch as there is already a station in the nearby community of Hanford, the expenditure of state funds for this additional facility does not appear to be justified.

Item 2700-001-044—For support of the Office of Traffic Safety. I reduce this item from \$215,000 to \$211,000 by reducing:

- (a) State Operations from \$5,088,000 to \$5,084,000.

This reduction of \$4,000 includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$3,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 2720-001-044—For support of the Department of the California Highway Patrol. I reduce this item from \$329,302,650 to \$313,784,650 by reducing:

- (a) 10-Traffic Management from \$295,524,500 to \$288,148,500,
- (b) 20-Regulation and Inspection from \$23,667,000 to \$23,105,000,
- (c) 30-Vehicle Ownership Security from \$6,483,000 to \$6,403,000,
- (d) 40.01-Administration Undistributed from \$66,666,000 to \$64,983,000,
- (e) 40.02-Administration-Distributed from —\$66,666,000 to —\$64,983,000 and by eliminating
- (g) Salary increase-undistributed \$7,500,000 and budget control language provision 4.

This reduction of \$15,518,000 includes \$3,207,000 for merit salary adjustments that can be funded through existing resources, and \$4,811,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Also included in this reduction is \$7,500,000 for a proposed salary increase for supervising officers. I am eliminating this augmentation because employee compensation increases should be provided through the appropriate salary increase items rather than through individual department appropriations.

Item 2740-001-001—For support of the Department of Motor Vehicles. I reduce this item from \$40,000 to \$38,000 by reducing:

Program 21-Driver Licensing and Control, and Personal Identification from \$40,000 to \$38,000.

This \$2,000 reduction is for operating cost increases no longer anticipated because

of a significant reduction in the inflation rate.

Item 2740-001-044—For support of the Department of Motor Vehicles I reduce this item from \$168,017,000 to \$163,558,000 by reducing

(a) 11-Vehicle and Vessel Registration and Titling from \$70,456,000 to \$68,584,000.

(a) (1) 11-Total Vehicle and Vessel Registration and Titling from \$76,959,000 to \$75,087,000.

(b) 21-Driver Licensing and Control and Personal Identification from \$82,291,000 to \$80,106,000.

(b) (1) 21-Total Driver Licensing and Control and Personal Identification from \$93,053,000 to \$90,868,000.

(c) 31-Occupational Licensing and Regulation from \$15,270,000 to \$14,868,000.

(c) (1) 31-Total Occupational Licensing and Regulation from \$15,278,000 to \$14,876,000.

(d) 41.01-Administration from \$17,276,000 to \$16,830,000 and

(e) 41 02-Distributed Administration from —\$17,276,000 to —\$16,830,000.

This reduction of \$4,459,000 includes \$2,127,000 for merit salary adjustments that can be funded through existing resources, and \$2,332,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 2740-001-064—For support of the Department of Motor Vehicles. I reduce this item from \$62,246,000 to \$61,368,000 by reducing.

Program 11-Vehicle and Vessel Registration and Titling from \$62,246,000 to \$61,368,000.

This reduction of \$878,000 includes \$422,000 for merit salary adjustments which can be funded through existing resources, and \$456,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 2740-001-378—For support of the Department of Motor Vehicles I reduce this item from \$28,000 to \$25,000 by reducing:

Program 11-Vehicle and Vessel Registration and Titling from \$28,000 to \$25,000

This reduction of \$3,000 includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$2,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 2760-001-178—For support of the Traffic Adjudication Board I reduce this item from \$1,838,000 to \$1,788,000 by reducing

(a) Program Administration from \$1,989,000 to \$1,939,000.

This reduction of \$50,000 includes \$12,000 for merit salary adjustments that can be funded through existing resources, and \$38,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 2780-001-683—For support of the Stephen P. Teale Data Center. I reduce this item from \$37,392,000 to \$36,049,000 by reducing.

Unscheduled from \$37,392,000 to \$36,049,000.

This reduction of \$1,343,000 includes \$166,000 for merit salary adjustments that can be funded through existing resources, and \$1,177,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3310-001-731—For support of the California Alternative Energy Source Financing Authority I reduce this item from \$158,000 to \$156,000

This \$2,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 3340-001-001—For support of the California Conservation Corps I reduce this item from \$20,674,000 to \$15,771,000 by reducing

(a) 10 10-Orientation and Training Center from \$2,626,000 to \$2,553,000.

(b) 10.20-Base and Fire Centers from \$25,818,000 to \$20,728,000.

(d) 20 01-Program Support from \$3,287,000 to \$3,187,000.

(e) 20.02-Distributed Program Support from —\$3,287,000 to —\$3,187,000 and

(f) Reimbursements from —\$8,143,000 to —\$7,883,000

I am eliminating the legislative augmentation of \$800,000, related reimbursements of \$50,000 and 15 positions for the restoration of the Calaveras Fire Center I am also reducing \$15 million in General Funds, related reimbursements of \$210,000 and 19 positions in lieu of the \$1.5 million legislative augmentation from the Energy

Resources Programs Account to keep the Oat Mountain Center open and to maintain a mini-Calaveras Center at the Fricot Training Academy. These reductions will maintain the CCC service level as originally proposed in the Governor's Budget. Furthermore, the CCC has identified these sites as low priority on the basis of high operational cost and difficulty of access.

I am also reducing \$2 million in General Funds in anticipation of legislation to provide \$2 million in Energy Resources Programs Account (ERPA) monies to support two existing centers

This reduction also includes \$146,000 for merit salary adjustments that can be funded through existing resources, and \$457,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Program Support and Distributed Program Support are being adjusted to conform with Item 3340-001-465.

Item 3340-001-465—For support of the California Conservation Corps. I reduce this item from \$2,699,000 to \$2,576,000 by reducing

(b) 10 20-Base and Fire Centers from \$739,000 to \$616,000

I am eliminating the legislative augmentation of \$100,000, two positions, and language added specifically for administrative costs for the Petroleum Violation Escrow Funds. Sufficient funds exist in the CCC's budget to perform the administrative functions. Item 3340-001-001 will be adjusted accordingly to reflect the reduction in program support costs and distributed program support costs

This reduction also includes \$5,000 for merit salary adjustments that can be funded through existing resources and \$18,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 3360-001-033—For support of the State Energy Resources Conservation and Development Commission. I reduce this item from \$6,056,000 to \$2,506,000 by reducing:

(a) For the schools and hospitals program from \$4,000,000 to \$2,450,000, and by eliminating

(b) For the streetlight conversion program \$2,000,000

I am reducing this item by \$3,550,000 because Federal petroleum violation escrow funds are available for this program thus allowing this savings while maintaining the program

Item 3360-001-044—For support of the State Energy Resources Conservation and Development Commission. I reduce this item from \$94,000 to \$86,000.

This reduction of \$8,000 includes \$7,000 for merit salary adjustments that can be funded through existing resources, and \$1,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 3360-001-465—For support of the State Energy Resources Conservation and Development Commission. I reduce this item from \$19,906,000 to \$15,470,000 by reducing

(a) Personal Services from \$14,233,000 to \$11,920,000,

(b) Operating Expenses and Equipment from \$6,676,000 to \$5,545,000,

(d) Amount payable from the Motor Vehicle Account, State Transportation Fund (Item 3360-001-044) from -\$94,000 to -\$86,000

and by eliminating

(bx) Transition costs resulting from program reductions \$1,000,000.

I am reducing this item by \$4,436,000 and the scheduled expenditures that flow through this item by \$8,000 to reflect the following actions

This reduction includes \$189,000 for merit salary adjustments that can be funded through existing resources, and \$146,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Elimination of an augmentation of \$345,000 and 7.5 positions for the Energy Commission to work on plans for a transmission line from the Pacific Northwest. I believe the resources I have proposed for the Commission's Regulatory and Planning Program will permit the Commission to fulfill its responsibilities for transmission line planning

Elimination of an augmentation of \$770,000 and 20.5 positions for the Commission to continue energy conservation activities. The value of energy conservation is

generally recognized by utilities and consumers, and energy conservation efforts will continue to grow on their merits

Elimination of an augmentation of \$1,118,000 and 18 positions for the Commission to continue conducting feasibility and demonstration projects for new energy technologies. It is no longer necessary for the Energy Commission to actively develop alternative energy technologies because the economic benefits of alternative energy technologies for producing energy are now recognized. Primary responsibility for research and development activities can be continued by the academic and industrial sectors.

Elimination of an augmentation of \$876,000 and 15 positions for commission-wide administrative staff. The budget which I have proposed for the commission already includes sufficient administrative staff for the Commission to manage its programs.

Elimination of an augmentation of \$1,000,000 for costs associated with staff reductions proposed for 1983-84. I believe that through an aggressive outplacement program, the Commission should be able to mitigate the costs associated with the staff reduction. During the coming year, I will review, on a statewide basis, the status of staff reductions proposed for 1983-84, and the need for assistance to departments faced with reductions. Consistent with this reduction, I am also eliminating provision 1 of the control language since this provision relates to the expenditure of funds included in schedule.

Item 3360-001-890—For support of California Energy Resources Conservation and Development Commission.

I am vetoing the language of provision (2) regarding expenditure of funds for a study of energy conservation programs. This language unnecessarily restricts the scope of the study to be performed. I am directing the Chairman of the California Energy Commission, in cooperation with representatives of the Office of Planning and Research and the Office of Economic Opportunity, to define a scope and select a contractor for studying the energy conservation potential for all possible uses of Petroleum Violation Escrow Funds.

Item 3360-011-465—For support of the State Energy Resources Conservation and Development Commission. I eliminate this item.

I am eliminating this item because I do not believe it is necessary for the Energy Commission to provide funding for a project to demonstrate an alternative energy technology because there are already public and private financial institutions which can provide money for development of these technologies.

Item 3380-001-001—For support of the California Waste Management Board. I reduce this item from \$3,708,000 to \$3,584,000 by reducing:

- (a) Personal Services from \$2,697,000 to \$2,634,000 and
- (b) Operating Expenses and Equipment from \$1,094,000 to \$1,033,000.

I am reducing this item by \$124,000 to reflect a reduction of \$42,000 for merit salary adjustments that can be funded through existing resources and \$31,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. In addition, I am reducing the Public Awareness Program by \$51,000. The remaining funds should be sufficient to support the program.

Item 3400-001-001—For support of the Air Resources Board. I reduce this item from \$3,576,000 to \$3,437,000 by reducing:

- (a) Personal Services from \$19,947,000 to \$18,764,000,
- (b) Operating Expenses and Equipment from \$29,115,000 to \$28,027,000,
- (d) Amount payable from the Motor Vehicle Account, State Transportation Fund (Item 3400-001-044) from -\$25,484,000 to -\$23,455,000,
- (e) Amount payable from the Air Pollution Control Fund (Item 3400-001-115) from -\$1,896,000 to -\$1,876,000,
- (f) Amount payable from the Automotive Repair Fund (Item 3400-001-128) from -\$1,082,000 to -\$1,003,000 and
- (i) Amount payable from the Energy Resources Programs Account, General Fund (Item 3400-001-465) from -\$152,000 to -\$148,000.

I am reducing this item by \$139,000 which consists of \$42,000 for merit salary adjustments that can be funded through existing resources, \$47,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

and \$50,000 originally included for equipment which can be redirected for higher priority expenditures elsewhere in the budget. In addition, I am reducing the scheduled expenditures that flow through this item.

Item 3400-001-044—For support of the Air Resources Board, to be transferred to Item 3400-001-001. I reduce this item from \$25,484,000 to \$23,455,000.

I am reducing this item by \$2,029,000 to conform to the scheduled reductions detailed in Item 3400-001-001. Included in this reduction is \$273,000 for merit salary adjustments that can be funded through existing resources, \$244,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate, and \$1,512,000 for stationary source air pollution.

Item 3400-001-115—For support of the Air Resources Board, to be transferred to Item 3400-001-001. I reduce this item from \$1,896,000 to \$1,876,000.

I am reducing this item by \$20,000 to conform to the scheduled reductions detailed in Item 3400-001-001. This reduction includes \$13,000 for merit salary adjustments that can be funded through existing resources, and \$7,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3400-001-128—For support of the Air Resources Board, to be transferred to Item 3400-001-001. I reduce this item from \$1,082,000 to \$1,003,000.

I am reducing this item by \$79,000 to conform to the scheduled reductions detailed in Item 3400-001-001. This \$79,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3400-001-465—For support of the Air Resources Board, to be transferred to Item 3400-001-001. I reduce this item from \$152,000 to \$148,000.

I am reducing this item by \$4,000 to conform to the scheduled reductions detailed in Item 3400-001-001. This reduction includes \$2,000 for merit salary adjustments that can be funded through existing resources, and \$2,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3460-001-001—For support of the Colorado River Board of California. I reduce this item from \$177,000 to \$174,000 by reducing:

- (a) Personal Services from \$445,000 to \$444,000 and
- (b) Operating Expenses and Equipment from \$126,000 to \$124,000.

This reduction of \$3,000 includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$2,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3480-001-001—For support of the Department of Conservation. I reduce this item from \$10,062,000 to \$9,767,000 by reducing:

- (a) 10-Geologic Hazards and Mineral Resources Conservation from \$5,186,000 to \$4,960,000,
- (b) 20-Oil, Gas, and Geothermal Protection from \$5,800,000 to \$5,733,000,
- (c) 30-Special Services for Resource Protection from \$591,000 to \$389,000 and
- (f) Reimbursements from —\$1,515,000 to —\$1,315,000.

I am reducing this item by \$295,000 to accomplish reductions of \$39,000 for merit salary adjustments that can be funded through existing resources and \$94,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. This reduction also includes \$162,000 and 7 positions originally included in the budget. This reduction in the Division of Mines and Geology can be accomplished by deferring lower priority activities.

I am also reducing \$200,000 in reimbursements as a result of the elimination of funding for the farmland mapping and monitoring program in Item 3480-001-190.

Item 3480-001-035—For support of the Department of Conservation. I reduce this item from \$1,177,000 to \$1,161,000.

This reduction of \$16,000 includes \$5,000 for merit salary adjustments that can be funded through existing resources, and \$11,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3480-001-190—For support of the Department of Conservation. I reduce this item from \$608,000 to \$585,000 by eliminating:

This reduction includes \$6,000 for related merit salary adjustments that can be funded through existing resources, and \$17,000 in operating cost increases no longer

anticipated because of a significant reduction in the inflation rate.

Item 3540-001-001—For support of the Department of Forestry. I reduce this item from \$125,545,000 to \$121,599,000 by reducing:

- (a) 10 10-Fire Protection, State Responsibility from \$122,722,000 to \$119,442,000,
- (c) 10.30-Resource Management from \$8,369,000 to \$7,703,000,

- (e) 20.02-Distributed Administration from —\$10,283,000 to —\$9,863,000.

This reduction includes \$619,000 for merit salary adjustments that can be funded through existing resources, and \$1,827,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

I am also reducing \$1.5 million and 11.6 non-fire protection positions originally included in the Governor's Budget.

Item 3540-001-140—For support of the Department of Forestry. I reduce this item from \$2,745,000 to \$2,668,000.

This reduction of \$77,000 includes \$13,000 for merit salary adjustments that can be funded through existing resources, and \$64,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3540-001-190—For support of the Department of Forestry. I reduce this item from \$2,341,000 to \$2,289,000.

This reduction of \$52,000 includes \$14,000 for merit salary adjustments that can be funded through existing resources, and \$38,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3540-001-300—For support of the Department of Forestry. I reduce this item from \$85,000 to \$84,000.

This \$1,000 reduction is for merit salary adjustments that can be funded through existing resources

Item 3540-001-928—For support of the Department of Forestry. I reduce this item from \$3,533,000 to \$3,373,000.

I am eliminating nine positions and the control language added to require the department to spend \$375,000 of the amount appropriated by this item for the Urban Forestry Program. This language would result in a reduction in the California Forest Improvement Program which aids small forest timber producers

This reduction includes \$6,000 for merit salary adjustments that can be funded through existing resources, and \$154,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 3540-001-940—For support of the Department of Forestry I reduce this item from \$662,000 to \$646,000.

I have eliminated funds for acquisition of lands for wildlife habitat (\$500,000) because no specific parcels have been proposed for acquisition. In addition, I am eliminating funding from this item for the restoration of the Santa Monica Pier (\$700,000) because I have approved funding for repairs to this structure in the local assistance item of the Wildlife Conservation Board (\$323,500). The need for any remaining funds should be a local responsibility.

Item 3680-001-001—For support of the Department of Boating and Waterways I reduce this item from \$258,000 to \$211,000.

I am reducing this item by \$39,000 for funds originally included in the Governor's

Item 3720-001-890—For support of the California Coastal Commission, to be transferred to Item 3720-001-001 I reduce this item from \$813,000 to \$31,000

I am reducing this item by \$782,000 to conform to the scheduled reductions detailed in Item 3720-001-001. The appropriation of these Federal funds for support of the Coastal Commission is premature at this time.

Item 3760-001-721—For support of State Coastal Conservancy I reduce this item from \$1,365,000 to \$1,349,000 by reducing

(b) Operating Expenses and Equipment from \$441,000 to \$425,000

This \$16,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate

(a) Roberti-Z'berg Urban Open Space and Recreation from \$5,000,000 to \$2,500,000, and by eliminating

(b) Presley Urban Fishing Program Act (\$500,000)

(g) Mokelumne River Project-acquisition (\$200,000), and

(q) Kings Beach SRA-improvement of facilities (\$250,000)

I am reducing and eliminating these categories for a total savings of \$525,000. Given the limited amount of capital outlay funds which are available, I am deferring these projects for one year. This deferral will not have a detrimental effect on ongoing state programs, nor will it result in a compromise of public safety, or the loss or deterioration of the state's investment.

Item 3790-301-733—For capital outlay, Department of Parks and Recreation. I reduce this item from \$406,000 to \$334,000 by eliminating:

(a) Personal Services from \$846,000 to \$833,000 and

Item 3860-001-140—For support of the Department of Water Resources. I reduce this item from \$1,142,000 to \$884,000.

I am eliminating the legislative augmentation of \$250,000 and language for a creek revitalization program. An earlier pilot project demonstrated that the federal, local, and private sectors can implement this program without state assistance. AB 918 would authorize a creek revitalization program. Funding for this program should be included in the legislation.

This reduction includes \$3,000 for merit salary adjustments that can be funded through existing resources, and \$5,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3860-001-190—For support of the Department of Water Resources. I reduce this item from \$130,000 to \$122,000.

This reduction of \$8,000 includes \$3,000 for merit salary adjustments that can be funded through existing resources, and \$5,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

This reduction of \$21,000 includes \$8,000 for merit salary adjustments that can be funded through existing resources, and \$13,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3860-001-940—For support of the Department of Water Resources. I reduce this item from \$402,000 to \$394,000.

This reduction of \$8,000 includes \$3,000 for merit salary adjustments that can be funded through existing resources, and \$5,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 3860-301-190—For capital outlay, Department of Water Resources. I reduce this item from \$5,051,000 to \$4,851,000 by reducing:

- (e) Sacramento Riverbank Protection Project-acquisition of riparian habitat (\$200,000).

I am reducing this item by \$200,000. To eliminate the acquisition of riparian habitats because no specific parcels have been proposed for acquisition.

Item 3940-001-001—For support of the State Water Resources Control Board. I reduce this item from \$14,080,000 to \$13,709,000 by reducing:

This reduction also includes \$100,000 in funds originally included in the Governor's Budget to reflect anticipated savings as a result of increased efficiencies in training and adjudication of disputed water rights.

Item 3940-011-014—For support of the State Water Resources Control Board. I eliminate this item.

The State Water Resources Control Board already has sufficient resources and the statutory authority to develop a work program for correction and detection of leaks.

from underground storage tanks and to continue correction of conditions threatening ground water supplies. Efforts to maintain and improve ground water quality are already funded in the Board's budget. I am eliminating this item because funding for any new program activities related to the detection and correction of leaks from underground storage tanks should be provided in enabling legislation. AB 2013, which would create a new program involving monitoring of underground storage tanks, should provide funding for any new administrative costs.

Item 4120-001-001—For support of the Emergency Medical Services Authority. I reduce this item from \$546,000 to \$446,000.

I am reducing this item from \$546,000 to \$446,000 by reducing 1.0 administrative position and expenditures for non-critical operating expenses. This reduction includes \$7,000 for merit salary adjustments that can be funded through existing resources, and \$8,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. In addition, \$85,000 is reduced to reflect the deletion of low priority activities.

Item 4120-001-890—For support of the Emergency Medical Services Authority. I reduce this item from \$140,133 to \$136,133.

This reduction includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$3,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

- (a) 100000-Personal Services from \$5,713,000 to \$5,645,866,
- (b) 300000-Operating Expenses and Equipment from \$5,476,000 to \$5,325,234,
- (c) Amount payable from the Hospital Public Account (Item 4140-001-121) from -\$4,349,000 to -\$4,285,000, and
- (f) Amount payable from the Federal Trust Fund (Item 4140-001-890) from -\$1,705,000 to -\$1,663,000.

This reduction includes \$9,000 for merit salary adjustments that can be funded through existing resources, and \$31,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

I am also reducing \$58,900 from this item to reflect a 10 percent reduction in the Health Manpower Pilot Project Program. This reduction includes the elimination of 1 vacant position, but will not affect the continuance of high priority pilot projects.

In addition, \$13,000 is reduced from the Certificate of Need program. This reduction can be absorbed through other resources.

Item 4140-001-121—For support of the Office of Statewide Health Planning and Development. I reduce this item from \$4,349,000 to \$4,285,000 by reducing the amount to be transferred to Item 4140-001-001.

This reduction includes \$15,000 for merit salary adjustments that can be funded through existing resources, and \$49,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4140-001-890—For support of the Office of Statewide Health Planning and Development. I reduce this item from \$1,705,000 to \$1,663,000 by reducing the amount to be transferred to Item 4140-001-001.

This reduction includes \$10,000 for merit salary adjustments that can be funded through existing resources, and \$32,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4170-001-001—For support of the Department of Aging. I reduce this item from \$1,780,000 to \$1,729,000 by reducing

- (a) 10-Nutrition from \$1,008,000 to \$978,000,

- (e) 50 01-Administration from \$3,575,000 to \$3,524,000 and

(f) 50.02-Distributed Administration from —\$3,575,000 to —\$3,524,000.

This reduction includes \$30,000 for merit salary adjustments that can be funded through existing resources, and \$21,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4170-001-890—For support of the Department of Aging I reduce this item from \$2,421,000 to \$2,350,000 by reducing.

(a) 10-Nutrition from \$849,000 to \$818,000,

(c) 30-Supportive Services and Centers from \$1,071,000 to \$1,031,000

This reduction includes \$47,000 for merit salary adjustments that can be funded through existing resources, and \$24,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 4170-101-001—For local assistance, Department of Aging I reduce this item from \$6,312,000 to \$4,177,000 by reducing

(a) (1) 10.10-Congregate Nutrition from \$4,493,000 to \$2,358,000

I am reducing this item from \$6,312,000 to \$4,177,000 by reducing \$2,135,000 from the Congregate Nutrition Program. Since unanticipated Federal funds have become available for congregate nutrition, this reduction will not affect the level of service provided through that program.

I also eliminate the following language relative to this item since this veto makes the language unnecessary.

"It is the intent of the Legislature that \$3,089,000 of the funds appropriated from the General Fund for congregate nutrition be used to provide additional meals without increasing the total cost of state administration or cost per meal above the 1982-83 level. In the event that additional federal funds from Title III of the Older Americans Act of 1965 or the United States Department of Agriculture become available, the necessary portion of this amount may be used to match the additional federal funds."

Item 4180-001-001—For support of the Commission on Aging I reduce this item from \$202,000 to \$197,000.

This \$5,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4180-001-890—For support of the Commission on Aging I reduce this item from \$168,000 to \$164,000.

This \$4,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4200-001-001—For support of the Department of Alcohol and Drug Programs I reduce this item from \$6,969,000 to \$5,716,000 by reducing

(a) 10-Alcohol Program from \$3,251,000 to \$2,928,000,

(b) 20-Drug Program from \$4,114,000 to \$3,184,000,

(c) 30.01-State Administration from \$4,113,000 to \$3,906,000 and

(d) 30.02-State Administration Distributed from —\$4,113,000 to —\$3,906,000

I am reducing this item from \$6,969,000 to \$5,716,000 by reducing 3.0 positions and \$104,000 from personal services and \$543,000 from operating expenses and eliminating the \$500,000 legislative augmentation for drug prevention. While I wholeheartedly support increased activity in drug prevention, particularly in relation to our State's young people, I feel that this augmentation should more properly be included in Assembly Bill 1983 now before the Legislature. The personal services savings will involve non-critical administrative positions and the operating expenses reduction reflects anticipated savings in travel, special projects, consultant services, and other categories of expenditures which will have a minimal impact on services to clients.

This reduction includes \$6,000 for merit salary adjustments that can be funded through existing resources, and \$100,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4200-001-890—For support of the Department of Alcohol and Drug Programs I reduce this item from \$2,557,000 to \$2,514,000 by reducing

This reduction includes \$2,000 for merit salary adjustments that can be funded

through existing resources, and \$41,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4200-101-001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from \$63,908,000 to \$62,047,000 by reducing:

- (a) 10-Alcohol Program from \$33,315,000 to \$32,385,000,
- (b) 20-Drug Program from \$33,093,000 to \$32,162,000.

I am reducing this item from \$63,908,000 to \$62,047,000 by eliminating a discretionary COLA of \$1,861,000. Because the rate of inflation is significantly below that anticipated at the time the budget was prepared, the need for cost-of-living adjustments is not necessary to maintain the program.

Item 4220-001-001—For support of the Governor's Advisory Committee on Child Development Programs. I reduce this item from \$130,000 to \$128,000.

This \$2,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4260-001-001—For support of the Department of Health Services. I am reducing this item from \$93,886,909 to \$91,402,997 by reducing:

- (a) Personal Services from \$125,692,115 to \$124,148,395,
- (b) Operating Expenses and Equipment from \$121,352,277 to \$117,958,270,
- (c) Amount payable from the Health Care Deposit Fund from —\$102,025,676 to —\$101,894,828,
- (f) Amount payable from the Hazardous Waste Control Account from —\$7,231,967 to —\$6,404,000,
- (g) Amount payable from the Motor Vehicle Account from —\$326,053 to —\$320,053,
- (i) Amount payable from the Genetic Disease Testing Fund from —\$9,371,646 to —\$9,066,646,
- (j) Amount payable from the Federal Trust Fund from —\$7,740,683 to —\$6,071,683, and by adding
- (q) Unallocated reduction —\$485,000.

I am eliminating a Legislative augmentation of \$115,912 and 75 attorney positions. I do not believe the workload justifies this restoration.

I am reducing \$485,000 in unallocated support staff commensurate with local assistance reductions I am making in Community Health Services Program as follows:

Family Planning —\$453,000

Primary Care Grants —\$27,000

I am also reducing \$527,000 for merit salary adjustments that can be funded through existing resources, and \$1,356,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4260-001-014—For support of the Department of Health Services.

I am reducing this item from \$7,231,967 to \$6,404,000.

I am eliminating \$266,000 and 6 positions from the Office of Program and Policy Development in the Toxic Substances Control program. While I strongly support this program, and am approving a legislative augmentation of \$639,673 for inspection and permitting activities, I believe sufficient staff exists within the Toxic Substances Control program to accommodate this workload.

I also eliminate the following language relative to this augmentation:

"By October 1, 1983, the Department of Health Services shall establish a new class series for Hazardous Substance Control, Policy and Program Development Specialists, and Manager; complete open, nonpromotional examinations; establish employment lists; and complete all personnel appointment procedures necessary to ensure the continuation of the Office of Program and Policy Development."

I am eliminating the \$200,000 legislative augmentation for the study of the permeation and infiltration of toxic chemicals into pipe and pipe water mains. I believe it is more appropriate for this study to be funded by the pipe industry.

I also eliminate the following language relative to this augmentation:

"It is the intent of the Legislature that \$200,000 appropriated in this item be transferred by the Department of Health Services to the Assembly Contingent Fund for the Assembly Office of Research to contract, in consultation with the Senate Office of Research, for the commission of a research study to assess the public health impact

of the permeation and infiltration of pipe and pipe water mains by chemicals. The study shall consist of two simultaneous research components.

- (a) A literature search, which shall include the compilation of information from the following sources:
  - (i) Reports of the Lekkerkerk incident
  - (ii) Recent laboratory studies on permeation.
  - (iii) Studies of drinking water in the Love Canal area.
  - (iv) Dutch studies of the permeation of pipe by methyl bromide.
  - (v) Experience of water utilities.
  - (vi) Information from pipe manufacturers
- (b) The development and implementation of an experimental protocol to assess:
  - (i) The permeability of various types of pipe and pipe water mains.
  - (ii) The infiltration potential of:
    - (1) Gasoline and related petroleum distillates.
    - (2) Solvents
    - (3) Pesticides and herbicides
  - (iii) Long and short term permeation rates.
  - (iv) Profiles of soil characteristics throughout the state, with emphasis on soil contamination near residential areas.
  - (v) Concentrations of contaminants in soil to which water supply lines are likely to be exposed in actual use
- (c) The study will assess the likelihood of adverse human response to permeation contamination of potable water and assign, by commonly agreed upon statistical methods, the risks to the population of the permeation.
- (d) The study shall be completed by March 1, 1984, and the findings transmitted to the Joint Legislative Budget Committee, the fiscal committees of both houses, and the Assembly Committee on Consumer Protection and Toxic Materials. It is the intent of the Legislature that funds committed for this study shall not exceed \$200,000."

I am eliminating the \$300,000 legislative augmentation and 6.5 positions to monitor local water supplies. It is currently the responsibility of local purveyors to monitor water supplies. These activities are included in proposed legislation, AB 1803, and the need for an augmentation to monitor local water supplies should be proposed and considered in that legislation.

In addition, I am reducing \$61,967 for operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 4260-001-044—For support of the Department of Health Services. I reduce this item from \$326,053 to \$320,053.

This reduction includes \$2,000 for merit salary adjustments that can be funded through existing resources, and \$4,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4260-001-203—For support of the Department of Health Services I reduce this item from \$10,176,543 to \$9,871,543 by reducing:

- (a) Support from \$9,371,646 to \$9,066,646

This reduction includes \$9,000 for merit salary adjustments that can be funded through existing resources, and \$296,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 4260-001-890—For support of the Department of Health Services. I am reducing this item from \$200,539,751 to \$198,739,903 by reducing:

- (c) Transfer to Item 4260-001-001 from \$7,740,683 to \$6,071,683 and
- (d) Transfer to the Health Care Deposit Fund from \$66,379,739 to \$66,248,891

This reduction includes \$467,000 for merit salary adjustments that can be funded through existing resources, and \$1,202,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

I am also reducing \$130,848 from this item to reflect a corresponding reduction in reimbursements to the California Medical Assistance Commission See Item 4270-001-001 for detail

Item 4260-101-001—For local assistance, Department of Health Services, Medical Assistance Program (Medi-Cal) I reduce this item from \$1,999,034,495 to

\$1,986,594,674 by reducing.

(b) 50.11 Medical Care and Services from \$1,932,299,052 to \$1,919,859,231.

MIA Aid Paid Pending—I am vetoing \$5.8 million from (b) Medical Care and Services to reflect more accurately the costs associated with continuing Medi-Cal benefits for Medically Indigent Adults who filed to contest their discontinuance from the Medi-Cal program as of January 1, 1983, pending their fair hearing decision. This reduction is based on the actual eligible counts and provider claims for services to these persons in 1982-83.

Medi-Cal Share of Cost—I am vetoing \$1,439,821 from (b) Medical Care and Services to reflect more accurately the costs associated with reducing the share of cost for certain Medi-Cal recipients. The Legislature augmented the Budget Bill by \$6,265,028 for this purpose, however, these costs will be less due to the requirements for implementation.

Medi-Cal Dental Services—I am vetoing \$5.2 million from (b) Medical Care and Services to bring the amount allocated for Medi-Cal dental services in line with the amount expected to be spent for such services. Due to the recent implementation of more appropriate utilization controls and a projected decrease in eligibles, it is now estimated that the amount reflected in the Budget Bill will be sufficient to fund Medi-Cal dental services.

Item 4260-106-001—For local assistance, Department of Health Services (COLA) I reduce this item from \$64,778,339 to \$35,145,372 by reducing.

(c) 25-County Health Services from \$18,191,472 to \$16,373,472

(f) 50.11-Medical Care and Services from \$41,517,000 to \$18,771,900

and by eliminating

(a) 11-Health Protection (\$178,000)

(b) 20-Community Health Services (\$3,037,000)

(d) 40-Rural Health (\$234,000)

(e) 50.10-County Administration (\$1,620,867)

Public Health Programs—I am eliminating \$3,449,000 for discretionary cost-of-living adjustments for health protection, Community Health Services and Rural Health programs. Due to the fact that inflation has been less than that anticipated in the budget that was initially developed, these additional funds should not be necessary to allow counties to maintain their operations.

Medically Indigent Adult Program—I am providing \$13,872,000 for a discretionary cost-of-living adjustment for the Medically Indigent Adult program to maintain the 70 percent level of funding proposed in the Budget. However, I am eliminating the \$1,818,000 augmentation associated with the elimination of \$59,970,000 from the Medically Indigent Adult base funding level. \$590,552 of the discretionary COLA budgeted for the support of the County Medical Services program and \$21,678 of the discretionary COLA budgeted for County Health Services population increases are being retained.

As the Medically Indigent Adult program is a new program, I believe it is imperative to maintain the program at the 70 percent level provided in the Budget. I, additionally, approved the augmentation for support of the County Medical Services program in order that small counties will be able to contract back with the State for the administration of Medically Indigent Adult services.

Medi-Cal Dental Services COLA—I am reducing (f) Medical Care and Services by \$6.7 million to eliminate the funds that will not be necessary in the Medi-Cal dental program. Due to the recent implementation of new utilization controls and a decrease in eligibles, the cost of Medi-Cal dental services is expected to be less in FY 1983-84 than in FY 1982-83, even after an increase for inflation is provided. Therefore, the additional funds are not necessary and can be deleted without adverse impact on Medi-Cal dental services.

Discretionary COLA-Other Providers—I am reducing (f) Medical Care and Services by \$11,515,000 in order to eliminate the 3 percent discretionary cost-of-living adjustment for Medi-Cal providers (excluding hospital inpatient, nursing homes, PHPs, CDS, drugs and RHf). Due to the fact that inflation has been less than anticipated in the budget that was initially developed, these additional funds should

not be necessary to continue the provision of services

Nursing Home COLA—I am reducing (f) Medical Care and Services by \$4,530,100 to reflect the amount needed for cost-of-living adjustments to nursing home rates. Based on the annual study of actual nursing home costs, it is now estimated that only \$8,077,100 will be needed for rate increases, rather than the \$12,607,200 provided in the Budget Bill.

Discretionary COLA-County Administration—I am vetoing the \$1,620,867 cost-of-living adjustment budgeted for (e) county administration of the Medi-Cal program. Due to the fact that inflation has been less than anticipated in the budget that was initially developed, these additional funds should not be necessary for counties to maintain their operations.

Item 4260-101-890—For local assistance, Department of Health Services, Medical Assistance Program (Medi-Cal) I reduce this item from \$1,997,628,288 to \$1,990,887,467 by reducing.

(b) 50.11 Medical Care and Services from \$1,910,522,200 to \$1,903,781,379.

This action conforms to the reductions made in Item 4260-101-001 (b) and includes the following corresponding reductions

Medi-Cal Share of Cost \$1,440,821

Medi-Cal Dental Service \$5,300,000

Item 4260-106-890—For local assistance, Department of Health Services (COLA) I reduce this item from \$43,333,446 to \$18,445,000 by reducing.

(b) 50.11-Medical Care and Services from \$41,573,700 to \$18,445,000 and by eliminating

(a) 50.10-County Administration (\$1,759,746)

This action conforms to the reductions made in Item 4260-106-001 and include the following corresponding reductions

Medi-Cal Dental Services COLA-\$6,800,000-Category (b)

Discretionary COLA-Other Providers-\$11,819,000-Category (b)

Nursing Home COLA-\$4,509,700-Category (b)

Discretionary COLA-County Administration-\$1,759,746-Category (b)

Item 4260-111-001—For local assistance, Department of Health Services I reduce this item from \$1,000,210,322 to \$926,492,322 by reducing

(c) Community Health Services from \$97,393,000 to \$83,645,000 and

(d) County Health Services from \$889,443,322 to \$829,473,322

I am eliminating the legislative augmentation of \$59,970,000 for Medically Indigent Adult Services. However, I am approving the \$25 million augmentation from one-time funds for County Health Services. In deriving the level of funding for MIAs, I have used the same methodologies used by the Medi-Cal Reform Task Force. The level of funding that I am providing is based upon a recalculation of updated and refined projections of what Medi-Cal would have spent had the MIA transfer not occurred. I believe this level of funding, combined with the \$13,874,000 COLA, I am also approving, is sufficient as counties will be able to achieve significant savings through the delivery of services in their own county health systems. I would have desired to provide funding for Medically Indigent Adult Services at a level closer to that recommended by the Assembly. Because of the statutory nature of the one-time \$25 million Augmentation to the County Health Services program, however, it was necessary to approve the increased funds in that program. It is my intention to work closely with the Legislature and the counties to determine if the one-time augmentation to County Health Services could be used to provide additional services under the Medically Indigent Adult program.

I am eliminating the \$3,248,000 legislative augmentation for the California Children's Services program. I am additionally eliminating \$3,248,000 in Item 4260-111-890 which was legislatively augmented from the Federal "Jobs Bill" for AB 2821 perinatal programs. I believe that these Federal funds should be used to meet caseload increases in the California Children's Services program.

I am eliminating the \$350,000 legislative augmentation for Adult Day Health Care Centers. This augmentation is associated with legislation which would authorize the start up of additional Adult Day Health Care Centers. The legislation however, does

not provide funding for start-up costs, including construction of facilities and licensing costs I believe it is more appropriate to fund these costs in the legislation and not in the Budget. I will, however, be working with the Legislature to construct an overall master plan for the development of Adult Day Health Care Centers throughout the State.

I am also eliminating the following language relative to this augmentation

"The sum of \$350,000 is appropriated for the purpose of funding start-up costs of Adult Day Health Care Centers. These funds shall be used in accordance with the provisions of Chapter 473, Statutes of 1982. However, if SB 134 of the 1983-84 Regular Session is chaptered, the provisions of that bill shall apply to the appropriation."

I am reducing the Family Planning program by \$9,500,000 and the Primary Care Grant program by \$650,000. Although I support the general purposes of these programs, they have grown rapidly in the past few years and I feel that they should not continue at this level until a thorough evaluation of their efficiency and effectiveness can be determined.

Item 4260-111-890—For local assistance, Department of Health Services. I reduce this item from \$24,096,800 to \$19,281,800 by reducing:

(c) 20-Community Health Services from \$23,631,000 to \$18,816,000

I am eliminating the \$100,000 legislative augmentation for primary care clinics. I do not believe that the need for this augmentation has been satisfactorily demonstrated.

I also eliminate the following language relative to this augmentation:

"\$100,000 shall be allocated to the Primary Care Grants program to provide for cost effective health services to persons who are not otherwise eligible for Federal or State subsidized programs as authorized in Section 1247(b) of the Health and Safety Code."

I am eliminating the \$4,715,000 legislative augmentation for AB 2821 (Chapter 1112, Statutes of 1982) perinatal programs. I believe these funds should more appropriately be used to meet the \$3,248,000 California Children's Services caseload increases. The remaining \$1,467,000 will be used to offset potential further CCS caseload increases. However, if these increases do not occur, I will work with the Legislature to use these Federal funds for perinatal programs. I also eliminate the following language relative to this augmentation.

"\$4,715,000 appropriated in this item shall be allocated to maternal and child health, to be expended on programs which meet the mandate of Chapter 1112 of the Statutes of 1982."

Item 4260-301-036—For capital outlay, Department of Health Services. I reduce this item from \$565,000 to \$209,000 by eliminating:

(a) 94.70 040-Autoclave Replacement—Phase IV—Berkeley Lab Facility (\$356,000)

I am reducing this item by \$356,000. Given the limited amount of capital outlay funds available I am postponing this project for one year. This deferral will not have a detrimental effect on ongoing State programs nor will it result in a compromise of public safety or the loss or deterioration of the State's investment.

Item 4260-301-189—For capital outlay, Department of Health Services. I eliminate this item.

I eliminate this item for a savings of \$68,000. Deferral of these minor capital outlay projects for the 1983-84 fiscal year will not have a detrimental effect on ongoing State programs nor will it result in a compromise of public safety or the loss or deterioration of the State's Investment.

Item 4270-001-001—For support of the California Medical Assistance Commission. I reduce this item from \$991,316 to \$833,888 by reducing:

(a) 10000-Personal Services from \$1,297,487 to \$1,125,111,

(b) 30000-Operating Expenses and Equipment from \$588,521 to \$472,621 and

(c) Reimbursements from -\$894,692 to -\$763,844.

This reduction includes \$9,216 for merit salary adjustments that can be funded through existing resources, and \$14,414 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

In addition, I am vetoing \$133,798 General Fund and 8.0 positions added to the budget to provide personal staff for the Commissioners. The staff of the Governor's

Office on Special Health Care Negotiations reported to the Commission effective July 1, 1983 and any necessary reorganization of support staff can be effected as directed by the Commission.

Item 4300-001-001—For support of the Department of Developmental Service State Operations I reduce this item from \$16,957,478 to \$16,528,478 by reducing:

- (a) Community Services Program from \$9,643,284 to \$9,393,284,
- (b) State Hospital Services from \$8,154,194 to \$7,975,194
- (c) Administration from \$17,797,478 to \$17,797,049, and
- (d) Administration Distributed from —\$17,797,478 to —\$17,797,049.

This reduction included \$210,000 for merit salary adjustments that can be funded through existing resources, and \$219,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4300-101-001—For local assistance, Department of Developmental Services, Regional Centers. I am reducing this item from \$234,603,450 to \$219,306,348 by reducing:

- 10.10-Regional Centers from \$225,053,000 to \$219,171,348,
- 10.10.010-Regional Center Operations from \$79,755,000 to \$73,873,348,
- (a) Personal Services from \$65,434,000 to \$59,654,998,
- (b) Operating Expenses and Equipment from \$14,321,000 to \$14,218,350,
- 10.10 020-Purchase of Services from \$145,298,000 to \$145,298,000,
- (d) Day Programs from \$31,484,000 to \$31,484,000, and by eliminating
- (m) Special Adjustment Cost-of-Living Increase by eliminating (\$9,415,450.)

I am reducing this item by \$15,599,102. With the exception of the discretionary cost-of-living adjustment, I am approving an increased program level for services to individuals with developmental disabilities in comparison to the budget presented by me in January. I believe the approved budget will provide the services needed by persons with developmental disabilities. The goal of these reductions is to promote efficiency in the delivery of services and to provide equity in the method of funding regional centers and State hospitals.

I am reducing \$2,381,652 from the regional center program to reflect the transfer of casemanagement duties for State hospital clients from regional center to State hospital staff. Presently, there is duplication of duties between regional center and State hospital staff. Given the day-to-day client contact with hospital employees, it is more appropriate for hospital staff to assume casemanagement. Continued regional center participation is necessary during preparations for admission and when clients are referred for placement into the community. Therefore, I am directing the Department of Developmental Services to contract with regional centers to provide 25 casemanagers to insure a smooth transition during admission and placement.

Additionally, \$3.5 million for regional center personal services has been reduced in consideration of instituting a 5 percent salary savings factor which is less than that contained in the Department's support budget.

I am reducing \$9,415,450 for discretionary COLA. Since the rate of inflation is significantly below the level anticipated at the time the budget was prepared, the need for a cost-of-living adjustment has substantially lessened.

Item 4300-101-036—For local assistance, Department of Developmental Services, Capital Outlay. I eliminate this item.

I am eliminating this item which appropriates funds to develop new community programs for State hospital residents. The State hospitals are now ahead of schedule in meeting the October 1987 reduced population target. While I support the continued movement of persons with developmental disabilities into the community, the need for these funds has not been established. However, the Department of Developmental Services shall prepare a plan which identifies any additional need and the level of funding necessary for persons with developmental disabilities who reside in State hospitals but could be appropriately placed in the community if services were available.

Item 4300-111-001—For local assistance, Department of Developmental Services, State Hospitals. I reduce this item from \$331,281,054 to \$326,651,054 by reducing:

- (b) State Hospital Services program from \$428,141,543 to \$423,639,543, and by eliminating

## (c) Special Adjustment—Cost-of-Living Increase (\$128,000)

I am reducing this item from \$331,281,054 to \$326,651,054 by reducing \$4,630,000. This reduction includes \$2,679,000 for merit salary adjustments that can be funded through existing resources, and \$1,603,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. Additionally, this eliminates 11 positions and \$220,000. This will reduce one position for Affirmative Action and Clients Rights in each State hospital. The reduction is being made in recognition of a duplication of effort between hospital and headquarters staff and the need for these resources in alternative critical areas.

I am also reducing \$128,000 from discretionary COLA. Since the rate of inflation is significantly below the level anticipated at the time the budget was prepared, the need for a cost-of-living adjustment has substantially lessened.

Item 4300-301-036—For capital outlay, Department of Developmental Services. I reduce this item from \$6,825,000 to \$6,582,000 by eliminating:

(f) Camarillo State Hospital 55 20 015.020-fire and life safety and environmental improvements—items to complete phase I, construction (\$243,000)

I am reducing this item by \$243,000. Given the limited amount of capital outlay funds which are available, I am deferring this project for one year. This deferral will not have a detrimental effect on ongoing State programs nor will it result in a compromise of public safety or the loss or deterioration of the State's investment.

Item 4440-001-001—For support of the Department of Mental Health I reduce this item from \$25,147,250 to \$24,575,250 by reducing

(a) Community Services from \$11,333,345 to \$10,846,345,

(b) State Hospital Services from \$4,916,000 to \$4,806,000, and

(e) (1) Reimbursements—Mental Health Social Services from —\$3,427,284 to —\$3,427,248

This reduction includes \$243,000 for merit salary adjustments that can be funded through existing resources, and \$329,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4440-001-890—For support of the Department of Mental Health, payable from the Federal Trust Fund I reduce this item from \$996,000 to \$991,000 by reducing

(a) Community Services from \$920,000 to \$915,000

This \$5,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 4440-011-001—For support of the State Hospitals, Department of Mental Health I reduce this item from \$80,485,955 to \$78,569,955 by reducing

(c) State Hospital Services—Penal Code Judicially Committed from \$91,754,625 to \$89,931,625, and

(d) State Hospital Services—Other from \$4,878,000 to \$4,785,000

This reduction includes \$962,000 for merit salary adjustments that can be funded through existing resources, and \$871,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Also, I am reducing \$83,000 and 3 positions to consolidate the Affirmative Action and Clients' Rights Offices within each State hospital. This reduction is being made in recognition of a duplication of effort between hospital and headquarters staff and of the need for these resources in other critical areas.

Item 4440-101-001—For local assistance, Department of Mental Health I reduce this item from \$345,062,036 to \$316,961,036 by reducing

(a) Community Residential Treatment System from \$15,702,000 to \$15,319,000,

(b) Other Treatment from \$293,621,000 to \$276,436,000,

(c) Community Outreach from \$35,944,000 to \$35,444,000,

(d) Other Community Programs from \$30,839,036 to \$30,693,036, and by eliminating

(g) Special Adjustment—Cost-of-Living Adjustment (\$9,887,000)

With the exception of the discretionary cost-of-living adjustment, which is eliminated due to decreases in the rate of inflation, I am approving an increased program level for the State's mental health services in comparison to the budget presented by me on January 10, 1983. I believe that this level of funding is needed to

meet the needs of the State's mentally ill population. The following reflects those adjustments which have been determined to have the least impact upon the delivery of services.

This reduction includes \$21,000 for merit salary adjustments that can be funded through existing resources, and \$29,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

I am eliminating the \$9,156,000 legislative augmentation for local mental health services. I believe that a more aggressive and uniform enforcement by counties of local mental health revenue provisions will produce the increased revenue funding to provide the essential mental health services.

I am eliminating \$5,779,000 of the legislative augmentation for local mental health services. This reduction represents one-half of the net additional savings anticipated to result from the maximum rate of reimbursement provisions established for the local mental health program pursuant to Chapter 328, Statutes of 1982. I believe that this level of funding is consistent with the goal of these cost containment provisions but, yet, acknowledges the program efficiencies recently implemented by local mental health programs

I am eliminating the \$383,000 legislative augmentation for Community Residential Treatment System services. I believe that this reduced level of funding is sufficient to provide needed services and the augmentation is not supported by an expenditure plan.

I am reducing \$9,983,000 for discretionary COLA. Since the rate of inflation is significantly below the level anticipated at the time the budget was prepared, the need for a cost-of-living adjustment has substantially lessened. These reductions impact Other Community Programs by \$96,000 and Special Adjustment—Cost-of-Living Adjustment by \$9,887,000

I am eliminating the \$500,000 legislative augmentation for local mental health primary prevention projects. I believe that these projects should be supported from the funding sources prescribed within Chapters 1280 and 1289 of the Statutes of 1982. In the event that sufficient funds do not become available pursuant to these provisions, then the counties may support these projects from the State appropriation made available to counties for local mental health services

I am reducing by \$2,250,000 or by 50 percent the base funding level for local mental health training activities budgeted within Other Treatment. I believe that this reduced level of funding is sufficient to meet the essential training needs of local mental health programs

Item 4440-121-001—For local assistance, Department of Mental Health, State Hospital Services, Lanterman-Petris-Short Act. I reduce this item from \$128,707,203 to \$126,422,203.

This reduction includes \$1,122,000 for merit salary adjustments that can be funded through existing resources, and \$763,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

In addition, I am reducing \$400,000 from the medical residency program to adjust the size of the recruitment and training efforts to equal the current level of State hospital needs. This reduction will continue essential program components and is made possible due to the supply of mental health professionals being produced by the university system

Item 1100-001-001—For support of the Employment Development Department. I reduce this item from \$53,853,000 to \$32,887,000 by reducing:

(a) 10-Employment and Employment Related Services from \$42,924,000 to \$22,078,000,

(b) 20-Tax Collections and Benefit Payments from \$14,677,000 to \$14,557,000

I am reducing this item from \$53,853,000 to \$32,887,000 by reducing Schedule (a) Employment and Employment Related Services from \$42,924,000 to \$22,078,000 and Schedule (b) Tax Collections and Benefit Payments from \$14,677,000 to \$14,557,000. Included in these reductions are \$1,169,000 for operating cost increases no longer anticipated because of a significant reduction in the inflation rate and the following individual reductions:

(1) \$2,606,000 from the Employment Preparation program which can be funded

with Federal Work Incentive Funds.

(2) \$10,480,000 which eliminates the California Worksite Education and Training Program. Due to the enactment of Chapter 1074, Statutes of 1982 (AB 3461), the Employment Training (ET) Panel was created to oversee \$55 million in a newly created ET Tax. This Panel is responsible for the fostering job creation to unemployed or potentially displaced individuals. Because of this new program, this elimination can be made without reducing services in the job training area.

(3) \$5,698,000 from the California Youth Employment and Development Act which can be funded with Federal Job Training Partnership Act Funds.

(4) \$1,013,000 from Re-employment Assistance for Displaced Workers. This reduction can be made without reducing services to displaced workers due to the new Employment Training Fund and funds available specifically for displaced workers under the Federal Job Training Partnership Act.

While I fully support the activities outlined above and their levels of activity, those levels can be maintained with Federal funds and the new Employment Training Fund.

I am instructing the Director of the Employment Development Department to work with the Employment Training Panel and the State Job Training Coordinating Council to assure that services to clients are not adversely affected by using alternative funding sources.

Item 5100-001-185—For support of the Employment Development Department. I reduce this item from \$10,848,000 to \$10,641,000 by reducing:

(a) 10-Employment and Employment Related Services from \$1,013,000 to \$1,006,000.

(b) 20-Tax Collections and Benefit Payments from \$8,856,000 to \$8,703,000, and

(c) 30.01-General Administration from \$979,000 to \$932,000.

This \$207,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 5100-001-588—For support of the Employment Development Department. I reduce this item from \$48,251,000 to \$47,718,000.

This \$533,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 5160-001-001—For support of the Department of Rehabilitation. I reduce this item from \$16,216,000 to \$15,942,000 by reducing:

(a) 10-Vocational Rehabilitation Services from \$18,345,000 to \$18,071,000.

This reduction includes \$36,000 for merit salary adjustments that can be funded through existing resources, and \$238,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 5160-001-890—For support of the Department of Rehabilitation. I reduce this item from \$73,768,000 to \$72,672,000 by reducing:

(a) 10-Vocational Rehabilitation Services from \$72,937,000 to \$71,841,000.

This reduction includes \$144,000 for merit salary adjustments that can be funded through existing resources, and \$952,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 5160-101-001—For local assistance, Department of Rehabilitation. I reduce this item from \$43,999,000 to \$42,239,000 by reducing:

(a) 10-Vocational Rehabilitation Services from \$196,000 to \$190,000,

(b) 20-Habilitation Services Program from \$39,764,000 to \$38,619,000, and

(c) 30-Support of Community Facilities from \$4,039,000 to \$3,430,000.

Included in these reductions are \$1,254,000 for discretionary Cost-of-Living Adjustments which are not yet in the base budget and, therefore, will not reduce the funding level of existing programs. Since the rate of inflation is significantly below that anticipated at the time the budget was prepared, the need for cost-of-living adjustments has been substantially lessened. Additionally, the reductions include \$506,000 for the Independent Living Centers (ILCs). This augmentation was provided without sufficient justification of the necessity for these additional funds.

Item 5180-001-001—For support of the Department of Social Services. I reduce this item from \$48,397,000 to \$46,672,000 by reducing:

- (a) 10-Welfare Program Operations from \$15,362,000 to \$15,154,000, and
- (b) 30-Community Care Licensing from \$14,854,000 to \$14,204,000 and by adding
- (j) Unallocated Reduction — \$867,000.

I am reducing the item by \$650,000 to meet the requirements set forth in AB 223 (trailer bill).

I am also eliminating a legislative augmentation of \$208,000 and 6.9 legal positions because the staff are not required to carry out the mission of the Department.

I am reducing \$330,000 for merit salary adjustments that can be funded through existing resources, and \$537,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 5180-001-866—For support of the Department of Social Services. I reduce this item from \$103,468,000 to \$102,354,000 by reducing.

- (a) 10-Welfare Program Operations from \$27,390,000 to \$27,328,000 and by adding
- (g) Unallocated Reduction — \$1,052,000

I am reducing \$62,000 for attorney position because I believe adequate legal staff is contained in the budget. This reduction of \$396,000 for merit salary adjustments that can be funded through existing resources and \$656,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 5180-101-001—For local assistance, Department of Social Services. I reduce this item from \$1,332,883,000 to \$1,326,283,000 by reducing.

- (a) 10.04.005-Aid to Families with Dependent Children from \$1,314,004,000 to \$1,307,404,000.

I am reducing this item by \$6,600,000 to implement current statute regarding the effective date of the first AFDC aid payment. Current law provides that aid begin on the day of eligibility or the first of the following month, but no later than 30 days from the date of application. Therefore, I am directing the Department to promulgate regulations to conform to current law

Item 5180-101-866—For local assistance, Department of Social Services. I reduce this item from \$1,514,878,000 to \$1,506,978,000 by reducing

- (a) 10.04.005-Aid to Families with Dependent Children from \$1,493,027,000 to \$1,485,127,000.

I am reducing this item by \$7,900,000 to correspond with the action taken in Item 5180-101-001 to implement current statute regarding the effective date of the first AFDC aid payment

Item 5180-141-001—For local assistance, Department of Social Services. I reduce this item from \$113,473,000 to \$113,273,000 by reducing.

- (a) County Administration from \$113,473,000 to \$113,273,000.

I am reducing this item by \$200,000 to eliminate an augmentation for the enhancement of an EDP system in Orange County

Item 5180-151-001—For local assistance, Department of Social Services. I reduce this item from \$152,454,000 to \$151,865,000 by reducing

- (b) (1) In Home Supportive Services (IHSS) from \$114,022,800 to \$113,433,800

I am reducing this item by \$589,000 for IHSS. I believe the additional Federal funds made available in Item 5180-151-866 provide adequate funding for these programs.

Item 5180-161-001—For local assistance, Department of Social Services. I reduce this item from \$9,707,200 to \$7,357,200 by reducing.

- (a) 30-Community Care Licensing from \$9,707,200 to \$7,357,200.

I am reducing this item by \$2,350,000 to reflect an appropriate funding level to operate the expanded Family Day Care Home Licensing Program because the \$4,650,000 remaining augmentation to the budget meets the conditions set forth in the trailer bill

Item 5180-181-001—For local assistance, Department of Social Services. I reduce this item from \$205,188,900 to \$195,727,400 by reducing

- (c) Social Services from \$13,259,500 to \$8,050,400, and
- (e) AFDC from \$59,941,000 to \$59,677,000, and by eliminating:
  - (b) County Administration (\$3,697,400) and
  - (d) Community Care Licensing (\$291,000)

I am reducing discretionary cost-of-living increases in this item by \$9,197,500. Given

that the rate of inflation is significantly lower than when the budget was introduced in January and that the state still faces severe fiscal constraints, I do not believe discretionary COLAs are necessary except for the providers of IHSS services. I am also reducing AFDC COLA by \$264,000 to conform to reductions in Item 5180-101-001

Item 5180-181-866—For local assistance, Department of Social Services I reduce this item from \$80,306,300 to \$67,263,000 by reducing:

- (c) AFDC from \$67,579,000 to \$67,263,000, and by eliminating
- (a) County Administration (\$11,947,100)
- (b) Social Services Programs (\$780,200)

I am reducing discretionary cost-of-living increases in this item by \$12,727,300. Given that the rate of inflation is significantly lower than when the budget was introduced in January and that the state still faces severe fiscal constraints, I do not believe discretionary COLAs are necessary. This conforms to action taken in Item 5180-818-001. I am also reducing the AFDC COLA by \$316,000 to conform to reductions in Item 5180-101-866.

Item 5190-001-142—For support of the California Health Facilities Commission I reduce this item from \$3,653,000 to \$3,548,000 by reducing.

- (a) Personal Services from \$2,357,000 to \$2,309,000, and
- (b) Operating Expenses and Equipment from \$1,373,000 to \$1,316,000

This reduction includes \$48,000 for merit salary adjustments that can be funded through existing resources, and \$57,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 5240-001-001—For support of the Department of Corrections. I reduce this item from \$581,301,000 to \$558,624,000 by reducing

- 21-Institutions Program from \$501,626,000 to \$510,244,000
- 31-Community Correctional Program from \$56,763,000 to \$55,468,000
- 41 01-Administration from \$37,710,000 to \$37,216,000

Item 5430-001-001—For support of the Board of Corrections. I reduce this item from \$255,000 to \$252,000 by reducing

Program 10—Board of Corrections from \$255,000 to \$252,000.

This reduction includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$2,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 5440-001-001—For support of the Board of Prison Terms. I reduce this item from \$6,289,000 to \$6,159,000 by reducing

Program 10—Board of Prison Terms and \$6,289,000 to \$6,159,000

This reduction includes \$14,000 for merit salary adjustments that can be funded through existing resources, and \$116,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 5450-001-001—For support of the Youthful Offender Parole Board. I reduce this item from \$2,252,000 to \$2,156,000 by reducing

Program 10—Youthful Offender Parole Board from \$2,252,000 to \$2,156,000

This reduction includes \$16,000 for merit salary adjustments that can be funded through existing resources, and \$30,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. In addition, I am further reducing this item by \$50,000 in general operating expenses to reflect anticipated savings.

Item 5460-001-001—For support of the Department of the Youth Authority. I reduce this item from \$181,265,000 to \$170,651,000 by reducing

- (a) 10-Prevention and Community Corrections from \$3,301,000 to \$3,058,000,
- (b) 20-Institutions and Camps from \$162,651,000 to \$155,175,000,
- (c) 30-Parole Services from \$26,262,000 to \$23,397,000,

(d) 40-Planning, Research, Evaluation and Development from \$1,739,000 to \$1,709,000,

(e) 50 01-Administration from \$10,454,000 to \$9,279,000,

(f) 50 02-Distributed Administration from —\$10,454,000 to —\$9,279,000

This reduction includes \$1,074,000 for merit salary adjustments that can be funded through existing resources, and \$2,571,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. This item is also being reduced by \$1,700,000 and 34 positions to increase parole agent caseload pursuant to a recommendation developed by the Government Efficiency Teams. In addition I am further reducing this item by \$3,708,000 in general operating expense reductions, and \$1,561,000 and 68 positions in administrative staffing, to reflect savings which the Department will realize as a result of increased efficiencies.

Item 5460-101-001—For local assistance, Department of the Youth Authority I reduce this item from \$67,034,000 to \$65,150,000 by eliminating

(e) Special adjustment—Cost of Living Increase (\$1,884,000)

I am deleting the cost-of-living increase of \$1,884,000 for the County Justice System Subvention Program (AB 90), adequate funds are available under the new block grant funding formula and should provide increased flexibility to counties to meet AB 90 expenditure priorities

Item 6100-001-001—For support of Department of Education. I reduce this item from \$26,093,000 to \$23,512,000 by reducing.

(a) 10-Instruction from \$14,926,000 to \$14,702,000

(1) Total Instruction from \$16,224,000 to \$16,000,000

(b) 20-Instructional Support from \$3,721,000 to \$3,510,000

(1) Total Instructional Support from \$4,006,000 to \$3,855,000 and increasing

(2) Reimbursement from —\$285,000 to —\$345,000 and reducing

(c) 30-Special Programs from \$6,402,000 to \$6,155,000

(1) 30-Total Special Programs from \$6,428,000 to \$6,181,000

(d) 40.01-Department Management and Special Services from \$23,409,000 to \$22,010,000 and Increasing

(f) 97 20-Unallocated reduction from —\$3,500,000 to —\$4,000,000

Included in these reductions are \$28,000 for merit salary adjustments that can be funded through existing resources, and \$403,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

In addition, I am reducing \$125,000 of the \$270,000 in this item for administration of the Investment in People Program. The major portion of the workload associated with the implementing of the program was of a one-time nature. Ongoing activities can be accomplished within the revised level of support for the Staff Development Program.

I am also reducing \$60,000 in General Fund support for the Instructional Materials Program. I believe that publishers should participate in the support of the normal adoption process, and that the Department of Education should establish appropriate fees to replace the General Fund reduction.

I am also reducing \$140,000 and 96 positions from the Child Development Program to reflect a transfer of licensing activities to the Department of Social Services.

I am also reducing \$1,325,000 of the \$10,899,000 provided for consultant and professional services, and reducing support by an additional \$500,000 to be determined by the Department of Education on a priority basis.

Item 6100-001-178—For support of the Department of Education. I reduce this item from \$254,000 to \$248,000.

This reduction includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$5,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6100-001-305—For support of the Department of Education. I am reducing this item from \$986,000 to \$975,000.

This reduction includes \$1,000 for merit salary adjustments that can be funded

through existing resources, and \$10,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6100-001-344—For support of the Department of Education. I reduce this item from \$495,000 to \$489,000

This reduction includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$5,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6100-006-001—For support of the Department of Education, State Special Schools. I reduce this item from \$30,554,000 to \$30,095,000 by reducing:

(a) Instruction from \$35,455,000 to \$34,996,000

This reduction includes \$231,000 for merit salary adjustments that can be funded through existing resources, and \$228,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6100-011-001—For support of the Department of Education, California State Library I reduce this item from \$7,846,850 to \$7,220,000 by reducing:

(a) 50-Library Services from \$7,859,850 to \$7,233,000

This reduction includes \$45,000 for merit salary adjustments that can be funded through existing resources, and \$230,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. In addition, I have eliminated \$351,850 and 3 positions which the Legislature added to initiate a 5 year microfilming project. Although this project has worthwhile potential, the State Library indicates that these materials are not in immediate jeopardy. Therefore, I believe that this project can be deferred to allow these funds to be used for higher priority education programs

Item 6100-101-001—For local assistance, Department of Education. I reduce this item from \$5,370,741,000 to \$5,338,094,000 by reducing:

2.e. Program 10-Instruction, for Regional Occupational Centers and Programs from \$165,668,000 to \$153,021,000 and by eliminating

2.d Program 10.10-for School Apportionments.

I am reducing this item by \$12,647,000 to eliminate funding for 9th and 10th grade Regional Occupational Centers and Program (ROC/P) students. The job-specific training provided by ROC/Ps is most beneficial to students in the 11th and 12th grade who are ready to enter the job market. I am eliminating funding for 9th and 10th grade students to ensure that General Fund dollars are spent in the most cost-effective manner.

I am also eliminating \$20,000,000 provided in this item for districts that would receive less revenue in the 1983-84 fiscal year compared to the 1982-83 fiscal year because Senate Bill 813 provides full funding to ensure that no district experiences a reduction in revenue in the 1983-84 fiscal year

Item 6100-114-001—For local assistance, Department of Education, Court Mandates. I reduce this item from \$168,811,000 to \$138,816,000 and delete all language in reference to Section 42248 of the Education Code and the following language:

4. Funds appropriated by this item are for the purpose of funding desegregation programs under the provisions of Sections 42243 6 and 42248 of the Education Code in Los Angeles Unified, San Diego Unified, San Bernardino Unified, Stockton Unified, and San Francisco Unified School Districts.

5. In the event funds in this item are reduced below the level approved by the Legislature, the Controller shall replace the funds from those funds, if any, in Item 6100-115-001, to the extent that funds are available in that item.

I am eliminating the \$7,950,000 augmentation for the new court-mandated San Francisco desegregation program and the \$20,407,000 legislative augmentation for a possible increase in 1983-84 claims. Claims for funding exceeding the amount provided in the Governor's Budget should follow the normal Board of Control process before additional funds are appropriated

I am also reducing this item by \$1,638,000 to conform to the provisions of the budget trailer bill (AB 223).

I delete all language in reference to Section 42248 of the Education Code and language in Provisions 4 and 5 because the appropriations associated with this

language have been eliminated.

Item 6100-115-001—For local assistance of the Department of Education, Voluntary Desegregation Claims I eliminate this item

Chapter 1619, Statutes of 1982 (SB 550) provides for voluntary desegregation claims to be submitted to the Board of Control for reimbursement and authorizes the Board to include approved claims in a subsequent claims bill. This process should be followed to ensure a thorough review of such claims by the Legislature and the Administration before funds are appropriated for this purpose.

Item 6100-156-001—For local assistance, Department of Education I reduce this item from \$152,918,000 to \$149,218,000 by reducing

(a) 10.50-Adult Education from \$153,005,000 to \$149,305,000.

I am reducing this item by \$3,700,000 to eliminate State adult education funding for home economics and health and safety courses because most courses in these areas are either recreational or can be taken elsewhere.

Item 6100-161-001—For local assistance, Department of Education, Special Education I reduce this item from \$755,980,000 to \$714,880,000. I delete the language in provisions 3, 10, and 11 and delete language in provision 6 as follows

~~6 Notwithstanding Provision 2 of Item 6100-161-001 of the Budget Act of 1982 as amended by Chapter 1201, Statutes of 1982~~, of the amount appropriated by this item, ~~\$58,000,000~~ \$23,500,000 shall be used to fund any deficiency in Item 6100-161-001 of the Budget Act of 1982.

I am eliminating the \$27,000,000 augmentation for the 1982-83 special transportation deficiency. This is consistent with the intent of Chapter 1201, Statutes of 1982 (SB 1345) to set a limit on funds for special transportation

I am reducing from \$31,000,000 to \$23,500,000 the augmentation for the 1982-83 special education program deficiency consistent with the Department of Education's estimate of the program deficiency at the end of the fiscal year.

I am eliminating the \$3,600,000 augmentation to replace State funds used to match PL 94-482 Vocational Education grants for handicapped students. Since the State match is for the purpose of education handicapped students, the services should be funded from district's base entitlements.

I am eliminating the \$3,000,000 augmentation for special education program growth. Special education program growth should not be authorized until cost standards and guidelines are developed and implemented to contain costs and until significant program changes are made to permit the program to be administered more efficiently.

I delete the language in provision 3, 10, and 11 and revise the language in Provision 6 which were added by the Legislature because the corresponding appropriation for this language has been reduced or eliminated

Item 6100-191-001—For local assistance, Department of Education I reduce this item from \$11,226,000 to \$7,858,000 by reducing.

(a) School Personnel Staff Development from \$3,354,000 to \$819,750, and by eliminating

(d) Exemplary programs (\$833,750)

Included in this reduction is the elimination of \$833,750 for Exemplary Programs and \$2,534,000 for School Personnel Staff Development

In order to increase resources for educational reform I am reducing funding for certain non-classroom activities. I will restore funds to improve the classroom situation as part of comprehensive education reform legislation.

Item 6100-196-001—For local assistance, Department of Education. I am eliminating the following language from Item 6100-196-001 which authorizes the carry-over of unexpended Child Care Program funds into fiscal year 1983-84.

"13 (a) Notwithstanding Section 13340 of the Government Code, or any other provision of law to the contrary, any child development funds allocated to provider agencies but unearned by those agencies at the end of the 1982-83 fiscal year shall be reappropriated for expenditure by June 30, 1984, for purposes of subdivisions (b) and (c) of Section 8278 of the Education Code and transferred to a special account for child development carry-over funds to be established and maintained by the Department

of Education.

(b) The Superintendent of Public Instruction shall redistribute carry-over funds among ongoing provider agencies, for the Department's accounts payable, for the purchase of Department of Education approved materials, or for one-time only capital outlay pursuant to Section 8277.7 of the Education Code or for one-time only services, or for any combination of the above, that will directly benefit the children enrolled in the programs during subsequent fiscal years.

(c) First priority for the redistribution of carry-over funds shall be given to those agencies which are due past year's payments as determined from audits by the Department of Education.

(d) In order to maintain the viability of alternative payment programs and to maximize services provided by this program, the Department of Education shall establish and maintain a contingency fund for alternative payment programs. This fund shall be used to reimburse actual and allowable costs incurred for additional services. Applicants may apply for an amount not to exceed \$5,000 or 2 percent of the contract amount, whichever is greater. This fund shall be established from alternative payment program fund balances. Applicants receiving funds for two consecutive years under this section may not apply the following year.

Notwithstanding Section 1340 of the Government Code, or any other provision of law to the contrary, money for this fund shall be provided by reappropriating the unencumbered balances of the budget act appropriation for the alternative payment program for expenditure by June 30, 1984.

(e) The Superintendent of Public Instruction in cooperation with the Department of Finance and the Auditor General, shall, on or before July 1, 1983, provide for a plan for independent audit of state and federal funds allocated to private agencies which are under contract with the Department of Education for the provision of educational services.

For the purpose of this provision, "educational services" includes, but is not limited to, child nutrition and child development services.

To the maximum extent possible, the plan shall conform to audit procedures established pursuant to Section 41020.5 of the Education Code.

(f) Effective July 1, 1983, the Department of Education, as a condition to any contract with a private agency for the provisions of educational services, shall require a periodic audit of state and federal funds to be conducted by departmental staff auditors or a certified public accountant or public accountant who is licensed by the California State Board of Accountancy. The audit shall be limited to those state and federal funds accruing to the private agency as a result of its contract with the Department of Education.

(g) If in the course of audits of a private agency, an audit exception is reported by the certified public accounting firm in excess of material amount, as determined by the Superintendent of Public Instruction, the Superintendent of Public Instruction shall, upon final determination by the Superintendent of the amount of the audit exception, collect the audit exception and redistribute the amount collected to the same class of program, or withhold the amount of the audit exception from the next payment to the agency in which the audit exception was discovered. Notwithstanding Section 13340 of the Government Code, or any other provision of law to the contrary, the funds collected or withheld shall be reappropriated for expenditure on or before June 30, 1984, and transferred to a special account for child development audit recovery funds to be established and maintained by the Department of Education.

(h) The Department of Education shall establish a schedule for audits which meets federal regulations and which covers all contract periods from the last previous audit.

(i) The Department of Education may exempt from the provisions of this section those agencies for which, in the department's estimation, the cost of an audit would be inordinate in relation to the level of funding received by the private agency for the educational services provided.

Consistent with most other programs, the Child Care Program should be reviewed and budgeted for on an annual basis. I have provided \$248,546,000 for program expenditures during 1983-84, and I do not find any basis for the carry-over authority as proposed.

Item 6100-198-036—For local assistance, Department of Education I am eliminating this item of \$1,100,000 for construction of additional child care relocatable facilities

The budget still provides \$1,040,000 for relocatables and I believe that amount will meet the immediate needs of this program.

Item 6100-221-001—For local assistance, Department of Education, California State Library I reduce this item from \$12,500,000 to \$6,000,000.

This item provides initial funding for a new Public Library Foundation Program Although I am sympathetic to the needs of public libraries, I believe that part of the program must be deferred until sufficient funds are available for current programs

Item 6100-226-001—For cost-of-living increases, Department of Education I reduce this item from \$544,157,275 to \$524,730,275 by reducing:

- (a) 1 K-12 school districts from \$447,014,000 to \$430,014,000,
- (a) 5 Regional Occupational Centers and Programs from \$5,024,000 to \$4,645,000,
- (c) 1 Adult Education from \$1,392,000 to \$1,357,000,
- (h) Urban Impact Aid (\$2,013,000)

I am reducing this item because the appropriation provided by this item, in conjunction with the appropriation provided in Senate Bill 813, exceeds the amount required to fully fund the cost-of-living adjustment for K-12 school districts. The balance of the funds provided by this Act and by Senate Bill 813 will assure an additional \$800 million for K-12 education programs in 1983-84. In addition, I am reducing the cost-of-living adjustments for Regional Occupational Centers and Programs to reflect elimination of funding for 9th and 10th grade students and for Adult Education to reflect elimination of home economics and health and safety courses I am also eliminating the cost-of-living adjustments for Urban Impact Aid as these funds are used to supplement school districts' regular programs, which will receive a 6 percent cost-of-living adjustment

Item 6300-101-001—For transfer to the State Teachers' Retirement Fund I reduce this item from \$211,313,000 to \$1

This appropriation is an annual General Fund subsidy towards the unfunded actuarial liability of the Teachers' Retirement System. Withholding this subsidy for one year will have no effect on retirement allowance payments to retirees However, this amount can have an immediate and significant impact in other areas of education It is because of those more pressing needs that I propose to temporarily suspend this transfer I encourage the Legislature to act to repay this transfer in the future, or to enact legislation increasing the income producing potential of the Teachers' Retirement System such as through the sale or use of surplus school lands

Item 6320-001-001—For support of the California Advisory Council on Vocational Education and Technical Training. I reduce this item from \$25,000 to \$24,000 by reducing

- (b) Operating Expenses from \$89,000 to \$88,000

This reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 6360-001-407—For support of the Commission on Teacher Credentialing I reduce this item from \$5,600,000 to \$5,431,000 by reducing

- (a) Personal Services from \$2,866,000 to \$2,822,000,
- (b) Operating Expenses and Equipment from \$2,734,000 to \$2,609,000

I am reducing this item from \$5,600,000 to \$5,431,000 by reducing paragraph (a) Personal Services from \$2,866,000 to \$2,822,000 and paragraph (b) Operating Expenses from \$2,734,000 to \$2,609,000 These reductions are for merit salary adjustments that can be funded through existing resources and operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6420-001-001—For support of the California Postsecondary Education Commission I reduce this item from \$2,550,000 to \$2,402,000 by reducing:

- (a) 100000-Personal Services from \$1,986,000 to \$1,883,000,
- (b) 300000-Operating Expenses and Equipment from \$592,000 to \$547,000

Included in these reductions are \$30,000 for merit salary adjustments that can be funded through existing resources, and \$23,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. I am also reducing

this item by \$95,000 for administrative efficiencies.

Item 6440-001-001—For support of the University of California. I reduce this item from \$1,123,323,000 to \$1,056,639,000 by reducing:

(a) Support from \$1,113,253,000 to \$1,046,934,000, and

(f) Charles Drew Medical Program from \$5,205,000 to \$4,840,000

I am reducing this item by \$66,684,000

Included in these reductions are \$5,116,000 for merit salary adjustments that can be funded through existing resources, and \$20,721,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. The budget retains the merit salary adjustment fund for academic staff.

Included also in these reductions is \$22,400,000 which would have been transferred to the University of California Retirement System

Also included in these reductions is \$14,652,000 in anticipation that the University of California Regents will not rescind the \$150 year increase previously approved.

I am eliminating the following fee-related language which conflicts with the constitutional authority of the Regents:

"The Regents of the University of California shall not increase student fees for the 1983-84 academic year above the level approved by the Legislature in enacting the Budget Act of 1983."

In addition, I am reducing State funding of student services by an additional \$630,000. It is suggested that the Regents of the University of California consider adopting a five percent graduate student fee differential to replace these funds.

Also included in these reductions is \$1,000,000 in overall support for the University. In vetoing this amount, it is my suggestion that the Regents consider increasing the current application fees from \$30 to \$35, to cover the cost of the application process.

Also included in these reductions is \$1,800,000 which otherwise would have been applied towards the costs of faculty promotions and related benefit costs. I have eliminated this funding because funds for academic merit salary adjustments are retained in the budget.

In addition, I am eliminating \$365,000 for the establishment of the Charles R. Drew Institute for the Study and Formulation of Social Policy. I have eliminated this funding because sufficient funds for organized research activities are already contained in the base budget for the University.

I am also eliminating the following related language.

"From the amount in category (f) \$365,000 shall be used to establish an institute for the study and formulation of social policy at Charles R. Drew Postgraduate Medical School.

The institute shall be assisted by a 15-member Community Advisory Board in developing policy. The members of the board shall consist of the following:

Four representatives from the following civil rights organizations. the President of the Los Angeles Chapter of the NAACP, the Executive Director of the Southern Christian Leadership Conference, the Executive Director of the Urban League; and one representative from a community service organization in the immediate area.

The Executive Director of the Black Women's Forum

The President of the Council of Black Administrators.

The President of the Black Agenda.

The Assemblymember representing the district.

The Senator representing the district.

The President of the Black Social Workers.

The Speaker of the Assembly or his representative.

The President pro Tempore of the Senate or his representative. Three appointments by the Dean of Charles R. Drew Medical School of persons having backgrounds in the following areas: Ph D. in Anthropology; Ph D. in Black Studies; and expert researcher in ethnic affairs

The board shall adopt bylaws and rules to establish policy for the institute, including, but not limited to, the hiring of a director development of the research program, accounting procedures, admissions, acceptance policy for interns, scholars and scholarships and fellowships

The institute shall submit to the Legislature, by March 31, 1984, a report, which

shall include, but need not be limited to, information on all research studies and projects."

Item 6440-001-046—For support of the University of California I reduce this item from \$903,000 to \$879,000.

This reduction of \$24,000 includes \$13,000 for merit salary adjustments that can be funded through existing resources, and \$11,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6440-001-140—For support of the University of California. I reduce this item from \$222,000 to \$211,000

This \$11,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 6440-001-146—For support of the University of California. I reduce this item from \$18,983,000 to \$12,729,000 by reducing

(a) Replacement of Instruction Equipment from \$13,649,000 to \$9,145,000, and

(b) Deferred maintenance and Special Repair Projects from \$5,334,000 to \$3,584,000.

I am reducing this item by \$6,254,000. Included in these reductions are \$254,000 for operating cost increases no longer anticipated because of a significant reduction in the inflation rate and \$6,000,000 to better align expenditures with available resources in the Capital Outlay Fund for Public Higher Education. The remaining \$12,729,000 will allow progress on the University's highest priority needs

Item 6440-001-189—For support of the University of California. I reduce this item from \$659,000 to \$630,000 by reducing.

(a) Energy Institute from \$147,000 to \$138,000,

(b) Utilities Conservation from \$254,000 to \$244,000, and

(c) Institute of Appropriate Technology from \$258,000 to \$248,000

This \$29,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6440-301-146—For capital outlay, University of California I reduce this item from \$8,149,000 to \$7,147,000 by reducing:

(9) Berkeley-Life Science Building addition from \$893,000 to \$200,000, and

(10) Santa Barbara-Engineering Unit 2 from \$559,000 to \$250,000.

I am reducing this item by \$1,002,000. The remaining funds will be sufficient to allow funding of budget schematics for these two projects

Item 6440-301-189—For capital outlay, University of California I eliminate this item

I am eliminating this item for a savings of \$660,000. Deferral of this capital outlay project for the 1983-84 fiscal year will not have a detrimental effect on ongoing or future state educational programs nor will it result in a compromise of public safety, or the loss or deterioration of the State's investment.

Item 6600-001-001—For support of the Hastings College of the Law. I reduce this item from \$7,517,000 to \$6,484,000 by reducing:

(a) 100000—Personal Services from \$7,245,000 to \$6,400,000,

(b) 300000—Operating Expenses and Equipment from \$3,716,000 to \$3,528,000

I am reducing this item for a savings of \$1,033,000

Included in these reductions are \$103,000 for merit salary adjustments that can be funded through existing resources, and \$152,000 for price increases for operating expenses and a \$100,000 unallocated reduction. I believe the Hastings' Administration is in the best position to determine where specific non-instruction related reductions should be made.

Also included in these reductions is a deferral for the 1983-84 fiscal year of \$678,000 which would have been transferred to the University of California Retirement System

Item 6610-001-001—For support of the California State University. I reduce this item from \$988,318,713 to \$906,056,300 by reducing:

(a) 01-Instruction from \$667,202,000 to \$664,446,411,

(c) 04-Academic Support from \$126,118,129 to \$121,453,929,

(e) 06-Institutional Support from \$274,037,700 to \$263,947,440;

by changing

(d) 05-Student Services from \$86,696,000 to \$96,708,220, and

(h) Reimbursements from —\$215,631,116 to —\$290,197,700, and by eliminating

(i) Special Adjustment—Cost of Living (\$198,000)

This reduction includes \$3,145,000 for merit salary adjustments that can be funded through existing resources, and \$12,678,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate and \$198,000 for cost-of-living increases for the Educational Opportunity program. Faculty merit salary adjustment remain in the budget.

I am also reducing this item by increasing reimbursements \$69,955,700 which is the amount that can be raised by a \$230 student fee increase. I am asking the Board of Trustees of the California State University to increase student fees accordingly so that there will be no reduction in quality of programs or access to the University. While CSU students will incur a higher State University fee, their fees will still only be about half of comparable institutions and the University of California. This level of fee could generate sufficient revenue to leave \$11,585,000 in this item for financial aid related to the \$230 fee increase. These funds will ensure continued access for those students who cannot afford the increase in fees.

I am eliminating the following fee related language which is contrary to statutory law.

“Notwithstanding any other provisions of law, the Trustees of the California State University are prohibited from increasing student fees for the 1983–84 academic year above the level approved by the Legislature in this act.”

I am also eliminating: (1) two legal services positions which are in excess of the justified service level, (2) \$304,829 and six positions for a computer graphics lab at San Luis Obispo; funds can be redirected for the program; and (3) \$1,642,000 and 52.9 positions which are not needed due to staffing efficiencies achieved as a result of recent automation efforts of various library activities.

I am also increasing reimbursements so that the General Fund will continue to recover rents for five State-owned residences occupied by the Chancellor and four campus presidents. The \$10,884 in current rental reimbursements represents only nominal rents for these residences.

In addition, I am making the following reductions: (1) The elimination of \$1,076,000 originally included in Governor's Budget for the funding of faculty promotions. Faculty merit salary adjustment monies may be used for this purpose. (2) \$1,000,000 to reflect a more reasonable assessment of indirect costs incurred by special funded operations and other non-state supported activities and to recover a higher portion of the costs for the use of CSU facilities by the public. (3) A \$1,400,000 increase in reimbursements for a \$5.00 increase in the application fee. With this increase, 1983–84 application fees will be \$35 and will approximate the cost of processing applications. (4) \$237,000 and 25 positions to reflect an approximate 25 percent General Fund staffing reduction to the CSU public affairs program primarily responsible for community relations activities. The CSU Foundations, which perform functions that contribute to the educational mission of the CSU and are nonprofit self-supporting organizations, may wish to continue these services. (5) A \$2,200,000 increase in reimbursements for the amount that can be raised by the CSU Trustees creating a 5 percent fee differential between graduate and undergraduate students. An increase in charges to CSU graduate students would reflect the higher cost per student of graduate programs.

Item 6610-001-146—For support of the California State University. I reduce this item from \$10,093,000 to \$6,820,000 by reducing:

(a) Instruction from \$4,368,000 to \$2,868,000, and

(b) Institutional Support from \$5,725,000 to \$3,952,000.

This \$273,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate and further reducing \$1,500,000 from instructional equipment and \$1,500,000 deferred maintenance/special repair projects. Given the limited amount of capital outlay funds which are available, I am deferring these projects for one year. This deferral will not have a detrimental effect on ongoing or future State educational programs, nor will it result in a compromise of public safety.

Item 6610-301-146—For capital outlay, Board of Trustees of the California State University I reduce this item from \$15,585,000 to \$11,274,000 by eliminating:

- (2.1) Moss Landing-Soil erosion, restoration and landscaping (\$100,000),
- (2.2) Moss Landing-Equipment Marine Laboratories (\$164,000),
- (3.2) San Francisco-Science Building Conversion (\$1,230,000),
- (4) Hayward-Modifications to Ventilation System (\$250,000), and
- (7) San Diego-Old Library Rehabilitation (\$2,567,000)

I am reducing this item by \$4,311,000. Given the limited amount of capital outlay funds which are available, I am deferring these projects for one year. This deferral will not have a detrimental effect on ongoing or future state educational programs nor will it result in a compromise of public safety, or the loss or deterioration of the State's investment.

Item 6610-301-189—For capital outlay, Board of Trustees of the California State University I eliminate this item.

The highest priority projects proposed in this item are already funded from Petroleum Violation Escrow Account Funds elsewhere in this budget. Given the limited amount of capital outlay funds which are available, I am deferring lower priority projects. This deferral will not have a detrimental effect on ongoing or future state education programs.

Item 6860-001-001—For support of the California Maritime Academy I reduce this item from \$3,906,000 to \$3,677,000 by reducing:

- (a) Instruction from \$1,914,000 to \$1,765,000, and
- (b) Academic Support from \$1,750,000 to \$1,670,000.

This reduction includes \$55,000 for merit salary adjustments that can be funded through existing resources, and \$174,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6860-001-146—For support of the California Maritime Academy I reduce this item from \$182,000 to \$177,000.

This \$5,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6860-301-146—For capital outlay, California Maritime Academy I reduce this item from \$197,000 to \$27,000 by eliminating:

- (1) Preliminary plans, working drawings, construction and equipment of faculty office addition (\$170,000).

I am reducing this item by \$170,000. Given the limited amount of capital outlay funds which are available, I am deferring this project for one year. This deferral will not have a detrimental effect on ongoing or future state educational programs nor will it result in a compromise of public safety or the loss or deterioration of the State's investment.

Item 6870-001-001—For support of Board of Governors of the California Community Colleges. I reduce this item from \$3,841,000 to \$3,572,000 by reducing:

- (a) 10- Apportionments from \$1,053,000 to \$1,050,000,
- (b) 10-Special Services and Operations from \$4,692,000 to \$4,426,000,
- (c) 30 01-Administration from \$2,581,000 to \$2,460,000, and
- (d) 30 02-Administration-Distributed from -\$2,581,000 to -\$2,460,000.

Included in these reductions are \$41,000 for merit salary adjustments that can be funded through existing resources, and \$23,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate and \$65,000 for attorney and clerical positions that are not workload justified. I am also reducing this item by \$140,000 for administrative efficiencies.

Item 6870-001-165—For support of the Board of Governors of the California Community Colleges I reduce this item from \$530,000 to \$516,000.

This \$14,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 6870-101-001—For local assistance, Board of Governors, California Community Colleges. I reduce this item from \$1,198,624,000 to \$966,925,000 by reducing:

- (a) 10-Apportionments from \$1,118,369,000 to \$887,963,000, and by eliminating
- (b) Special Adjustment—Cost-of-Living Increases \$1,293,000.

This reduction eliminates augmentations to the Governor's Budget for a six percent cost-of-living adjustment (\$86,700,000), growth in average daily attendance (\$27,250,000), and additional aid for equalization (\$10,690,000). Present statutes governing community college finance expire on June 30, 1983, and augmentations to the current level of funding should be addressed as part of the new legislation.

This reduction also eliminated an augmentation of \$105,766,000 representing the value of establishing a minimal fee in the community colleges. California is the only state which has not instituted a general mandatory fee at its community colleges. The \$50 per semester fee for students carrying six or more units (\$30 per semester for those who carry less than six units) proposed in the budget I submitted to the Legislature would be far below the average \$500 annual fee of other states.

I am recommending to the Legislature that a bill authorizing community colleges to charge fees be enacted. I also recognize the need to provide additional student aid for needy students which will result from instituting a fee at community colleges. Additional aid in conjunction with establishing general fees should be included in this legislation.

Additional reductions eliminate cost-of-living adjustments for Extended Opportunity Programs and Services (\$741,000) and Handicapped Student Services (\$552,000). Given the low rate of inflation I believe these programs can continue without a cost-of-living adjustment.

Item 6870-101-146—For local assistance, Board of Governors of the California Community Colleges. I reduce this item from \$6,000,000 to \$4,000,000.

This reduction is being made to better align expenditures with available resources in the Capital Outlay Fund for Public Higher Education. The remaining appropriation of \$4,000,000 will still enable the Chancellor to deal with immediate deferred maintenance problems.

Item 6870-301-146—For capital outlay, Board of Governors of the California Community Colleges. I reduce this item from \$10,446,000 to \$7,449,000 by reducing.

(13) Cerro Coso-Equipment Occupational Laboratory Building from \$367,000 to \$347,000, and by eliminating

(15) Mendocino-Library and Alternate Learning Center (\$2,741,000), and

(16) Mendocino-Initial Complement of Library Books (\$236,000).

I am reducing this item by \$2,997,000. Given the limited amount of capital outlay funds which are available, I am deferring these projects for one year. This deferral will not have a detrimental effect on ongoing or future state educational programs nor will it result in a compromise of public safety, or the loss or deterioration of the State's investment.

Item 7980-001-001—For support of the Student Aid Commission. I reduce this item from \$4,767,000 to \$4,449,000 by reducing.

(a) 100000-Personal Services from \$3,875,000 to \$3,726,000,

(b) 300000-Operating Expenses and Equipment from \$5,357,000 to \$5,143,000,

(c) Amount payable from the State Guaranteed Loan Reserve Fund (Item 7980-001-951) from -\$4,465,000 to -\$4,420,000.

This reduction includes \$37,000 for merit salary adjustments that can be funded through existing resources, and \$102,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate and \$179,000 for administrative efficiencies.

Item 7980-001-951—For support of the Student Aid Commission. I reduce this item from \$4,465,000 to \$4,420,000 by reducing:

(a) State Guaranteed Student Loan Program for purposes of Chapter 1201, Statutes of 1977 from \$4,401,000 to \$4,356,000.

This reduction includes \$12,000 for merit salary adjustments that can be funded through existing resources, and \$33,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 7980-101-001—For local Assistance, Student Aid Commission. I reduce this item from \$80,349,500 to \$76,420,000 by reducing

(a) Scholarships (Cal Grant(a)) from \$58,329,500 to \$55,480,000,

(b) College Opportunity Grants (Cal Grant(b)) from \$23,712,000 to \$22,752,000,

(c) Occupational Education and Training Grants (Cal Grant(c)) from \$2,655,000 to \$2,535,000.

and by eliminating Provision 6 of this item.

Included in these reductions are \$2,400,000 to replace a loss in federal funds and \$1,529,500 to provide 450 new Cal Grant A awards to students attending independent colleges.

It has been a well established long standing policy not to replace federal fund reductions with General Fund augmentations. The increase of \$2.4 million in this item violates that policy and is being eliminated. This reduction, if applied evenly to all Cal Grant recipients, would reduce the average grant per student by only \$40.00 per year.

The augmentation for new Cal Grant A awards is an inappropriate subject for the budget and should be considered as a separate bill in the Legislature.

Item 7980-111-001—For local assistance, Student Aid Commission, Cost-of-Living Increases. I eliminate this item.

Given the current low rate of inflation, I believe the basic programs can continue without this cost-of-living adjustment.

Item 8100-001-001—For support of the Office of Criminal Justice Planning. I reduce this item from \$2,383,250 to \$2,015,000 by reducing:

(a) Personal Services from \$1,907,000 to \$1,805,000,

(b) Operating Expenses from \$1,298,250 to \$1,032,000.

This \$69,250 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate. I am also reducing \$299,000 for administration support for the Career Criminal Prosecution, Career Criminal Apprehension, Crime Resistance Task Force and general administration.

This reduction will not affect the ability of local government to carry out the program.

Item 8100-001-214—For support of the Office of Criminal Justice Planning. I reduce this item from \$415,000 to \$406,000.

This reduction includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$8,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8100-101-178—For local assistance, Office of Criminal Justice Planning. I eliminate this item.

I am eliminating this item because the need for an augmentation for the Community Crime Resistance Program has not been adequately evaluated.

Item 8100-101-214—For support of the Office of Criminal Justice Planning. I am eliminating provision #4 in control language for this item.

I believe that it is inappropriate to earmark potential surplus funds for specific programs at this time.

Item 8120-001-268—For support of the Commission on Peace Officer Standards and Training. I reduce this item from \$4,002,000 to \$3,907,000 by reducing:

(a) Personal Services from \$2,939,000 to \$2,895,000, and

(b) Operating Expenses and Equipment from \$1,063,000 to \$1,012,000.

This reduction includes \$44,000 for merit salary adjustments that can be funded through existing resources, and \$51,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8140-001-001—For support of the Office of the State Public Defender. I reduce this item from \$7,842,000 to \$5,407,000.

This reduction includes \$51,000 for merit salary adjustments that can be funded through existing resources, and \$32,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. I am also reducing the office's staff by 50 percent to reflect my intent that the office handle only the most complex and sensitive cases. 1983-84 funding for the office has been reduced to a somewhat lesser degree (by \$2,352,000) to allow the State Public Defender to make an orderly transition to this reduced caseload. The remaining cases will be handled by court appointed counsel through the judiciary. Moreover, I have set aside up to \$1.5 million in recognition of potential increased costs to the judiciary and will seek special legislation to appropriate these funds if necessary.

Item 8160-101-001—For local assistance, Assistance to Counties for Defense of Indigents. I eliminate this item.

The amount of this appropriation represents less than one percent of the total amount expended by public defenders' offices in providing counsel for persons who are indigents. These funds have such an insignificant impact on the cost of defending indigents that they are better and more effectively used for other programs

Item 8160-111-001—For local assistance, Assistance to Counties for Defense of Indigents I reduce this item from \$3,000,000 to \$1,000,000.

The program currently provides for 100% state funding without any state input. I believe counties should have a modest participation to insure interest in maintaining some control of costs I will support Legislation which provides for 20% participation in these costs by counties

Item 8200-001-001—For support of the Commission on Economic Development I reduce this item from \$387,000 to \$381,000 by reducing

(b) Operating Expenses and Equipment from \$140,000 to \$134,000.

This \$6,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 8220-001-942—For support of the Motion Picture Council I reduce this item from \$192,000 to \$187,000 by reducing.

(a) Personal Services from \$100,000 to \$99,000, and

(b) Operating Expenses and Equipment from \$92,000 to \$88,000.

This reduction includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$4,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 8260-001-001—For support of the California Arts Council I reduce this item from \$3,143,000 to \$1,811,000 by reducing

(a) Personal Services from \$1,374,851 to \$1,353,851,

(b) Operating Expenses and Equipment from \$762,149 to \$457,149, and by eliminating

(c) Unallocated (\$1,006,000.)

I am reducing the budget of the California Arts Council to eliminate the unallocated augmentation of \$1,006,000. The need for these funds has not been demonstrated and their use has not been specified. In addition, I am reducing \$271,000 from the Operating Expenses and Equipment category. This will bring the support activities of the commission into line with the actual program provided. This reduction includes \$21,000 for merit salary adjustments that can be funded through existing resources, and \$34,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 8260-101-002—For local Assistance, the California Arts Council. I reduce this item from \$6,919,000 to \$5,840,000

I am reducing the local assistance budget of the California Arts Council by \$1,079,000 to give the Commission the opportunity to reestablish its base priorities.

Item 8280-001-001—For support of The Native American Heritage Commission. I reduce this item from \$199,000 to \$145,00 by reducing

(a) Personal Services from \$132,000 to \$81,000,

(b) Operating Expenses and Equipment from \$67,000 to \$64,000

This reduction includes \$51,000 for two professional positions. I have taken this action to comply with language added by the Legislature in the 1982 Budget Act which requires that the Commission be phased out by 1984-85. Also included is a \$3,000 reduction for operating cost increases no longer anticipated because of a significant reduction in the inflation rate

Item 8290-001-001—For support of the California Public Broadcasting Commission. I reduce this item from \$1,940,000 to \$217,000 by reducing:

(a) Personal Services from \$304,722 to \$158,500,

(b) Operating Expenses and Equipment from \$239,278 to \$58,500, and by eliminating

(c) Grants to Public Broadcasting Stations (\$1,696,000), and

(d) Amount payable from California Environmental License Plate Fund (Item

8290-001-140) (—\$350,000)

I am eliminating the California Public Broadcasting Commission. The \$217,000 remaining in this item is for transition expenses related to phasing out the Commission. This is an appropriate time for those stations receiving Commission support to more aggressively seek additional funding from their principal traditional supporters, including viewers, foundations and other private sources.

Item 8290-001-140—For support of the California Public Broadcasting Commission. I eliminate this item.

The availability of funds from the ELPF are limited and first priority has been given to proposals which have a direct impact on the environment. There are not sufficient funds available, at this time, to enhance programming.

This item is eliminated in conformance with my action on Item 8290-001-001.

Item 8300-001-001—For support of the Agricultural Labor Relations Board. I reduce this item from \$9,639,000 to \$7,055,000 by reducing:

- (a) 10-Board Administration from \$3,760,000 to \$2,809,000,
- (b) 20-General Counsel Administration from \$5,679,000 to \$4,246,000,
- (c) 30 01-Administrative Services from \$787,500 to \$738,500,
- (d) 30 02-Distributed Administrative Services from —\$787,500 to —\$738,500 and by eliminating

- (e) 97 20-Unallotted (\$200,000).

I am reducing \$2,584,000 and category (a) by 17.5 positions, category (b) by 31.1 positions and category (c) by 1.8 positions. The reduction will require the Board to modify policies and procedures and to develop new efficiencies. Included in these reductions are \$151,000 for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8320-001-001—For support of the Public Employment Relations Board. I reduce this item from \$4,747,000 to \$4,613,000 by reducing:

- (a) 100000-Personal Services from \$3,721,000 to \$3,640,000, and
- (b) 300000-Operating Expenses and Equipment from \$1,026,000 to \$973,000.

This reduction includes \$11,000 for merit salary adjustments that can be funded through existing resources, and \$44,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. I am also reducing \$79,000 and 4.5 positions for administrative efficiencies.

Item 8350-001-001—For support of the Department of Industrial Relations. I reduce this item from \$77,400,354 to \$68,882,048 by reducing:

- (a) 10-Regulation of Workers' Compensation Self-Insurance Plans from \$1,181,000 to \$1,178,936,
- (b) 20-Conciliation of Employer-Employee Disputes from \$1,443,000 to \$1,410,451,
- (c) 30-Administering Disputes Under Workers' Compensation Laws from \$36,451,634 to \$34,358,247,
- (d) 40-Prevention of Industrial Injuries and Deaths to California Workers from \$15,836,720 to \$12,949,526,
- (e) 50-Enforcement of Laws Relating to Wages, Hours, and Conditions of Employment from \$18,704,000 to \$15,997,869,
- (f) 60-Apprenticeship and other On-the-Job-Training from \$5,250,000 to \$4,488,564,
- (g) 70-Labor Force Research and Data Dissemination from \$1,674,000 to \$1,638,455,
- (h) 94.01-Administration from \$7,947,000 to \$7,890,172, and
- (i) 94 02-Distributed Administration from —\$7,927,000 to —\$7,870,172.

and by eliminating the following Provisions:

1. If the funds for the support of the Division of Labor Standards Enforcement are reduced, the division shall not reduce field enforcement activities in any greater proportion than the reduction in the balance of its activities.

2. Except as provided in Section 123.7 of the Labor Code, the Division of Industrial Accidents shall not assign any nonjudicial officer to perform any judicial functions, or to exercise any judicial powers now vested in the Worker Compensation Appeals Board, specifically, the Division of Industrial Accidents shall not use information and assistance officers to settle conference calendar workers compensation disputes. However, nothing herein shall limit the information and assistance officers from performing the duties required under Chapter 2.5 (commencing with Section 5450)

or Part 4 of Division of the Labor Code

I am reducing the Department of Industrial Relations budget by \$6,949,093 to eliminate augmentations made to the Governor's Budget as amended by Department of Finance Letter. This includes \$1,280,634 in the Division of Industrial Accidents, \$2,593,427 in the Division of Occupational Safety and Health, \$2,367,032 in the Division of Labor Standards Enforcement, and \$708,000 in the Division of Apprenticeship Standards. These reductions will not reduce field enforcement in the area of worker safety or the number of staff responding to worker complaints related to wages, hours, or working conditions. I have retained \$1,002,968 and 21.5 positions of the Legislative augmentation for the Concentrated Enforcement Program in order to provide a capability for continued surveillance of employment practices in special problem areas. I am also reducing \$860,192 for merit salary adjustments that can be funded through existing resources, and \$709,021 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

I am eliminating Provision No. 1, which does not define field enforcement activities, in order to make the above reductions in the Division of Labor Standards Enforcement without ambiguity. I am also eliminating Provision No. 2 so that the Division of Industrial Accidents may continue a potentially cost-effective pilot project in one field office involving the use of information and assistance officers to settle conference calendar workers' compensation cases.

Item 8350-001-216—For support of the Department of Industrial Relations. I reduce this item from \$512,000 to \$490,000.

This reduction includes \$37,000 for merit salary adjustments that can be funded through existing resources, and \$30,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

I am reducing this item to eliminate augmentations made to the Governor's Budget as amended by Department of Finance Letter including \$2,181,013 in the Division of Occupational Safety and Health and \$20,000 in the Division of Labor Standards Enforcement. This action follows reductions made in General Fund Item 8350-001-001.

I am eliminating \$113,000 from the Department of Food and Agriculture, payable from the California Environmental License Plate Fund, to support a study on the conversion of farmlands. This is a local government concern and should be funded, if desired, at the local government level.

Item 8570-101-191—For local assistance, Department of Food and Agriculture. I reduce this item from \$775,000 to \$625,000 by reducing:

(a) 60.20 001-Unemployment Insurance and benefits for local fairs from \$550,000 to \$400,000.

I am reducing the \$150,000 augmentation for unemployment insurance to reflect savings the Department can realize by electing to redirect discretionary Fairs and Exposition funds to support any increased unemployment costs.

Item 8570-301-190—For capital outlay, Department of Food and Agriculture. I reduce this item from \$250,000 to \$75,000 by reducing:

(a) Davis Vet Diagnostic Lab—preliminary plans from \$250,000 to \$75,000.

I am reducing this appropriation by \$175,000. The remaining \$75,000 will be sufficient to provide partial preliminary plans for this project.

Item 8640-001-001—For support of the Political Reform Act of 1974. I reduce this item from \$1,689,000 to \$1,655,000 by reducing:

(a) 10-Secretary of State from \$569,000 to \$563,000,

Item 8660-001-042—For support of the Public Utilities Commission. I reduce this item from \$937,000 to \$922,000.

This reduction of \$15,000 includes \$9,000 for merit salary adjustments that can be funded through existing resources, and \$6,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8660-001-046—For support of the Public Utilities Commission. I reduce this item from \$1,228,000 to \$1,208,000.

This reduction of \$20,000 includes \$12,000 for merit salary adjustments that can be funded through existing resources, and \$8,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

(i) Amount payable from the Public Utilities Commission Utilities Reimbursement Account (Item 8660-001-462) from -\$20,796,000 to -\$20,457,000.

I am reducing this item by \$296,000 and the scheduled expenditures that flow through this item by \$429,000 for a total reduction of \$725,000. This reduction includes \$394,000 for merit salary adjustments that can be funded through existing resources, a reduction of \$256,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate and a reduction of \$75,000 added by the Legislature in anticipation of legislation (AB 765) to require worker's compensation coverage for certain truckers not currently covered by workers' compensation. If additional resources are needed to implement pending legislation, then an appropriation should be included in the legislation rather than the budget. Consistent with this reduction, I am also eliminating provision 1 of the control language which specifies that \$75,000 of the amount appropriated in this item may be spent only if AB 765 is enacted.

Item 8660-001-461—For support of the Public Utilities Commission I reduce this item from \$3,346,000 to \$3,291,000.

This reduction of \$55,000 includes \$33,000 for merit salary adjustments that can be funded through existing resources, and \$22,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8660-001-462—For support of the Public Utilities Commission. I reduce this item from \$20,796,000 to \$20,457,000.

This reduction of \$339,000 includes \$206,000 for merit salary adjustments that can be funded through existing resources, and \$133,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

- (c) 40-Government claims from \$480,000 to \$448,000, and
- (d) 50-Local mandated costs from \$218,000 to \$203,000.

I am reducing this item by \$30,000 to reflect anticipated savings which the Board will realize as a result of increased efficiencies. I am also reducing \$9,000 for merit salary adjustments that can be funded through existing resources, and \$8,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8700-001-214—For support of the Board of Control I reduce this item from \$16,585,000 to \$16,564,000 by reducing:

- (a) 30 Victims of Crimes from \$16,585,000 to \$16,564,000.

This \$21,000 reduction is for operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8730-001-001—For support of the Commission on State Finance I reduce this item from \$523,000 to \$508,000.

This reduction includes \$5,000 for merit salary adjustments that can be funded through existing resources, and \$10,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8780-001-001—For support of the Commission of California State Government and Economy I reduce this item from \$338,160, to \$330,160.

This reduction includes \$1,000 for merit salary adjustments that can be funded through existing resources, and \$7,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8820-001-001—For support of the Commission on the Status of Women I reduce this item from \$437,000 to \$428,000 by reducing:

- (a) Personal Services from \$309,000 to \$305,000,
- (b) Operating Expenses and Equipment from \$128,000 to \$123,000.

This reduction includes \$4,000 for merit salary adjustments that can be funded through existing resources, and \$5,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate.

Item 8860-001-001—For support of the Department of Finance I reduce this item from \$20,711,000 to \$20,360,000 by reducing:

- (a) 10-Annual Financial Plan from \$6,494,000 to \$6,417,000,
- (b) 20-Prog. and Inform. Sys. Assess from \$4,299,000 to \$4,246,000,
- (c) 30 10 001-CFIS Date Base from \$1,237,000 to \$1,195,000,

- (d) 30.10.002-CALSTARS from \$5,718,000 to \$5,596,000
- (e) 30.10.003-Perform. Measures from \$450,000 to \$441,000,
- (f) 30.10.004-Budget systems from \$309,000 to \$300,000,
- (g) 30.20 through 30.50-Other Supportive Data from \$2,478,000 to \$2,439,000,
- (h) 40.01-Administration from \$2,797,000 to \$2,770,000, and
- (i) 40.02-Distributed Administration from —\$2,797,000 to —\$2,770,000

This reduction includes \$95,000 for merit salary adjustments that can be funded through existing resources, and \$256,000 for price increases for operating expenses.

Item 8910-001-001—For support of the Office of Administrative Law I reduce this item from \$1,888,000 to \$1,721,000 by reducing:

- (a) Personal Services from \$1,624,000 to \$1,474,000,
- (b) Operating Expenses and Equipment from \$264,000 to \$247,000.

This reduction includes \$25,000 for merit salary adjustments that can be funded through existing resources, and \$17,000 in operating cost increases no longer anticipated because of a significant reduction in the inflation rate. I am also reducing the Office's programs for review of existing regulations, requests for determining what constitutes a regulation, and for public information by \$125,000. I believe that this reduction will have a minor impact on the Office's services as the basic review process is nearing completion.

Item 8940-001-001—For support of the Military Department. I reduce this item from \$16,471,300 to \$15,291,800 by reducing.

- (a) Army National Guard from \$11,505,000 to \$10,889,000,
  - (b) Air National Guard from \$2,107,000 to \$2,010,000,
  - (c) Office of Commanding Guard from \$3,502,000 to \$3,334,000,
  - (d) Distributed Administration from —\$3,502,000 to —\$3,334,000,
  - (e) Military Support to Civil Authority from \$1,574,000 to \$1,510,000,
  - (f) Military Retirement from \$1,697,000 to \$1,631,000,
  - (h) California Innovative Military Projects and Career Training from \$683,000 to \$608,000, and
  - (i) Reimbursements from —\$1,373,200 to —\$1,356,200.
- and by eliminating

- (g) California Cadet Corps (\$278,500).

I am reducing \$410,000 for price increases for operating expenses and \$111,000 for merit salary adjustments. I am eliminating support for the California Cadet Corps for a savings of \$261,500 from the General Fund and \$17,000 in reimbursements because this program can be administered locally. I am further reducing support for the office's base programs by \$322,000 and the IMPACT program by \$75,000.

Item 9100-101-064—I reduce this item from \$927,170,000 to 514,170,000 by eliminating.

- (d) 40-Personal Property Tax Relief \$77,000,000
- (e) 50-Homeowners Property Tax Relief \$336,000,000

I am reducing this item by \$413,000,000. I disagree with the transferring of historic General Fund expenditures to Special Fund expenditures. This is a blatant attempt to artificially reduce General Fund Budget totals without making the hard choices required to bring the Budget in line with existing revenues. The items I eliminated will be General Fund expenditures because they have underlying continuous appropriations. The remaining funds are required to ensure that the programs will continue during the current year. I will ask the Legislature to transfer this appropriation back to the General Fund when they return in August.

In addition I am eliminating the following language

Of the funds appropriated in Schedule (c) for local assistance to the County of Los Angeles, \$100,000 shall be used by the County of Los Angeles for the restoration of the Ralph C. Dills Lake.

This language would unduly restrict the authority of local governments to spend general purpose revenues

Item 9680-101-001—For local assistance State Mandated Local Programs. I reduce this item from \$74,556,000 to \$73,306,000 by reducing:

- (d) Judicial Arbitration from \$2,500,000 to \$1,250,000

I am reducing the appropriation for this program by fifty percent because I believe

that at least one half of the costs of judicial arbitration should be financed by the resulting savings in court procedures. I will support legislation to effect this change.

Item 9800-001-001—For augmentation of Employee Compensation I reduce this item from \$274,499,000 to \$212,059,000.

I am eliminating this legislative augmentation of \$64,440,000. The remaining amount is the total available to complete the collective bargaining process. In addition \$1,500,000 is included which reflects a transfer from the Department of Mental Health and the Department of Developmental Services for overtime and shift differential, originally included in the 1983-84 budget for those departments.

I am eliminating Section 5 of this item since I believe this allocation is a matter to be decided in the collective bargaining process.

The amount remaining in this item is the second highest cost-of-living adjustment (after K-12) I have provided.

Item 9800-001-494—For augmentation for Employee Compensation. I reduce this item from \$83,949,000 to \$66,194,000.

I am eliminating this legislative augmentation of \$17,755,000. This conforms to the action taken in Item 9800-001-001.

Item 9800-001-988—For augmentation for Employee Compensation I reduce this item from \$78,480,000 to \$60,530,000.

I am eliminating this Legislative Augmentation of \$17,950,000. This conforms to the action taken in Item 9800-001-001.

Section 32.50—For support of the Agricultural Labor Relations Board. I eliminate this section.

Section 32.50 violates the separation of powers provisions of Article III, Section 3 of the California Constitution and impermissibly restricts the authority of the Governor to reduce or eliminate items of appropriation conferred by Article IV, Section 10(b).

Section 34.50—I eliminate this section.

The language of this section unconstitutionally intrudes on the powers of the executive branch in violation of Article III, Section 3 of the State Constitution and by linking the Budget Act with substantive legal provisions violates Article IV, Section 9 of the Constitution.

With the above deletions and reductions, I hereby approve Senate Bill No. 123.

GEORGE DEUKMEJIAN, Governor

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 1983."

SEC. 1.30. Section 13322 of the Government Code is amended to read:

13322. Until enactment of the budget act containing the appropriations funding the fiscal year budget, the department may revise, alter, or amend any fiscal year budget, if, in its opinion, revision, alteration or amendment is required in the interest of the State. The department shall notify the head of the State agency or court of any revision, alteration, or amendment of its fiscal year budget.

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), it is the intent of the Legislature that this act reflect, and follow as closely as possible, the Governor's Budget including programs itemized therein. It is also the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of Federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the State's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for Support of each department)

044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items and reversion items, if any, for each department or entity have been brought together and are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

SEC. 2.00. The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1983-84 fiscal year beginning July 1, 1983, and ending June 30, 1984. Appropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 1983-84, 1984-85 and 1985-86 fiscal years, except that appropriations for studies, planning, and working drawings, and minor capital outlay shall, except as provided herein, be available for expenditure only during the 1983-84 fiscal year. In addition, every appropriation made in this Act for construction, or working drawings and construction, that has not been allocated or transferred by the Director of Finance on or before June 30, 1984, shall, except as provided herein, revert as of that date to the fund from which the appropriation was made. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury.

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

11. Pursuant to Section 14154 of the Welfare and Institutions Code, the Department of Health Services shall continue the implementation of the County Administration Cost Control Plan and expand the provisions of the plan to control eligibility determination costs at county hospitals and all costs for other outstationed eligibility functions. Reimbursement to a county for outstationed eligibility functions shall be based solely on productivity standards applied to that county's welfare office.
12. Notwithstanding any other provision of law, the funds appropriated by this item shall be used to provide cost-of-living adjustments to county welfare departments for personal, and nonpersonal services, or to fund the amount of cost-of-living increases granted by counties which exceeded the levels specified in the State Budget Acts for the 1981-82 and 1982-83 fiscal years, not to exceed the percentage increase authorized by the Legislature for all counties in this item for the 1983-84 fiscal year.

The 1983-84 county administration cost control plan shall contain a provision which specifies that any county cost-of-living increase for personal and nonpersonal services which exceeds the percentage increase authorized by the Legislature shall be the sole fiscal responsibility of the county unless the excess costs are funded by permanent productivity increases, or in subsequent years the cost-of-living adjustments granted by counties are less than the percentage increase authorized by the Legislature.

The department shall not allocate, reallocate, or transfer unused portions of county cost-of-living funds between counties nor shall the

Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund.
  14. The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.
  15. The department shall not reimburse Los Angeles County Hospitals more than \$82 per application nor more than the total appropriated in this item for Los Angeles County Hospitals.
  16. The department shall develop and implement an amendment to the county administration cost control plan which would permanently reduce county administration allocations to reflect the savings that will result from MEDS implementation.
  17. The augmentation of amounts available for expenditure for any category shall not exceed 3 percent of the amount scheduled for that category, and any augmentation of amounts available for expenditure in any category shall be subject to Section 28.00 notification requirements.
  18. None of the funds appropriated by this item shall be used to pay for abortions. The exclusive means for paying for abortions shall be through the appropriations made in Items 4260-105-001 and 4260-105-890.
  19. The State Department of Health Services shall prepare and submit Medi-Cal program assumptions and estimates to the Department of Finance. The purpose of the assumptions and estimates shall be to clearly identify changes

within the Medi-Cal program which have policy and/or fiscal implications, and to produce reliable forecasts of Medi-Cal expenditures.

Medi-Cal program assumptions and estimates shall be organized by and correspond to Budget Act and/or Budget Bill item numbers, separately identifying expenditures for (a) purchase of medical care and services, (b) rate increases; (c) county administration and (d) fiscal intermediary services. Such estimates and assumptions shall indicate state and federal as well as total funds expended.

The State Department of Health Services shall submit, by September 10 and March 1, to the Department of Finance for its approval, all assumptions underlying all Medi-Cal program estimates. The Department of Finance shall approve or modify, in writing, the assumptions underlying all estimates within 15 working days of their receipt. If the Department of Finance does not so approve or modify the assumptions by such date, the assumptions, as presented by the department, shall be deemed to be approved by the Department of Finance as of that date.

The Department of Health Services shall submit an estimate of Medi-Cal program expenditures to the Department of Finance by November 1, 1983 and April 20, 1984. All approved estimates and supporting data provided by the Department of Health Services or developed independently by the Department of Finance, shall be made available to the legislative fiscal committees following approval by the Department of Finance. However, such departmental estimates with supporting data shall be forwarded to the legislative fiscal committees not later than January 10 and May 15 in the event this information has not been released earlier.

Each Medi-Cal assumption shall contain a clear narrative description of the statutory, regulatory, or policy change or other change that has occurred or will occur which effects Medi-Cal program expenditures or which is of policy importance. Each assumption shall include a cost estimate which contains relevant workload, caseload, unit cost and other data or

information needed to support the estimate.

The assumptions related to purchase of medical care and services shall include a section with a nontechnical description of the major variables used to produce a base projection. This section shall further contain an estimate of the fiscal impact of the use of such variables. The estimates related to purchase of medical care and services shall include current and budget year base projections of eligibles, users, expenditures and cost per user by quarter with sufficient past actual data to permit evaluation of such projections. Such projections shall be prepared by service category and aid category. The Department of Finance shall identify a high, mid, and low range of Medi-Cal service expenditures, which shall be accompanied by assumptions, when the estimates are released to the Legislature.

The assumptions and/or estimates related to fiscal intermediary services shall contain a narrative description of how such forecasts are prepared. Sufficient historical workload by claim type and expenditure data shall accompany the forecasts to permit evaluation. Change orders to the fiscal intermediary contract shall be fully described and costs estimated. In addition, important modifications to the Medi-Cal claims processing system not associated with change orders shall be described and, if appropriate, costs and/or savings estimated.

Assumptions and/or estimates related to Medi-Cal county administration costs shall contain a narrative description of how the forecast was prepared. Current and budget year estimates by county shall be prepared. Such estimates shall compare past actual and projected workload and expenditures in a format which will permit evaluation of forecasts. Expenditures for Los Angeles County hospital eligibility work shall be separately identified. Changes in expenditure estimates for individual counties resulting from allocation of funds or other factors shall be identified in subsequent estimates. Unallocated funds and funds for special projects and/or special problems shall be separately identified. The department shall compare budgeted and actual expenditures by

county as soon as the information from county quarterly costs reports becomes available.

The estimates shall compare budgeted to implemented rate increases for the current year. Such comparisons shall be by provider category and shall compare budgeted to implemented increases in terms of percentage increases, date of implementation, and revised estimated cost.

20. When a date for public hearing has been established for a change in any program, rule, or regulation, or the Department of Finance has approved any communication revising any department program, the Department of Health Services shall notify the two fiscal committees and the Joint Legislative Budget Committee if the annual General Fund cost or savings of the proposed change is \$100,000 or more.
21. Change orders to the fiscal intermediary contract for amounts exceeding \$250,000 shall be approved by the Department of Finance not sooner than 30 days after written notification of the change order is provided to the chairperson of the committee in each house which considers appropriations, the chairperson of the committee in each house which considers bills relating to public health and welfare, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may designate.

If there are changes or potential changes in federal funding, the Department of Finance shall provide timely written notification of the changes to the chairperson of the committee in each house which considers appropriations and to the Chairperson of the Joint Legislative Budget Committee. This notification shall include proposed corrective action, including an implementation schedule and whether the potential or actual change represents a decrease in federal funding.

## Provisions:

1. No funds appropriated by this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by the Department of Social Services which adds to the cost of any welfare program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter which would increase the costs of a welfare program, the Director of Finance shall consider the amount of the proposed increase on an annualized basis, the effect such change would have on the expenditure limitations for such program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, or any additional factors relating to the fiscal integrity of such program or the state's fiscal situation.

Notwithstanding the provisions of Sections 26.00 and 28.00, the availability of funds contained in this item for welfare rules, regulations, or all-county letters which add to program costs funded from the General Fund in excess of \$500,000 on an annual basis, and are not (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Director of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Notwithstanding the provisions of Sections 26.00 and 28.00, that welfare rules, regulations or all-county letters which add to program costs in this item funded from the General Fund in excess of \$500,000 on an annual basis and are the result of a federal regulation shall be approved by the Director of Finance not sooner than 30 days after notification in writing of the necessity

therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Funds appropriated in this item are for welfare programs as they exist on July 1, 1983, consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out such decisions are specifically appropriated in this act.

For purposes of this provision "welfare" shall mean those program elements under "Welfare Program Operations," as found in the Governor's Budget and consistent with definitions used in the California Fiscal Information System (CFIS)

2. The Department of Social Services shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended in program 10.04, Aid to Families with Dependent Children Program shall fully cover the State share of aid payments and for services under such programs for the 1983-84 fiscal year.
3. There is hereby established for the next two quality control review periods, a dollar error rate standard of 4 percent, pursuant to Section 15200.4 of the Welfare and Institutions Code.

For the purposes of state sanctions pursuant to Section 15200.4 of the Welfare and Institutions Code, the error rate estimate that shall be used to measure the quality performance of each county shall be the low point estimate of the confidence interval estimated by combining the results from the two quality review samples conducted during the two subsequent quality review periods.

Amounts realized from the counties as the result of a state fiscal sanction shall first be applied as an offset to the state's share of Program 10.04, Payments for Children. To the extent that this application results in a surplus to the General

Fund appropriation for that program, such surplus shall revert to the General Fund.

4. The Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued in Program 10.04, Payments for Children, as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 1983–84 fiscal year which are within or in excess of amounts appropriated in this act for that year.

If the Director of Finance determines that the estimate of expenditures will exceed the expenditures authorized for program 10.04, Payments for Children, the director shall so report to the Legislature. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

5. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed \$85,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share of costs for the Aid to Families with Dependent Children Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.
6. The Department of Social Services shall submit, by September 10 and March 1, to the Department of Finance for its approval, all assumptions underlying all estimates related to the (1) average monthly caseloads for each of the categorical aid programs, (2) average grant for each of the categorical aid programs, (3) total estimated expenditures for each of the categorical aid programs, and (4) savings or costs associated with all regulatory or statutory changes.

The Department of Finance shall approve or modify the assumptions underlying all estimates within 15 working days of their submission. If the Department of Finance does not approve or modify the assumptions by such date, the as-

sumptions as presented by the submitting department shall be deemed to be accepted by the Department of Finance as of that date.

Assumptions shall be released to the legislative fiscal committees immediately following approval or modification by the Department of Finance. The Department of Social Services shall identify those premises which (a) have been discontinued since the previous estimate was submitted or (b) have been placed in the basic cost line of the estimates package.

The Department of Social Services shall submit an estimate of expenditures for each of the categorical aid programs to the Department of Finance by November 1, 1983, and April 20, 1984. Each estimate shall contain a concise statement identifying applicable estimate components, such as caseload, unit cost, implementation date, whether it is a new or continuing premise, and other assumptions necessary to support the estimate. The submittal shall include a projection of the fiscal impact of each of the approved assumptions related to a regulatory, statutory, or policy change; a detailed explanation of any changes to the base estimate projections from the previous estimate; and a projection of the fiscal impact of such change to the base estimate.

The Department of Social Services shall submit to the Department of Finance, as part of the estimates compiled for November 1, 1983, a brief narrative description of the methodological steps employed in arriving at (a) the basic grant costs for the AFDC and SSI/SSP programs, (b) the basic administrative costs for the AFDC and Food Stamp programs, (c) all cost estimates for the In-Home Supportive Services program, and (d) any cost estimate for new regulations or legislation which exceeds 2 percent of the total cost of the affected program. Such methodological discussions shall be forwarded to the Joint Legislative Budget Committee and the fiscal committees along with the November 1, 1983 estimates of expenditures. In addition, the Department of Social Services shall, upon request, develop and make available brief written narratives of the steps taken to arrive at specified estimates. Copies of the written narratives,

working papers, and data employed in the construction of any estimate used to prepare the Governor's Budget shall be made available by the Department of Social Services upon request to the Joint Legislative Budget Committee or the Department of Finance.

In the event that the methodological steps employed in arriving at those estimates in May 1984 differ from those used in November 1983, the Department of Social Services shall submit a brief narrative description of the revised methodology of the Department of Finance, the Joint Legislative Budget Committee, and the fiscal committees, along with other materials included in the May 1984 revision of expenditure estimates.

The estimates of average monthly caseload, average monthly grants, total estimated expenditures (including administrative expenditures and savings or costs associated with all regulatory or statutory changes), as well as all supporting data provided by the Department of Social Services or developed independently by the Department of Finance, shall be made available to the Joint Legislative Budget Committee immediately following approval by the Department of Finance. However, such departmental estimates, assumptions, and other supporting data as have been prepared shall be forwarded to the Joint Legislative Budget Committee not later than January 10, 1984, and May 15, 1984, by the Department of Social Services if this information has not been released earlier by the Department of Finance.

7. The Department of Social Services shall enter into an agreement with the Employment Development Department to provide for the transfer of all or a portion of the welfare grants for the participants in subsidized employment programs operated by the Employment Development Department pursuant to Chapter 1077 of the Statutes of 1981, and Chapter 1080 of the Statutes of 1981 and amended by Chapter 1037 Statutes of 1982 and the Employment Preparation Program.

8. It is the intent of the Legislature that counties which process a monthly average of 350 or more AFDC and Food Stamp applications shall administer an early detection fraud prevention system.

Each county shall submit a report to the department by August 15, 1983, on the fraud prevention and detection procedures which they currently employ. Those counties with programs which they deem as cost-effective as the Orange County model shall submit a statement with their report certifying this determination. Counties which do not currently administer a fraud prevention program with cost benefits comparable to Orange County may seek assistance and support from the department to develop such programs.

All interested counties who choose to submit a plan to the department shall submit such plan by October 15, 1983, unless an extension is granted by the director.

Prior to allocation of funds in excess of 25 percent of the amount appropriated for the Welfare Fraud Early Detection/Prevention Program, counties shall submit to the department a plan for resource utilization which shall indicate the personnel classifications to be employed in the program.

All plans shall provide that applicants will only be referred to a fraud investigator after they have completed and signed the application for aid. If eligibility for assistance is established, such referral and investigation shall not delay the receipt of aid, including immediate need payments.

It is the intent of the Legislature that no intimidation based on fraud allegations shall occur whether by referral, or threat of referral, prior to the completion of the application for aid. Whenever an application is withdrawn because of a fraud referral, such withdrawal shall be documented by the caseworker and the county shall keep records of all such withdrawals.

For those applicants withdrawing, the caseworker shall give the applicant a complaint form, that may be mailed to the county by the applicant. The county shall keep copies of all

complaints.

The department shall review such plans and approve those which would provide satisfactory results regardless of the personnel classifications utilized. No plan shall be approved that includes the employment of uniformed investigators. Counties shall give first priority for hiring additional fraud detection specialists to those county employees who have been laid off as a result of funding cuts and shall provide the necessary training to these individuals in order for them to carry out the duties of the position. Upon plan approval by the department and the Department of Finance, the remaining funds may be allocated to counties in accordance with approved plans.

The department shall submit a report to the Joint Legislative Budget Committee by April 15, 1984, describing the following: to the extent data is available, summaries of county plans; the costs of the program in each county; the savings therefrom; how such savings were obtained; the fraud rate; the number of investigations; the number of prosecutions; the number of applications withdrawn before and after contact with an investigator; the number of investigator contacts; the number of applicants. Additionally, any complaints regarding the county programs shall be included in the report.

The department shall have an Early Welfare Fraud Detection Advisory Committee that shall review all plans submitted to the department prior to approval by the department, and the department shall take into consideration the comments of the committee prior to approving or rejecting the county plan. The committee shall be composed of two persons appointed by the California Welfare Fraud Investigators Association, two persons appointed by the California Welfare Directors Association, two persons appointed by social services labor unions, and two persons appointed by the Coalition of California Welfare Rights Organizations.

The committee shall meet on or before October 20, 1983, and shall review and comment to the director on all county plans submitted within 10 working days from the receipt of the plans.

In addition, the committee shall review all

complaints filed against the county programs by March 15, 1984, and shall make recommendations to the director on the steps necessary to correct identified problems in the program. These recommendations shall be included in the report to the Joint Legislative Budget Committee due April 15, 1984.

The committee shall be convened as necessary to fulfill the mandates of their charge.

The department shall reimburse committee members for their travel and per diem expenses.

9. The department shall develop a mechanism for advancing or adjusting the state's share of the cost incurred by the counties to accommodate the statewide implementation of the Welfare Fraud Early Detection/Prevention Program. Such adjustments shall not result in a level of state participation which is in excess of that currently mandated.

10. Of the amount appropriated in this item, \$610,000 shall be expended for Welfare Fraud Early Detection/Prevention only upon notice pursuant to Section 28.00.

SEC. 8.10. No expenditure from an appropriation made by this act to the Department of Parks and Recreation shall be made to modify, execute, or approve an operating lease, or an operating agreement with any local entity or any nonprofit corporation, unless either of the following has occurred:

(1) The Legislature has reviewed the lease, or agreement as part of the support or capital outlay budget of the Department of Parks and Recreation and expressed approval of the expenditure from an appropriation made by this act through the supplemental language report.

(2) The State Public Works Board has approved the lease, or a agreement not sooner than 20 days after the Director of Finance has provided written notification to the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Assembly Ways and Means Committee, and the Chairperson of the Senate Finance Committee, and upon a determination by the board that the proposal could not have reasonably been presented to the

Legislature through the annual budget process.

SEC. 8.50. (a) In making appropriations to state agencies which are eligible for federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated, from the Federal Trust Fund for expenditure or for transfer to and disbursement from the State Treasury fund established for the purpose of receiving such federal assistance subject to any provisions of this act which are applicable to the expenditure of such funds, including Section 28.00.

(c) In addition, the Department of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees, within 30 days after notification from the federal government, in the event that federal funds for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act. Notification shall include an estimate of (a) the amount of federal funds available or anticipated, (b) state fiscal year 1983-84 expenditures for each program affected by the reduction, and (c) the effect of reduced funding on service levels authorized by this act.

The state departments that own the units shall reimburse the Department of Personnel Administration and the Department of General Services for the cost of the survey. The reimbursement shall cover all direct and indirect costs, including administrative overhead and expenses. The total cost of the appraisal shall not exceed \$350,000.

Following evaluation of the impact of the state-owned housing provisions of 1983-84 collective bargaining agreements and the results of the survey, the Department of Personnel Administration shall report to the Joint Legislative Budget Committee on the amounts by which rates for state-owned housing are changed to reflect market values and the total amount of reimbursements (by fund) the various state agencies will receive in the 1983-84 fiscal year as a result of these rate changes.

Any option, plus the price paid for fee title, shall reflect the purchase price of the entire property. Any savings that may occur from the acquisition of these properties shall be applied to any of the other properties specified in this section.

(c) If any owner has not reached agreement with the Department of Parks and Recreation on the basis of the terms specified in this section by February 1, 1984, funds that would have been available for the acquisition of the property are hereby reappropriated for the acquisition of properties commonly known as the Bryant, Rimpau/Friend, Shell Oil, or any other high priority property in the Chino Hills project area.

SEC. 12.30. (a) The contingency reserve for economic uncertainties established within the General Fund by Section 12.3 of the Budget Act of 1980 is hereby continued in existence. This reserve represents a reserve fund within the meaning of Section 5 of Article XIII B of the California Constitution. Notwithstanding Sections 16310 and 16314 of the Government Code, the Controller may transfer as necessary from the contingency reserve for economic uncertainties or from the Special Accounts in the General Fund to the General Fund such amounts as are needed to meet cash needs of the General Fund. The Controller shall return all such moneys so transferred without payment of interest as soon as there are sufficient moneys in the General Fund.

(a.1) The Controller shall transfer to the Special Reserve Account within the General Fund an amount necessary to eliminate any General Fund deficit as of June 30, 1983. The transfer shall take place at the times prescribed in Section 62 of Chapter 10 of the Statutes of 1983–84 First Extraordinary Session.

(b) The State Controller shall transfer from the contingency reserve for economic uncertainties to the unappropriated balance of the General Fund an amount necessary to eliminate any General Fund deficit as of June 30, 1984. The amount of transfer for the 1983–84 fiscal year shall be determined on the basis of the State of California Preliminary Annual Report—Accrual Basis, for such fiscal year. Any subsequent adjustments shall be determined jointly by the State Controller and the Director of Finance.

(c) There is hereby appropriated from the General Fund for

transfer to the Controller upon order of the Director of Finance, to the contingency reserve for economic uncertainties, an amount necessary to bring the balance up to \$0 as of July 1, 1983. This appropriation shall for purposes of Article XIII B be reduced by the amount of the transfer made as of June 30, 1984, pursuant to section (c).

(d) For budgeting and accounting purposes, any appropriations heretofore or hereafter made specifically from the contingency reserve for economic uncertainties by this act or any other act, other than appropriations contained in this section, shall be deemed an appropriation from the General Fund.

(e) There is hereby appropriated from the General Fund, without regard to fiscal years, for transfer by the State Controller to the contingency reserve for economic uncertainties as of June 30, 1984, the lesser of the amounts jointly estimated by the Legislative Analyst's Office and the Department of Finance in accordance with subdivisions (1), (2), and (3):

(1) Five percent of total 1983-84 General Fund appropriations, less any balance existing in the contingency reserve for economic uncertainties on that date;

(2) The difference between the state's 1983-84 "appropriations subject to limitation" and its "appropriation limit" as defined in Section 8 of Article XIII B of the California Constitution and established in this act; and

(3) The extent of available funds in the General Fund as of June 30, 1984.

SEC. 12.50. (a) The contingency reserve for economic uncertainties established within each special fund by Section 12.35 of the Budget Act of 1981 is hereby continued in existence. (b) There is hereby appropriated from each reserve account in each special fund, an amount sufficient to fund any appropriation made by this act or other statute from the fund in which the reserve account is established.

(c) There is hereby appropriated on June 30, 1984, the unappropriated balance in each special fund to the reserve account in that special fund.

SEC. 13.00. ### BUSINESS, TRANSPORTATION AND HOUSING

SEC. 16.00. If funds in the Transportation Planning and Development Account, State Transportation Fund, during the 1983-84 fiscal year are less than total 1983-84 appropriations and allocations from the account, the Director of Finance shall unallot sufficient funds to make total allotments from the account equal to the funds in the account. The unallotments shall be made sooner than 30 days after notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committees of the impact of such unallotments on individual projects, programs, and activities authorized in this act or other enacted legislation.

### RESOURCES

SEC. 18.00. Notwithstanding the provisions of Chapter 1154, Statutes of 1973, Item 245.1, Budget Act of 1974, Item 223, Budget Act of 1975 and Item 222, Budget Act of 1976, no portions of any loans made to the State Air Resources Board pursuant to these items shall be required to be repaid from any revenues from fees collected pursuant to Section 44060 of the Health and Safety Code prior to June 30, 1985.

SEC. 18.50. On the effective date of this act, the unencumbered balance of subaccount number 031-3360-78-021 in the State Agricultural and Forestry Residue Utilization Account in the General Fund, made available to the Energy Resources Conservation and Development Commission pursuant to the provisions of Section 3 of Chapter 803 of the Statutes of 1980, shall be transferred to the General Fund.

### EDUCATION

SEC. 24.00. For the 1983-84 fiscal year, the oil and mineral revenues from federal lands which are deposited in the State School Fund shall be divided between Section A and Section B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for K-12 district regular apportionments and 15 percent to Section B of the fund exclusively for community college regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or Section B of the State School Fund are disbursed for regular apportionments.

SEC. 24.10. Notwithstanding the provisions of Section 1464 of the

Penal Code, added by Chapter 530, Statutes of 1980, and Sections 42050 and 42052(a) of the Vehicle Code, as amended by Chapter 530, Statutes of 1980, and Section 41304 of the Education Code, the Controller shall transfer the unencumbered balance in the Driver Training Penalty Assessment Fund on June 30, 1984, to the General Fund.

SEC. 24.20. It is the intent of the Legislature and executive branch in enacting this act that the University of California teaching hospitals suffer no fiscal penalties in the 1983-84 fiscal year as a result of the Medicare cost reimbursement limits issued pursuant to the authority of paragraph (1) of subsection (v) of Section 1861 of the Social Security Act (para. (1), subsec. (v), Sec. 1395x, Title 42, U.S.C.) and the Medi-Cal program cost reimbursement limits issued pursuant to the authority of Sections 14105, 14106, and 14124.5 of the Welfare and Institutions Code, and defined in Section 51508 of Title 22 of the California Administrative Code. Therefore, the Director of Finance may, following the adoption of a resolution by the Regents of the University of California declaring a teaching hospital fiscal emergency, authorize the accelerated expenditure, on a loan basis, of amounts budgeted for the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent of the equivalent dollar amount for the 1983-84 fiscal year, as is determined for each hospital, which is related to the difference in the reimbursement rates allowed by the Medicare and Medi-Cal programs and the reimbursement rates claimed by the University of California. In considering such supplemental appropriation, the financial condition of each hospital shall be taken into account. Provided further, that the University of California will appeal for exceptions to these limits pursuant to procedures for requesting such appeals; provided further, that no increased expenditure may exceed \$2,450,000 or be authorized sooner than 30 days after notification in writing of the necessity therefor is made to the person of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his designee, may in such instance determine.

Any funds provided under the authority of this section shall be repaid to the fund from which they were derived with the proceeds of the claims appealed, regardless of fiscal year, as decisions on cost reimbursement limits which gave rise to their authorization permit repayment of the loan. It is the intent of the Legislature that provisions for repayment of any loan balances shall be determined after the procedures for requesting appeals have been exhausted and all decisions are rendered. The university shall report annually in its budget on the status of such appeals.

SEC. 24.30. No funds appropriated by this act may be used by the Regents of the University of California or the Trustees of the California State University to reclassify instructional capacity space, administrative space, library space, or faculty offices to other uses

unless and until any such proposed reclassification is first approved by the Department of Finance and 30 days' written notification is provided to the Chairperson of the Joint Legislative Budget Committee or his or her designee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

SEC. 24.40. Since it is the intent of the Legislature in enacting this act that no qualified student be denied admission to the California State University or to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Trustees of the California State University or the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the state university or the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to ensure that all qualified students can be admitted when he certifies that the systemwide enrollment of the California State University or of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the state university or the university was based; provided, that no increased expenditure may exceed \$5,000,000 in the aggregate or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

In the event that the systemwide enrollment of the California State University or University of California is under the budgeted enrollment by more than 2 percent, such excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

Based upon fall annualized full-time equivalent (FTE) students, all surplus funds withdrawn from any campus consistent with the policy of the California State University (CSU) system due to fluctuations in student enrollments, shall be returned:

(a) To campuses with enrollments in excess of the budgeted level consistent with the CSU policy and

(b) To all campuses for allocation to the programs of "Instruction" and "Academic Support".

"Surplus" is defined as those funds in excess of that returned to the state pursuant to this section. No exceptions to the above prescribed

allocation may be made unless prior approval is given by the Department of Finance and is reported to the Chairperson of the Joint Legislative Budget Committee, and the financial necessity of any such exception shall be identified. For purposes of this section, graduate enrollments of the University of California shall be excluded from all calculations.

SEC. 24.50. Notwithstanding any provision of law to the contrary, no funds appropriated by this act, or by any act enacted prior to the enactment of this act, shall be deemed appropriated or available for expenditure for purposes of claims arising from Section 46140 of the Education Code as it read prior to the enactment of Chapter 1230, Statutes of 1977, including the Settlement Agreement entered into on March 4, 1983, by and between the Fullerton Union High School District and the Department of Education of the State of California, the Superintendent of Public Instruction of the State of California, and the Local Assistance Bureau in connection with that action otherwise known as Fullerton Union High School District, et al. v. Wilson Riles, Superintendent of Public Instruction, et al., Orange County Superior Court No. 33-46-93; and the Settlement Agreement entered into on March 4, 1983, by and between Rowland Unified School District and the Department of Education of the State of California, the Superintendent of Public Instruction of the State of California, and the Local Assistance Bureau in connection with that action otherwise known as Rowland Unified School District, et al., v. Wilson Riles, Superintendent of Public Instruction, et al., Los Angeles Superior Court No. C 323905.

### GENERAL GOVERNMENT

SEC. 26.00. No funds appropriated by this act shall be encumbered for the purpose of funding any increased state costs or local governmental costs, or both such costs, arising from the issuance of an executive order as defined in Section 2209 of the Revenue and Taxation Code or subject to the provisions of Section 2231 of the Revenue and Taxation Code, unless (a) such funds to be encumbered are appropriated for such purpose, or (b) notification in writing of the necessity of the encumbrance of funds available to the state agency, department, board, bureau, office, or commission is given by the Department of Finance, at least 30 days before such encumbrance is made, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, determines.

SEC. 27.30. For each city that existed but did not levy a property tax in the 1977-78 fiscal year, other than for voter-approved indebtedness, there is hereby appropriated for allocation to each of those cities an amount equal to the total amount which each of those cities would have received pursuant to Section 25761 of the Business and Professions Code, Section 4306 of the Public Utilities Code, and

Section 26483 of the Revenue and Taxation Code, as those sections read on June 1, 1981.

SEC. 28.00. (a) Subject to the provisions of subdivision (e), the Director of Finance may authorize the augmentation of the total amount available for expenditure under any item of appropriation in this act identified by an organization code, as defined in Section 1.50, or under any appropriation in any other statute, in the amount of any funds which he or she estimates will be received by an officer, department, division, bureau, or other agency during the 1983-84 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature, or from any other source which he or she determines has not been taken into consideration in the item or other statute or is in excess of the amount so taken into consideration.

(b) The director also may authorize an expenditure of up to \$100,000 for a new program not identified in the budget as such or for purposes which in his or her judgment constitute an increase in the level of services above that authorized by this act or other existing law not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Any personnel action which is dependent on funds subject to the provisions of this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this subdivision too late for inclusion in the Governor's Budget for the 1984-85 fiscal year shall remain in effect for such period as the director may determine in each instance, but in no event after June 30, 1985.

Subject to the provisions of subdivision (e), the Director of Finance may also reduce the total amount available for expenditure under any item of appropriation in this act identified by an organization code, as defined in Section 1.50, or under any appropriation in any other statute, whenever he or she determines that funds to be received will be less than the amount taken into consideration in the item or other statute.

(c) All authorizations reported or requested under the provisions of this section shall include all of the following:

(1) A description of the proposed expenditure and identification of the statutory authority for the expenditure.

(2) A determination whether the expenditure, if federally funded, is specifically designed to be one-time, a continuing federal obligation, or one that the state is required (or expected) to fund at some future date.

(3) A determination whether the expenditure, if federally funded, supplements or replaces existing state expenditures.

(4) A determination whether the expenditure has previously

been considered at some point in the legislative process and has been denied; and, if denied, for what reasons.

(d) All increased expenditures from department indirect cost funds in excess of the amount budgeted in this act or identified in a prior Section 28.00 notification are subject to the reporting requirements of this section.

(e) No single augmentation or reduction in the total amount available for expenditure under any item of appropriation identified by an organization code, as defined in Section 1.50, or under any appropriation in any other statute, made pursuant to this section, shall exceed \$100,000, nor shall more than five augmentations or reductions be made in an appropriation within a 30-day period. The \$100,000 limitation specified in this section shall not apply to any reduction or augmentation made pursuant to this section as a result of an increase or decrease in federal funds, but no reduction or augmentation so resulting may be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May revision and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the budget year just enacted.

SEC. 31.00. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and

organization.

The Director of Finance, or his/her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step of \$1,900 per month. He/she shall also report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

All positions administratively established pursuant to this section during the 1983-84 fiscal year shall terminate on June 30, 1984, except that those positions which have been (a) included in the 1984-85 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1984-85 Governor's Budget submission to the Legislature, may be reestablished by the Department of Finance during the 1984-85 fiscal year, provided such positions are shown in the 1985-86 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided, such positions do not result in establishment of positions deleted by the Legislature through the 1984-85 budget process.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency and submitted to the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any 1983-84 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other salary action(s) unless the Department of Finance certifies to the salary setting authority prior to the adoption of such action(s) that funds are available to pay the increased salary or wage resulting therefrom. Provided, that prior to certification the Department of Finance shall determine whether such increase in salary range or salary action will require supplemental funding in the 1984-85 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairman of the committee in each house which considers appropriations and

the Chairman of the Joint Legislative Budget Committee, or such lesser time as the chairman of the committee, or his designee, determines.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32.00. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable both personally and on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Chairman of the Joint Legislative Budget Committee, and the chairman of the committee in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 32.50. It is the intent of the Legislature that the budget for the Agricultural Labor Relations Board for the 1983-84 fiscal year not be reduced by more than the average reduction of all state agencies for the 1983-84 fiscal year from their 1982-83 fiscal year budget appropriations.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the Constitution, while approving portions of this act, such veto,

elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 33.20. It is the intent of the Legislature that funds transferred in compliance with Section 19.22 of Chapter 326 of the Statutes of 1982 shall be appropriated to the 48th District Agricultural Association at a time when projected General Fund revenues provide a surplus sufficient to fund the amount of the transfer.

SEC. 34.00. If any portion of this act is held unconstitutional, such decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 34.50. The provisions of this act shall not become operative unless and until Assembly Bill 223 of the 1983-84 Regular Session is enacted.

SEC. 34.60. Funds from each appropriation made in this act may be expended to pay salary adjustments authorized by salary-fixing authorities to provide an increase in the compensation for officers and employees during the month of July 1983 to provide compensation equivalent to that which they would have otherwise received had this act been operative on July 1, 1983.

SEC. 34.70. Funds from each appropriation made in this act may be expended to pay any obligation, incurred between the commencement of the 1983-84 fiscal year and the effective date of this act, which would otherwise have been authorized hereunder had this act been operative July 1, 1983. Payment of these obligations shall be subject to the limitations, conditions, and requirements set forth in this act.

SEC. 35.00. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 1983-84 fiscal year and provides for capital outlay appropriations, in continuation of existing programs and to promote and sustain the economy of the state. ## CHAPTER 342

An act to amend Section 5110 of, and to add Sections 4800.1 and 4800.2 to, the Civil Code, relating to property.

[Approved by Governor July 23, 1983. Filed with  
Secretary of State July 25, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4800.1 is added to the Civil Code, to read:

4800.1. For the purpose of division of property upon dissolution of marriage or legal separation, property acquired by the parties during marriage in joint tenancy form is presumed to be community property. This presumption is a presumption affecting the burden of proof and may be rebutted by either of the following:

(a) A clear statement in the deed or other documentary evidence of title by which the property is acquired that the property is separate property and not community property.

(b) Proof that the parties have made a written agreement that the property is separate property.

SEC. 2. Section 4800.2 is added to the Civil Code, to read:

4800.2. In the division of community property under this part unless a party has made a written waiver of the right to reimbursement or signed a writing that has the effect of a waiver, the party shall be reimbursed for his or her contributions to the acquisition of the property to the extent the party traces the contributions to a separate property source. The amount reimbursed shall be without interest or adjustment for change in monetary values and shall not exceed the net value of the property at the time of the division. As used in this section, "contributions to the acquisition of the property" include downpayments, payments for improvements, and payments that reduce the principal of a loan used to finance the purchase or improvement of the property but do not include payments of interest on the loan or payments made for maintenance, insurance, or taxation of the property.

SEC. 3. Section 5110 of the Civil Code is amended to read:

5110. Except as provided in Sections 5107, 5108, and 5126, all real property situated in this state and all personal property wherever situated acquired during the marriage by a married person while domiciled in this state, and property held in trust pursuant to Section 5113.5, is community property; but whenever any real or personal property, or any interest therein or encumbrance thereon, is acquired prior to January 1, 1975, by a married woman by an instrument in writing, the presumption is that the same is her separate property, and if so acquired by the married woman and any other person the presumption is that she takes the part acquired by her, as tenant in common, unless a different intention is expressed in the instrument; except, that when any of the property is acquired

by husband and wife by an instrument in which they are described as husband and wife, unless a different intention is expressed in the instrument, the presumption is that the property is the community property of the husband and wife. The presumptions in this section mentioned are conclusive in favor of any person dealing in good faith and for a valuable consideration with a married woman or her legal representatives or successors in interest, and regardless of any change in her marital status after acquisition of the property.

In cases where a married woman has conveyed, or shall hereafter convey, real property which she acquired prior to May 19, 1889, the husband, or his heirs or assigns, of the married woman, shall be barred from commencing or maintaining any action to show that the real property was community property, or to recover the real property from and after one year from the filing for record in the recorder's office of the conveyances, respectively.

As used in this section, personal property does not include and real property does include leasehold interests in real property.

SEC. 4. This act applies to the following proceedings:

(a) Proceedings commenced on or after January 1, 1984.

(b) Proceedings commenced before January 1, 1984, to the extent proceedings as to the division of the property are not yet final on January 1, 1984.

## CHAPTER 343

An act to amend Sections 61621.2, 61621.3, 61621.4, 61765.3, 61765.4, 61765.5, and 61765.6 of the Government Code, relating to community services districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 23, 1983. Filed with  
Secretary of State July 25, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 61621.2 of the Government Code is amended to read:

61621.2. A district may elect to have any, or all, rates or charges for any purposes, or any delinquencies in those rates or charges, collected on the tax roll in any forthcoming fiscal year in the same manner, by the same persons, and at the time as, together with and not separately from, its general taxes in the manner prescribed in Sections 61765.2 to 61765.6, inclusive. In that event, the district shall cause a written report to be prepared and filed by the secretary, which report shall contain a description of each parcel of real property and the amount of the rates or charges for any purposes, or the amount of any delinquencies in any of those rates or charges, for each parcel for the year.

SEC. 2. Section 61621.3 of the Government Code is amended to read:

61621.3. In lieu of the collection procedures for rates, charges, and delinquencies provided in Sections 61621 and 61621.2, a district may record, in the office of the county recorder of the county in which such real property is located, a certificate specifying the amount, interest and penalty due, the name and last known address of the person liable therefor, and that such charges remain delinquent for a period of 60 days. From the time of recordation of the certificate, the amount required to be paid for rates, charges, and delinquencies together with interest and penalty thereon, constitutes a lien upon all real property of the delinquent property owner in the county. The lien created by recording the certificate shall have the force, effect, and priority of a judgment lien and shall continue for three years from the time of recording unless sooner released or otherwise discharged.

The district shall include a statement on its bill to each delinquent property owner of any lien for rates, charges, and delinquencies created pursuant to this section.

SEC. 3. Section 61621.4 of the Government Code is amended to read:

61621.4. A district which elects to have any, or all, rates or charges for any purposes, or any delinquencies in those rates or charges, collected on the tax roll pursuant to the provisions of Section 61621.2, or to establish a lien for service charges pursuant to the provisions of Section 61621.3, shall reimburse the county for the expenses the county may reasonably incur as a result of the obligations created pursuant to those sections.

SEC. 4. Section 61765.3 of the Government Code is amended to read:

61765.3. At the time stated in the notice, the board shall hear and consider all objections or protests, if any, to the report referred to in the notice and may continue the hearing from time to time. Upon the conclusion of the hearing, the board may adopt, revise, change, reduce, or modify an assessment, or any charges for any purposes, or any delinquencies in those assessments or charges, or overrule any or all objections. The board shall make its determination upon each assessment, or each charge or each delinquency, as described in the report, which determination shall be final. The board may make appropriate adjustments that may be necessary as a result of the equalization of the assessment roll subsequent to the filing of the report.

SEC. 5. Section 61765.4 of the Government Code is amended to read:

61765.4. On or before the 10th day of August of each year following such final determination, the secretary shall file with the county auditor a copy of the report with a statement endorsed thereon over the secretary's signature that it has been finally adopted by the board and the auditor shall enter the amount of the

assessments or the charges against the respective lots or parcels of land as they appear on the current assessment roll. If the property is not described on the roll, the auditor may enter the description thereon together with the amounts of the assessments, the charges for any purposes, or the delinquencies in those assessments or charges, as shown in the report.

SEC. 6. Section 61765.5 of the Government Code is amended to read:

61765.5. The amount of the assessments, charges, or delinquencies shall constitute a lien against the lot or parcel of land against which the assessment, charge, or delinquency has been imposed as of 12:01 a.m. on the first day of March immediately preceding the date of levy.

SEC. 7. Section 61765.6 of the Government Code is amended to read:

61765.6. The county tax collector shall include the amounts of the assessment, the charges for any purpose, or the delinquencies in those assessments or charges on bills for taxes levied against the respective lots and parcels of land. Thereafter the amount of the assessments, charges, or delinquencies in those assessments or charges shall be collected at the same time and in the same manner and by the same persons as, together with and not separately from, the general taxes for the district, and shall be delinquent at the same time and thereafter be subject to the same delinquency penalties. All laws applicable to the levy, collection, and enforcement of general taxes of the district, including, but not limited to, those pertaining to the matters of delinquency, correction, cancellation, refund, and redemption, are applicable to such assessments, charges, or delinquencies. However, if for the first year the charge is levied, the real property to which the charge relates has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes appear on the roll, then the charge, or the delinquency in that charge, assessed pursuant to this section shall not result in a lien against the property, but instead shall be transferred to the unsecured roll for collection.

SEC. 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit districts to transfer delinquent charges to the tax rolls as soon as possible, it is necessary for this act to take effect immediately.

(d) For purposes of this section, the term "taxpayer" shall not include a service organization (as defined in Section 414(m) (3) of the Internal Revenue Code of 1954).

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, this act shall be applied to income years beginning on and after July 1, 1983.

The requirements set forth in Section 1242.8 shall prevail over the requirements of this section with regard to any test requirements for the administration of these medications. The test shall be administered by personnel performing the training at each dialysis clinic or dialysis unit and shall include written, oral and practical examinations designed to accurately test the proficiency of personnel in training on the type of dialyzer and equipment utilized at the dialysis clinic or dialysis unit. Six months after the adoption of rules and regulations pursuant to subdivision (a), those dialysis clinics or dialysis units without an approved training program and test shall not be permitted to train personnel

(c) Personnel in training shall be classified as dialysis technician trainees and shall be immediately supervised by a licensed physician and surgeon or by a licensed registered nurse whenever the trainee is involved in direct patient care prior to passing the test. Persons employed as hemodialysis technicians on the effective date of the act amending this section during the second year of the 1981-82 Regular Session of the Legislature who have taken and been notified of their failure to successfully complete the approved test shall be reclassified as dialysis technician trainees. These persons shall be immediately supervised by a licensed physician and surgeon or by a licensed registered nurse whenever involved in direct patient care, and shall be required to successfully complete the approved test within six months after taking their first test or their employment shall be terminated.

(d) Each dialysis unit shall make available to the department the names of individuals employed by them as dialysis technicians and evidence that those persons have completed the approved training and successfully passed the approved test. Evidence of completion of the training program and passage of the prescribed test shall include the particular type of dialyzer and equipment upon which the individual was trained and tested and shall be a part of the individual's personnel records.

This certification shall be issued in writing and be retained by the facility and the employee, shall be valid for two years and shall be nonrenewable. If the hemodialysis technician changes employment during the period of certification, the medical director of the facility employing the hemodialysis technician may recertify his competence, except that recertification may not extend the termination date beyond the two-year limitation granted by the initial certification.

(b) Each hemodialysis technician shall pass a standardized test developed by the department that measures the technician's competency to administer the medications specified in Section 1242.7 by the termination date established pursuant to subdivision (a). The medical director of the dialysis facility shall administer the test required by this subdivision. Hemodialysis technicians who fail this test and whose certification has expired are prohibited from administering these medications until they successfully complete the test.

(c) Hemodialysis technicians who are certified by the Board of Nephrology Examination for Nurses and Technicians are exempted from the requirements of this section and Section 1242.7.

SEC. 3. Section 1242.9 is added to the Business and Professions Code, to read:

(b) In accordance with subdivision (a), mobilehome accessories installed on a rented or leased lot with a mobilehome first sold prior to January 1, 1977, shall be presumed subject to the state vehicle license fee. appropriated in the Budget Act of 1982 are hereby appropriated to the State Department of Developmental Services for purchasing services by regional centers.

Under no circumstances shall the deposit of federal moneys into the Program Development Fund be construed as requiring the State Department of Developmental Services to comply with a definition of "developmental disabilities" and "services for persons with developmental disabilities" other than as specified in subdivisions (a) and (b) of Section 4512 for the purposes of determining eligibility for developmental services or for allocating parental fees and state general funds deposited in the Program Development Fund.

In no event shall the hours of required work exceed 32 hours in four days of any given workweek, the fifth day of the workweek remaining for job search.

[Approved by Governor July 23, 1983 Filed with  
Secretary of State July 25, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 18593 of the Financial Code is amended to read:

18593. The downpayments received by the company under the provisions of Section 18592, may be held by the company in trust in a separate bank account or depository, or in lieu thereof, the company may maintain a time deposit with a bank, savings and loan association, or comparable institution, or obtain a certificate or certificates of deposit or a clean and irrevocable letter or letters of credit from a bank, in an amount at least equal to the average amount of such downpayments being held at any given time by the company as ascertained by the commissioner, and which are payable to the insurer pursuant to the terms of the premium finance agreement. Such deposits, certificates, or a clean and irrevocable letter or letters of credit shall be held in trust for the benefit of the insureds, as their relative interests in such downpayments may exist at any given time,

and in the event of the insolvency of a company, such funds on deposit under the provisions of this section or as represented by a certificate or certificates of deposit or a clean and irrevocable letter or letters of credit shall be first applied to remitting the amount of the downpayment to the insureds on all premium finance agreements upon which the company has not then forwarded in full the downpayments collected from and then being held for insureds, and, if insufficient to pay all such amounts in full, then such funds shall be applied for such purposes pro rata.

SEC. 2. Section 18610 of the Financial Code is amended to read:

18610. The insurer within a reasonable time after the effective date of cancellation shall return whatever gross unearned premiums or accrued dividends are payable under the insurance contract to the company, which financed the insurance contract, for the benefit of the insured. Whenever any funds are received by the company which are in excess of the amount due to the company, such an excess shall be remitted promptly to the insured or to his order or to the insurance agent for the account of the insured.

SEC. 3. Section 18626 of the Financial Code is amended to read:

18626. A premium finance agency may, in a premium finance agreement, contract for, charge, receive, and collect a finance charge which shall not exceed in the aggregate:

(a) Two percent per month on that part of the unpaid principal balance of any loan up to, including, but not in excess of, one thousand dollars (\$1,000).

(b) One percent per month on any remainder of such unpaid principal balance in excess of one thousand dollars (\$1,000).

As used in this article "consumer insurance premium finance loan" shall mean an insurance premium finance loan where the insurance policies which are security for the loan are for personal, family or household use.

(c) As an alternative to the charges authorized by subdivisions (a) and (b), a premium finance agency may contract for and receive charges at a rate not exceeding 1.6 percent per month on the unpaid principal balance.

SEC. 4. Section 18631 of the Financial Code is amended to read:

18631. (a) A premium finance agreement may provide for the payment of a default charge of one dollar (\$1) to a maximum of 5 percent of the delinquent installment, in the event of a default for a period of not less than 10 days in the payment of any scheduled installment under the terms of a premium finance agreement. Such charge may not be collected more than once for the same default and may be collected at the time of such default or at any time thereafter. If such default charge is deducted from any payment received after default occurs, and such deduction results in the default of a subsequent installment, no charge may be made for the resulting default.

(b) A premium finance agreement may provide for the payment of a dishonored check fee not to exceed five dollars (\$5) for actual

expenses incurred in the processing of a dishonored check.

SEC. 5. Section 778.2 of the Insurance Code is amended to read:

778.2. (a) Any person engaged in business as an insurance agent or broker and who participates in the arrangement of a premium financing agreement shall, if he accepts compensation for arranging, directing, or performing services in connection with the premium financing agreement, disclose to the insured, in a manner and form established by the commissioner, the amount of compensation he is to receive from the premium financer and maintain for three years and make available to the commissioner a list of accounts in connection with which he has accepted compensation for premium financing services showing the amount of such compensation with respect to each premium financing agreement and with respect to each financing schedule used by the agent or broker. The requirements of this subdivision shall not apply with respect to interest paid to the broker or agent by the premium financer based upon delay in payment of the premium due the insurer as permitted under subdivision (a) or (b) of Section 18628 of the Financial Code.

(b) The commissioner shall hold a hearing and adopt by regulation a standard procedure and form for making the disclosure to the insured required by subdivision (a).

SEC. 6. Section 1733 of the Insurance Code is amended to read:

1733. All funds received by any person acting as an insurance agent, broker, or solicitor, life agent, life analyst, surplus line broker, special lines surplus line broker, motor club agent, or bail agent or solicitor, as premium or return premium on or under any policy of insurance or undertaking of bail, are received and held by such person in his fiduciary capacity. Any such person who diverts or appropriates such fiduciary funds to his own use is guilty of theft and punishable for theft as provided by law. Any premium which a premium financer agrees to advance pursuant to the terms of a premium finance agreement shall constitute fiduciary funds as defined in this section only if actually received by a person licensed in one or more of the capacities herein specified.

An act to amend Section 42314 of the Health and Safety Code, relating to air pollution.

[Approved by Governor July 23, 1983 Filed with  
Secretary of State July 25, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 42314 of the Health and Safety Code is amended to read:

42314. Notwithstanding any other provision of any state or local

new source review or prevention of significant deterioration rules and regulations, the district shall issue permits for the following:

(a) (1) The construction and operation of a cogeneration technology project, if the project will utilize, for each affected pollutant only, the appropriate degree of pollution control technology (BACT or LAER) as defined and to the extent required by the rules of the district.

(2) Pursuant to procedures developed in accordance with Section 41605, for the electrical generation portion of any cogeneration project offsets shall be provided by the applicant only for those pollutant emissions which exceed the calculated average of emissions from hydrocarbon combustion based electrical generating facilities operated by the serving utility in the same air basin to provide the same amount of electrical energy. In no event shall any calculated utility pollutant emissions displacements which may be considered in accordance with this section be banked or otherwise reserved for future use.

(3) Except as provided in paragraph (2), offsets shall be provided in accordance with the requirements of local rules and regulations.

(4) For cogeneration projects smaller than 50 megawatts for which offsets are required under either paragraph (2) or (3), the applicant shall be required to provide offsets only to the extent they are available from facilities it owns or operates in the district and would mitigate the project's impacts. In the case of a cogeneration project using a combined cycle configuration, the electrical capacity of the steam turbine portion may be excluded from the calculation of the total electrical capacity of the project for purposes of subdivision (a) of Section 41604 and of this paragraph only if no supplemental firing is used for the steam turbine portion and if the combustion turbine has a minimum efficiency of 25 percent.

(5) In providing the electrical generation credit for the project pursuant to paragraph (2), and for the purposes of this section only, the utility, where not an applicant, shall not be required to furnish emission offsets on a case-by-case basis for the project, nor shall this section permit the district on a case-by-case basis to limit the ability of the utility to operate its existing hydrocarbon combustion facilities in accordance with the requirements of the Public Utilities Code or the governing body of a public utility owned by a municipality or other political subdivision of the state.

(b) The construction of a resource recovery project, if all of the following conditions are met:

(1) The project produces 50 megawatts or less of electricity.

(2) The project will utilize the appropriate degree of pollution control technology required by the new source review rule of the district.

(3) The project applicant has, in the judgment of the district, made a good faith effort to secure all available emission offsets to mitigate the impact of the project, but that sufficient offsets or other mitigation measures are not available. The applicant, however, shall

be required to secure all the offsets which are available to mitigate the air quality impact of the project, except for resource recovery projects which constitute a modification to an existing source under the district's new source review rule, in which case the applicant shall only be required to provide offsets from facilities which the applicant owns or operates within the air basin.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

## CHAPTER 368

An act to amend Section 17510.3 of the Business and Professions Code, relating to charitable solicitations.

[Approved by Governor July 23, 1983. Filed with  
Secretary of State July 25, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 17510.3 of the Business and Professions Code is amended to read:

17510.3. (a) Prior to any solicitation or sales solicitation for charitable purposes, the solicitor or seller shall exhibit to the prospective donor or purchaser a card entitled "Solicitation or Sale for Charitable Purposes Card." The card shall be signed and dated under penalty of perjury by an individual who is a principal, staff member, or officer of the soliciting organization. The card shall give the name and address of the soliciting organization or the person who signed the card and the name and business address of the paid individual who is doing the actual soliciting.

In lieu of exhibiting a card, the solicitor or seller may distribute during the course of the solicitation any printed material, such as a solicitation brochure, provided such material complies with the standards set forth below, and provided that the solicitor or seller informs the prospective donor or purchaser that such information as required below is contained in the printed material.

Information on the card or printed material shall be presented in at least 10-point type and shall include the following:

(1) The name and address of the combined campaign, each organization, or fund on behalf of which all or any part of the money collected will be utilized for charitable purposes.

(2) If there is no organization or fund, the manner in which the money collected will be utilized for charitable purposes.

(3) The amount, stated as a percentage of the total gift or purchase price, that will be used for charitable purposes.

(4) If paid fund raisers are paid a set fee rather than a percentage of the total amount raised, the card shall show the total cost that is estimated will be used for direct fundraising expenses.

(5) If the solicitation is not a sale solicitation, the card may state, in place of the amount of fundraising expenses, that an audited financial statement of such expenses may be obtained by contacting the organization at the address disclosed.

(6) The nontax-exempt status of the organization or fund, if the organization or fund for which the money or funds are being solicited does not have a charitable tax exemption under both federal and state law.

(7) The percentage of the total gift or purchase price which may be deducted as a charitable contribution under both federal and state law. If no portion is so deductible the card shall state that "This contribution is not tax deductible."

(8) If the organization making the solicitation represents any nongovernmental organization by any name which includes, but is not limited to, the term, "officer," "peace officer," "police," "law enforcement," "reserve officer," "fireman," "firefighter," "deputy," "deputy sheriff," which would reasonably be understood to imply that the organization is composed of law enforcement or safety personnel, the solicitor shall give the total number of members in the organization and the number of members working or living within the county where the solicitation is being made and if the solicitation is for advertising, the statewide circulation of the publication in which the solicited ad will appear.

(b) Knowing and willful noncompliance by any individual volunteer who receives no compensation of any type from or in connection with a solicitation by any charitable organization shall subject the solicitor or seller to the penalties of the law.

(c) When the solicitation is not a sales solicitation, any individual volunteer who receives no compensation of any type from, or in connection with, a solicitation by any charitable organization may comply with the disclosure provisions by providing the name and address of the charitable organization on behalf of which all or any part of the money collected will be utilized for charitable purposes, by stating the charitable purposes for which the solicitation is made, and by stating to the person solicited that information about revenues and expenses of such organization, including its administration and fundraising costs, may be obtained by contacting the organization's office at the address disclosed. Such organization shall provide such information to the person solicited within seven days after receipt of the request.

(d) A volunteer who receives no compensation of any type from, or in connection with, a solicitation or sales solicitation by a charitable organization which has qualified for a tax exemption under Section 501(c)(3) of the Internal Revenue Code of 1954, and who is 18 years of age or younger, is not required to make any disclosures pursuant to this section.

SEC. 2. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

## CHAPTER 369

An act to amend Sections 3712, 3724, 3742.2, 3743, 3744, 3753, 3756, 3762, 3764, 3765, 3766, 3767, 3768, 3769, 6907, and 6916 of, and to repeal Sections 3713, 3742, 3742.1, and 3763 of, the Public Resources Code, relating to geothermal resources.

[Approved by Governor July 25, 1983 Filed with  
Secretary of State July 25, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 3712 of the Public Resources Code is amended to read:

3712. This chapter shall be liberally construed to meet its purposes, and the director and the supervisor shall have all powers which may be necessary to carry out the purposes of this chapter.

SEC. 2. Section 3713 of the Public Resources Code is repealed.

SEC. 3. Section 3724 of the Public Resources Code is amended to read:

3724. The owner or operator of any well, before commencing the original drilling of a well or the redrilling of an abandoned well, shall file with the supervisor or the district deputy a written notice of intention to commence drilling, accompanied by the fee prescribed by this section. Drilling shall not commence until approval is given by the supervisor or the district deputy. If the supervisor or the district deputy fails to give the owner or operator written response to the notice within 10 working days, such failure shall be considered as an approval of the notice and the notice shall, for the purposes and intents of this chapter, be deemed a written report of the supervisor. The notice shall contain the following:

(a) The location and elevation of the floor of the proposed derrick.  
(b) The number or other designation by which the well shall be known. Such number or designation shall be subject to the approval of the supervisor.

(c) The owner's or operator's estimate of the depths between which production will be attempted.

(d) Such other pertinent data as the supervisor may require on the printed forms to be supplied by the Division of Oil and Gas, or

on forms acceptable to the supervisor.

After the completion of any well the provisions of this section, other than the requirement of the payment of the fee, shall also apply, as far as may be, to the deepening or redrilling of the well, or any operation involving the plugging of the well, or any operations permanently altering in any manner the casing of the well. The number or designation by which any well heretofore drilled has been known, and the number or designation specified for any well in a notice filed as required by this section, shall not be changed without first obtaining a written consent of the supervisor.

The fee required to be filed for the drilling of a new well or the redrilling of an abandoned well, shall be twenty-five dollars (\$25), two hundred dollars (\$200), five hundred dollars (\$500), or one thousand dollars (\$1,000), to be determined by the supervisor based on the estimated cost of supervising geothermal resources operations.

All moneys received under this chapter shall be deposited in the General Fund.

SEC. 4. Section 3742 of the Public Resources Code is repealed.

SEC. 5. Section 3742.1 of the Public Resources Code is repealed.

SEC. 6. Section 3742.2 of the Public Resources Code is amended to read:

3742.2. Any person having drilled a well or wells on state, federal or private lands which are producing or, according to the supervisor, are capable of producing geothermal resources, may, at any time, apply to the supervisor for a certificate of primary purpose. When the supervisor determines that such well or wells are primarily for the purpose of producing geothermal resources and not for the purpose of producing water usable for domestic and irrigation purposes, the supervisor shall issue a certificate of primary purpose to such person. Such certificate shall establish a rebuttable presumption that such person has absolute title to the geothermal resources reduced to his possession from such well or wells. Such presumption may be rebutted only upon a showing that the water content of the geothermal resources is useful for domestic or irrigation purposes without further treatment thereof, but not by virtue of any production of such water as a by-product incident to the production of the geothermal resources.

SEC. 7. Section 3743 of the Public Resources Code is amended to read:

3743. Whenever the supervisor or a district deputy makes or gives any written direction concerning the drilling, testing, or other operations in any well drilled, in process of drilling, or being abandoned, and the operator, owner, or representative of either, serves written notice, either personally or by mail, addressed to the supervisor, or to the district deputy at his office in the district, requesting that a definite order be made upon such subject, the supervisor or the district deputy shall, within five days after receipt of the notice, deliver a final written order on the subject matter.

SEC. 8. Section 3744 of the Public Resources Code is amended to read:

3744. Within 30 days after service of an order pursuant to Section 3743, the owner or operator shall commence in good faith the work ordered and continue it until completion. If the work has not been commenced and continued to completion, the supervisor shall appoint necessary agents who shall enter the premises and perform the work. An accurate account of the expenditures shall be kept. Any amount so expended shall constitute a lien against the real or personal property of the owner or operator upon which the work is done and such lien shall have the force, effect, and priority of a judgment lien pursuant to the provisions of Section 3772.

SEC. 9. Section 3753 of the Public Resources Code is amended to read:

3753. Upon receipt by the supervisor or by a district deputy of a written complaint, alleging a condition in violation of this chapter, specifically setting forth the condition complained against, signed by the complainant, the supervisor shall make an investigation of the well or wells and make a written report and order, stating the work required to repair the damage complained of, or stating that no work is required.

A copy of the order shall be delivered to the complainant, or if more than one, to each complainant, and, if the supervisor orders the damage repaired a copy of the order shall be delivered to each of the owners, operators, or agents having in charge the well or wells upon which the work is to be done.

The order shall contain a statement of the conditions sought to be remedied or repaired and a statement of the work required by the supervisor to repair the condition. Service shall be made by mailing copies to such persons at the post office address given.

SEC. 10. Section 3756 of the Public Resources Code is amended to read:

3756. Whenever the supervisor finds that it is in the interest of the protection of geothermal resources from unreasonable waste, the lessors, lessees, operators, or other persons owning or controlling royalty or other interests in the separate properties of the same producing or prospective geothermal resources area, may, with the approval of the supervisor, enter into agreements for the purpose of bringing about the cooperative development and operation of all or a part or parts of the area, or for the purpose of bringing about the development or operation of all or a part or parts of such area as a unit, or for the purpose of fixing the time, location, and manner of drilling and operating of wells for the production of geothermal resources. Any such agreement shall bind the successors and assigns of the parties thereto in land affected thereby and shall be enforceable in an action for specific performance. No such agreement when approved by the supervisor hereunder shall be held to violate any of the statutes of this state prohibiting monopolies or acts, arrangements, agreements, contracts, combinations, or

conspiracies in restraint of trade or commerce.

SEC. 11. Section 3762 of the Public Resources Code is amended to read:

3762. The lessor, lessee, or any operator or any well owner, or the owner of any rig, derrick, or other operating structure, or his local agent, shall, within 10 days from the date of the service of any order from the supervisor or a district deputy, either comply with the order or file with the supervisor or the district deputy a written statement that the order is not acceptable, and that appeal from the order is taken to the director under the provisions of this chapter.

The appeal shall operate as a stay of any order issued pursuant to this chapter.

SEC. 12. Section 3763 of the Public Resources Code is repealed.

SEC. 13. Section 3764 of the Public Resources Code is amended to read:

3764. Within 10 days from the taking of the appeal, 10 days' notice in writing shall be given to the appellant of the time and place of the hearing. For good cause, the director may postpone the hearing, on the application of the appellant or the supervisor, or the district deputy, for a period not to exceed 10 days.

SEC. 14. Section 3765 of the Public Resources Code is amended to read:

3765. The director, after hearing, shall affirm, set aside, or modify the order from which the appeal is taken.

Within 10 days after hearing the evidence, the director shall make a written decision with respect to the order appealed from. The decision of the director shall forthwith be filed with the supervisor and upon such filing shall be final. In case the order is affirmed or modified, the director shall retain jurisdiction until such time as the work ordered to be done by the order is finally completed.

The written decision shall be served upon the lessor, lessee, or any operator or any well owner, or the owner of any rig, derrick, or other operating structure, or his local agent, and shall supersede the previous order of the supervisor. In case no written decision is made by the director within 30 days after the date of notice of hearing as provided in Section 3764, the order of the supervisor shall be effective upon the supervisor's notifying any such person that the director has failed to make a decision and subject only to review by writ of certiorari from the superior court as provided in this chapter.

SEC. 15. Section 3766 of the Public Resources Code is amended to read:

3766. The decision of the director may be reviewed by writ of certiorari from the superior court of the county in which the well, or wells, affected by the order is situated, if taken within 10 days after the service of the decision upon the lessor, lessee, or any operator or any well owner, or the owner of any rig, derrick, or other operating structure, or his local agent, as provided in Section 3765, or within 10 days after the decision upon petition by the supervisor. If no written decision is made by the director as specified in Section 3765, the

order of the supervisor may be reviewed by writ of certiorari from the superior court of that county within 10 days after the supervisor notifies any such person of that fact. The writ shall be made returnable not later than 10 days after its issuance and it shall direct the director to certify the director's record in the cause to the court. On the return day the cause shall be heard by the court unless for good cause it is continued, but no continuance shall be permitted for a longer period than 30 days.

SEC. 15.5. Section 3767 of the Public Resources Code is amended to read:

3767. No new or additional evidence shall be introduced in the court, but the cause shall be heard upon the record of the director. The review shall not be extended further than to determine whether or not:

(a) The director or supervisor acted without or in excess of jurisdiction.

(b) The order, decision, or award was procured by fraud.

(c) The order, decision, rule, or regulation is unreasonable.

(d) The order, decision, regulation, or award is clearly unsupported by the evidence.

SEC. 16. Section 3768 of the Public Resources Code is amended to read:

3768. If a review is not taken within 10 days, or if taken, in case the decision of the director, or, if there is no decision, the order of the supervisor, is affirmed, any charge, including penalty and interest thereon, imposed by the director or supervisor shall constitute a lien which, upon recordation or filing pursuant to Section 7171 of the Government Code, attaches to real or personal property. The lien upon the property shall be enforced in the same manner as are other liens on real property and personal property of the debtor. Upon the request of the supervisor, the Controller shall bring an action for the enforcement of the lien in the manner provided in this chapter.

SEC. 17. Section 3769 of the Public Resources Code is amended to read:

3769. In any proceeding instituted by the supervisor for the purpose of enforcing or carrying out the provisions of this chapter, or for the purpose of holding an investigation to ascertain the condition of any well or wells complained of, or which in the opinion of the supervisor may reasonably be presumed to be improperly located, drilled, operated, maintained, or conducted, the supervisor shall have the power to administer oaths and may apply to a judge of the superior court of the county in which the proceeding or investigation is pending, for a subpoena for witnesses to attend the proceeding or investigation. Upon the application of the supervisor, the judge of the superior court shall issue a subpoena directing the witness to attend the proceeding or investigation, and such person shall be required to produce, when directed, all records, surveys, documents, books, or accounts in his custody or under his control;

except that no person shall be required to attend upon such proceeding, unless he resides within the same county or within 100 miles of the place of attendance.

The supervisor may in such case cause the depositions of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in superior courts of this state, and may, upon application to a judge of the superior court of the county within which the proceeding or investigation is pending, obtain a subpoena compelling the attendance of witnesses and the production of records, surveys, documents, books, or accounts at such places as the judge may designate within the limits prescribed in this section.

SEC. 18. Section 6907 of the Public Resources Code is amended to read:

6907. Where it is determined by the commission that the production or use of geothermal resources is also susceptible of economically producing other of the geothermal resources in commercially valuable quantities, and a market therefor exists, production of such other geothermal resources may be required by the commission.

SEC. 19. Section 6916 of the Public Resources Code is amended to read:

6916. The commission may waive, suspend, or reduce the rental or minimum royalty for the lands included in any permit or lease, or any portion thereof, and waive, suspend, alter, or amend the operating requirements contained in the lease or regulations promulgated hereunder affecting operations of the lease or permit, in the interests of conservation, and to encourage the greatest ultimate recovery of geothermal resources if the commission determines that such action is necessary or beneficial to promote development or finds that the permit or lease cannot be successfully operated under the permit or lease terms or under the regulations. The commission shall file a report with the Legislature annually on all waivers, suspensions, reductions, alterations, or amendments made by the commission pursuant to the provisions of this section together with the reasons therefor.

## CHAPTER 370

An act to amend Section 490.5 of the Penal Code, relating to shoplifting.

[Approved by Governor July 25, 1983. Filed with  
Secretary of State July 25, 1983.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 490.5 of the Penal Code is amended to read:

490.5. (a) Upon a first conviction for petty theft involving merchandise taken from a merchant's premises or a book or other library materials taken from a library facility, a person shall be punished by a mandatory fine of not less than fifty dollars (\$50) and not more than one thousand dollars (\$1,000) for each such violation; and may also be punished by imprisonment in the county jail, not exceeding six months, or both such fine and imprisonment.

(b) When an unemancipated minor's willful conduct would constitute petty theft involving merchandise taken from a merchant's premises or a book or other library materials taken from a library facility, any merchant or library facility who has been injured by such conduct may bring a civil action against the parent or legal guardian having control and custody of the minor. For the purposes of such actions the misconduct of the unemancipated minor shall be imputed to the parent or legal guardian having control and custody of the minor. The parent or legal guardian having control or custody of an unemancipated minor whose conduct violates this subdivision shall be jointly and severally liable with the minor to a merchant for the retail value of his merchandise, if not recovered in merchantable condition or to a library facility for the fair market value of its book or other library materials, plus damages of not less than fifty dollars (\$50) nor more than five hundred dollars (\$500) plus costs. Recovery of such damages may be had in addition to, and is not limited by, any other provision of law which limits the liability of a parent or legal guardian for the tortious conduct of a minor. An action for recovery of damages, pursuant to this subdivision, may be brought in small claims court if the total damages do not exceed the jurisdictional limit of such court, or in any other appropriate court; however, total damages, including the value of the merchandise or book or other library materials, shall not exceed five hundred dollars (\$500) for each action brought under this section.

The provisions of this subdivision are in addition to other civil remedies and do not limit merchants or other persons to elect to pursue other civil remedies, except that the provisions of Section 1714.1 of the Civil Code shall not apply herein.

(c) When an adult or emancipated minor has unlawfully taken merchandise from a merchant's premises, or a book or other library materials from a library facility, the adult or emancipated minor shall be liable to the merchant or library facility for damages of not less than fifty dollars (\$50) nor more than five hundred dollars (\$500), in addition to the retail value of the merchandise, if not recovered in merchantable condition, or the fair market value of the book or other library materials, if not recovered in undamaged condition, plus costs. An action for recovery of damages, pursuant to this subdivision, may be brought in small claims court if the total damages do not exceed the jurisdictional limit of such court, or in any other

appropriate court. The provisions of this subdivision are in addition to other civil remedies and do not limit merchants or other persons to elect to pursue other civil remedies.

(d) In lieu of the fines prescribed by subdivision (a), any person may be required to perform public services designated by the court, provided that in no event shall any such person be required to perform less than the number of hours of such public service necessary to satisfy the fine assessed by the court as provided by subdivision (a) at the minimum wage prevailing in the state at the time of sentencing.

(e) All fines collected under this section shall be collected and distributed in accordance with Sections 1463 and 1463.1 of the Penal Code; provided, however, that a county may, by a majority vote of the members of its board of supervisors, allocate any amount up to, but not exceeding 50 percent of such fines to the county superintendent of schools for allocation to local school districts. The fines allocated shall be administered by the county superintendent of schools to finance public school programs, which provide counseling or other educational services designed to discourage shoplifting, theft, and burglary. Subject to rules and regulations as may be adopted by the Superintendent of Public Instruction, each county superintendent of schools shall allocate such funds to school districts within the county which submit project applications designed to further the educational purposes of this section. The costs of administration of this section by each county superintendent of schools shall be paid from the funds allocated to the county superintendent of schools.

(f) (1) A merchant may detain a person for a reasonable time for the purpose of conducting an investigation in a reasonable manner whenever the merchant has probable cause to believe the person to be detained is attempting to unlawfully take or has unlawfully taken merchandise from the merchant's premises.

A person employed by a library facility may detain a person for a reasonable time for the purpose of conducting an investigation in a reasonable manner whenever the person employed by a library facility has probable cause to believe the person to be detained is attempting to unlawfully remove or has unlawfully removed books or library materials from the premises of the library facility.

(2) In making the detention a merchant or a person employed by a library facility may use a reasonable amount of nondeadly force necessary to protect himself or herself and to prevent escape of the person detained or the loss of property.

(3) During the period of detention any items which a merchant or any items which a person employed by a library facility has probable cause to believe are unlawfully taken from the premises of the merchant or library facility and which are in plain view may be examined by the merchant or person employed by a library facility for the purposes of ascertaining the ownership thereof.

(4) A merchant, a person employed by a library facility, or an

agent thereof, having probable cause to believe the person detained was attempting to unlawfully take or has taken any item from the premises, may request the person detained to voluntarily surrender the item. Should the person detained refuse to surrender the item of which there is probable cause to believe has been unlawfully taken from the premises, or attempted to be unlawfully taken from the premises, a limited and reasonable search may be conducted by those authorized to make the detention in order to recover the item. Only packages, shopping bags, handbags or other property in the immediate possession of the person detained, but not including any clothing worn by the person, may be searched pursuant to this subdivision. Upon surrender or discovery of the item, the person detained may also be requested, but may not be required, to provide adequate proof of his or her true identity.

(5) A peace officer who accepts custody of a person arrested for an offense contained in this section may, subsequent to the arrest, search the person arrested and his or her immediate possessions for any item or items alleged to have been taken.

(6) In any civil action brought by any person resulting from a detention or arrest by a merchant, it shall be a defense to such action that the merchant detaining or arresting such person had probable cause to believe that the person had stolen or attempted to steal merchandise and that the merchant acted reasonably under all the circumstances.

## CHAPTER 371

An act to amend Section 11343 of, and to add Section 11347 to, the Welfare and Institutions Code, relating to aid to families with dependent children, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 25, 1983 Filed with  
Secretary of State July 25, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 11343 of the Welfare and Institutions Code is amended to read:

11343. In order to ensure that effective services are provided, program contracts shall be entered into by the department only with eligible entities that are willing to enter into negotiated fixed-fee performance contracts, in accordance with the formula expressed below. Advance progress payments not to exceed 25 percent of the annual contract amount will be permitted to cover initial startup training costs, to be paid in monthly installments.

The fee paid to contractors shall be computed on the basis of the number of clients who obtain or are placed into training-related employment that lasts at least 90 days. The fee for each such placement shall not exceed the last reported statewide average annual grant for an AFDC family of three with no outside income.

SEC. 2. Section 11347 is added to the Welfare and Institutions Code, to read:

11347. This article shall remain in effect only until December 31, 1986, and as of that date is repealed, unless a later enacted statute which is chaptered before December 31, 1986, deletes or extends that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The funds now available to train and place long-term AFDC

recipients in unsubsidized employment cannot be used for this purpose due to the unrealistic contractor reimbursement formula mandated in existing law. In order to change the formula and to allow these persons to be trained and employed at the earliest possible time, it is necessary for this act to take effect immediately.

## CHAPTER 372

An act to amend Section 22661 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 25, 1983 Filed with  
Secretary of State July 25, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 22661 of the Vehicle Code is amended to read:

22661. Any ordinance establishing procedures for the removal of abandoned vehicles shall contain all of the following provisions:

(a) The requirement that notice be given to the Department of Motor Vehicles within five days after the date of removal, identifying the vehicle or part thereof and any evidence of registration available, including, but not limited to, the registration card, certificates of ownership, or license plates.

(b) Making the ordinance inapplicable to (1) a vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or (2) a vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler, licensed vehicle dealer, or a junkyard. This exception shall not, however, authorize the maintenance of a public or private nuisance as defined under provisions of law other than this chapter.

(c) The requirement that not less than a 10-day notice of intention to abate and remove the vehicle or part thereof as a public nuisance be issued, unless the property owner and the owner of the vehicle have signed releases authorizing removal and waiving further interest in the vehicle or part thereof. However, the notice of intention is not required for removal of a vehicle or part thereof which is inoperable due to the absence of a motor, transmission, or wheels and incapable of being towed, is valued at less than two hundred dollars (\$200) by a person specified in Section 22855, and is determined by the local agency to be a public nuisance presenting an immediate threat to public health or safety, provided that the property owner has signed a release authorizing removal and waiving further interest in the vehicle or part thereof. Prior to final disposition under Section 22662 of such a low-valued vehicle or part

for which evidence of registration was recovered pursuant to subdivision (a), the local agency shall provide notice to the registered and legal owners of intent to dispose of the vehicle or part, and if the vehicle or part is not claimed and removed within 12 days after the notice is mailed, from a location specified in Section 22662, final disposition may proceed. No local agency or contractor thereof shall be liable for damage caused to a vehicle or part thereof by removal pursuant to this section.

This subdivision applies only to inoperable vehicles located upon a parcel that is (1) zoned for agricultural use or (2) not improved with a residential structure containing one or more dwelling units.

(d) The 10-day notice of intention to abate and remove a vehicle or part thereof, when required by this section, shall contain a statement of the hearing rights of the owner of the property on which the vehicle is located and of the owner of the vehicle. The statement shall include notice to the property owner that he may appear in person at a hearing or may submit a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial, in lieu of appearing. The notice of intention to abate shall be mailed, by registered or certified mail, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owners of record unless the vehicle is in such condition that identification numbers are not available to determine ownership.

(e) The requirement that a public hearing be held before the governing body of the city, county, or city and county, or any other board, commissioner, or official of the city, county, or city and county as designated by the governing body, upon request for such a hearing by the owner of the vehicle or the owner of the land on which such vehicle is located. This request shall be made to the appropriate public body, agency, or officer within 10 days after the mailing of notice of intention to abate and remove the vehicle or at the time of signing a release pursuant to subdivision (c). If the owner of the land on which the vehicle is located submits a sworn written statement denying responsibility for the presence of the vehicle on his land within such time period, this statement shall be construed as a request for hearing which does not require the presence of the owner submitting such request. If such a request is not received within such period, the appropriate public body, agency, or officer shall have the authority to remove the vehicle.

(f) The requirement that after a vehicle has been removed, it shall not be reconstructed or made operable, unless it is a vehicle which qualifies for either horseless carriage license plates or historical vehicle license plates, pursuant to Section 5004, in which case the vehicle may be reconstructed or made operable.

(g) Authorizing the owner of the land on which the vehicle is located to appear in person at the hearing or present a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial. If it is determined at the

hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local authority shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such cost from such owner.

SECTION 1. Section 13837 of the Penal Code is amended to read: 13837. The Office of Criminal Justice Planning shall provide grants to proposed and existing local rape, child sexual exploitation, and child sexual abuse victim counseling centers and prevention programs. Grant recipients shall provide appropriate in-person counseling and referral services during normal business hours, and maintain other standards or services which shall be determined to be appropriate by the advisory committee established pursuant to Section 13836 as grant conditions. State funds provided to establish centers shall be utilized when possible, as determined by the advisory committee, to expand the program and shall not be expended to reduce fiscal support from other public or private sources. The centers shall maintain quarterly and final fiscal reports in a form to be prescribed by the administering agency. In granting funds, the advisory committee shall give priority to centers which are operated in close proximity to medical treatment facilities.

During that time the surviving spouse, heirs, or estate of the deceased shall either satisfy all of the then current qualifications for a purchaser of a franchise or sell, transfer, or assign the franchise to a person who satisfies the franchisor's then current standards for new franchisees. The rights granted pursuant to this section shall be granted subject to the surviving spouse, heirs or estate of the deceased maintaining all standards and obligations of the franchise.

(b) Nothing in subdivision (a) shall prohibit a franchisor from exercising the right of first refusal to purchase a franchise after receipt of a bona fide offer to purchase the franchise by a proposed purchaser of the franchise.

CHAPTER 375

An act to amend Sections 3724, 3724.1, and 3757.2 of, and to add Sections 3724.5 and 3724.6 to, the Public Resources Code, relating to geothermal resources.

[Approved by Governor July 25, 1983 Filed with  
Secretary of State July 25, 1983 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 3724 of the Public Resources Code is amended to read:

3724. The owner or operator of any well, before commencing the original drilling of a well or the redrilling of an abandoned well, shall file with the supervisor or the district deputy a written notice of intention to commence drilling, accompanied by the prescribed fee. Drilling shall not commence until approval is given by the supervisor or the district deputy. If the supervisor or the district deputy fails to give the owner or operator written response to the notice within 10 working days, such failure shall be considered as an approval of the notice and the notice shall, for the purposes and intents of this chapter, be deemed a written report of the supervisor. The notice shall contain the following:

- (a) The location and elevation of the floor of the proposed derrick.
- (b) The number or other designation by which the well shall be known. Such number or designation shall be subject to the approval of the supervisor.
- (c) The owner's or operator's estimate of the depths between which production will be attempted.
- (d) Such other pertinent data as the supervisor may require.

After the completion of any well, the provisions of this section, other than the requirement of the payment of the fee, shall also apply, as far as may be, to the deepening or redrilling of the well, or any operation involving the plugging of the well, or any operations permanently altering in any manner the casing of the well. The number or designation by which any well heretofore drilled has been known, and the number or designation specified for any well in a notice filed as required by this section, shall not be changed without first obtaining a written consent of the supervisor.

As set forth by regulation, the appropriate fee to be filed for the drilling of a new well or the redrilling of an abandoned well, shall be twenty-five dollars (\$25), two hundred dollars (\$200), five hundred dollars (\$500), or one thousand dollars (\$1,000).

The fee shall be paid as provided in Section 3724.6.

SEC. 2. Section 3724.1 of the Public Resources Code is amended to read:

3724.1. An owner or operator may submit to the supervisor for approval a written program to drill a shallow well or wells for geothermal observation purposes. In order to qualify under this section, a program shall contain not more than 25 wells and the maximum total depth of each of these wells shall not exceed 250 feet. Each program submitted for approval shall include:

- (a) Well numbers.
- (b) Well locations and elevations.
- (c) Geologic interpretation of the area under investigation, including any known or inferred temperature data.
- (d) Such other data as may be required by the supervisor.

The fee required to be filed for the drilling of these shallow wells shall be twenty-five dollars (\$25) per well or two hundred dollars (\$200) per program, whichever is the lesser.

The fee shall be paid as provided in Section 3724.6.

SEC. 3. Section 3724.5 is added to the Public Resources Code, to read:

3724.5. To provide funds for the supervision of geothermal resource wells, the supervisor shall establish an annual well fee to be applied on an equal basis to all wells as provided under this section.

The annual well fee shall be imposed upon each producing, service, and idle well that existed at any time during the calendar year preceding the statewide fee-assessment date. However, the annual well fee shall not apply to wells described in Section 3724.1 and to the wells for which the supervisor has approved suspension. The annual well fee shall be established so that the sum of the annual well fees plus the estimated sum of those well permit fees provided in Sections 3724 and 3724.1 are equal to the appropriation for the supervision of geothermal resource wells as provided in the Governor's Budget. The establishment of the annual well fee shall take into account any budget adjustments for actual expenditures in the current and prior fiscal year. Any budget change proposal for support of the provisions of this chapter shall be submitted by the supervisor to geothermal operators for review and comment. A system for determining the fee and administering the fee collection shall be adopted by the supervisor by regulation after public hearing.

SEC. 4. Section 3724.6 is added to the Public Resources Code, to read:

3724.6. The permit application fees established in Sections 3724 and 3724.1 shall be made payable by the operator to the Department of Conservation, and the annual well fee established in accordance with Section 3724.5 shall be made payable to the Treasurer. The proceeds from the permit applications and the annual well fees shall be deposited in the General Fund, and shall be available for appropriation exclusively for the supervision of geothermal resource wells.

SEC. 5. Section 3757.2 of the Public Resources Code is amended to read:

3757.2. For the purpose of developing low-temperature geothermal resources, the supervisor may approve the exemption of any low-temperature geothermal well from Sections 3721, 3722, 3723, 3723.5, 3724.5, 3725.5, and 3745, if the resource is used domestically or in a noncommercial manner. The supervisor may also approve the drilling of low-temperature geothermal wells at whatever locations he deems advisable, if no well is drilled or permitted to produce which is located within 15 feet of the outer boundary of the parcel of land on which the well is situated or within 15 feet of a public road, street, or highway dedicated prior to the commencement of drilling.

4544. A license expires each year on that date prescribed by the board, if not renewed. A license which is not renewed within four years after its expiration may not be renewed, restored, reinstated, or reissued thereafter, but the holder may apply for and obtain a new license if:

(h) The practice by personnel of the Air Force, Army, Coast Guard, or Navy or employees of the United States Public Health Service, Veterans' Administration, or Bureau of Indian Affairs when engaged in the discharge of official duties.

SEC. 6. Section 1626.3 is added to the Business and Professions Code, to read:

1626.3. Notwithstanding any other provision of law, a dentist who holds a current and valid license or certificate in any state or country who is serving as a dentist for any team participating in "The Games of the XXIIIrd Olympiad" in California may engage in the practice of dentistry and is exempted from licensure provided that the practice is limited exclusively to the care and treatment of Olympic team members. Except to the extent authorized by this section, the Olympic team dentist shall not engage in the practice of dentistry unless he or she has been licensed to practice dentistry in California.

Each dentist designated as an Olympic team dentist not holding a current and valid California license shall submit to the board evidence of licensure or certification from a state in the United States or from a foreign country. The designated dentist shall also submit a current curriculum vitae.

The board may, after review of the submitted documents, provide the designated dentist with a permit to practice dentistry within the foregoing limitations for the period July 14 to August 15, 1984.

This section shall be operative until August 16, 1984 and on that date is repealed.

SEC. 7. Section 1627 of the Business and Professions Code is amended to read:

1627. The license of any dentist, existing at the time of the passage of this chapter, shall continue in force until it expires or is forfeited in the manner provided by this chapter.

SEC. 8. Section 1628.5 of the Business and Professions Code is amended to read:

1628.5. The board may deny an application to take an examination for licensure as a dentist or dental auxiliary or an application for registration as a dental corporation if the applicant has done any of the following:

(b) Committed any act or been convicted of a crime constituting grounds for denial of licensure or registration under Section 480.

(c) While unlicensed, committed, or aided and abetted the commission of, any act for which a license is required by this chapter.

Notwithstanding Section 1633, an applicant who successfully completed such examination shall be exempt from further written examination requirements; provided, however, that nothing in this section shall be construed to prevent the board from administering the oral diagnosis and treatment planning examination in written form.

SEC. 10. Section 1635 of the Business and Professions Code is repealed.

SEC. 11. Section 1652 of the Business and Professions Code is repealed.

SEC. 12. Section 1679 of the Business and Professions Code is amended and renumbered to read:

1670.1. Any licentiate under this chapter may have his or her license revoked or suspended or be reprimanded or be placed on probation by the board for conviction of a crime substantially related to the qualifications, functions, or duties of a dentist or dental auxiliary, in which case the record of conviction or a certified copy thereof, certified by the clerk of the court or by the judge in whose court the conviction is had, shall be conclusive evidence.

The board shall undertake proceedings under this section upon the receipt of a certified copy of the record of conviction. A plea or verdict of guilty or a conviction following a plea of *nolo contendere* made to a charge of a felony or of any misdemeanor substantially related to the qualifications, functions, or duties of a dentist or dental auxiliary is deemed to be a conviction within the meaning of this section. The board may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under any provision of the Penal Code, including, but not limited to, Section 1203.4 of the Penal Code, allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.
